

BellSouth Telecommunications, Inc.
Kentucky PSC Case No. 2001-105
Late Filed Exhibit No.1

REQUEST: Please provide a comparison of the proposed and approved SQM and SEEMS plans in Georgia, Louisiana, and Florida with the plan filed in Kentucky.

RESPONSE: In response to this request BellSouth has attached the following Service Quality Measurements (SQMs) documents: Late Filed Exhibit 1, Attachment 1, which is the proposed KY SQM which is identical to the GA PSC ordered SQM, dated 04_06_01, filed in this docket as Exhibit AJV-1; Late Filed Exhibit 1, Attachment 2, which is the Louisiana PSC ordered SQM dated June 27, 2001; and Late Filed Exhibit 1, Attachment 3 which is the BellSouth draft of the FPSC ordered SQM.

A comparison of the Georgia SEEM plan with the Kentucky plan was filed in response to Informal Request No. 2 on October 4, 2001. A comparison of the Louisiana SEEM plan to the Kentucky proposal is provided as Attachment 4. Attachment 5 provides a similar comparison with the Florida SEEM. Differences in the Kentucky plan from the Louisiana and Florida plans are highlighted.

BellSouth is amenable to a conference with the Kentucky PSC to review the differences in the attached SQMs and answer any questions associated with those differences.
