Frankfort, KY 40602

Re: Case No. 2003-00034

Mr. Dorman:

I am writing as spokes person on behalf of the customers of Ohio County Water District who believe that our water rates are already too costly. A 16% increase in water rates would make the cost of 5000 gallons well over \$45.00. Please find enclosed a copy of all the signatures that we have to date in petition against the Ohio County Water District's application for an increase in rates. This copy should replace the signatures that were sent to you at an earlier date.

Thank you,

Jacqueline L. Mitchell

RE: Case No. 2003-00034

Mr. Dorman:

We the undersigned wish to intervene against Ohio County Water District's application for an increase in existing rates. Ohio County Water District's current rates are already twice as high as water rates in Daviess County, Calhoun, Lewisport and Madisonville. This proposed increase would make already inflated water rates much to high in comparison to other area water prices. An investigation into the Ohio County Water District's financial management system may be in order.

Re: Case No. 2003-00034

We the undersigned wish to ^{Protest} ~~intervene~~ against Ohio County Water District's application to the Public Service Commission for an increase in existing rates. We believe that the current rates are already overly inflated compared to other area water providers.
