

**Kentucky American Water
Response to Hearing Data Requests #9
Per Customer Usage for 12 months ended September 2004**

	<u>Base Period Per Salser Rebuttal</u>	<u>Forecast per Spitznagel</u>	<u>Forecast per Crane</u>	<u>For 12 months Ending Sept. 04</u>
Residential	159.020	165.560	174.680	161.190
Commercial	1,402.530	1,384.010	1,469.480	1,366.470

Average Usage Per Customer Per Day:

Residential
Commercial

	<u>Forecast per Spitznagel</u>	<u>Forecast per Crane</u>	<u>For 12 months Ending Sept. 04</u>

Average Annual Usage Per Customer:

Residential	58,144	58,110	58,131
Commercial	490,283	493,820	493,574

Note 1: The average usage per customer per day was determined by using the actual number of bills in the bill analysis included in the filing (Schedule M).

Note 2: The average annual usage per customer was also derived from the bill analysis but was divided by average customers (excluding final and partial bills) and would also be impacted by the timing of customers added during the year.
