Subject: KAWC cost increase - Case No. 2007-00143

Dear Mr. Melnykovich,

While I am in sympathy with all the expenses KY American Water Co. incurred in its battle over ownership with some of the citizens of Lexington, I think a 30 cent increase is too much. I also realize that our water pipes are old and replacement will incur some expense. Please examine their request thoroughly before granting such a steep increase.

Best regards,
Phyllis Rogers
