RESPONSES TO HEARING DATA REQUESTS

Item No. 2

2. Provide the curriculum vitae for John S. Young.

RESPONSE:

Please see attached.

John S. Young
Chief Operating Officer

John Young is chief operating officer (COO) of American Water and holds a seat on the Company's Board of Directors. Reporting directly to the chief executive officer, as COO, Young has direct responsibility for company-wide operations and delivery of financial and operating performance, while establishing a balance between the company's immediate business goals and long-term vision. He is additionally responsible for all activities related to the Company's National Customer Service Center and Process Performance.

Young previously served as vice president of Operations and Investment Performance. The responsibilities of that role, which continue to remain under his leadership, included identifying and implementing operational improvements; managing the Americas Region capital program; and directing risk management in the areas of health and safety, security and event management. He was additionally responsible for environmental compliance and stewardship, engineering, research and technology, and assessment of commercial and growth initiatives.

Young began his career with American Water in 1977 and has held a variety of operations, engineering and executive positions, including vice president of Engineering and vice president of Technical Services.

Young is an active member of several professional organizations, including the Design/Build Institute of America (Board Member), the American Water Works Association (Section Chair and Fuller Awardee), and the American Society of Civil Engineers. He also serves on the United States Environmental Protection Agency's (EPA) National Drinking Water Advisory Council and several EPA working groups. He has been an active member of Trinity Presbyterian Church in Cherry Hill, NJ.

Young is a frequent speaker at numerous water industry conferences, nationally and internationally, presenting papers on a variety of topics pertaining to water management and technology.

A registered professional engineer in a number of states, Young holds a B.S. in Civil Engineering from Duke University, and an M.S. in Environmental Engineering from the University of North Carolina, where he also served as a student research and teaching assistant.

With headquarters in Voorhees, NJ, American Water is the largest and most geographically diversified provider of water services in North America. Employing approximately 7,000, American Water provides high quality water, wastewater, and other related services to over 18 million people in 29 states and 3 Canadian provinces. More information can be found by visiting.

RESPONSES TO HEARING DATA REQUESTS

Item No. 3

3. State whether there is a written guarantee or a “guaranty agreement” by which any operating subsidiary of American Water Works Company, Inc. provided a guarantee of the issuance of approximately \$1.75 billion of preferred stock in 2003.

RESPONSE:

Neither the issuance of the preferred shares nor the payment of dividends on the preferred shares has been or is guaranteed by any operating subsidiary of American Water Works Company, Inc. The reference on page 33 of the May 2, 2006, presentation by Goldman Sachs named “Refinancing Discussion Materials” is not correct in this respect.
