RE: DOCKET NUNMBER 2005-00152

Dear Ms. O'Donnell:

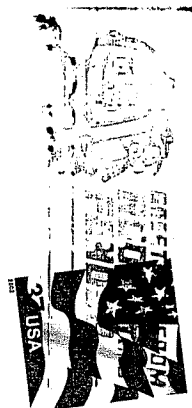

I am writing this letter to request a local meeting on the expansion of the LG & E Trimble County Plant. I currently have breathing problems and am aware of numerous individuals in the community with similar health problems. We have numerous industries in our surrounding communities and have been told that the air standards currently existing already have been exceeded.

I would appreciate the opportunity to express my concerns.

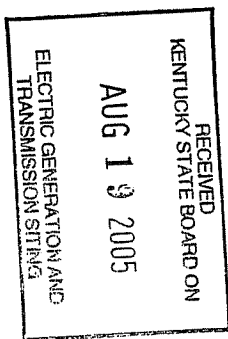

Sincerely,

A handwritten signature in cursive script, appearing to read "Jim Barnes".

Jim Barnes

RE: Docket Number 2005-00152

With this letter I would like to request a local meeting on the expansion of the LG&E Trimble County Plant to address concerns with air and water quality. Air purity standards and limits on particulate saturation need to be understood by the impacted communities and health susceptible individuals. Other industries and power plants share our environmental quadrangle and it is my understanding that the air standards are exceeded.

Thank you for the opportunity to discuss this very important issue.

RE: DOCKET NUNMBER 2005-00152

Dear Ms. O'Donnell:

I am writing this letter to request a local meeting on the expansion of the LG & E Trimble County Plant. My husband currently has breathing problems and I am aware of numerous individuals in the community with similar health problems. We have numerous industries in our surrounding communities and have been told that the air standards currently existing already have been exceeded.

I would appreciate the opportunity to express my concerns.

Sincerely,

A handwritten signature in cursive script that reads "Carolyn Barnes".
