Re: Thoroughbred Generating
Case No. 2002-00150

Dear Mr. Breeding:

When we spoke last Friday, I noted that an original paper copy of the application had been filed but that the required 10 copies had been omitted. At that time I believed that only three paper copies would be needed and requested that you file the same. I appreciate your cooperation in filing the three copies this Monday, but it has now come to my attention that the other seven copies are needed for the seven members of the Siting Board. However, the addition seven paper copies do not need to include the one volume which contains only copies of the deeds of the site location.

I apologize for any confusion that this may have caused. I greatly appreciate your cooperation in filing the remaining seven paper copies of the application (without the deed volume) at your earliest convenience. It should be addressed to the attention of Susan Hutcherson. If you have any further questions, please contact me at your convenience.

Sincerely,

Richard G. Raff
Staff Attorney
