Case No. 2011-00313

This filing upload contains the final support documents for the Owen Electric Cooperative 2012-2013 Construction Work Plan.

A review of Owen's Construction Work Plan Procedural Checklist indicated that these two documents are to be included in the overall application process.

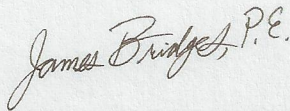

Both files are in PDF format.

The (*ruscwppapproval*) document is the RUS approval letter for the 2012-2013 Owen Electric Cooperative Construction Work Plan.

No RUS funds will be used for the construction of the specific projects listed in the RUS approval letter. A discussion with the Kentucky GFR indicated that if no RUS funds were used for the subject projects in the RUS approval letter, the Construction Work Plan is in full approval status per RUS.

The (*oeccwppboard*) document is the original Owen Electric Cooperative Board Resolution approving the 2012-2013 CWP.

I certify that this electronically filed document is a true and complete representation of the original document.
