KY State Board on Electrical Generation and Transmission Siting
211 Sower Blvd
PO Box 615
Frankfort, KY

Case Number 2002-00149
KY Mountain Power

To the Board:

As if things weren't already bad enough for the residents of Ary in Perry County with coal trucks ruining the roads and covering homes with dust for those who live on Highway 1087, Kentucky Mountain Power now plans to run additional trucks and heavy machinery onto the highway.

This is a small, narrow, residential road, and this kind of traffic puts a heavy burden on those that live on it. Their homes and their use of their lands has already been affected by coal trucks on KY 1087. Additional traffic will worsen already bad dust and noise problems.

Putting this traffic on KY 1087 is also unnecessary. A new access road is being built in order to bear the Kentucky Mountain Power construction traffic. This needs to happen first.

Sincerely yours,

Randall Moon
