

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

KENTUCKY POWER COMPANY'S MOTION TO)	
DEVIATE FROM SCHEDULING REQUIREMENT)	CASE NO.
OF THE COMMISSION'S FEBRUARY 22, 2013)	2013-00432
ORDER IN CASE NO. 2012-00367)	

ORDER

On November 8, 2013, Kentucky Power Company ("Kentucky Power") filed a motion requesting leave to file on or before December 20, 2013, an application to expand certain of its existing demand-side management ("DSM") programs. Kentucky Power notes that the Commission's February 22, 2013 Order required future applications proposing expanded or new DSM programs be filed by August 15 of the prior year. Kentucky Power further notes that subsequent to the February 22, 2013 Order, under the terms of the Commission-approved non-unanimous Stipulation and Settlement Agreement filed in Case No. 2012-00578,¹ Kentucky Power agreed to increase its aggregate annual spending on cost-effective DSM and energy-efficiency programs to \$4 million in 2014, or an increase of approximately 33 percent over its 2013 DSM spending. Kentucky Power asserts that it had begun examining cost-effective DSM measures to expand or add to its portfolio during 2014, but was unable to begin its

¹ Case No. 2012-00578, *Application of Kentucky Power Company for (1) A Certificate of Public Convenience and Necessity Authorizing the Transfer to the Company of an Undivided Fifty Percent Interest in the Mitchell Generating Station and Associated Assets; (2) Approval of the Assumption by Kentucky Power of Certain Liabilities in Connection with the Transfer of the Mitchell Generating Station; (3) Declaratory Rulings; (4) Deferral of Costs Incurred in Connection with the Company's Efforts to Meet Federal Clean Air Act and Related Requirements; and (5) All Other Required Approvals and Relief* (Ky. PSC Oct. 7, 2013).

full analysis until after the Commission approved its application in Case No. 2012-00578 in early October of this year. Kentucky Power anticipates filing a DSM application for approval of the expansion of certain existing DSM programs on or before December 20, 2013, to ensure the expanded programs are implemented as soon as practicable to enable Kentucky Power to satisfy its commitment to increase DSM spending pursuant to the Stipulation and Settlement Agreement. Accordingly, Kentucky Power requests a deviation from the February 22, 2013 Order to allow Kentucky Power to file a DSM application on or before December 20, 2013.

Having reviewed the motion and being otherwise sufficiently advised, the Commission finds that Kentucky Power has established good cause to permit it to deviate from the scheduling requirement imposed by the February 22, 2013 Order.

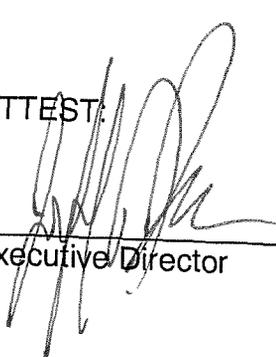

IT IS THEREFORE ORDERED that:

1. Kentucky Power's motion to deviate from the scheduling requirement of the February 22, 2013 Order in this matter is granted.
2. Kentucky Power shall file its DSM application on or before December 20, 2013. The DSM application shall include the information provided in ordering paragraph 9 of the February 22, 2013 Order except for the inclusion of program evaluations.
3. The information required to be filed similar to the information contained in Exhibit C of the instant application shall be based on a fiscal year ended June 30, 2013, and a projected fiscal year ending June 30, 2014.

By the Commission
