RE: Case No. 2003-00034

Mr. Dorman:

We the undersigned wish to intervene against Ohio County Water District's application for an increase in existing rates. Ohio County Water District's current rates are already twice as high as water rates in Daviess County, Calhoun, Lewisport and Madisonville. This proposed increase would make already inflated water rates much to high in comparison to other area water prices. An investigation into the Ohio County Water District's financial management system may be in order.

RE: Case No. 2003-00034

Mr. Dorman:

We the undersigned wish to intervene against Ohio County Water District's application for an increase in existing rates. Ohio County Water District's current rates are already twice as high as water rates in Daviess County, Calhoun, Lewisport and Madisonville. This proposed increase would make already inflated water rates much too high in comparison to other area water prices. An investigation into the Ohio County Water District's financial management system may be in order.

PETITION AGAINST WATER RATE INCREASE

Attention: Tom Dorman
Public Service Commission
PO Box 615
Frankfort, KY 40602

Re: Case No. 2003-00034

We the undersigned wish to ~~inform~~^{Protest} against Ohio County Water District's application to the Public Service Commission for an increase in existing rates. We believe that the current rates are already over inflated compared to other water providers in this area.
