Dear Mr. Dorman,

Clark Energy is submitting an Application for a Certificate of Convenience and Necessity to construct distribution facilities according to our new three-year construction work plan program. The Application and all supporting documentation is being filed using the procedures and guidelines of the Commission's electronic filing initiative. Commission staff has already assigned our Application to Case No. 2003-00016 and assigned Clark Energy a user ID and password to facilitate filing. The Application and all supporting materials filed electronically in connection with Case No. 2003-00016 are a true, accurate and complete representation of the original documents.

The Commission is being notified of Clark Energy's Application filing by e-mailing this transmittal letter under filename "read1st.pdf" to [pscfilings@mail.state.ky.us](mailto:pscfilings@mail.state.ky.us). This e-mail notification to the Commission includes a second document under filename "index.pdf", which contains a list of all documents and a brief description of their contents for all Application materials filed electronically.

Please contact Shannon Messer, System Engineer ([smesser@clarkenergy.com](mailto:smesser@clarkenergy.com)) at Clark Energy should you have any questions or need additional information.

Respectfully,

Overt L. Carroll
