**Carrier Notification  
 SN91087013**

Date: January 26, 2007

To: Competitive Local Exchange Carriers (CLEC)

Subject: CLECs – (Interconnection/Contractual) – Revisions to BellSouth’s Master List of Unimpaired Wire Centers as Approved by State Commissions in its Region and BellSouth’s List of Unimpaired Wire Centers in Kentucky and Tennessee

This is to advise CLECs that, on January 26, 2007, BellSouth Telecommunications, Inc. updated its listings of wire centers and their status under the Federal Communications Commission’s (the “FCC’s”) non-impairment rules contained in the TRRO<sup>1</sup>. In accordance with the FCC’s approval of the merger of AT&T, Inc. (“AT&T”) and BellSouth Corporation<sup>2</sup> (“BellSouth”), the aforementioned wire center lists now exclude:

- fiber-based collocation arrangements established by AT&T or its affiliates,
- entities that do not operate (i.e. own or manage the optronics on the fiber) their own fiber into and out of their own collocation arrangement, but merely cross-connect to fiber-based collocation arrangements<sup>3</sup>, and
- special access lines obtained by AT&T from BellSouth as of December 28, 2006.

The non-impairment status of the following wire centers are affected by this submission:

Removed DS3 Loop non-impairment	Removed from Tier One and Updated to Tier Two	Removed from Tier Two and updated to Tier Three

<sup>1</sup> Order on Remand, FCC 04-290, released February 4, 2005

<sup>2</sup> See FCC Press Release, FCC approves Merger of AT&T, Inc. and BellSouth Corporation (December 29, 2006).

<sup>3</sup> AT&T/ BellSouth reserve the right to revise any aspect of this list in the future, including, without limitation, to include (not eliminate) entities that cross-connect to fiber based collocation arrangements and also own or manage the optronics on the fiber, as provided in UNE Merger Condition 2, subpart (ii).

Wire Centers are identified on the list by their eight character CLLI code.

To view BellSouth's Master List of Unimpaired Wire Centers as Approved by State Commissions in its Region and BellSouth's List of Unimpaired Wire Centers in Kentucky and Tennessee as they have been revised by these changes, go to:
