Dear Sir or Madam:

We received a copy of Case No 2003-00379 regarding the FCC's Triennial Review Order. I have enclosed a copy of the first page for identification. As I understand the case, only the incumbent local exchange carrier is required to respond to the data request. Since France telecom Corporate Solutions has a CLEC, we should not be required to respond. If this is not the case, please let me know as soon as possible. My number is 703 375-4939 or you can reach me at the above address. If I do not hear from you, I will assume that we are not required to respond.

Thank you.

Sincerely,

DATA REQUEST OF COMMISSION STAFF TO  
INCUMBENT LOCAL EXCHANGE CARRIERS

On October 2, 2003, the Commission initiated its review of the unbundling requirements for individual network elements pursuant to the Triennial Review Order of the Federal Communications Commission ("FCC"). The Commission provided for an initial data request to incumbent local exchange carriers ("ILEC").

Accordingly, an original and four copies of the following information should be filed with the Commission by October 31, 2003, with a copy to all parties of record.<sup>1</sup>

1. For each corporate entity, including affiliates, for whom the ILEC is providing any type of collocation service, transport service, loop service, DS1 or greater switching service, DS0 switching service, or interconnection service, provide the following information. In the response, distinguish those companies that are known to own and provide at least a portion of their own switching services from those entities that do not own or provide a portion of their own switching services.

<sup>1</sup> The Commission Staff anticipates that a procedural Order regarding electronic filing requirements will be issued in the near future. Procedural matters, including filing requirements, will be discussed at the October 14, 2003 informal conference.
