Re: Case 2005-0152

Dear Beth:

The Illinois Municipal Electric Agency (IMEA) and the Indiana Municipal Power Agency (IMPA), joint applicants in this matter, submit for filing the response to your letter of May 11, 2005. The attached map supplements the information provided in Tab 2 of the application. It shows the approximate distance of the proposed site from residential neighborhoods and the nearest residential structures. As indicated in the application, Tab 2, there are no parks or schools within the two mile radius of the facility. Although not required of the statute and without conceding that the Board has jurisdiction, the joint applicants have also determined that there are no schools, hospitals or other similar facilities within the two mile radius from the facility as it extends into Indiana.

This response is also being filed electronically and the documents so filed are true representations of the original documents. If there are any questions about the response or if additional information is needed, please contact me.

Very truly yours

John N. Hughes

Attorney for Illinois
Municipal Electric Agency
and Indiana Municipal Power
Agency
