Re: Case 2005-0152

Dear Beth:

The Illinois Municipal Electric Agency (IMEA) and the Indiana Municipal Power Agency (IMPA), joint applicants in this matter, submit for filing their application for approval of a merchant electric generating facility. The joint applicants will collectively own 25% of the proposed 750 MW Trimble County Generating Unit 2. The filing fee of \$188,000 is submitted in the form of two checks, one for \$91,000 from IMEA and one from IMPA for \$97,000.

The application is also being filed electronically and the documents so filed are true representations of the original documents.

If there are any questions about the application or if additional information is needed, please contact me.

Very truly yours

A handwritten signature in black ink that reads "John N. Hughes".
