Re: Petition to Establish Generic Docket to Consider Amendments to
Interconnection Agreements Resulting from Changes of Law
KPSC 2004-00427

Dear Ms. O'Donnell:

BellSouth Telecommunications, Inc. ("BellSouth") submits this letter to provide the Commission with notice of additional activity by other state commissions in connection with Change of Law proceedings in those states.

In a letter dated March 21, 2006, BellSouth advised the Commission that on March 21, 2006, the Georgia Public Service Commission had reconsidered its earlier decision setting rates for switching provided pursuant to Section 271. As noted in that letter, the Georgia Commission reversed, in part, its decision on March 10, 2006, in Docket No. 19341-U, and ruled that it will *not* set rates for switching under Section 271. At the time BellSouth filed its letter with this Commission a written order by the Georgia Commission was not available. On March 24, 2006, the Georgia Commission issued its written order containing its decision rendered on March 21, 2006. A copy of the Georgia Commission's Order of March 24, 2006, is enclosed.

Additionally, on March 24, 2006, the Georgia Commission issued a second order in its generic change of law proceeding. This order sets forth the decision of the Georgia Commission to vacate the portion of its March 9, 2005, Order that requires all carriers to abide by the change of law provision in their interconnection agreements to implement the terms of the TRRO with regard to new orders for unbundled local switching and dedicated loop and transport. Consequently, BellSouth is able to transition the UNE-P arrangements it has with CLECs to resale or other arrangements as negotiated by the parties pursuant to their interconnection agreements. A copy of the Georgia Commission's second Order dated March 24, 2006, is enclosed also.

On March 23, 2006 the Administrative Law Judge entered her formal recommendation in the Louisiana Public Service Commission's generic change of law proceeding, Docket Nos. U-28131 and U-28356. This Recommendation addressed all of the issues in the change of law proceeding, including the previously voted on issue of whether or not the Louisiana Commission has the authority under Section 271 or under state law to require BellSouth to include UNEs in interconnection agreements entered into under Section 252. The Louisiana Commission had

previously declined to order BellSouth to include Section 271 UNEs in interconnection agreements entered into under Section 252. The Louisiana Commission likewise previously declined to set any rates for Section 271 elements. A copy of the Recommendation of the Administrative Law Judge in the Louisiana Commission's generic change of law proceeding is enclosed.

BellSouth respectfully requests that the Commission adopt its position on each of the issues in this matter as quickly as possible.

Yours very truly,

Cheryl R. Winn
