RE: Advance Notification of Electronic Filing *2004-00382*
Application to Amend Service Territory at Fieldstone Estates Subdivision

Dear Ms. O'Donnell,

Clark Energy is submitting advance notice to electronically file an application to amend the territorial boundary with Kentucky Utilities (KU) at Fieldstone Estates Subdivision in Richmond, KY. KU and Clark Energy agree on the proposed territorial boundary amendment. The application and all supporting documentation is being filed using the procedures and guidelines of the Commission's electronic filing process. Permission is requested, however, to electronically file any large size map documents on a CD-ROM. The "Read1st" document to be submitted when the application is electronically filed will reference any map documents delivered on a CD-ROM at the same time all original paper documents are filed.

I request that Commission staff assign this application a new case number so that the electronic filing process may proceed. Clark Energy already has an assigned user ID and password. A copy of this letter will be e-mailed the Commission at pscfilings@mail.state.ky.us. This copy is a true, accurate and complete representation of the original letter, which is being forwarded to you for the Commission's official case file.

Please contact me (smesser@clarkenergy.com) at Clark Energy should you have any questions or need additional information.

Respectfully,

Shannon D. Messer
System Engineer

Cc: Mr. Robby Trimble, Kentucky Utilities
