<p>Note: I have charged for only the reconnect order and not the disconnect order for the reconnection fee. On a theoretical basis, the fee could be doubled, but this places a heavier burden on those that have difficulty paying.</p>			
<p>Also, I do not have the number of after-hours orders worked. All revenues from after hours fees are stated at normal hour rates. I feel the incremental revenue would be small, but I will see if Donna can run a query to produce these numbers.</p>
