Dear Mr. Dorman,

Clark Energy is submitting an Application for a Certificate of Convenience and Necessity to bid on a franchise to provide electric service within the Fayette County portion of our service area. A franchise is required per Ordinance No. 140-2003 enacted June 12, 2003 by the Lexington-Fayette Urban County Government. The Application and all supporting documentation is being filed using the procedures and guidelines of the Commission's electronic filing initiative. One original copy, however, is being submitted for the Commission's official case file. Commission staff has already assigned our Application to Case No. 2003-00229 and assigned Clark Energy a user ID and password to facilitate filing. The Application and all supporting materials filed electronically in connection with Case No. 2003-00229 are a true, accurate and complete representation of the original documents.

The Commission is being notified of Clark Energy's Application filing by e-mailing this transmittal letter under filename "read1st.pdf" to pscfilings@mail.state.ky.us. This e-mail notification to the Commission includes a second document under filename "index.pdf", which contains a list of all documents and a brief description of their contents for all Application materials filed electronically.

Please contact Shannon Messer, System Engineer (smesser@clarkenergy.com) at Clark Energy should you have any questions or need additional information.

Respectfully,

Overt L. Carroll
President & CEO
