Re: *Performance Measurements for Telecommunications Interconnection,
Unbundling and Resale; Docket No. 7892-U*

Dear Mr. McAlister:

On March 3, 2003, BellSouth Telecommunications, Inc. ("BellSouth") filed its Notification Report for the April 2003 data month and a Preliminary Notification Report for the data month of May 2003. BellSouth has since discovered that there were three (3) minor errors in the April 2003 Notification Report that BellSouth would like to bring to the attention of the Commission and the parties.

First, Item No. 3 described a proposed change to Measure O-11. However, the impact of this change was inadvertently omitted, and the notice should have reflected that the proposed change would have no impact on performance results.

Second, Item No. 5 described a proposed change to Measure O-9 and indicated that the change was related to Item No. 25, which addresses two (2) Florida exceptions. This reference was incorrect and should have referred to Item No. 24 on the April Notification Report.

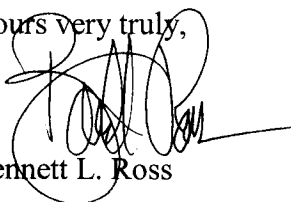

Finally, Item No. 8 described a proposed change to Measures O-3, O-4, and O-5. The impact of this change would be a .02% reduction for UNE and Aggregate flow through rather than "02%" as indicated in the original notification.

Mr. Reece McAlister

BellSouth apologizes for these errors, and enclosed for filing please find an original and eighteen (18) copies, as well as an electronic version, of this letter. I would appreciate your returning the three (3) extra copies stamped "filed" in the enclosed stamped, self-addressed envelopes.

Thank you for your attention to this matter, and please let me know if you have any questions or need additional information.

Yours very truly,

A handwritten signature in black ink, appearing to read "Bennett L. Ross", with a long horizontal flourish extending to the right.

Bennett L. Ross
