

Mr. David L. Armstrong
Chairman
Kentucky State Board on Electric Generation and
Transmission Siting
211 Sower Boulevard
Frankfort, KY 40602

December 7, 2010

Re: *Joint Application of the Illinois Municipal Electric Agency and the Indiana Municipal Power Agency for Approval to be a 25% Partner in the Construction of a 750 Megawatt Addition to the Existing Trimble County Generating Facility in Trimble County, Kentucky*
Siting Board Case No. 2005-00152

Dear Chairman Armstrong:

We are writing to invite the Board, its staff and its consultants for a site visit, to review and be certain that the constructed Trimble County 2 (“TC2”) facility followed the description provided by Illinois Municipal Electric Agency and the Indiana Municipal Power Agency (collectively “Joint Applicants”) in its site assessment report and that the mitigation conditions imposed by the Kentucky State Board on Electric Generation and Transmission Siting (the “Board”) were successfully implemented. This request is made in compliance with the November 16, 2005 Order of the Board in the above-referenced proceeding. Please accept this original and ten (10) copies for filing with the Board. An electronic copy of this report has been posted to the Commission’s Electronic Filing Center and is a true representation of the original document that has been filed with the Board. This request and filing is made with the assistance and involvement of Intervenors Louisville Gas and Electric Company and Kentucky Utilities Company (together, the “Companies”), who hold a 75 percent ownership share of the TC2 generating facility. Please contact Rick Lovekamp at (502) 627-3780 or email rick.lovekamp@lge-ku.com to coordinate the site visit.

Also, enclosed are an original and ten (10) copies of a Petition for Confidential Protection for the “as-built plans” that illustrate the implementation of the Site Development Plan as requested in the November 16, 2005 Order.

If you have any questions about this request, please let us know.

Sincerely,

Ronald D. Earl
President & CEO
