**Re: Review of Federal Communications Commission's Triennial Review Order
Regarding Unbundling Requirements for Individual Network Elements
PSC Docket 2003-00379**

Dear Mr. Dorman:

OneStar Long Distance, Inc. ("OneStar") hereby submits an original and four (4) copies of this letter in response to BellSouth Telecommunications, Inc.'s ("BellSouth") Second Set of Interrogatories (1-28) and Second Request for Production of Documents (1-5).

OneStar believes that its operations are outside the scope of the interrogatories and request for documents. OneStar does not own loop, transport or switching facilities in Kentucky. OneStar currently provides local services in Kentucky through the utilization of BellSouth's unbundled network element platform and resale offerings. Thus, OneStar has no relevant information to report in response to the afore-mentioned requests.

In an effort to minimize the use of OneStar's, BellSouth's and the Commission staff's time and resources, OneStar respectfully requests that the Commission accept this letter as OneStar's complete response to the data request. If this is not acceptable, please do not hesitate to contact the undersigned via telephone at (812) 437-7642 or electronic mail at aliley@onestarld.com. ✓ BH 12/29

Sincerely,

April Liley
