Re: Investigation Concerning the Propriety of InterLATA Services by BellSouth  
Telecommunications, Inc. Pursuant to the Telecommunications Act of 1996  
PSC 2001-00105

Petition of BellSouth Telecommunications, Inc. for the Establishment of a  
New Performance Plan  
PSC 2004-00391

Dear Ms. O'Donnell:

Consistent with Appendix F of the Service Quality Measurements Plan adopted by this Commission on August 31, 2005, BellSouth Telecommunications, Inc. ("BellSouth") is filing a Proposed Notification Report for May 2006 data month. There are no changes to be placed on the Preliminary June 2006 Data Notification List. The May 2006 changes will be discussed at the April 7, 2006 industry conference call.

There are four additional matters that BellSouth would like to bring to the attention of the Commission and the parties.

First, in its December 2005 Data Notification filed on November 1, 2005, BellSouth provided notice that it would change the logic to identify appropriate timestamps on records for the Ordering Measures. Although BellSouth expected to make this change with December 2005 data, it will be implemented with May 2006 data instead.

Second, in its January 2006 Data Notification filed on December 1, 2005, BellSouth provided notice that RNS data was not being reported on the 12-month report for the OSS-2 Measure. Although BellSouth expected to make these changes with January 2006 data, they will be implemented with May 2006 data instead.

Third, for the same measure (OSS-2), LAUTO data was appearing on the 12-month report but not on the Aggregate report. Although BellSouth expected to make

these changes with January 2006 data, they will be implemented with May 2006 data instead.

Fourth, BellSouth proposed to implement a more efficient method of identifying records for the LNP Trigger Measure for monthly PMAP processing. Although BellSouth expected to make these changes with January 2006 data, they will be implemented with May 2006 data instead.
