(as amended through June 2, 1999)
(as amended through December 16, 2003)

BY-LAWS
OF
KENTUCKY UTILITIES COMPANY

ARTICLE I
STOCK TRANSFERS

Section 1. Each holder of fully paid stock shall be entitled to a certificate or certificates of stock stating the number and the class of shares owned by such holder, provided that, the Board of Directors may, by resolution, authorize the issue of some or all of the shares of any or all classes or series of stock without certificates. All certificates of stock shall, at the time of their issuance, be signed by the Chairman of the Board, the President or a Vice-President and by the Secretary or Assistant Secretary, and may be authenticated and registered by a duly appointed registrar. If the stock certificate is authenticated by a registrar, the signatures of the corporate officers may be facsimiles. In case any officer designated for the purpose who has signed or whose facsimile signature has been used on any stock certificate shall, from any cause, cease to be such officer before the certificate has been delivered by the Company, the certificate may nevertheless be adopted by the Company and be issued and delivered as though the person had not ceased to be such officer.

Section 2. Shares of stock shall be transferable only on the books of the Company and upon proper endorsement and surrender of the outstanding certificates representing the same. If any outstanding certificate of stock shall be lost, destroyed or stolen, the officers of the Company shall have authority to cause a new certificate to be issued to replace such certificate upon the receipt by the Company of satisfactory evidence that such certificate has been lost, destroyed or stolen and of a bond of indemnity deemed sufficient by the officers to protect the Company and any registrar and any transfer agent of the Company against loss which may be sustained by reason of issuing such new certificate to replace the certificate reported lost, destroyed or stolen; and any transfer agent of the Company shall be authorized to issue and deliver such new certificate and any registrar of the Company is authorized to register such new certificate, upon written directions signed by the Chairman of the Board, the President or a Vice-President and by the Treasurer or the Secretary of the Company.

Section 3. All certificates representing each class of stock shall be numbered and a record of each certificate shall be kept showing the name of the person to whom the certificate was issued with the number and the class of shares and the date thereof. All certificates exchanged or returned to the Company shall be cancelled and an appropriate record made.

Section 4. The Board of Directors may fix a date not exceeding seventy days preceding the date of any meeting of shareholders, or the date fixed for the payment of any dividend or distribution, or the date of allotment of rights, or, subject to contract rights with respect thereto,

the date when any change or conversion or exchange of shares shall be made or go into effect, as a record date for the determination of the shareholders entitled to notice of and to vote at any such meeting, or entitled to receive payment of any such dividend, or allotment of rights, or to exercise the rights with respect to any such change, conversion or exchange of shares, and in such case only shareholders of record on the date so fixed shall be entitled to notice of and to vote at such meeting, or to receive payment of such dividend or allotment of rights or to exercise such rights, as the case may be, notwithstanding any transfer of shares on the books of the Company after the record date fixed as aforesaid. The Board of Directors may close the books of the Company against transfer of shares during the whole or any part of such period. When a determination of shareholders entitled to notice of and to vote at any meeting of shareholders has been made as provided in this section, such determination shall apply to any adjournment thereof except as otherwise provided by statute.

ARTICLE II

MEETINGS OF STOCKHOLDERS

Section 1. An Annual Meeting of Stockholders of the Company shall be held at such date and time as shall be designated from time to time by the Board of Directors. Each such Annual Meeting shall be held at the principal office of the Company in Kentucky or at such other place as the Board of Directors may designate from time to time.

Section 2. Special meetings of the stockholders may be called by the Board of Directors or by the holders of not less than 51% of all the votes entitled to be cast on each issue proposed to be considered at the special meeting, or in such other manner as may be provided by statute. Business transacted at special meetings shall be confined to the purposes stated in the notice of meeting.

Section 3. Notice of the time and place of each annual or special meeting of stockholders shall be sent by mail to the recorded address of each stockholder entitled to vote not less than ten or more than sixty days before the date of the meeting, except in cases where other special method of notice may be required by statute, in which case the statutory method shall be followed. The notice of special meeting shall state the object of the meeting. Notice of any meeting of the stockholders may be waived by any stockholder.

Section 4. At an Annual Meeting of the Stockholders, only such business shall be conducted as shall have been properly brought before the meeting in accordance with the procedures set forth in these By-laws. To be properly brought before the Annual Meeting, business must be (a) specified in the notice of meeting (or any supplement thereto) given by or at the direction of the Board of Directors, (b) otherwise properly brought before the meeting by or at the direction of the Board of Directors, or (c) otherwise be a proper matter for consideration and otherwise be properly requested to be brought before the meeting by a stockholder as hereinafter provided. For business to be properly requested to be brought before an Annual Meeting by a stockholder, a stockholder of a class of shares of the Company entitled to vote upon the matter requested to be brought before the meeting (or his designated proxy as provided below) must have given timely and proper notice thereof to the Secretary. To be timely, a

stockholder's notice must be given by personal delivery or mailed by United States mail, postage prepaid, and received by the Secretary not fewer than sixty calendar days prior to the meeting; provided, however, that in the event that the date of the meeting is not publicly announced by mail, press release or otherwise or disclosed in a public report, information statement, or other filing made with the Securities and Exchange Commission, in either case, at least seventy calendar days prior to the meeting, notice by the stockholder to be timely must be received by the Secretary, as provided above, not later than the close of business on the tenth day following the day on which such notice of the date of the meeting or such public disclosure or filing was made. To be proper, a stockholder's notice to the Secretary must be in writing and must set forth as to each matter the stockholder proposes to bring before the Annual Meeting (a) a description in reasonable detail of the business desired to be brought before the Annual Meeting and the reasons for conducting such business at the Annual Meeting, (b) the name and address, as they appear on the Company books, of the stockholder proposing such business or granting a proxy to the proponent or an intermediary, (c) a representation that the stockholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice, (d) the name and address of the proponent, if the holder of a proxy from a qualified stockholder of record, and the names and addresses of any intermediate proxies, (e) the class and number of shares of the Company which are beneficially owned by the stockholder, and (f) any material interest of the stockholder or the proponent in such business. The chairman of an Annual Meeting shall determine whether business was properly brought before the meeting, which determination absent manifest error will be conclusive for all purposes.

Section 5. The Chairman of the Board, if present, and in his absence the President, and the Secretary of the Company, shall act as Chairman and Secretary, respectively, at each stockholders meeting, unless otherwise provided by the Board of Directors prior to the meeting. Unless otherwise determined by the Board of Directors prior to the meeting, the Chairman of the stockholders' meeting shall determine the order of business and shall have the authority in his discretion to regulate the conduct of any such meeting, including, without limitation, by imposing restrictions on the persons (other than stockholders of the Company or their duly appointed proxies) who may attend any such stockholders' meeting, by determining whether any stockholder or his proxy may be excluded from any stockholders' meeting based upon any determination by the Chairman, in his sole discretion, that any such person has unduly disrupted or is likely to disrupt the proceedings thereat, and by regulating the circumstances in which any person may make a statement or ask questions at any stockholders' meeting.

Section 6. The Company shall be entitled to treat the holder of record of any share or shares as the holder in fact thereof and, accordingly, shall not be bound to recognize any equitable or other claim to or interest in such share on the part of any other person whether or not it shall have express or other notice thereof, except as expressly provided by law.

Section 7. The Board of Directors may postpone and reschedule any previously scheduled annual or special meeting of stockholders and may adjourn any convened meeting of stockholders to another date and time as specified by the chairman of the meeting.

ARTICLE III

BOARD OF DIRECTORS

Section 1. The Board shall be composed of such number of Directors as shall be set by resolution of the Board. The number of Directors may be changed from time to time by resolution of the Board of Directors or by amendment to these By-laws, but no decrease in the number of Directors shall have the effect of shortening the term of any incumbent Director. Unless a Director dies, resigns or is removed, he shall hold office until the next annual meeting of the shareholders or until a successor is elected, whichever is later. Directors need not be shareholders of the corporation or residents of the Commonwealth of Kentucky or of the Commonwealth of Virginia. Except as otherwise expressly provided by the Articles of Incorporation, the Board of Directors may fill, until the first annual election thereafter and until the necessary election shall have taken place, vacancies occurring at any time in the membership of the Board by death, resignation or otherwise. Written notice of such resignation shall be made as provided by law.

Section 2. Nominations for the election of directors may be made by the Board of Directors or a committee appointed by the Board of Directors or by any stockholder entitled to vote in the election of directors generally. However, any stockholder entitled to vote in the election of directors generally may nominate one or more persons for election as directors at a meeting only if the stockholder has given timely and proper notice thereof to the Secretary. To be timely, a stockholders notice must be given by personal delivery or mailed by United States mail, postage prepaid, and received by the Secretary not fewer than sixty calendar days or more than ninety calendar days prior to the meeting; provided, however, that in the event that the date of the meeting is not publicly announced by mail, press release or otherwise or disclosed in a public report, information statement or other filing made with the Securities and Exchange Commission, in either case, at least seventy calendar days prior to the meeting, notice by the stockholder to be timely must be so received by the Secretary, as provided above, not later than the close of business on the tenth day following the day on which such notice of the date of the meeting or such public disclosure or filing was made. To be proper, a stockholder's notice of nomination to the Secretary must be in writing and must set forth as to each nominee: (a) the name and address, as they appear on the Company books, of the stockholder who intends to make the nomination or granting a proxy to the proponent or an intermediary; (b) the name and address of the person or persons to be nominated; (c) a representation that the stockholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (d) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder; (e) such other information regarding each nominee proposed by such stockholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission, had the nominee been nominated, or intended to be nominated, by the Board of Directors, provided that (i) such information does not in any way violate any applicable Securities and Exchange Commission regulation, including regulations concerning public availability of information, and (ii) any information withheld on such basis shall be provided by separate notice

at such time as would not be in violation of any applicable Securities and Exchange Commission regulation, such notice to be a supplement to the notice otherwise required herein; (f) the class and number of shares of the Company which are beneficially owned by the stockholder; and (g) the signed consent of each nominee to serve as a director of the Company if so elected.

Section 3. If the Chairman of the meeting for the election of Directors determines that a nomination of any candidate for election as a director at such meeting was not made in accordance with the applicable provisions of these By-laws, such nomination shall be void.

Section 4. The Board of Directors may adopt such special rules and regulations for the conduct of their meetings and the management of the affairs of the Company as they may determine to be appropriate, not inconsistent with law or these By-laws.

Section 5. A regular meeting of the Board of Directors shall be held as soon as practicable after the annual meeting of stockholders in each year. In addition, regular quarterly meetings of the Board may be held at the general offices of the Company in Kentucky, or at such other place as shall be specified in the notice of such meeting on the last Monday of January, July and October in each year. Written notice of every regular meeting of the Board, stating the time of day at which such meeting will be held, shall be given to each Director not less than two days prior to the date of the meeting. Such notice may be given personally in writing, or by telegraph or other written means of electronic communication, or by depositing the same, properly addressed, in the mail.

Section 6. Special meetings of the Board may be called at any time by the Chairman of the Board, or the President, or by a Vice-President when acting as President, or by any two Directors. Notice of such meeting, stating the place, day and hour of the meeting shall be given to each Director not less than one day prior to the date of the meeting. Such notice may be given personally in writing, or by telegraph or other written means of electronic communication, or by depositing the same, properly addressed, in the mail.

Section 7. Notice of any meeting of the Board may be waived by any Director.

Section 8. A majority of the Board of Directors shall constitute a quorum for the transaction of business at any meeting of the board, but a less number may adjourn the meeting to some other day or sine die. The Board of Directors shall keep minutes of their proceedings at their meetings. The members of the Board may be paid such fees or compensations for their services as Directors as the Board, from time to time, by resolution, may determine.

Section 9. The Chairman of the Board, if such person is present, shall serve as Chairman at each regular or special meeting of the Board of Directors and shall determine the order of business at such meeting. If the Chairman of the Board is not present at a regular or special meeting of the Board of Directors, the Vice Chairman of the Board shall serve as Chairman of such meeting and shall determine the order of business of such meeting. The Board of Directors may elect one of its members as Vice Chairman of the Board.

ARTICLE IV

COMMITTEES

Section 1. The Board of Directors may, by resolution passed by a majority of the whole Board, appoint an Executive Committee of not less than three members of the Board, including the Chairman of the Board, if there be one, and the President of the Company. The Executive Committee may make its own rules of procedure and elect its Chairman, and shall meet where and as provided by such rules, or by resolution of the Board of Directors. A majority of the members of the Committee shall constitute a quorum for the transaction of business. During the intervals between the meetings of the Board of Directors, the Executive Committee shall have all the powers of the Board in the management of the business and affairs of the Company except as limited by statute, including power to authorize the seal of the Company to be affixed to all papers which require it, and, by majority vote of all its members, may exercise any and all such powers in such manner as such Committee shall deem best for the interests of the Company, in all cases in which specific directions shall not have been given by the Board of Directors. The Executive Committee shall keep regular minutes of its proceedings and report the same to the Board at meetings thereof.

Section 2. The Board of Directors may appoint other committees, standing or special, from time to time from among their own number, or otherwise, and confer powers on such committees, and revoke such powers and terminate the existence of such committees at its pleasure.

Section 3. Meetings of any committee may be called in such manner and may be held at such times and places as such committee may by resolution determine, provided that a meeting of any committee may be called at any time by the Chairman of the Board or by the President. Notice of such meeting, stating the place, day and hour of the meeting shall be given to each Director not less than one day prior to the meeting. Such notice may be given personally in writing, or by telegraph or other written means of electronic communication, or by depositing the same, properly addressed, in the mail. Members of all committees may be paid such fees for attendance at meetings as the Board of Directors may determine.

ARTICLE V

OFFICERS

Section 1. The officers of the Company shall be a Chief Executive Officer, President, Chief Operating Officer, Chief Financial Officer, Chief Administrative Officer, one or more Vice Presidents, Secretary, Treasurer, Controller or such other officers (including, if so directed by a resolution of the Board of Directors, the Chairman of the Board) as the Board or the Chief Executive Officer may from time to time elect or appoint. Any two of the offices may be combined in one person, but no officer shall execute, acknowledge, or verify any instrument in more than one capacity. If practicable, officers are to be elected or appointed by the Board of Directors or the Chief Executive Officer at the first meeting of the Board following the annual

meeting of stockholders and, unless otherwise specified, shall hold office for one year or until their successors are elected and qualified. Any vacancy shall be filled by the Board of Directors or the Chief Executive Officer. Except as provided below, officers shall perform those duties usually incident to the office or as otherwise required by the Board of Directors, the Chief Executive Officer, or the officer to whom they report. An officer may be removed with or without cause and at any time by the Board of Directors or by the Chief Executive Officer.

Section 2. The Chief Executive Officer of the Company shall have full charge of all of the affairs of the Company and shall report directly to the Board of Directors.

Section 3. The President, should that office be created and filled, shall exercise such functions as may be delegated by the Chief Executive Officer and shall exercise the functions of the Chief Executive Officer during the absence or disability of the Chief Executive Officer.

Section 4. The Chief Operating Officer, should that office be created and filled, shall have responsibility for the management and direction of the Company, subject to the direction and approval of the Chief Executive Officer.

Section 5. The Chief Financial Officer, should that office be created and filled, shall have responsibility for the financial affairs of the Company, including maintaining accurate books and records, meeting all financial reporting requirements and controlling Company funds, subject to the direction and approval of the Chief Executive Officer.

Section 6. The Chief Administrative Officer, should that office be created and filled, shall have responsibility for the general administrative and human resources operations of the Company, subject to the direction and approval of the Chief Executive Officer.

Section 7. The Vice President or Vice Presidents, should such offices be created and filled, may be designated as Vice President, Senior Vice President or Executive Vice President, as the Board of Directors or Chief Executive Officer may determine.

Section 8. The Secretary shall be present at and record the proceedings of all meetings of the Board of Directors and of the stockholders, give notices of meetings of Directors and stockholders, have custody of the seal of the Company and affix it to any instrument requiring the same, and shall have the power to sign certificates for shares of stock of the Company.

Section 9. The Treasurer, should that office be created and filled, shall have responsibility for all receipts and disbursements of the Company and be custodian of the Company's funds.

Section 10. The Controller, should that office be created and filled, shall have responsibility for the accounting records of the Company.

ARTICLE VI

MISCELLANEOUS

Section 1. The funds of the Company shall be deposited to its credit in such banks or trust companies as are selected by the Treasurer, subject to the approval of the chief executive officer. Such funds shall be withdrawn only on checks or drafts of the Company for the purpose of the Company, except that such funds may be withdrawn without the issuance of a check or draft (a) to effect a transfer of funds between accounts maintained by the Company at one or more depositories; (b) to effect the withdrawal of funds, pursuant to resolution of the Board of Directors, for the payment of either commercial paper promissory notes of other entities or government securities purchased by the Company; (c) to effect a withdrawal of funds by the Company pursuant to the terms of any agreement or other document, approved by the Board of Directors, which requires or contemplates payment or payments by the Company by means other than a check or draft; or (d) to effect a withdrawal of funds for such other purpose as the Board of Directors by resolution shall provide. All checks and drafts of the Company shall be signed in such manner and by such officer or officers or such individuals as the Board of Directors, from time to time by resolution, shall determine. Only checks and drafts so signed shall be valid checks or drafts of the Company.

Section 2. No debt shall be contracted except for current expenses unless authorized by the Board of Directors or the Executive Committee, and no bills shall be paid by the Treasurer unless audited and approved by the Controller or some other person or committee expressly authorized by the Board of Directors or the Executive Committee, to audit and approve bills for payment. All notes of the Company shall be executed by two different officers of the Company. Either or both of such executions may be by facsimile.

Section 3. The fiscal year of the Company shall close at the end of December annually.

ARTICLE VII

INDEMNIFICATION OF DIRECTORS, OFFICERS, EMPLOYEES AND AGENTS

Section 1. Unless prohibited by law, the Company shall indemnify each of its Directors, officers, employees and agents against expenses (including attorneys fees), judgments, taxes, fines and amounts paid in settlement, incurred by such person in connection with, and shall advance expenses (including attorneys fees) incurred by such person in defending any threatened, pending or completed action, suit or proceeding (whether civil, criminal, administrative or investigative) to which such person was, is, or is threatened to be made a party by reason of the fact that such person is or was a Director, officer, employee or agent of another domestic or foreign corporation, partnership, joint venture, trust, other enterprise, or employee benefit plan. Advancement of expenses shall be made upon receipt of a written statement of his good faith belief that he has met the standard of conduct as required by statute and a written undertaking, with such security, if any, as the Board may reasonably require, by or on behalf of

the person seeking indemnification, to repay amounts advanced if it shall ultimately be determined that such person is not entitled to be indemnified by the Company.

Section 2. In addition (and not by way of limitation of) the foregoing provisions of Section 1 of this Article VII and the provisions of the Kentucky Business Corporation Act, each person (including the heirs, executors, administrators and estate of such person) who is or was or had agreed to become a Director, officer, employee or agent of the Company and each person (including the heirs, executors, administrators and estate of such person) who is or was serving or who had agreed to serve at the request of the Directors or any officer of the Company as a Director, officer, employee, trustee, partner or agent of another corporation, partnership, joint venture, trust, employee benefit plan or other enterprise shall be indemnified by the Company to the fullest extent permitted by the Kentucky Business Corporation Act or any other applicable laws as presently or hereafter in effect. Without limiting the generality or the effect of the foregoing, the Company is authorized to enter into one or more agreements with any person which provide for indemnification greater or different than that provided in this Article VII. Any repeal or modification of this Article by the stockholders of the Company shall not adversely affect any indemnification of any person hereunder in respect of any act or omission occurring prior to the time of such repeal or modification.

Section 3. The Company may purchase and maintain insurance on behalf of any person who is or was entitled to indemnification as described above, whether or not the Company would have the power or duty to indemnify such person against such liability under this Article VII or applicable law.

Section 4. To the extent required by applicable law, any indemnification of, or advance of expenses to, any person who is or was entitled to indemnification as described above, if arising out of a proceeding by or in the right of the Company, shall be reported in writing to the stockholders with or before the notice of the next stockholder' meeting.

Section 5. The indemnification provided by this Article VII: (a) shall not be deemed exclusive of any other rights to which the Company's Directors, officers, employees or agents may be entitled pursuant to the Articles of Incorporation, any agreement of indemnity, as a matter of law or otherwise; and (b) shall continue as to a person who has ceased to be a Director, officer, employee or agent and shall inure to the benefit of such person's heirs, executors and administrators.

ARTICLE VIII

AMENDMENT OR REPEAL OF BY-LAWS

These By-laws may be added to, amended or repealed at any meeting of the Board of Directors, and may also be added to, amended or repealed by the stockholders.

(1) Kentucky Utilities Company does not report earnings per share numbers, these are calculated for this response.

(2) LG&E and KU Energy LLC (LKE) is Kentucky Utilities Company's sole shareholder. Kentucky Utilities Company pays dividends to LKE.

(3) See response to question 38 for calculation of average common equity for each year end. Return on average common equity is only calculated at year end because quarterly information is not meaningful.

Question No. 7

Responding Witness: Daniel K. Arbough

Q-7. Provide a computation of fixed charge coverage ratios for the 10 most recent calendar years and for the test year as shown in Schedule 7.

A-7. See attached.

The Kentucky Utilities Company's current first mortgage bond indenture does not contain a covenant for the fixed charge coverage ratio; therefore, the calculation of the fixed charge coverage ratio on the attachment is based solely upon the SEC Method.

Question No. 8

Responding Witness: Robert M. Conroy

Q-8. Provide the following:

- a. A schedule of revenues for each active rate schedule reflecting test-year revenues per book rates, revenues at present rates annualized, and revenues at proposed rates annualized.
- b. A schedule showing the amount and percent of any proposed increase or decrease in revenue distributed to each rate schedule. This schedule is to be accompanied by a statement that explains, in detail, the methodology or basis used to allocate the requested increase or decrease in revenue to each of the respective customer classes.
- c. A schedule showing how the increase or decrease in (b) above was further distributed to each rate charge (i.e., customer or facility charge, kWh charge, etc.). This schedule is to be accompanied by a statement that explains, in detail, the methodology or basis used to allocate the increase or decrease.
- d. A reconciliation of the Fuel Adjustment Clause revenue and expenses for the test year.

- A-8.
- a. Please see Conroy Exhibit R3 for the reconstruction of test year revenues per book rates. See Conroy Exhibit R5 for annualized proposed rates.
 - b. Please see Conroy Exhibit R4, page 3 of 3 for the amount and percent of the proposed increase in revenue distributed to each rate schedule. Please see Mr. Conroy's pre-filed direct testimony beginning at page 27 for a discussion of the allocation of the proposed revenue increase.
 - c. Please see Conroy Exhibit R5 for the detailed allocation of the proposed increases to all charges for each rate schedule. Please see response to part (b), above, and pages 29-37 of Mr. Conroy's pre-filed direct testimony for a detailed explanation of the methodology used to develop each rate charge.

- d. Please see Conroy Exhibit R4 for a reconciliation of all components of electric revenues, including Fuel Adjustment Clause revenue. Please see Conroy Exhibit P2 for a reconciliation of Fuel Adjustment Clause revenues during the test year. Please see Reference Schedule 1.01 to Blake Exhibit 1 for a reconciliation of test-year FAC revenues and expenses.

Question No. 9

Responding Witness: Valerie L. Scott / Caryl M. Pfeiffer

- Q-9. Provide the following information concerning fuel purchases:
- a. A schedule showing by month the dollar amount of fuel purchases from affiliated and non-affiliated suppliers for the test year.
 - b. A calculation of the dollar amount paid for fuel purchases each month from affiliated suppliers for the test year.
 - c. A calculation showing the average (13-month) number of days supply of coal on hand for the test year and each of the 3 years preceding the test year. Include all workpapers used to determine the response. Also include a detailed explanation of the factors considered in determining what constitutes an average day's supply of coal.
- A-9.
- a. See attached.
 - b. No coal or natural gas was purchased from affiliates. Joint coal purchases are paid for by LG&E and KU Services Company and charged at cost to KU and LG&E. Natural gas for jointly owned combustion turbines is purchased by either KU or LG&E and costs are allocated based on the dispatch of the unit when run. See attachment (a) for details.
 - c. See attached.

**Response to Commission Staff's First Request for Information
Dated June 15, 2012**

Question No. 10

Responding Witness: Valerie L. Scott / Caryl M. Pfeiffer

Q-10. Provide the actual fuel costs for the test year. The costs should be given in total dollars, cents per kWh generated, and cents per MMBTU for each type of fuel. Also provide the actual amounts of each type of fuel used, the numbers of BTUs obtained from each type of fuel, and the kWh generated by each type of fuel.

A-10. See attached.

CASE NO. 2012-00221

**Response to Commission Staff’s First Request for Information
Dated June 15, 2012**

Question No. 11

Responding Witness: Valerie L. Scott

Q-11. Provide the purchased power costs for the test year. These costs should be separated into demand and energy costs. The actual and estimated kW demands and kWh purchased should be included. Indicate any estimates used and explain the estimates in detail.

A-11. Purchased Power:

	\$	kWh
Energy	95,096,822	3,938,382,201
Demand	8,732,448	
Total	<u>\$ 103,829,270</u>	<u>3,938,382,201</u>

Included in the purchased power cost are the following estimates:

- an estimate of demand for March 2012 in the amount of \$848,742
- estimates of energy for March 2012 in the amount of \$834,135

Not included in the purchase power cost are the following true-ups:

- a true-up for demand for March 2012 in the amount of (\$49,232) booked in April 2012
- true-ups for energy for March 2012 in the amount of \$22,613 booked in April 2012

Included in the purchased power cost are the following true-ups of estimates at the beginning of the test year:

- a true-up of demand for March 2011 in the amount of \$40,493 booked in April 2011
- true-ups of energy for March 2011 in the amount of \$452 booked in April 2011

Demand payments are only made to Ohio Valley Electric Corporation (OVEC) and are comprised of actual expenses for debt, operations and maintenance, taxes, and other items not directly related to the plant capacity, so no demand kW are shown.

Estimates are recorded only for OVEC, Illinois Municipal Electric Agency (IMEA), and Indiana Municipal Power Agency (IMPA).

The OVEC estimate comes from OVEC's budgeted demand and energy costs split between KU and LG&E based on their respective ownership percentages. The March 2012 estimates for OVEC were trued-up to actual in April 2012.

The IMEA and IMPA estimates for energy come from the tiered imbalance energy that, per the contract, can be exchanged in-kind. The March 2012 estimates were trued-up to actual in April 2012.

Question No. 12

Responding Witness: Valerie L. Scott

- Q-12. Provide the following information, in comparative form, for the test year and the 12-month period immediately preceding the test year:
- a. A Kentucky jurisdictional operations income statement, statement of changes in financial position, statement of cash flows, statement of changes in owner's equity, and balance sheet.
 - b. A total company income statement, statement of changes in financial position, statement of cash flows, statement of changes in owner's equity, and balance sheet.
- A-12. a. See attached Kentucky Jurisdictional Electric Operations Income Statement and Kentucky Jurisdictional Electric Balance Sheet. Unlike net operating income, the Company does not maintain its books in the manner necessary to develop a jurisdictional balance sheet. The attached Kentucky jurisdictional balance sheet was developed by directly assigning accounts to the Kentucky jurisdiction where direct assignment was evident and by allocating remaining balances based on appropriate methodologies. Due to the different methodologies used in developing the Kentucky jurisdictional balance sheet, an adjustment is required in calculating Total Liabilities in order to balance the balance sheet. Jurisdictional Statements of Changes in Financial Position, Cash Flows and Changes in Owner's Equity are not prepared by the Company.
- b. See attached Total Company Income Statement, Balance Sheet, Statement of Cash Flows and Statement of Changes in Owner's Equity. A Statement of Changes in Financial Position is not prepared by the Company.

CASE NO. 2012-00221

**Response to Commission Staff's First Request for Information
Dated June 15, 2012**

Question No. 13

Responding Witness: Valerie L. Scott

Q-13. Provide the following:

- a. A trial balance as of the last day of the test year (all income statement accounts should show activity for 12 months) showing account number, account title, and amount. Provide this information on a Kentucky jurisdictional operations only basis.
- b. A trial balance as of the last day of the test year (all income statement accounts should show activity for 12 months) showing account number, account title, and amount. Provide this information on a total company basis.

A-13. a. See attached. Separate balance sheet accounts are not maintained by jurisdiction, therefore, a separate trial balance for balance sheet accounts is not provided.

- b. See attached.

CASE NO. 2012-00221

**Response to Commission Staff's First Request for Information
Dated June 15, 2012**

Question No. 14

Responding Witness: Valerie L. Scott

- Q-14. Provide the balance in each current asset and each current liability account and subaccount included in KU's chart of accounts by months for the test year. In addition, show total current assets, total current liabilities, and the net current position by months, annually, and the 13-month average for the test year. Provide a reconciliation of current assets, current liabilities, and net current position provided in response to the above with the current assets and current liabilities as shown on the balance sheet for each month of the test year. If any amounts were allocated, provide a calculation of the factor used to allocate each amount.
- A-14. See attached.

KENTUCKY UTILITIES COMPANY

CASE NO. 2012-00221

**Response to Commission Staff's First Request for Information
Dated June 15, 2012**

Question No. 20

Responding Witness: Shannon L. Charnas

- Q-20. Provide the journal entries relating to the purchase of utility plant acquired as an operating unit or system by purchase, merger, consolidation, liquidation, or otherwise since KU's inception. Also, provide a schedule showing the calculation of the acquisition adjustment at the date of purchase for each item of utility plant, the amortization period, and the unamortized balance at the end of the test year.
- A-20. In connection with original cost studies, Kentucky Utilities Company began, in 1948, amortizing an amount (\$4,531,563) related to plant acquisition adjustments over a period of 15 years, as approved by the Commission. Additional amounts related to purchased property of \$56,037 and \$154,075 were recorded in 1950 and 1956 respectively and amortized over a 5 year period.

In addition to the adjustments above, Kentucky Utilities Company recorded an adjustment of \$6,926 in 1972 (related to property formerly owned by Simonton Light and Water Company) and amortized the entire amount in that year as approved by the Commission.

In December 2009, Kentucky Utilities Company purchased from Louisville Gas and Electric Company a share of certain joint use assets which are being utilized by both Trimble County Generating Station Unit 1 (currently owned by Louisville Gas and Electric Company, Indiana Municipal Power Agency, and Illinois Municipal Electric Agency) and Trimble County Generating Station Unit 2. Trimble County Unit 2 is jointly owned by Kentucky Utilities Company, Louisville Gas and Electric Company, Indiana Municipal Power Agency, and Illinois Municipal Electric Agency. Additionally, Kentucky Utilities Company also purchased from Louisville Gas and Electric Company a share of a hyperbolic cooling tower previously used by Trimble County Unit 1 but which is currently being used solely for Trimble County Unit 2. The assets were sold at net book value and accordingly, no acquisition adjustment was recorded.

See attached for journal entries related to the Simonton and Trimble County Unit 2 joint use assets and cooling tower purchase described above and for a schedule detailing plant balances and amortization periods.

Question No. 21

Responding Witness: Valerie L. Scott

Q-21. Provide a schedule showing a comparison of the balance in the total company and Kentucky revenue accounts for each month of the test year to the same month of the preceding year for each revenue account or subaccount included in KU's chart of accounts. Include appropriate footnotes to show the month each rate increase was granted and the month the full increase was recorded in the accounts. See Schedule 19.

A-21. See attached. The footnotes represent changes to Kentucky jurisdictional rates.

- (1) During the period from April 2010 through March 2012, the Demand Side Management (DSM) Balance Adjustment (DBA) component of the DSM Cost Recovery mechanism was adjusted effective on a bills rendered basis as of April 2010, April 2011 and June 2011 (per Kentucky Public Service Commission (KPSC) Order in Case No. 2000-00459 and reaffirmed in KPSC Order in Case No. 2011-00134). The months the full impact was included in the accounts was April 2010, April 2011 and June 2011, respectively.
- (2) During the period from April 2010 through March 2012, the DSM Cost Recovery Component of the DSM Cost Recovery mechanism was adjusted effective with bills rendered and first full month of impact in January 2011 (per KPSC approved tariff) and January 2012 (per KPSC Order in Case No. 2011-00134).
- (3) During the period from April 2010 through March 2012, the Fuel Adjustment Factor associated with the Fuel Adjustment Clause (FAC) was adjusted monthly in compliance with 807 KAR 5:056.
- (4) During the period from April 2010 through March 2012, base fuel costs were adjusted as a result of a transfer (roll-in) from the FAC. This adjustment was effective with bills rendered and the first full month of impact in July 2011 (per KPSC Order in Case No. 2010-00492).
- (5) During the period from April 2010 through March 2012, the Environmental Surcharge associated with the Environmental Cost Recovery (ECR) mechanism was adjusted monthly with bills rendered in compliance with KRS 278.183(3).
- (6) During the period from March 2010 through March 2012, base rates were adjusted as a result of a transfer (roll-in) from the Environmental Surcharge. This adjustment was effective with the bills rendered and the first full month of impact in March 2012 (per KPSC Order in Case No. 2011-00231).
- (7) The Demand ECR Revenues and Energy ECR Revenues were broken out into separate accounts in August 2010. Prior to this date, the activity was recorded in Energy Revenues (Non-Fuel) and Demand Charge Revenues, respectively.

KENTUCKY UTILITIES COMPANY

CASE NO. 2012-00221

**Response to Commission Staff's First Request for Information
Dated June 15, 2012**

Question No. 22

Responding Witness: Valerie L. Scott

- Q-22. Describe how the test-year capitalization rate was determined. If differing rates were used for specific expenses (i.e., payroll, clearing accounts, depreciation, etc.), indicate the rate and how it was determined. Indicate all proposed changes to the test-year capitalization rate and how the changes were determined.
- A-22. There is no predetermined capitalization rate. Employees charge their labor to either expense or capital based on activity performed. The clearing account overheads are distributed between capital and operating expense based on the labor charged. Non-labor costs are charged to capital or operating expense based on the type of activity (i.e., in support of a capital project or normal operating expenses).

KENTUCKY UTILITIES COMPANY

CASE NO. 2012-00221

Response to Commission Staff's First Request for Information

Dated June 15, 2012

Question No. 23

Responding Witness: Kent W. Blake / Paula H. Pottinger, Ph.D. / Valerie L. Scott

Q-23. Provide the following:

- a. A schedule showing a comparison of the balance in the total company and Kentucky operating expense accounts for each month of the test year to the same month of the preceding year for each account or subaccount included in KU's chart of accounts. See Schedule 19.
- b. A schedule, in comparative form, showing the total company and Kentucky operating expense account balance for the test year and each of the 5 calendar years preceding the test year for each account or subaccount included in KU's annual report (FERC Form 1, pages 320-323). Show the percentage of increase or decrease of each year over the prior year.
- c. A list, with descriptions, of all activities, initiatives, or programs undertaken or continued by KU since its last general rate case for the purpose of minimizing costs or improving the efficiency of its operations or maintenance activities.
- d. A schedule of total company and Kentucky salaries and wages for the test year and each of the 3 calendar years preceding the test year as shown in Schedule 23c. Show for each time period the amount of overtime pay.
- e. A schedule showing the percentage of increase in salaries and wages for both union and non-union employees for the test year and the 3 preceding calendar years.

A-23. a. See attached.

b. See attached.

c. Operating efficiently and controlling costs to the extent practicable are long-standing and predominant business values at KU and LG&E. These principles govern the Companies' business practices in the construction, operation and

maintenance of our systems and services. As discussed in the testimonies of Paul W. Thompson and Chris Hermann, the Companies have made every effort to contain the increasing costs of providing reliable service, including implementing initiatives that are designed, in part, to defray increases in cost. As shown in Blake Exhibit 11, currently KU and LG&E are the only utilities in the entire country that have achieved top quartile status with regard to cost performance in four of the following five cost areas that FERC monitors: generation, transmission, distribution, retail, and corporate - administrative and general.

The Companies achieve economies by their joint integrated system planning. The Companies further achieve efficiencies with their operation as a single interconnected utility through the joint dispatch of generating units. KU and LG&, as owners and operators of interconnected electric transmission facilities, achieve economic and reliability benefits through joint operation of a single interconnected and centrally dispatched system. The Companies continue to invest in the electric system to provide a benefit of a safe and reliable distribution system.

The Companies minimize costs and improve operational efficiencies through the use of competitively bid, multi-year, service agreements with external contractors and suppliers that incorporate fixed unit pricing, fixed negotiated overheads and equipment costs, and performance monitoring with incentives and penalties tied to performance. These types of agreements, with limited and sound exceptions, are used for all areas of work that include gas and electric construction, vegetation management, fleet, office services and meter reading.

Some examples of some recent initiatives the Companies have undertaken to effectively manage their costs are the following:

Through refinancing efforts since the last rate case, LG&E's 3.96% cost of debt (combined taxable and tax-exempt debt) is the third lowest of any utility company in the peer group as discussed in the testimony of Mr. Arbough and shown in Arbough Exhibit 6 (with KU being one of the two companies with a lower cost) for the twelve months ending March 2012. Long-term debt rates were significantly reduced during the refinancing of long-term utility debt through first mortgage bonds. The savings were enhanced by the PPL Corporation ("PPL") acquisition as KU and LG&E were able to avoid prepayment penalties on its previously existing affiliate long-term debt due to the change in ownership.

In 2011, the Companies entered into a Third-Party Vendor Services Agreement with LG&E and KU Energy LLC ("LKE"), PPL, and PPL Services Corporation ("PPL Services") which allows LKE, PPL, and PPL

Services to invoice the Companies, at cost, for the Companies portion of certain purchases made with third-party vendors. This agreement will only be used where KU and LG&E may cost effectively enter into a purchase due to the combined buying power of the Companies and its PPL affiliates, or where costs remain neutral but combined purchasing is desired for administrative billing purposes. Where possible KU and LG&E will be directly invoiced by the third-party vendor for their share of any applicable purchase. The Third-Party Vendor Services Agreement applies only where a third-party vendor refuses or is unable to separately invoice KU and LG&E, or where separate invoicing would require additional costs or excessive procedures, thereby necessitating LKE, PPL, or PPL Services invoicing KU and LG& for their portion of the overall costs.

Another Utility Services Agreement that has benefited KU and LG&E is a Data Hosting Agreement among KU, LG&E, LG&E and KU Services Company (“LK Services), LG&E and KU Capital LLC (“LKC”), and PPL Services that provides for alternate data hosting at the LG&E and KU Simpsonville Data Center (“Data Center”) for PPL Services. KU, LG&E, and LKC benefit by charging PPL Services for certain fixed costs related to portions of the Data Center available for future use by KU, LG&E, and LKC. The Data Center currently has space available since it was constructed to allow for additional space needs that are expected in the future.

Another Utilities Services Agreement that has benefited KU and LG&E is the agreement with PPL Power Insurance Ltd., an insurance subsidiary of PPL that provides insurance and risk management related services. PPL Insurance was established in 2002 to underwrite primary property, public liability, workers' compensation, distribution line storm damage mid directors and officers run off coverage for PPL and its subsidiaries. KU, LG&E and LG&E and KU Energy LLC may, but are not required to, purchase coverage above their primary deductible limits and below the threshold of any insurance or reinsurance coverages from PPL Insurance.

PPL and LKE began a Sourcing Collaboration Program in March 2011. The entities have examined categories of spend and teams have been tasked with reviewing current agreements, business processes, and requirements associated with each category of spend, developing a comprehensive Request for Quotation using an agreed upon common set of commercial terms, developing a bid list, analyzing bid results, clarifying bid offerings if necessary, negotiating agreements, and recommending a course of action.

Finance-related savings from being part of the PPL Group include consolidated rating agency fees, aggregation of Standard and Poor’s subscription service, lower banking fees, commencement bonus for a

combined procurement credit card facility, combining of property insurance and excess liability insurance programs between LKE and PPL.

The Companies file annually with the KPSC on or about October 31st an update on the adoption and implementation of best practices pursuant to Case No. 2010-00204. The Companies are collectively working with PPL Corporation to develop best practices initiatives in Energy Delivery, Energy Services, Information Technology, Finance, Procurement, Compliance, Legal, Corporate Communications, and Environmental Management.

The Companies continue efforts to develop, enhance, and implement information technology systems to operate more efficiently and meet ever changing business requirements. Examples include: Customer Care System enhancements regarding average handle time, billings, energy efficiency, and low income customers; mobile computing (tough books); Cascade – Transmission Asset Management system, data center enhancements, outage maps via internet; Interactive Voice Response (IVR) replacement; multi-functional devices implementation; and Service Oriented Architecture (SOA) implementation to name a few.

Lastly, the Companies along with PPL have maintained membership in the Edison Electric Institute for many years. The membership dues are based on members' size and volume. As a result of the merger, the Companies realized cost savings by being included with PPL's membership, resulting in lower annual dues.

- d. See attached.
- e. The chart below reflects the percentage of increase in salaries and wages for both union and non-union employees for the test year and the 3 preceding calendar years.

Salary Plan	Test Year	Calendar Year 2011	Calendar Year 2010	Calendar Year 2009
Union (1)	3.0%	3.0%	3.5%	3.5%
Non-Union (2)	3.0%	3.0%	3.2%	3.5%

(1) Reflects increase negotiated under applicable labor contracts

(2) Reflects approved annual salary increase for KU non-union employees

Dated June 15, 2012**

Question No. 24

Responding Witness: Paula H. Pottinger, Ph.D.

Q-24. Provide the following payroll information for each employee classification or category:

- a. The actual regular hours worked during the test year;
- b. The actual overtime hours worked during the test year;
- c. The test-year-end wage rate for each employee classification or category and the date of the last increase.
- d. A calculation of the percent of increase granted during the test year.

A-24. See the table below for KU employees.

Salary Plan	Actual Regular Hours Worked (a)	Actual Overtime Hours Worked (b)	Test Year End Wage Rate (c)	Date of the Last Increase (c)	% of Increase Granted During the Test Year (d)
Bargaining Unit	249,091	53,909	\$31.89	7/17/2011 Contract Increase	3.0% (1)

Question No. 25

Responding Witness: Kent W. Blake

Q-25. Provide the amount of excess deferred federal income taxes resulting from the reduction in the corporate tax rate in 1979 and 1986, as of the end of the test year. Show the amounts associated with the 1979 reduction separately from the amounts associated with the 1986 reduction.

A-25. The amount of excess deferred federal income taxes are as follows:

1979 - \$0; 1986 - \$5,627,339

As of 3/31/12, there were no remaining excess deferred taxes applicable to the reduction in the federal income tax rate from 48 to 46 percent in 1979. The Commission in Case No. 8624 required KU to amortize the excess deferred federal income taxes associated with the reduction in 1979 over a five-year period. Excess deferred taxes are reversed using the average rate assumption method (ARAM).

The 1986 amount shown above is at the gross amount and does not include \$8,588,006 of state excess deferred income taxes or (\$3,339,604) for the federal benefit of the state excess deferred income taxes.

Question No. 26

Responding Witness: Kent W. Blake

Q-26. Provide the following tax data for the test year for total company:

a. Income taxes:

- (1) Federal operating income taxes deferred - accelerated tax depreciation;
- (2) Federal operating income taxes deferred - other (explain);
- (3) Federal income taxes - operating;
- (4) Income credits resulting from prior deferrals of federal income taxes;
- (5) Investment tax credit net;
 - (i) Investment credit realized.
 - (ii) Investment credit amortized - Pre-Revenue Act of 1971.
 - (iii) Investment credit amortized - Revenue Act of 1971.
- (6) The information in Item 26(a)(1-4) for state income taxes;
- (7) A reconciliation of book to taxable income as shown in Schedule 26a(7) and a calculation of the book federal and state income tax expense for the test year using book taxable income as the starting point;
- (8) A copy of federal and state income tax returns for the taxable year ended during the test year, including supporting schedules; and
- (9) A schedule of franchise fees paid to cities, towns, or municipalities during the test year, including the basis of these fees.

b. An analysis of other operating taxes as shown in Schedule 26b.

A-26. a. Income Taxes:

(1) Federal operating income taxes deferred – accelerated tax depreciation:

Account 410101	\$185,967,722

KENTUCKY UTILITIES COMPANY

CASE NO. 2012-00221

**Response to Commission Staff's First Request for Information
Dated June 15, 2012**

Question No. 30

Responding Witness: Valerie L. Scott

Q-30. Provide the following information for total company. If any amounts were allocated, show a calculation of the factor used to allocate each amount.

- a. A detailed analysis of all charges booked during the test year for advertising expenditures. Include a complete breakdown of Account No. 913 - Advertising Expenses, and any other advertising expenditures included in any other expense accounts, as shown in Schedule 30a. The analysis should specify the purpose of the expenditure and the expected benefit to be derived.
- b. An analysis of Account No. 930 - Miscellaneous General expenses for the test year. Include a complete breakdown of this account as shown in Schedule 30b and provide detailed workpapers supporting this analysis. At a minimum, the workpapers should show the date, vendor, reference (i.e., voucher no., etc.), dollar amount, and brief description of each expenditure of \$500 or more, provided that lesser items are grouped by classes as shown in Schedule 30b.
- c. An analysis of Account No. 426 - Other Income Deductions for the test year. Include a complete breakdown of this account as shown in Schedule 30c, and provide detailed workpapers supporting this analysis. At a minimum, the workpapers should show the date, vendor, reference (i.e., voucher no., etc.), dollar amount, and brief description of each expenditure of \$500 or more, provided that lesser items are grouped by classes as shown in Schedule 30c.

A-30. a. See attached.

KENTUCKY UTILITIES COMPANY

CASE NO. 2012-00221

**Response to Commission Staff's First Request for Information
Dated June 15, 2012**

Question No. 31

Responding Witness: Valerie L. Scott

Q-31. Provide a detailed analysis of expenses incurred during the test year for professional services, as shown in Schedule 31, and all workpapers supporting the analysis. At a minimum, the workpapers should show the payee, dollar amount, reference (i.e., voucher no., etc.), account charged, hourly rates and time charged to the company according to each invoice, and a description of the services provided.

A-31. See attached.

Unique document reference information is maintained in KU's accounting records. When a vendor does not supply an invoice number, reference numbers are assigned by the Company to identify the transaction. All of the information requested is not maintained in the accounting system.
