Dear Mr. Derouen:

Cumberland Valley Electric (“CVE”) is submitting an Application for a CPCN to construct certain distribution facilities according to its new 01/01/2012 ~ 12/31/2015 Construction Work Plan (“CWP”). The Application and all supporting documentation are being filed using the procedures and guidelines of the Commission’s electronic filing initiative. Commission staff has already assigned the Application to Case No. 2011-00442 and assigned CVE a user ID and password.

The Application and all materials filed electronically in support of Case No. 2011-00442 are a true, accurate and complete representation of the original documents.

One (1) complete original Application in paper form will be filed with the Commission pursuant to the guidelines for electronic filing.

CVE respectfully requests expedited consideration of this application due to critical timing of several CWP projects contained within.

Please contact me (270-404-5030 or [ggrubbs@pd-engineers.com](mailto:ggrubbs@pd-engineers.com) ) or Mark Abner (Engineer) at CVE should you have any questions or need additional information in regard to this filing.
