6	MR. WADDELL: The next item is number	6	MR. WADDELL: That is Docket
7	eight. It's 01-00375, Quest Communications	7	No. 01-00362. It's the docket to determine the
8	Corporation, application by Quest, LCI International	8	compliance of BellSouth Telecommunications, Inc's
9	Telecom Corp., Phoenix Network, Inc., and USLD	9	Operations Support Systems with state and federal
10	Communications, Inc., regarding a corporate	10	regulations. This is to consider the first report and
11	restructuring.	11	recommendation of the prehearing officer.
12	DIRECTOR MALONE: Move to approve.	12	CHAIRMAN KYLE: Which is Commissioner
13	CHAIRMAN KYLE: I vote to approve the	13	Greer.
14	petition.	14	DIRECTOR GREER: I filed this on May
15	DIRECTOR GREER: Yes.	15	the 3rd. Let me make sure that everyone understands
16	MR. WADDELL: 01-00394, BellSouth	16	this was not a result of a prehearing conference. This
17	Telecommunications, Inc., tariff filing for contract	17	was a result of some research and some filings that had
18	service arrangement FL00-2362-00.	18	been filed here and some decisions that were made
19	CHAIRMAN KYLE: Move to approve.	19	in-house. They are also a result of some meetings I
20	DIRECTOR GREER: Second.	20	had with staff and some outside people. This is not
21	DIRECTOR MALONE: Make it unanimous.	21	that's why it is titled "Report and Recommendation of
22	MR. WADDELL: 01-00395, BellSouth	22 23	the Prehearing Officer." I think the report speaks for
23	Telecommunications, Inc., tariff filing for contract	23	itself. Since then there have been two or
24	service arrangements GA00-4551-00.	25	three filings, one by BellSouth, one by AT&T where they
25	CHAIRMAN KYLE: Move for approval.	23	tiffee fillings, one by Bensouth, one by A1&1 where they

CHAIRMAN KYLE: No objection. Take them all together. MR. WADDELL: That's Agenda Items 11 through 16. The docket numbers are 01-00396, 01-00397, 01-00398, 01-00399, 01-00400, and 01-00401. WADDELL: The next item on your agenda are interconnection and resale agreements listed for your consideration. DIRECTOR MALONE: Move to approve. CHAIRMAN KYLE: Vote yes. DIRECTOR GREER: Yes. MR. WADDELL: The next item are applications for authority for service, and you have a reseller and a cancellation listed on your agenda. CHAIRMAN KYLE: Move to approve. DIRECTOR MALONE: Second. DIRECTOR GREER: Second. CHAIRMAN KYLE: The next item.	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22 23	attached a white paper, and I believe Mr. Walker filed one on behalf of SECCA and maybe some other clients as well. If there are any questions, I would be happy to answer them. Our next step would be to move forward with recommending — if you approve this report that I would recommend that we move forward with the selection of the qualified consultant to prepare a report that's described on page 5 of my report and recommendation. I would be happy to answer any questions that the directors may have. CHAIRMAN KYLE: Yes, I have read the report, and I was just reading in here a docket — two different dockets you have listed, and I just think that — and I do understand that upon completion of the consultant's phase one report that you are recommending that we convene a hearing for the purpose of receiving testimony and documenting evidence from the consultant and interested parties. In other words, BellSouth gets to come in and support its case. Now I understand you're saying after the consultant's report, but Bell has the opportunity — DIRECTOR GREER: Absolutely. And

And BellSouth filed on May the 11th their comments on this

believe that this is the quickest way to move, because should we go through the process of receiving the

3 Georgia report or wait till we receive the Georgia and

4 Florida report and then decide we hire a third-party 5 verifier because there are things missing or not

6 covered, then we are in the position of making it a 7 longer process than we would be if we move forward now.

8 And I stated on page 5 of my report Q this reading -- BellSouth's comments kind of reminded

10 me of some of our arbitrations where I hear somebody on the witness stand and a lawyer asking the questions, 11 and I find out they're saving the same thing. I stated 12 13 very clearly on page 5 of my report, "Consistent with 14 previous decisions by the Authority, such decisions 15 shall take into consideration the testing of OSS in

other BellSouth states and the extent that the TRA can rely on such tests for Tennessee operations."

18 Nothing in my report should indicate 19 that we are going to negate or ignore the testing in 20 Florida or Georgia, that we would accept them or ignore 21 them, but we will take them in and consider them for

22 what they're worth. And we are simply recommending 23 that we hire the third-party verifier to relate them to

24 the Tennessee systems, and one of the main reasons I'm 25 recommending that is on January the 29th BellSouth

not that whatever testing comes out is taken and 2 adopted, but that also in the review and the 3 examination would be -- it would be incumbent to verify 4 the appropriateness, the independence, and the accuracy 5 of the testing so done?

DIRECTOR GREER: Yes.

7 DIRECTOR MALONE: I don't have any 8 additional questions.

CHAIRMAN KYLE: Yes, I accept your report. Thank you.

DIRECTOR GREER: Then I would like to 12 make a motion that we move to authorize the executive secretary to select and engage a qualified consultant to prepare the report that's described on page 5 of my 15 report and recommendation.

CHAIRMAN KYLE: In other words, he would keep us informed, and then we would make the approval of that consultant?

DIRECTOR GREER: Knowing Mr. Waddell, I doubt if he would make this decision in a vacuum.

21 CHAIRMAN KYLE: I'm in agreement. 22 DIRECTOR GREER: I think it's clearly 23 implied that the directors have final say-so.

> DIRECTOR MALONE: I would agree. Chairman Kyle, I have a miscellaneous

Page 31

filed a response to us contending that its software 2 infrastructure, including electronic interfaces and 3 databases, is either the same or is designed to operate

4 in an indistinguishable manner across all states. Nevertheless, its response revealed

that some Legacy systems serve only a subset of the region and some serve only Tennessee. Some OSS processes that serve Tennessee customers are different from those that serve Georgia and Florida. Also we

9 10 have found that -- in our studies that the testing in 11 Georgia and the testing in Florida is not necessarily 12 consistent.

13 So we are simply wanting to expedite 14 the process, put us in a position where we can move as 15 quickly as we can when whatever tests are put on our 16 desk so that we can move forward and we will have our

17 third-party verifier in place to move forward as 18 expeditiously as possible.

19 DIRECTOR MALONE: Director Greer, I 20 think the question I have is implied both in the report 21 submitted and in your comments, but that sentence you 22 read, "...such decisions shall take into consideration 23 the testing of OSS in other BellSouth states and the 24 extent that the TRA can rely on such tests for

25 Tennessee operations," I assume that implied in that is

CHAIRMAN KYLE: This is the appropriate time. Certainly.

item, if this is the appropriate --

DIRECTOR MALONE: I would like to request that the parties in the BellSouth-DeltaCom arbitration -- the representatives from those

companies -- I have a question or two. Please identify yourselves for the

record. MR, HICKS: Guy Hicks on behalf of BellSouth Telecommunications.

MR. BALTIMORE: Don Baltimore representing ITC DeltaCom.

13 14 DIRECTOR MALONE: The Agency has 15 received the interconnection agreement that the parties

16 filed: is that correct? You have submitted an 17 interconnect agreement?

18 MR. HICKS: Yes, that's correct. 19 DIRECTOR MALONE: And there is

20 language in that agreement that BellSouth and DeltaCom 21 cannot agree as to the definition of "currently

22 combined"; is that correct? 23

MR. BALTIMORE: That's my 24 understanding, yes.

MR. HICKS: Yes, I think that's
