Dear Mr. Derouen:

Cincinnati Bell Telephone LLC (CBT) submitted a filing on June 1, 2012 in Case No. 0010-00398 to meet the requirements of the Federal Communications Commission (FCC) Report and Order in WC Dockets No. 10-90 *et al*, FCC 11-161, released November 18, 2011 concerning the reduction of intrastate terminating switched access rates to interstate levels.

CBT is filing today to add the Petition for Confidential Treatment For Certain Data and the Read1st letter documents from the June 1, 2012 filing to the Docketing portion of the Commission's electronic filing website to make it easier for interested parties to locate them.
