

**JUST TOO MUCH:  
Kentucky-American Water Company Rate Hike Petition**

Kentucky-American is proposing to increase water rates by 37.5 percent on the heels of an 18 percent increase last year. That amounts to an increase of approximately 60 percent in just two years. I believe this rate is excessive and will impose a hardship on many families.

I want to join 4,309 of my friends and neighbors in fighting the excessive water rate increase proposed by Kentucky-American Water by signing this petition to the Kentucky Public Service Commission.

**Kentucky-American Water Company Rate Hike Petition**

Kentucky-American is proposing to increase water rates by 37.5 percent on the heels of an 18 percent increase last year. That's 55.5 percent in just two years. Mayor Jim Newberry thinks this rate is excessive and will impose a hardship on many families.

I want to join Mayor Jim Newberry and the Lexington-Fayette Urban County Government in fighting the excessive water rate increase proposed by Kentucky-American Water by signing this petition.

This petition will be delivered to the Kentucky Public Service Commission.

Kentucky-American is proposing to increase water rates by 37.5 percent on the heels of an 18 percent increase last year. That's 55.5 percent in just two years. Mayor Jim Newberry thinks this rate is excessive and will impose a hardship on many families.

I want to join Mayor Jim Newberry and the Lexington-Fayette Urban County Government in fighting the excessive water rate increase proposed by Kentucky-American Water by signing this petition.

This petition will be delivered to the Kentucky Public Service Commission.

I oppose the 37.5% increase in my water rates:

**JUST TOO MUCH:**

**Kentucky-American Water Company Rate Hike Petition**

Kentucky-American is proposing to increase water rates by 37.5 percent on the heels of an 18 percent increase last year. That's 55.5 percent in just two years. Mayor Jim Newberry thinks this rate is excessive and will impose a hardship on many families.

I want to join Mayor Jim Newberry and the Lexington-Fayette Urban County Government in fighting the excessive water rate increase proposed by Kentucky-American Water by signing this petition.

This petition will be delivered to the Kentucky Public Service Commission.

I oppose the 37.5% increase in my water rates:
