RE: CASE NO. 2012-00013

This upload is an ADDENDUM which contains errata sheets from the original CWP filing. A \$60,000 error in the 2012-2015 CWP was detected by LVRECC. This error is directly traced to a system radio upgrade (RUS CODE 615) whose work plan amount of \$60,000 was excluded from the total.

In a discussion with Mr. Quang Nguyen, he has approved this submission of errata sheets along with a descriptive cover letter.

Included Files:

A PDF file of the ADDENDUM cover letter- ***2012-00013_ADD3~6~12.pdf***

A PDF file of the corrected Const. Work Plan Cost Summary-
1C SUMMARY OF CONSTRUCTION PROGRAM AND COSTS-ERRATA3-6-12.pdf

An Excel file of the corrected Est. Ann. Cost of Operations –
LVRECC_Est_ANN_\$_COMP_CWP_PROJS_ADD_3-6-12.xls

I certify that this electronically filed document is a true and complete representation of the original document.
