REQUEST: How many of the more than 250 CLECs with signed Interconnection Agreements in Kentucky have de-listed elements that need to be transitioned?

RESPONSE: Of the over 250 Kentucky CLECs with signed Interconnection Agreements, approximately 100 CLECs are actively purchasing services from BellSouth. Of the approximately 100 active CLECs, 65 CLECs are purchasing unbundled elements from BellSouth. Of these 65 CLECs, 21 CLECs are purchasing de-listed elements that must be transitioned to alternative serving arrangements prior to March 10, 2006. Of the 21 CLECs that are purchasing de-listed elements that must be transitioned, only one (1) CLEC has a TRO/TRRO-compliant Interconnection Agreement.
