RE: Application of Kentucky Utilities Company for an Adjustment of Its Electric Rates
Case No. 2012-00221

Dear Mr. DeRouen:

On May 24, 2013, the undersigned filed the Motion to Correct Order for Kentucky Utilities Company. To facilitate the Commission's disposition of this motion, the undersigned contacted the counsel to the parties to the November 19, 2012 Settlement, Stipulation and Recommendation filed by Kentucky Utilities Company, Louisville Gas and Electric Company and all the interveners in Case Nos. 2012-00221 and -00222 by email on May 30, 2013 and requested counsel for each intervener to advise whether that party had an objection to the Motion to Correct Order. Enclosed please find an accurate copy of each email received by the undersigned in response to this inquiry. The attached emails show that no intervener objects to the Motion to Correct Order. In accordance with Ordering Paragraph Nos. 5 and 10 of the Commission's June 22, 2012 Order, this is to certify that Kentucky Utilities Company's May 31, 2013 electronic filing of this letter is a true and accurate copy of the same document being filed in paper medium; that the electronic filing has been transmitted to the Commission on May 31, 2013; that there are currently no parties that the Commission has excused from participation by electronic means in this proceeding; and that an original and two copies in paper medium of the Motion are being mailed to the Commission on May 31, 2013.

Yours very truly,

Kendrick R. Riggs

Subject: 2012 KU Rate Case

Dear Counsel,

Last week you may have received the attached email last Friday, notifying that KU had filed a Motion to Correct the CTAC rate (\$9.96 per attachment) contained in Exhibit 4 to the Settlement Agreement, which was approved in Commission's Final Order, and in the tariffs which became effective January 1, 2013.

A copy of the motion is attached for your convenience and reference.

The correct KU attachment charge is \$9.69, instead of \$9.96 contained in the Settlement Agreement and KU's current tariff.

While KU calculated the charge correctly, it mistakenly inverted the last two numbers (i.e., ".96" instead of ".69") when it prepared the tariffs that were filed with the Settlement Agreement. The LG&E CTAC tariff contains the correct rate.

The inadvertent transposition of .69 into .96 in KU's CTAC tariff is a typographical type of error.

The correction is revenue neutral and has no impact of any kind on the other rates and charges approved in the Final Order.

Because KU bills CTAC customers on a six month basis, no customers have been billed the incorrect rate as the bills covering the January 1 to June 30, 2013 period have not been issued. The bills for this time period will be issued in July.

To facilitate the Commission's disposition of KU's Motion to Correct, could you please reply to this email advising whether you have no objection to the motion by close of business tomorrow, **Friday, May 31, 2013**?

Should you have any questions or wish to discuss this further, please contact me at your first convenience.

Thank you for your time and consideration of this request.

Dear Counsel,

Last week you may have received the attached email last Friday, notifying that KU had filed a Motion to Correct the CTAC rate (\$9.96 per attachment) contained in Exhibit 4 to the Settlement Agreement, which was approved in Commission's Final Order, and in the tariffs which became effective January 1, 2013.

A copy of the motion is attached for your convenience and reference.

The correct KU attachment charge is \$9.69, instead of \$9.96 contained in the Settlement Agreement and KU's current tariff.

While KU calculated the charge correctly, it mistakenly inverted the last two numbers (i.e., ".96" instead of ".69") when it prepared the tariffs that were filed with the Settlement Agreement. The LG&E CTAC tariff contains the correct rate.

The inadvertent transposition of .69 into .96 in KU's CTAC tariff is a typographical type of error.

The correction is revenue neutral and has no impact of any kind on the other rates and charges approved in the Final Order.

Because KU bills CTAC customers on a six month basis, no customers have been billed the incorrect rate as the bills covering the January 1 to June 30, 2013 period have not been issued. The bills for this time period will be issued in July.

To facilitate the Commission's disposition of KU's Motion to Correct, could you please reply to this email advising whether you have no objection to the motion by close of business tomorrow, **Friday, May 31, 2013**?

Should you have any questions or wish to discuss this further, please contact me at your first convenience.

Thank you for your time and consideration of this request.
