Re: Case No. 2004-00351

Dear Ms. O'Donnell:

The Cincinnati Gas & Electric Company (CG&E) supplements its application in this matter as follows. In paragraph 6 of the application, CG&E stated: "Pursuant to KRS 278.714(d), CG&E states that the proposed transmission line and appurtenances will be constructed and maintained in accordance with accepted engineering practices and the National Electric Safety Code." CG&E now states that, in addition to the foregoing statement, and pursuant to KRS 278.714(3), the proposed transmission line and appurtenances will also be constructed and maintained in accordance with all applicable legal requirements. Please contact me if you have any questions.

Thank you for your consideration in this matter.

Should you have any further questions, please do not hesitate to call me.

Very truly yours,

John J. Finnigan, Jr.
