RE: Case No. 2004-00442 - Application to Adjust CATV Pole Attachment Rates

Dear Ms. O'Donnell,

Clark Energy is submitting revised tariff sheets for the referenced case per the Commission's order of January 19, 2005. The revised tariff sheets are labeled as "Exhibit 2" to be consistent with our original Application requesting Commission authorization to adjust CATV pole attachment rates. Tariff issue and effective dates have been revised, however, in conformity with the Commission's January 19th order and administrative regulation.

The revised tariff sheets and this transmittal letter are being filed using the procedures and guidelines of the Commission's electronic filing process. The revised tariff sheets and transmittal letter filed electronically in connection with Case No. 2004-00442 are a true, accurate, and complete representation of the original documents. All original documents are being forwarded to the Commission via U.S. Mail.

Please contact Shannon Messer, System Engineer (smesser@clarkenergy.com) at Clark Energy should you have any questions or need additional information.

Respectfully,

Overt L. Carroll
President & CEO
