RE: Siting Board Case No. 2010-00223

Dear Mr. Derouen:

Please find enclosed a copy of the Amended Application for Certificate to Construct Nonregulated Electric Transmission Line filed on October 13, 2010, at the Kentucky State Board on Electric Generation and Transmission Siting ("Siting Board"), Case No. 2010-00223. This Application is filed by Vectren Energy Delivery of Indiana, Inc. to construct an electric transmission line from its A.B Brown Plant to the Big Rivers EHV Station. This Application alters the initial proposed route filed with the Siting Board on July 15, 2010, to address specific concerns raised by the City of Henderson, Henderson Water Utility, and Henderson Power and Light.

Please note: portions of this Application contain detailed maps, which include proposed and existing critical infrastructure. Pursuant to Siting Board and Kentucky Public Service Commission guidelines, World Wide Web access is inappropriate for security reasons. Thus, the Maps contained in this application are being filed in electronic version separately.

Should you have any questions or concerns, please contact me at the number below.

Sincerely,

Jason R. Bentley
Attorney for Vectren Energy Delivery of Indiana
