)

MOTION TO INTERVENE

Big Rivers Electric Corporation ("Big Rivers") moves to intervene in this matter, and states, through counsel:

1. Big Rivers has a special interest in this proceeding because (i) it is an electric generating and transmission cooperative that could potentially accommodate applicant's proposed project at its existing generation plant site located approximately eight miles from applicant's proposed site, and (ii) Big Rivers' transmission system and other aspects of its operation could be adversely affected by applicant's proposed project.
2. No other person who is or may become a party to this proceeding would adequately represent or protect the interests of Big Rivers, which are personal to it.
3. Big Rivers' participation in this proceeding will assist the board in reaching its decision. As an electric generating and transmitting utility, Big Rivers can contribute substantively to the discussions that will occur in this proceeding.
4. Big Rivers' motion to intervene is timely, and Big Rivers is prepared to participate in this proceeding in such a manner as to not unduly interrupt it.
