Request:

1. Please provide, by exchange or wire center in Kentucky, the number of residential access lines or residential access line equivalents that you served as of December 31, 2010.

Response: Not Applicable.

Request:

2. Please provide, by exchange or wire center in Kentucky, the number of business access lines or business access line equivalents that you served as of December 31, 2010.

Response: The Kentucky-specific access line count that Level 3 routinely keeps and reports is the one contained in its annual Gross Operating Revenues (“GOR”) report to the Kentucky Public Service Commission. *See* 2010 GOR report, attached hereto. A break-down by exchange or wire center would require a study that Level 3 has not performed.
