

## **PROPOSED NOVEMBER DATA NOTIFICATION**

BellSouth Telecommunications, Inc., d/b/a AT&T Kentucky (“AT&T Kentucky”) is considering making the changes described in this document to generate results for the November 2007 data month. Results for the November 2007 data month will be posted as follows:

Preliminary results    December 21, 2007  
Final results            December 31, 2007

AT&T Kentucky provides Data Notifications each month in compliance with the SQM Plan. This order specifies that when AT&T Kentucky proposes making any changes to the methods by which performance data is calculated, it must provide written notice. This notice must be provided on the first business day of the month before the data month in which the change will be made. AT&T Kentucky must also provide notification if it is considering making changes to the method of calculating data for the following month.

ENCORE Releases may affect monthly data flows from the source systems (e.g., LEO, LESOG, etc.) that PMAP uses to calculate measurements. AT&T Kentucky will make changes to PMAP to ensure that data continues to be correctly captured as ENCORE Releases are implemented.

System releases related to the merger between BellSouth and AT&T may affect monthly data flows from the source systems that PMAP uses to calculate measurements. AT&T Kentucky will make changes to PMAP to ensure that data continues to be correctly captured as system changes are implemented.

### **Provisioning Measurements**

- (1) *Affected Measures:* P-11 (SOA)

*Description of Change:* Currently, AT&T Kentucky is displaying results on the Service Order Accuracy CLEC specific report by OCN. AT&T Kentucky proposes to display the results at the parent company/OCN level in accordance with the SQM report structure for this measure. This proposed change was Item (1) on the Preliminary November 2007 Data Notification filed on September 6, 2007. (RQ9062)

*Impact of Change:* This change will have no impact to reported results.

## **Special Access Measurements**

- (2) *Affected Measures:* SA-7 (PDC – Percent Cancellation After FOC Due Date)

*Description of Change:* Currently, the Past Due Circuits – “Percent Cancellation After FOC Due Date” report is only reporting records that are past due from a previous month and were completed/canceled in the current month, as the basis for this report. AT&T Kentucky proposes to include all past due records as the basis for this report. This proposed change was Item (2) on the Preliminary November 2007 Data Notification filed on September 6, 2007. (RQ9303)

*Impact of Change:* For May 2007 data, there was no change to the metric in Florida or Georgia. Due to the impact of this change, re-posting is not necessary.
