KENTUCKY UTILITIES COMPANY

Response to Commission Staff's Second Request For Information Dated July 31, 2012

Case No. 2012-00221

Question No. 1

Responding Witness: Robert M. Conroy

Q-1. Refer to proposed P.S.C. No. 16, Original Sheet No. 10, General Service Rate ("GS"). Explain the proposed clarification of 12-month-average monthly maximum loads not to exceed 50 kW in the Availability of Service section. The explanation should include, but not be limited to, how many customers would not qualify for the GS Schedule were it not for the grandfathering of those served before February 6, 2009, and the impact on KU's qualification of new customers requesting service.

A-1. The text change in the AVAILABILITY OF SERVICE section of proposed P.S.C. No. 16, Original Sheet No. 10, limits the load that can be served on the GS (General Service) rate to a 12-month-average maximum load of 50 kW. The current GS limitation is stated as an average maximum load of 50 kW. The intent of the change was to add clarity by eliminating any question as to how the average maximum load was determined. It was not intended that the language would result in any customers being moved from GS to any other rate.

New customers would not be impacted by the change since new load would be estimated at either being above 50 kW or below 50 kW. There would be no history on which to base calculations.

Existing customers being served under P.S.C. 13, Fourth Revision of Original Sheet No. 10 as of February 6, 2009, who had average maximum loads above 50 kW were "grandfathered" and may remain on GS at their option regardless of what the maximum average load is currently or how it is calculated. The Company believes there are approximately 2,120 grandfathered customers on GS, although it is not possible to know this number exactly because not all customers on GS have demand meters.

Existing customers being served under P.S.C. 13, Fourth Revision of Original Sheet No. 10 as of February 6, 2009, who had average maximum loads below 50 kW remain on GS until a point in time where their maximum average load exceeds 50 kW.

KENTUCKY UTILITIES COMPANY

Response to Commission Staff's Second Request For Information

Dated July 31, 2012

Case No. 2012-00221

Question No. 2

Responding Witness: Robert M. Conroy

Q-2. Refer to proposed P.S.C. No. 16, Original Sheet No. 15, Power Service ("PS"). Explain the proposed clarification of 12-month-average monthly minimum secondary loads exceeding 50 kW and 12-month-average monthly maximum loads not to exceed 250 kW in the Availability of Service section. The explanation should include, but not be limited to, how many customers would not qualify for the PS Rate Schedule were it not for the grandfathering of those served before February 6, 2009, and the impact on KU's qualification of new customers requesting service.

A-2. The text change in the AVAILABILITY OF SERVICE section of proposed P.S.C. No. 16, Original Sheet No. 15, limits the load that can be served on the PS (Power Service) rate to secondary customers whose 12-month-average monthly minimum secondary loads do not exceed 50 kW and whose secondary service or primary service 12-month-average maximum loads do not exceed 250 kW. The current PS limitations are stated as minimum average secondary loads of 50 kW and maximum average loads not exceeding 250 kW. The intent of the change was to add clarity by eliminating any question as to how the average maximum load was determined. It was not intended that the language would result in any customers being moved from PS to any other rate.

New customers would not be impacted by the change since the load would be estimated at either being within the 50 kW and 250 kW parameters or not. There would be no history on which to base calculations.

Existing customers being served under P.S.C. 13, Fourth Revision of Original Sheet No. 20, or Fourth Revision of Original Sheet No. 30, as of February 6, 2009, who had average loads outside the 50/250 kW parameters were "grandfathered" and may remain on PS at their option regardless of what the average load is currently. There are approximately 3,065 grandfathered customers on PS.

Existing customers being served under P.S.C. 13, Fourth Revision of Original Sheet No. 20 or Fourth Revision of Original Sheet No. 30, as of February 6, 2009,

who had average loads that did not conform to the parameters existing at that time remain on PS until a point in time where their load exceeds the current parameters.

KENTUCKY UTILITIES COMPANY

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 3

Responding Witness: Robert M. Conroy

Q-3. Refer to proposed P.S.C. No. 16, Original Sheet No. 20, Time-of-Day Secondary Service. Explain the proposed clarification of 12-month-average monthly minimum average loads exceeding 250 kW and 12-month-average monthly maximum average loads not to exceed 5,000 kW in the Availability of Service section, as well as the deletion of "Customers initiating service on this rate whose load characteristics subsequently do not meet these criteria will be billed on the appropriate rate."

A-3. The text change in the AVAILABILITY OF SERVICE section of proposed P.S.C. No. 16, Original Sheet No. 20, limits the load that can be served on the TODS (Time-of-Day Secondary Service) rate to customers whose 12-month-average monthly minimum average loads exceed 250 kW and whose 12-month-average monthly maximum loads do not exceed 5,000 kW. The current TODS limitations are stated as minimum average loads of 250 kW and maximum average loads not exceeding 50,000 kW. The intent of the change was to add clarity by eliminating any question as to how the average maximum load was determined. It was not intended that the language would result in any customers being moved from TODS to any other rate.

The Company deleted "Customers initiating service on this rate whose load characteristics subsequently do not meet these criteria will be billed on the appropriate rate" because it is self-evident.

KENTUCKY UTILITIES COMPANY

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 4

Responding Witness: Robert M. Conroy

Q-4. Refer to proposed P.S.C. No. 16, Original Sheet No. 22 Time-of-Day Primary Service. Explain the proposed clarification of 12-month-average monthly minimum average loads exceeding 250 kVA and 12-month-average monthly maximum average loads not to exceed 50,000 kVA in the Availability of Service section, as well as the deletion of "Customers initiating service on this rate whose load characteristics subsequently do not meet these criteria will be billed on the appropriate rate."

A-4. The text change in the AVAILABILITY OF SERVICE section of proposed P.S.C. No. 16, Original Sheet No. 22, limits the load that can be served on the TODP (Time-of-Day Primary Service) rate to customers whose 12-month-average monthly minimum average loads exceed 250 kW and whose 12-month-average monthly maximum loads do not exceed 5,000 kW. The current TODP limitations are stated as minimum average loads of 250 kW and maximum average loads not exceeding 50,000 kW. The intent of the change was to add clarity by eliminating any question as to how the average maximum load was determined. It was not intended that the language would result in any customers being moved from TODP to any other rate.

The Company deleted "Customers initiating service on this rate whose load characteristics subsequently do not meet these criteria will be billed on the appropriate rate" because it is self-evident.

KENTUCKY UTILITIES COMPANY

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 5

Responding Witness: Robert M. Conroy

Q-5. Refer to proposed P.S.C. No. 16, Original Sheet No. 25, Retail Transmission Service. Explain the proposed clarification of 12-month-average monthly maximum new loads not to exceed 50,000 kVA in the Availability of Service section, as well as the deletion of "Customers initiating service on this rate whose load characteristics subsequently do not meet these criteria will be billed on the appropriate rate."

A-5. The text change in the AVAILABILITY OF SERVICE section of proposed P.S.C. No. 16, Original Sheet No. 25, limits the load that can be served on the RTS (Retail Transmission Service) rate to customers whose 12-month-average monthly maximum new loads do not exceed 50,000 kVA. The current RTS limitations are stated as maximum new loads not exceeding 50,000 kVA. The intent of the change was to add clarity by eliminating any question as to how the average maximum load was determined. It was not intended that the language would result in any customers being moved from TODP to any other rate.

The Company deleted "Customers initiating service on this rate whose load characteristics subsequently do not meet these criteria will be billed on the appropriate rate" because it is self-evident.

KENTUCKY UTILITIES COMPANY

Response to Commission Staff's Second Request For Information

Dated July 31, 2012

Case No. 2012-00221

Question No. 6

Responding Witness: Robert M. Conroy

Q-6. Refer to proposed P.S.C. No. 16, Original Sheet Nos. 35 through 36.2, the Lighting Service ("LS") and Restricted Lighting Service ("RLS") tariffs. Provide and explain all differences in the terms and conditions between the proposed LS and RLS tariffs and the current Street Light, Private Outdoor Lighting, and Dark Sky Friendly lighting tariffs.

A-6. As stated in Mr. Conroy's testimony, KU proposes to further harmonize the lighting offerings and best practices between the two companies. Such changes will simplify the tariffs by standardizing lighting options utilizing a common nomenclature across both KU and LG&E. The terms and conditions have been combined and re-ordered for clarity and consistency.

KU provided its lighting options under SL to municipal systems, and included standard, ornamental and other fixtures. Service under POL was provided to private property on existing facilities or by contract on additional facilities. The services and lighting options were the same or similar on each tariff. The redundancy of lighting units and language is being eliminated in the proposed LS and RLS tariffs.

LS Availability of Service - Sheet No. 35 combining language from current Sheet Nos. 35 and 36

Combined lighting as available for both streets and other outdoor areas and denotes that units marked with an asterisk are not available for residential neighborhoods. Service under the Street Light (SL) and the Private Outdoor Lighting (POL) tariffs differentiated between public street lighting and private property applications. KU eliminated the segregation between public street lighting and private property.

LS Overhead Service - Sheet No. 35 combining language from current Sheet Nos. 35, 36 and 36.1

Denotes that these fixtures are to be served via overhead electric service and defines what is included with basic service as well as ornamental poles being available upon request. Additional facilities will still apply to the Excess

Facilities Rider however the Additional Facilities section under Sheet No. 36.1 has been deleted since it was redundant.

LS Overhead Rate - Sheet No. 35 combining fixtures from current Sheet Nos. 35, 36 and 36.3

KU now lists the bill code for every lighting option throughout the LS and RLS tariffs. These rates are a combination of all overhead served Cobra Head, Directional and Open Bottom fixtures. Metal halide fixtures traditionally were a stand-alone lighting option. KU moved these offerings based on the type of service. Directional fixtures are now listed under LS Overhead Service as a fixture only offering. Overhead service does not include additional facilities therefore KU's LS tariff lists the directional fixture only. Any additional facilities would be determined under the Excess Facilities Rider.

LS Underground Service - Sheet Nos. 35.1 and 35.2 combining language from current Sheet No. 35.1 and current Sheet Nos. 36.1, 36.2, 36.3, 39 and 39.1

Denotes that the following fixtures will be served via underground facilities owned by KU. Customer is still responsible for the cost difference in an underground versus an overhead lighting system as well as responsible for any additional facilities. The SL tariff 36.2 stated that customers are to be responsible for ditching, back-filling and maintaining conduit. This specific policy is proposed to stay in effect however the language was removed and replaced with more generic language on New Sheet No. 35.1. Said language matches the LG&E (New Sheet No. 35.2) language. This allows for the flexibility of those cases when KU installs the underground facilities.

Metal Halide was moved with units grouped based on the type of service. Contemporary fixtures are now listed under LS Underground Service. Underground service includes additional facilities and decorative or historic poles.

Dark Sky Friendly was moved from the stand-alone tariffs to the existing underground lighting offerings. Since these underground fixtures are installed and are operated no differently than the other underground fixtures it only made sense to simply combine with Sheet No. 35.1. The terms and conditions are the same for all underground service fixtures.

KU removed two Granville accessories due to no installations - the single crossarm bracket and the base mounted receptacle.

The language referring to Custom Ordered Styles was deleted. Customers choosing to install their own lighting will be billed base on KU's LE tariff.

LS Term of Contract - Sheet No. 35.3 from current Sheet No. 36.4

KU proposes to adopt the LG&E methodology in applying the remaining revenue up to five years when a customer requests the removal of light when additional facilities were involved. Current Sheet No. 36.4 applies the installation, removal and non-salvable material prorated over five years.

LS Terms and Conditions - Sheet No. 35.3

1. Service shall be furnished under Company's Terms and Conditions, except as set out herein.
 - No change was made to this section.
2. All service and maintenance will be performed only during regular scheduled working hours of Company. Customer will be responsible for reporting outages and other operating faults. Company shall initiate service corrections within two (2) business days after such notification by Customer.
 - Changed "will undertake to service the lighting equipment..." to "shall initiate service corrections..." Changes were made to clarify the Company's responsibilities.
3. Customer shall be responsible for the cost of fixture replacement or repairs where such replacement or repairs are caused from willful damage, vandalism, or causes other than normal burnouts. *Company may decline to provide or continue service in locations where, in Company's judgment, such facilities will be subject to unusual hazards or risk of damage.* Added last sentence.
 - The last sentence was added to clarify limitations on Company's responsibilities to protect employee safety.
4. Company shall have the right to make other attachments and to further extend the conductors, when necessary, for the further extension of its electric service.
 - Changes were made to clarify the Company's right.
5. If any permit is required from any municipal or other governmental authority with respect to installation and use of any of the lighting units provided hereunder, Company will seek such permits, but the ultimate responsibility belongs with Customer.
 - Changes were made to match language in the LG&E tariff.
6. If Customer requests the removal of an existing lighting system, including, but not limited to, fixtures, poles, or other supporting facilities that were in service less than twenty years, and requests installation of replacement lighting within 5 years of removal, Customer agrees to pay to Company its cost of labor to install the replacement facilities.

- Changed from two to five years. Also simplified language in that customer would only pay for cost to install replacement facilities.
7. Temporary suspension of lighting service is not permitted. Upon permanent discontinuance of service, lighting units and other supporting facilities solely associated with providing service under this tariff, except underground facilities and pedestals, will be removed.
- New language was added.

RLS Availability of Service - Sheet No. 36

Restricted Lighting Service is a new tariff for KU. This set of tariffs includes migrating those fixtures that are no longer available to new customers hence the move from the SL and the POL tariffs. Reasons range from outdated technology - to no customers billed on the rate - to an option no longer available. The RLS tariff allows KU to “freeze” and still offer said lighting to existing installations.

RLS Overhead Service

Denotes that these fixtures are to be served via overhead electric service. Some options include a pole which is one reason why those fixtures were moved to the RLS rate.

RLS Underground Service

Denotes that these fixtures are to be served via underground electric service.

RLS Term of Contract – Sheet No. 36.2 from current Sheet No. 36.4

As noted in the LS response above, KU proposes to adopt the LG&E methodology in applying the remaining revenue up to five years when a customer requests the removal of light when additional facilities were involved. Current Sheet No. 36.4 applies the installation, removal and non-salvable material prorated over five years. The majority of RLS customer lighting has been in place well over five years therefore the term of contract will normally be inconsequential.

RLS Terms and Conditions - Sheet No. 36.2

Matches LG&E language and the LS Terms and Conditions

1. Service shall be furnished under Company’s Terms and Conditions, except as set out herein.
 - No Change
2. All service and maintenance will be performed only during regular scheduled working hours of Company. Customer will be responsible for reporting outages and other operating faults. Company shall initiate service corrections within two (2) business days after such notification by Customer.

- Changed “will undertake to service the lighting equipment...” to “shall initiate service corrections...” Changes were made to clarify the Company’s responsibilities.
3. Customer shall be responsible for the cost of fixture replacement or repairs where such replacement or repairs are caused from willful damage, vandalism, or causes other than normal burnouts. *Company may decline to provide or continue service in locations where, in Company’s judgment, such facilities will be subject to unusual hazards or risk of damage.*
 - The last sentence was added to clarify limitations on the Company’s responsibilities to protect employee safety.
 4. Company shall have the right to make other attachments and to further extend the conductors, when necessary, for the further extension of its electric service.
 - Sentence was added to clarify Company’s right.
 5. Temporary suspension of lighting service is not permitted. Upon permanent discontinuance of service, lighting units and other supporting facilities solely associated with providing service under this tariff, except underground facilities and pedestals, will be removed.
 - New language was added.

KENTUCKY UTILITIES COMPANY

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 7

Responding Witness: Robert M. Conroy

Q-7. Refer to P.S.C. Electric No. 15, existing Second Revision of Original Sheet No. 35, Street Lighting Service ("SLS"). Confirm that the 1,000, 2,500, and 6,000 Lumen Ornamental Incandescent lights are not currently in use by any customer and will no longer be available.

A-7. Confirmed.

KENTUCKY UTILITIES COMPANY

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 8

Responding Witness: Robert M. Conroy

- Q-8. Refer to KU's response to Item 95.c. of Commission Staff's Second Information Request in Case No. 2009-00548, in which KU addressed its proposal for special contract lighting in that case. Special contract lighting is not included in KU's application in this proceeding. Explain how KU addressed its special lighting contracts since the conclusion of Case No. 2009-00548.
- A-8. Subsequent to the Order issued in Case No. 2009-00548, KU added the two special lighting rates to the tariff P.S.C. No. 15, Original Sheet No. 36, with the following specific restriction: "Service under these rates is restricted to those special lighting customers (bill code 408 and 409) in service as of August 1, 2010. Upon failure, existing Mercury Vapor fixtures will either be removed from service or replaced with available lighting at the customer's option."

The two lights included in the special restriction above can be found on Conroy Exhibit R-5, page 15 of 16, Cobra Head, 50000 Lumen, Fixture Only (bill code 409) with a proposed rate of \$10.81, and Cobra Head, 20000 Lumen, Fixture Only (bill code 408) with a proposed rate of \$12.19.

KENTUCKY UTILITIES COMPANY

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 10

Responding Witness: Robert M. Conroy

- Q-10. Refer to proposed P.S.C. No. 16, Original Sheet Nos. 50.1 and 51.1, Curtailable Service Rider ("CSR") 10 and CSR 30.
- a. Explain the reason for the change from a kW basis to a kVA basis for billing purposes.
 - b. Provide the effect of all proposed tariff changes on the customer's credits in sufficient detail to show the individual effect of each rate/tariff change for each customer if the proposed changes had been in effect during the test year.
- A-10.
- a. The reason for changing to a kVA basis is to maintain consistency between the tariff demand basis and the CSR demand basis. If the customer's demand is measured and billed on a kVA basis, the CSR should also be applied on a kVA basis. The CSR riders are only available to customers who contract for a minimum of 1,000 kVA; therefore, CSR riders apply only to standard rate schedules that are metered and billed on kVA.
 - b. See attached.

KENTUCKY UTILITIES COMPANY

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 11

Responding Witness: Robert M. Conroy

- Q-11. Refer to proposed P.S.C. No. 16, Original Sheet No. 61, Redundant Capacity. Provide the impact on the average Primary and Secondary Distribution customers' bills of the change in subsection (1) of the Rate section.
- A-11. The change in subsection (1) of the Rate section does not impact an existing customer's bill. If a current customer requesting capacity reservation is billed on a kW basis, the redundant capacity charge is billed on an average kW basis as well. If a current customer requesting capacity reservation is billed on a kVA basis, the redundant capacity charge is billed on an average kVA basis as well. The proposed change to the language to P.S.C. No. 16, Original Sheet No. 61, Redundant Capacity is meant to clarify KU's current billing practice.

KENTUCKY UTILITIES COMPANY

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 12

Responding Witness: Robert M. Conroy

- Q-12. Refer to proposed P.S.C No. 16, Original Sheet No. 62, Supplemental or Standby Service. Provide the impact on the average customer's bill of the change in contract demand billing under the Rate and Contract Demand section.
- A-12. The changes to the Rate and Contract section of the Supplemental or Standby Service will have no effect on an average customer's bill. There are no customers on the rate. The changes recognize the shift in metering and billing from kW to kVA and strengthen the requirement currently in the tariff for customer-generators to pay for facilities reserved for them rather than allowing other customers to absorb the responsibility.

KENTUCKY UTILITIES COMPANY

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 13

Responding Witness: Robert M. Conroy

- Q-13. Refer to proposed P.S.C No. 16, Original Sheet No. 66, Temporary and/or Seasonal Electric Service. Provide the effect the text changes in the Conditions section, paragraph 3, will have on current customers.
- A-13. The text changes to Temporary and/or Seasonal Electric Service will have no effect on current customers. This rate is not intended for permanent service and the changes were made for clarity.

KENTUCKY UTILITIES COMPANY

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 14

Responding Witness: Robert M. Conroy

- Q-14. Refer to proposed PSC No. 16, Original Sheet No. 86.10, DSM Cost Recovery Mechanism Monthly Adjustment Factors. State whether the DSM Revenues from Lost Sales factors shown on this page would change as a result of a change in base rates. If yes, explain why no change is being proposed.
- A-14. Yes, the DSM factor will change as a result of this proceeding; however, no change to the DSM mechanism is being proposed in this proceeding. Upon conclusion of Case No. 2012-00221, the Company will submit revised PSC No. 16, Original Sheet No. 86.10 to reflect changes in the DSM Revenues from Lost Sales Monthly Adjustment Factors resulting from the reduced Lost Sales period.

KENTUCKY UTILITIES COMPANY

Dated July 31, 2012**

Case No. 2012-00221

Question No. 15

Responding Witness: Robert M. Conroy

Q-15. Refer to proposed P.S.C. No. 16, Original Sheet No. 87. Explain the reason for the text changes in the Definitions section, subsection e.

A-15. The reason for the text changes is to simplify the language of the tariff.

KENTUCKY UTILITIES COMPANY

Response to Commission Staff's Second Request For Information

Dated July 31, 2012

Case No. 2012-00221

Question No. 16

Responding Witness: Cheryl E. Bruner / Robert M. Conroy

- Q-16. Refer to proposed P.S.C No. 16, Original Sheet Nos. 101.1 and 101.2, the addition of the new Customer Rate Assignment and Customer Rate Migration sections.
- a. State whether this proposed section would allow KU to involuntarily switch to other rate classes Schedule GS and PS customers who were customers as of February 6, 2009 but who no longer meet the Availability of Service requirements of their current class.
 - b. State to what extent KU has experienced an increase of customers being served under a rate schedule for which they are ineligible, customers choosing to migrate to other classes, and customers that are being migrated from one rate schedule to another.
- A-16. a. No. Customers who were on Rate GS or Rate PS as of February 6, 2009, continue to be eligible for these rates assuming the customer has not changed rate schedules. If the Company determines that a customer is eligible to take service under more than one rate schedule and that the customer is then taking service under such a rate schedule, the Company will not change the customer's rate assignment. It will remain the customer's responsibility to choose between optional rates, as stated in the Optional Rates section of Customer Responsibilities at Original Sheet Nos. 97 and 97.1.
- b. During the last two rate cases, KU modified tariff language to help customers in determining the more appropriate rate schedule. As a customer's energy consumption may change from month to month, so may their eligibility for a specific rate schedule. For customers whose consumption patterns make them eligible for more than one rate it remains their responsibility to choose between any optional rates, as stated in the Optional Rates section of Customer Responsibilities at Original Sheet Nos. 97 and 97.1. As discussed in the testimony of Mr. Conroy, there have been a number of customers switching rate schedules (see the adjustment for Reference Schedule 1.11)

during the test year and there continues to be various customers switching rate schedules. As part of our efforts to enhance the Customer Experience, the Company has recently developed a tool called Rate Comparison which assists customers in determining the more appropriate rate for their operation. The Rate Comparison tool is available on the KU website under the customer's "My Account" link.

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 17

Responding Witness: Robert M. Conroy

- Q-17. Explain why KU is not proposing rate adjustments to its Small Capacity Cogeneration Qualifying Facilities.
- A-17. Pursuant to the Commission's Order in Case No. 8566(D) dated June 28, 1984, Kentucky Utilities Company files revised rates for purchases from Small Capacity Cogeneration and Small Power Production Qualifying Facilities every two years based on the avoided cost analysis. The most recent revision was made on May 30, 2012 and approved by the Commission with rates to become effective June 30, 2012. See the attachment for a copy of the public version of the filing made on May 30, 2012.

RE: *Revised Kentucky Utilities Company Purchase Rates for Small Capacity Cogeneration and Small Power Production Qualifying Facilities*

Dear Mr. DeRouen:

Pursuant to the Commission's Order in Case No. 8566(D) dated June 28, 1984, Kentucky Utilities Company files herewith an original and four copies of the following sheets of its Tariff PSC No. 15:

Sixth Revision of Original Sheet No. 1
First Revision of Original Sheet No. 55

This filing is being made to revise the rates for both Time-Differentiated Rates and Non-Time-Differentiated rates. As supporting documentation for these revisions and to comply with 807 KAR 5:054, Section 5 (2)(a), (b), and (c), the attached information is also being filed:

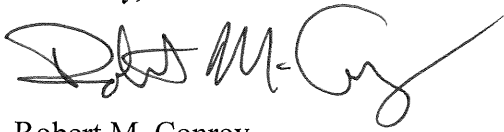

- (1) Attachment 1 showing the estimated avoided energy cost on a cents per kilowatt-hour basis during daily, seasonal peak and off-peak periods, by year for 2012 through 2017 in 100 megawatt increments;
- (2) Attachment 2 showing a 10-year plan for capacity additions, and anticipated capacity and energy costs at the completion of planned capacity additions.

Jeff DeRouen, Executive Director
Kentucky Public Service Commission
May 30, 2012

The Company is also including with this filing a Petition for Confidentiality regarding projected costs of fuel cost and capacity costs.

The Company requests an effective date of June 30, 2012 for the revised rate schedules. Please let me know if you have any questions regarding this filing.

Sincerely,

A handwritten signature in black ink, appearing to read "Robert M. Conroy". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Robert M. Conroy

Small Capacity Cogeneration and Small Power Production Qualifying Facilities

APPLICABLE:

In all territory served.

AVAILABILITY OF SERVICE

This rate and the terms and conditions set out herein are available for and applicable to Company's purchases of energy only from the owner of qualifying cogeneration or small power production facilities of 100 kW or less (such owner being hereafter called "Seller") installed on Seller's property to provide all or part of its requirements of electrical energy, or from which facilities Seller may elect to sell to Company all or part of such output of electrical energy.

Company will permit Seller's generating facilities to operate in parallel with Company's system under conditions set out below under "Parallel Operation".

Company will purchase such energy from Seller at the Rate, A or B, set out below and selected as hereafter provided, and under the terms and conditions stated herein. Company reserves the right to change the said Rates, upon proper filing with and acceptance by the jurisdictional Commission.

RATE A: TIME-DIFFERENTIATED RATE

- | | | |
|--|-------------------|---|
| 1. For summer billing months of June, July, August and September, during the hours 9:01 A.M. thru 10:00 P.M. weekdays exclusive of holidays (on-peak hours), | \$0.03636 per kWh | R |
| 2. For winter billing months of December, January and February, during the hours 7:01 A.M. thru 10:00 P.M. weekdays exclusive of holidays (on-peak hours), | \$0.03040 per kWh | R |
| 3. During all other hours (off-peak hours) | \$0.02822 per kWh | R |

Determination of On-Peak and Off-Peak Hours: On-peak hours are defined as the hours of 9:01 A.M. through 10:00 P.M., E.D.T. (8:01 A.M. through 9:00 P.M., E.S.T.), Mondays through Fridays exclusive of holidays (under 1 above), and the hours of 7:01 A.M. through 10:00 P.M., E.D.T. (6:01 A.M. through 9:00 P.M., E.S.T.), Mondays through Fridays exclusive of holidays (under 2 above). Off-peak hours are defined as all hours other than those listed as on-peak (under 3 above). Company reserves the right to change the hours designated as on-peak from time to time as conditions indicate to be appropriate.

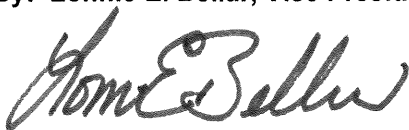

RATE B: NON-TIME-DIFFERENTIATED RATE

For all kWh purchased by Company,	\$0.02949 per kWh	R

Dated July 31, 2012

Case No. 2012-00221

Question No. 18

Responding Witness: Lonnie E. Bellar

Q-18. Refer to page 10, lines 8-10, of the Testimony of Victor A. Staffieri. Provide a general description of the Environmental Protection Agency's ("EPA") Partner of the Year program and a list of the 43 other organizations named 2011 Partner of the Year.

A-18. As explained by the EPA in their "Profiles in Leadership" publication, the Partner of the Year program "honors partners for strategically and comprehensively managing their energy use and promoting ENERGY STAR products and practices in their own operations, and/or providing efficient products and services to consumers and within their communities." The EPA awards Partner of the Year designations in six categories. The Company received its Partner of the Year designation for Energy Efficiency Program Delivery, which "recognizes utilities, state agencies, regional efficiency nonprofit organizations, and associations that sponsor sustained energy efficiency and environmental programs. These winning organizations have demonstrated excellence in implementing comprehensive, high performing energy efficiency programs." The "Profiles in Leadership" publication may be accessed at: http://www.energystar.gov/ia/business/industry/2011_profiles_in_leadership.pdf.

The other 43 organizations named 2011 Partner of the Year are:

AEP Texas

ComEd

Constellation Energy/Baltimore Gas and Electric Company

Efficiency Vermont

KENTUCKY UTILITIES COMPANY

Response to Commission Staff's Second Request For Information

Dated July 31, 2012

Case No. 2012-00221

Question No. 19

Responding Witness: Paul W. Thompson

Q-19. Refer to page 4, lines 14-15, of the Testimony of Paul W. Thompson ("Thompson Testimony") concerning the impact of natural gas productions from shale formations on the price of natural gas. Provide support for the statement that wholesale natural gas prices would probably remain at low levels in the long term. Explain whether KU has conducted a long term forecasting analysis of natural gas prices. If so, provide the analysis.

A-19. LG&E/KU do not forecast natural gas prices, but rely on a combination of NYMEX forward market prices for the short-term and natural gas price forecasts prepared by the Energy Information Administration ("EIA") in the long-term. For long-term planning, the Company is using the EIA's Reference Case gas price forecast presented in its Annual Energy Outlook 2012 ("AEO 2012").¹ The chart below shows the annual average Henry Hub natural gas prices in nominal dollars per MMBtu from the EIA's AEO 2012 Reference Case as well as the following cases and scenarios:

- **AEO 2010 reference case**
- **AEO 2011 reference case**
- **AEO 2012 Low Estimated Ultimate Recovery ("EUR")** - assumes that the EUR per tight oil or shale gas well is 50 percent lower than in the Reference case, increasing the per-unit cost of developing the resource and, ultimately, the price of natural gas used at power plants.
- **AEO 2012 High EUR** - assumes that the EUR per tight oil or shale gas well is 50 percent higher than in the Reference case, decreasing the per-unit cost of developing the resource and the price of natural gas for power plants.
- **AEO 2012 High Technically Recoverable Resources** – assumes that the well spacing for all tight oil and shale gas plays is 8 wells per square mile, and

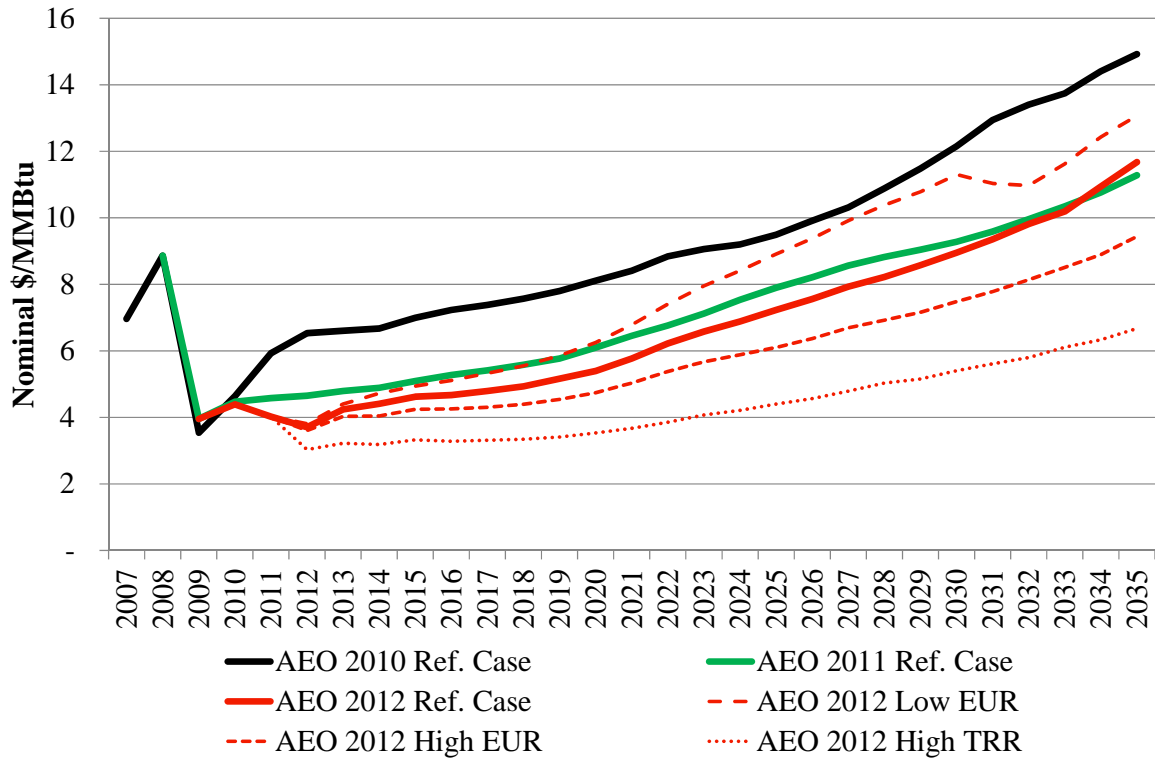

¹ June 2012, see the AEO 2012 document at: [http://www.eia.gov/forecasts/aeo/pdf/0383\(2012\).pdf](http://www.eia.gov/forecasts/aeo/pdf/0383(2012).pdf) (pp. 91-93) and the corresponding data tables at:

<http://www.eia.gov/oiaf/aeo/tablebrowser/#release=AEO2012&subject=8-AEO2012&table=13-AEO2012®ion=0-0&cases=ref2012-d020112c>.

the EUR for tight oil and shale gas wells is 50 percent higher than in the Reference case.

This chart demonstrates that the EIA’s long-term natural gas price forecasts have declined significantly since 2010 and shows that the EIA’s current Reference Case forecast stays below 2008 price levels through 2029. Further, with the EIA’s 2012 assumptions for higher gas recovery rates, gas prices are forecasted to stay below 2008 levels through at least 2033. And even in EIA’s scenario with lower gas recovery rates, gas prices are forecasted to stay below 2008 levels through 2024.

EIA Natural Gas Price Forecasts

KENTUCKY UTILITIES COMPANY

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 20

Responding Witness: Paul W. Thompson

- Q-20. Refer to page 7, line 18, through page 8, line 8, of the Thompson Testimony.
- a. Provide a breakdown, by Uniform System of Accounts (“USoA”) account number, of the \$38 million KU has invested since its most recent general rate case to maintain and enhance the performance of its existing generation.
 - b. Provide a breakdown, by USoA account number, of the nearly \$133 million KU has invested since its most recent general rate case in generation infrastructure and reliability projects associated with its generation fleet.
- A-20.
- a. A breakdown of capital expenditures since the most recent general rate case by USoA is not readily available. Please see the attached schedule for a breakdown by project.
 - b. A breakdown of capital expenditures since the most recent general rate case by USoA is not readily available. Please see the attached schedule for a breakdown by project.

KENTUCKY UTILITIES COMPANY

Response to Commission Staff's Second Request For Information
Dated July 31, 2012

Case No. 2012-00221

Question No. 21

Responding Witness: Paul W. Thompson

- Q-21. Refer to the Thompson Testimony, page 9, at lines 5-13. Provide a detailed explanation as to why Trimble County Unit 2 ("TC2") did not perform as efficiently as projected during its first year of operation. Include in this explanation support for the statement that KU remains "confident that TC2 will operate effectively and efficiently going forward."
- A-21. Though TC2 did not meet its first year projections for availability and reliability, that is not uncommon for new units in their first few years of operation. Mill Creek 3, which went into service in June, 1978, had an Equivalent Forced Outage Rate (EFOR) of 20.0% in 1980. Ghent 3, which went into service in May, 1981, had an EFOR of 13.6% in 1982. Mill Creek 4, which went into service in July, 1982, had an EFOR of 15.6% in 1983. Trimble County 1, which went into service in December, 1990, had a relatively good EFOR in its first full year of operation at 7.2% in 1991. Given this history with the Company's more recent very large units, the TC2 EFOR performance of 10.3% in 2011 is in line with company experience. Moreover, TC2 has more environmental controls than any of our other coal-fired units. These additional environmental controls add a substantive level of complexity to commissioning and ongoing operations.

TC2 is operating under a contractual warranty through January 22, 2013. In order to confirm our satisfaction with performance under the contract warranty, the unit was taken off line for a planned outage in the Spring, 2012. Items addressed during the Spring, 2012 outage included:

- Modification of all burners to incorporate change in design targeted to reduce flow restriction and enhance air flow
- Primary and secondary air flow metering and calibration improvements
- Installation of additional layer of catalyst to improve NOx removal
- Design modification within Wet and Dry Precipitators
- Inspection of Generator retaining rings
- Inspection of many other critical components

Given the inspection results and issues addressed during that outage, the Company remains very confident that TC2 will operate at design levels going forward.

KENTUCKY UTILITIES COMPANY

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 22

Responding Witness: Paul W. Thompson

- Q-22. Refer to page 9, lines 16-19, of the Thompson Testimony.
- a. Provide a breakdown, by USoA account number, of KU's share of the \$11 million in increased expenses resulting from the operation and maintenance of TC2.
 - b. Provide KU's share of the additional capital investment in TC2 between the end of the test year in its most recent general rate case and the March 31, 2012 ending date of the test year proposed in this case.
- A-22. a. See attached.
- b. The additional non-ECR investment in TC2 by KU was \$26.9 million.

Case No. 2012-00221

Question No. 23

Responding Witness: Paul W. Thompson

Q-23. Refer to page 10, lines 1-3, of the Thompson Testimony. Provide, by USoA account number, a breakdown of KU's share of the test year cost incurred due to hiring 19 additional persons to work at TC2 since the end of the test year in KU's most recent general rate case.

A-23. See attached.

TRIMBLE COUNTY UNIT 2 - 19 additional people since the last general rate case

KENTUCKY UTILITIES COMPANY

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 24

Responding Witness: Paul W. Thompson

- Q-24. Refer to page 11, lines 12-17, of the Thompson Testimony.
- a. Of the \$15 million increase in maintenance expense incurred in the test year compared to the levels reflected in their most recent general rate cases, provide the amount attributed to KU and the amount attributed to its sister company, Louisville Gas and Electric Company ("LG&E").
 - b. Provide the level of maintenance expense reported by KU due to planned maintenance outages for each of the calendar years from 2006 through 2010.
 - c. The sentence beginning on line 14 and ending on line 17 indicates that it is expected that the level of maintenance expense incurred in the test year will be incurred again in 2014 and thereafter. Provide the level of maintenance expense expected to be incurred in 2013.
- A-24.
- a. The KU increase was \$5,991k and the LG&E increase was \$8,590k.
 - b. See attached.
 - c. See attached. Please note that the scope of the planned maintenance cycle (e.g., adding more environmental control equipment and aging of all equipment) and the cost of that cycle have increased over past years'. The test year results are indicative of a recurring level of such costs going forward.

KENTUCKY UTILITIES COMPANY

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 25

Responding Witness: Paul W. Thompson

Q-25. Refer to the Thompson Testimony, page 12, at line 7. Provide the steam capacity factors for KU for the five-year period from 2006 through 2010.

A-25. The KU steam capacity factors by year are as follows:

2006	66.2%
2007	68.9%
2008	71.5%
2009	57.9%
2010	66.4%

KENTUCKY UTILITIES COMPANY

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 26

Responding Witness: Paul W. Thompson

- Q-26. Refer to pages 12-13 of the Thompson Testimony.
- a. Provide the test year cost incurred by KU for the remote monitoring of existing coal-fired generating units by Black & Veatch.
 - b. Provide the annual cost KU will incur prospectively under the five year monitoring arrangement with Black & Veatch.
- A-26. a. The test year amount for KU is \$322k.
- b. The annual cost to be incurred by KU is \$305k.

KENTUCKY UTILITIES COMPANY

Response to Commission Staff's Second Request For Information

Dated July 31, 2012

Case No. 2012-00221

Question No. 27

Responding Witness: Paul W. Thompson

Q-27. Refer to the Thompson Testimony, page 13, at lines 6-9. Identify the heat rate issues and equipment reliability concerns detected upon the implementation of Black & Veatch's Remote Performance Monitoring service on Ghent Unit 1 and Mill Creek Unit 4. Explain whether these problems have been addressed.

A-27. The heat rate and reliability issues brought up by the Black & Veatch Remote Performance Monitoring (B&V RPM) program in Pilot year (2010) at Ghent 1 and Mill Creek 4 were as follows:

Ghent Unit 1

1. Main Steam supply stop valves to boiler feed pump turbines have been identified as leaking through; evidence from valve chest temperature indicated higher temperature steam was leaking into the BFPT inlet, causing a heat rate penalty due to HP steam loss. Waiting outage to overhaul valve.
2. Reheat Spray Flow indication identified as faulty. Adjusted calcs in the DCS to compensate and provide accurate monitoring of unit.
3. Identified right side hot reheat steam temperature measuring ~60F below left side indicating a lack of heat transfer. Increased soot blowing in targeted areas resulted in decreased fouling and restoring boiler efficiency.
4. Detected 20 degF escalation in boiler exit gas temperatures. Performed targeted soot blowing to improve performance
5. Elevated F1 Heater drain cooler approach temperature was found indicating a low heater level. Low level will cause irreparable heater steam damage and efficiency losses. I/E maintenance adjusted and calibrated level controls for proper level and indication.
6. Air Heater 1-1 guide bearing temperature reading abnormal. Found and repaired a bad thermocouple restoring equipment thermal protection monitoring.

7. BFPT speed indication (1 of 4) found to be faulty; 3 of 4 values needed for a 'good' signal, so it was not a known issue, but if a second signal had failed, it would have caused a reliability problem with the pump/turbine
8. Condenser performance – identified high backpressure caused by tube fouling and flow path pluggage. Cooling water flows were down (pluggage) and the heat transfer was off design (fouling). Identified before an outage for maintenance planning purposes (this outage happened to coincide with tube replacement in the condenser, but prior to a normal outage this would be used for planning cleaning activities).
9. LP Heater Drain Flow was noted to have decreased along the entire string. The drain valves on the lower heaters opened up in order to pass more flow, resulting in thermal performance issues. The issue was identified as the top condensate heater emergency drain valve being stuck open and bypassing a portion of the flow to the condenser.
10. High pressure turbine efficiency loss – this is an issue that the station is aware of due to copper and other deposits on the turbine. However, the use of the RPM information gave the plant a more periodic feedback of the efficiency degradation so they had a better idea of how fast the performance dropped off.

Mill Creek Unit 4

1. Condenser 4A air in leakage was quantified providing the plant with the needed information to plan and schedule repairs.
2. Plugged cooling tower pump motor bearing cooling line resulted in elevated bearing temperature not yet in alarm. Maintenance found the cooling supply line to the bearing partially plugged. The bearing could have lost cooling entirely resulting in a failed motor bearing and unit load limit.
3. 4C PA fan motor stator temperature increased but not yet in alarm. Maintenance found and removed a piece of plastic lodged inside the motor air intake blocking air flow. Motor life is exponentially proportional to operating temperature.
4. Heater 6 level dropped below normal due to a leaking bypass. Low level allows steam to enter the drain cooler eventually causing irreparable heater damage and efficiency losses. The bypass was repaired returning levels to normal.
5. Air heater pluggage and ID/FD fan issues – prior to spring outage, RPM diagnosed air heater differential pressures running high. Through their analysis, they were able to diagnose a fan bias that was causing flows to run higher through one air heater and set of preheating coils versus the other side. Also were able to differentiate between air heater impacts and preheating coil impacts in the differential pressure numbers.
6. Able to diagnose a recirculation valve leak on the condensate system. Unit was running with all 3 hotwell pumps in service, and recirculation was causing higher duty on the pumps. Able to diagnose a leaking valve and save the cost of the extra power due to the increased pump duty.

7. 4B pulverizer had a plugged flow sensing line. Normal monitoring did not notice the increase in the flow due to an improvement in the PA fan. RPM noted the change in fan and pulverizer amps and was able to diagnose the flow issue to the pulverizer.
8. 4A air heater cold end temperatures dropped below the normal set point, which is a concern due to acid dew point temperature at that end. The station changed the flow in the preheating coils and the temperatures went too high. RPM was able to help diagnose a faulty diverter valve in the system that was affecting the ability to control the steam temperatures to the proper range.
9. Unit 4 Steam Seal header safety pressure showed increased levels. The bypass valve around the steam seal header control valve was leaking through, causing an efficiency loss in the cycle due to excess steam usage.

Case No. 2012-00221

Question No. 29

Responding Witness: Paul W. Thompson

- Q-29. Refer to page 17, lines 12-15, of the Thompson Testimony. Provide a breakdown, by USoA account number, of the \$133 million invested by KU in transmission facilities since the test year of its most recent general rate case.
- A-29. The KU amount referenced on line 13 of page 17 of Thompson testimony was actually \$113 million. A breakdown of capital expenditures since the most recent general rate case by USoA is not readily available. Please see the attached schedule for a breakdown by project.

KENTUCKY UTILITIES COMPANY

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 30

Responding Witness: Paul W. Thompson

- Q-30. Refer to page 20, lines 5-7, of the Thompson Testimony. Provide the amount of increased costs incurred by KU during the test year associated with complying with the CIP reliability standards.
- A-30. The increased costs incurred by KU were \$1,566k.

KENTUCKY UTILITIES COMPANY

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 31

Responding Witness: Paul W. Thompson

Q-31. Refer to page 20, lines 15-19, of the Thompson Testimony. Provide, by USoA account number, a breakdown of KU's share of the test year cost incurred due to adding 27 employees in "Energy Services" since the end of the test year in KU's most recent general rate case to assist with North American Electric Reliability Corporation and CIP compliance efforts.

A-31. The breakdown by FERC account is as follows:

Generation		
	500100	\$ 86,752
	510100	\$455,447
Transmission		
	560100	\$10,235
	560900	\$235,400
	561100	\$20,470
	561190	\$327,513
	561590	\$112,583
	561900	\$71,643
	566900	\$10,235
	581900	\$214,930
	935488	\$20,469
Total		\$1,565,677

KENTUCKY UTILITIES COMPANY

Response to Commission Staff's Second Request For Information Dated July 31, 2012

Case No. 2012-00221

Question No. 32

Responding Witness: Paul W. Thompson

Q-32. Refer to the Thompson Testimony, page 21, lines 17-18. Explain why the recordable injury rates for independent contractors increased by 50 percent from 2010 to 2011.

A-32. While the rate for contractors did go up between 2010 and 2011, the chart below shows that the contractor rate is generally flat to declining since 2005. The rate remains below utility and industry averages. The increase in 2011 was partially due to a series of hand related injuries. The Company has partnered with Kleinert & Kutz Hand Care Center and has had a hand surgeon come to the business partner quarterly safety meeting and to some of the plant employee quarterly safety meetings and give a presentation on hand injury and prevention. Additional analysis is also being done on the types of gloves being used to see if different types can be better used in certain work situations.

KENTUCKY UTILITIES COMPANY

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 33

Responding Witness: Paul W. Thompson

- Q-33. Refer to the Thompson Testimony, page 22, lines 19-20. Describe the results of the testing conducted on the well and explain if there will be additional testing.
- A-33. The testing involved the injection of brine and a small amount of CO₂ into the Knox dolomite target zones. This allowed the project geologists to determine the volume and rate of CO₂ that could be stored in the formation and that those rates would support larger scale testing. This work was somewhat unique since most testing in the United States has involved sandstone formations such as the Mt. Simon and the DOE funded additional CO₂ injections into the Knox in 2010. The well has now been plugged and no further testing is planned.

KENTUCKY UTILITIES COMPANY

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 34

Responding Witness: Chris Hermann

Q-34. Refer to page 5, lines 17-19, of the Testimony of Chris Hermann ("Hermann Testimony"). Provide KU's share of the cost of constructing or upgrading 60 miles of lines to the National Electrical Safety Code heavy loading standard since 2009.

A-34. KU's share of this cost is \$13.269 million.

KENTUCKY UTILITIES COMPANY

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 35

Responding Witness: Paul Gregory "Greg" Thomas

- Q-35. Refer to the Hermann Testimony, page 7, lines 4-7. Provide a copy of the quarterly tree trimming surveys and the results of each.
- A-35. See attached files for tree trimming survey questions and a summary of the results for LG&E and KU.

Customer Experience Survey Results (Attachment to KU PSCQ-35(b) - Hermann)

**LG&E and KU Services Company
Tree Trimming Customer Satisfaction Survey
Phone Study #11244**

May I speak with **[CONTACT NAME]**?

Hello, this is **[INSERT INTERVIEWER NAME]** calling from Bellomy Research on behalf of **[LG&E, Kentucky Utilities/ODP]**. Recently trees were trimmed along primary power distribution lines in your area. We are conducting a survey to gather customer feedback about tree trimming services and would like to include your opinions.

(IF NECESSARY: We are not selling anything, we would just like your opinions on tree trimming services.)

(IF ASKED: The survey should take less than 5 minutes to complete.)

S1 Are you the adult in the household who is most familiar with the tree trimming service along power lines that was recently completed in your area?

1. Yes **[SKIP TO S2]**
2. No/someone else in household
3. Not aware tree trimming service was performed **[TERMINATE]**

[IF S1 = 2]

S1a Can you connect me with the correct person?

1. Yes **[REPEAT INTRODUCTION]**
2. Not available **[SCHEDULE CALL BACK]**
3. No **[TERMINATE]**

[LOOP TWICE]

S2 Do you or anyone in your household currently work for PPL, LG&E, Kentucky Utilities, or ODP?

1. Yes **[TERMINATE]**
2. No
98. Don't know **[TERMINATE]**

S3 Have you completed a survey for **[LG&E/Kentucky Utilities]** related to utility service in the past three months?

1. Yes **[TERMINATE]**
2. No
98. Don't know **[TERMINATE]**

[IF S3=1 THEN SAY "We apologize for contacting you so soon after completing another survey. Thank you for your time and have a nice day."]

Q1 These next questions pertain to the tree trimming service recently completed in your area by a contractor on behalf of **[LG&E, Kentucky Utilities/ODP]**. On a scale of 1 to 10 where 10 means “completely satisfied” and 1 means “not satisfied at all”, how satisfied were you overall with the tree trimming service?

Complete ly satisfied										Not satisfied at all	(DNR) Don't know
10	9	8	7	6	5	4	3	2	1	98	

[IF Q1 <= 5 THEN ASK]

Q1a What specific aspect of the service were you dissatisfied with?

Q2 What type of interaction did you have with the tree trimming workers? (Read list)

1. Spoke directly with the workers
2. Saw the crew working but did not speak with them
3. Did not interact with the workers

Q3 Now, I am going to read a number of statements about the contractor who performed the tree trimming service. On the same 10-point scale (REPEAT IF NEEDED: Where 10 is “completely satisfied” and 1 is “not satisfied at all”), how satisfied were you with the contractor on the following attributes....

Comple tely satisfied										Not satisfied at all	(DNR) Don't know
10	9	8	7	6	5	4	3	2	1	98	

[RANDOMIZE]

- a. Courtesy of the workers
- b. Professionalism of the workers
- c. Clean up of site upon completion
- d. Performed the work in a safe manner such as wearing safety equipment, traffic control, signage, etc.
- e. **[IF Q2=1]** Responsiveness to your questions or concerns
- f. Treated your property with care

Q4 Do you recall receiving advance notification of the tree trimming service?
 1. Yes
 2. No **[SKIP TO Q9]**

Q5 How were you notified in advance about the tree trimming service? (Select all that apply)
 1. Phone
 2. Mail
 3. Workers came to your door
 4. Other (please specify) _____

Q6a **[IF Q5=1,2]** How long before the tree trimming service occurred did you receive notification by phone and/or mail?
 1. Less than two weeks
 2. Two to four weeks
 3. More than four weeks
 98. (do not read) Don't know

Q6b **[IF Q5=3]** When did workers come to your door to let you know about the tree trimming?
 1. Before the scheduled tree trimming
 2. Day of the scheduled tree trimming
 3. After the scheduled tree trimming
 98. (do not read) Don't know

Q7 **[IF Q5=2]** Thinking about the materials that were mailed to you, how satisfied were you with the effectiveness of the educational materials in explaining the tree trimming process? Please use the 10-point scale where 10 means "completely satisfied" and 1 means "not satisfied at all".

Complete ly satisfied									Not satisfied at all	(DNR) Don't know
10	9	8	7	6	5	4	3	2	1	98

Q8 **[IF Q5=2]** Which, if any, of the following do you recall being explained in the advance information? (read list, allow multiple responses)

[RANDOMIZE 1-3]

1. Why **[LG&E, Kentucky Utilities/ODP]** trims trees
 2. Why certain trimming methods are used
 3. Description of correct versus incorrect trimming methods
98. (do not read) Don't know **[EXCLUSIVE, ANCHOR]**

Q9 Have you visited the **[LG&E, Kentucky Utilities/ODP]** website in the past 3 months to learn more about tree trimming?

1. Yes
2. No
98. (do not read) Don't know

Q10 How did the tree trimming outcome rate relative to your expectations? (Read list)

1. Better than you expected
2. Same as you expected
3. Worse than you expected
98. (do not read) Don't know

Q11 Do you believe the tree trimming will make electric service more reliable in your area?

1. Yes
2. No
98. (do not read) Don't know

Q12 Has your opinion of **[LG&E, Kentucky Utilities/ODP]** changed as a result of the recent tree work in your neighborhood? Would you say your opinion has...

1. Improved
2. Worsened
3. Not changed

[IF Q10 = 3 OR Q12 = 2 THEN ASK]

Q13 What about the tree trimming process could have been handled better?

[STANDARD CLOSING]

Those are all of the questions that I have for you today. Your response will assist **[LG&E/Kentucky Utilities]** in its efforts to continue to improve tree trimming services. Thank you for your participation and have a nice day.

KENTUCKY UTILITIES COMPANY

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 36

Responding Witness: Chris Hermann

- Q-36. Refer to page 7, lines 10-12, of the Hermann Testimony. Provide a breakdown, by USoA account number, of KU's share of the \$210.3 million that it and LG&E have invested in distribution reliability and infrastructure since their most recent general rate cases.
- A-36. A breakdown of capital expenditures since the most recent general rate case by USoA Electric Plant Account is not readily available. Please see the attached schedule for a breakdown by project.

KENTUCKY UTILITIES COMPANY

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 37

Responding Witness: Paul Gregory "Greg" Thomas

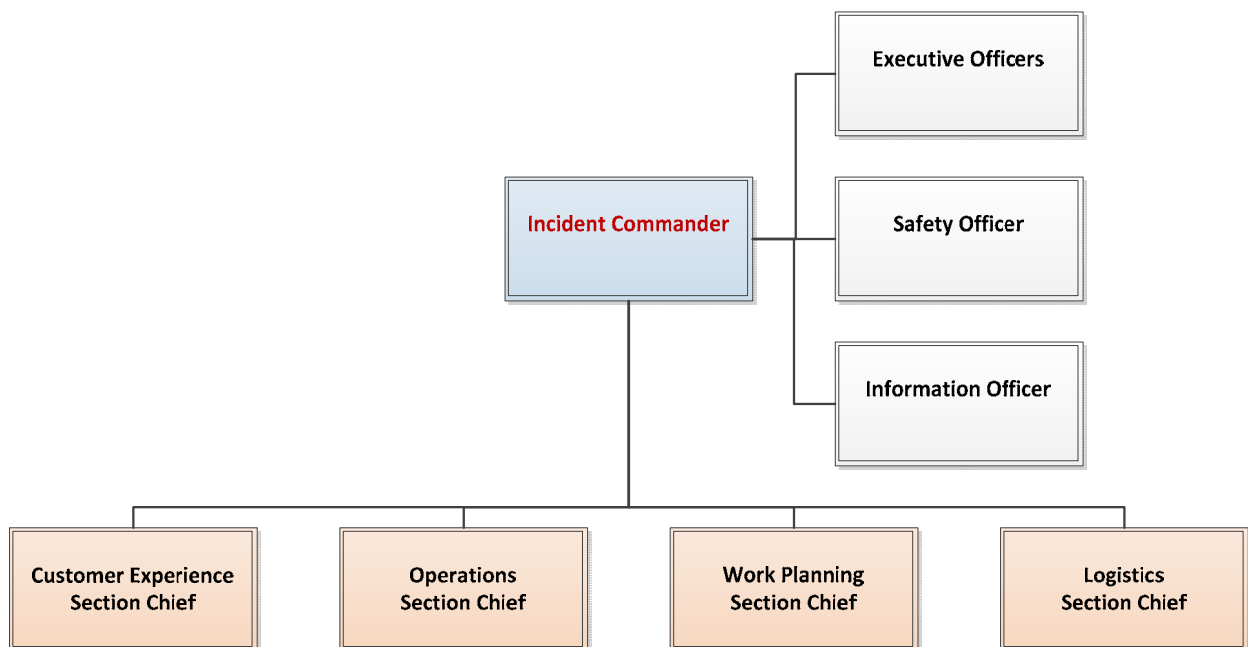

Q-37. Refer to the Hermann Testimony, page 11, lines 11-12. Provide a copy of Incident Command System manual.

A-37. Please see attached.

Energy Delivery Storm Incident Command System

1) Incident Command System

Energy Delivery has adopted an Incident Command System (ICS) structure for responses to emergencies and outage events. The structure is one component of the National Incident Management System (NIMS), and accommodates all types and sizes of emergencies. This structure and associated processes also provide assurance the Company responds to events on the electric and gas systems in a timely, effective, and consistent manner. Finally, the ICS provides for standard communications during emergencies, to key stakeholders, both internal and external to the Company.

The established chain of command throughout LG&E's ICS is used to communicate direction and maintain management control. Although direction must flow through the chain of command, members of the organization may directly communicate and work with each other to ask for or share information. ICS team members work within the ICS position descriptions and follow the designated reporting relationships, regardless of their non-emergency positions or everyday reporting responsibilities.

a) Incident Commander

Energy Delivery Storm Incident Command System

The Incident Commander is responsible for overall management of an incident, for ensuring compliance with applicable internal policies and government regulations, and for determining strategy and tactical objectives. The Incident Commander is ultimately responsible for public and personnel safety, resource management, and internal and external information releases.

The Incident Commander shall be designated by the highest ranking qualified management representative that is available at the time of an incident. The Incident Commander shall be responsible for appointing or identifying the following positions in response to an incident on the LG&E or KU electric systems:

- i) Executive Officers
- ii) Safety Officer
- iii) Information Officer
- iv) Customer Experience Section Chief
- v) Operations Section Chief
- vi) Work Planning Section Chief
- vii) Logistics Section Chief

In addition to designating the above positions, the Incident Commander shall also be responsible for:

- i) Establishing a Command Post if one has not been set up.
- ii) Ensuring public safety and the safety of all resources supporting system restoration or emergency response efforts.
- iii) Maintaining communications with senior management regarding status, activities, and issues.
- iv) Ensuring safety performance, system status, resource levels, regulatory issues, and all external communications are logged.
- v) Coordinating response activities with incident response emergency response and government officials and agencies.
- vi) Coordinating work activities between work groups representing various phases of operations.

The Incident Commander is responsible for establishing and monitoring the incident organization. The organization should be large enough to manage the incident at hand, yet, resource use must be efficient and cost effective. Anticipated expansion or contraction of incidents shall require changes to the organization.

Energy Delivery Storm Incident Command System

b) Executive Officers

The Executive Officer group will be responsible for assisting the Incident Commander by communicating with senior management, community leaders, and public officials.

c) Information Officer

At the onset of response to an incident on the electric system, the Incident Commander shall work with Corporate Communications to designate an incident Information Officer (IO). The IO shall be responsible for control and release of information pertaining to an incident response. All information to be released must be approved by the Incident Commander and appropriate Executive Officer prior to release. The primary focus of the IO shall be to alert, warn, and instruct the public and customers during emergencies involving Company facilities.

d) Safety Officers

At the onset of response to an incident on the electric system, the Incident Commander shall designate a Safety Officer (SO). The SO has responsibility for assessing hazards and unsafe conditions associated with the incident, and developing, implementing, and monitoring an incident safety plan which assures:

- i) Public and personnel safety.
- ii) All personnel responding to the incident are properly trained and qualified to perform restoration activities.
- iii) All personnel responding to the incident are aware of identified safety hazards and unsafe conditions.
- iv) All off system resources receive safety passport training.
- v) Adequate safety professional representation is in the field.
- vi) Safety performance is monitored and reported on throughout the restoration effort.

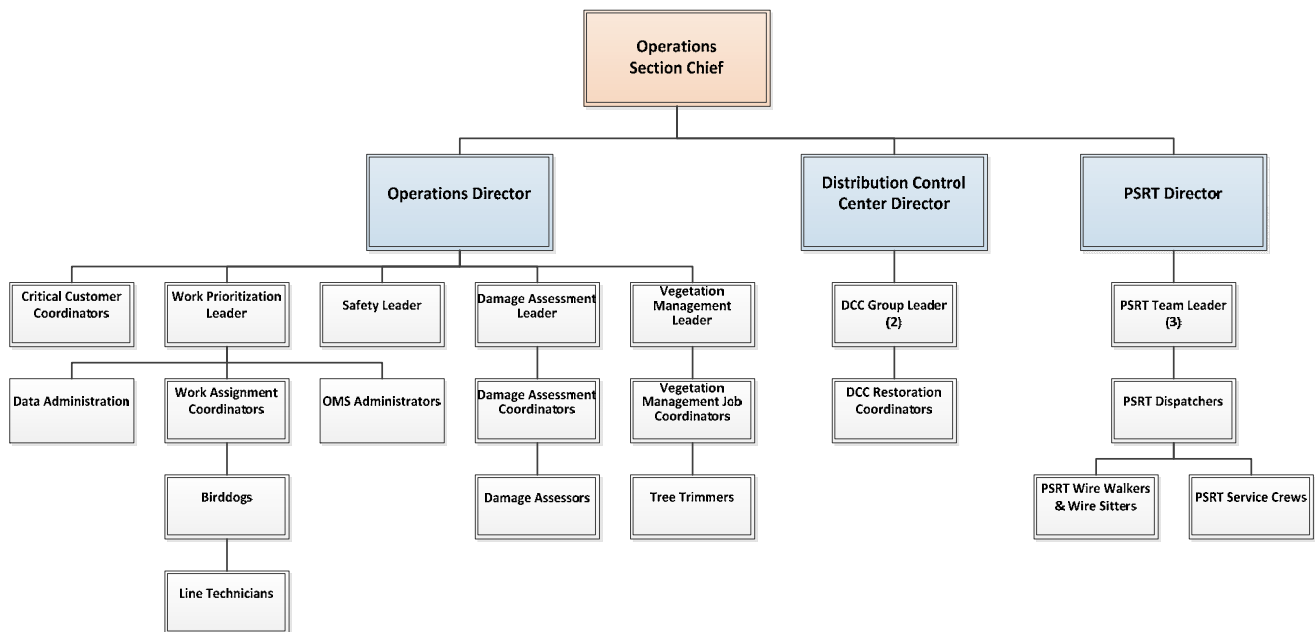

e) Incident Command Sections

Four key components of the Incident Command System are the Customer Experience, Operations, Logistics, and Work Planning Sections. All of these sections are essential to timely and effective restoration of customer service, repair of infrastructure damage, and provision of estimated restoration durations.

Energy Delivery Storm Incident Command System

i) Operations Section

The Operations Section of the Incident Command structure has overall responsibility for effectively managing available resources, developing and implementing plans for responding to system outages and damages, and protecting the public from damaged energy sources.

(1) Operations Section Chief

The Operations Chief has responsibility for overseeing and coordinating restoration responses; assuring effective and efficient utilization of available resources; identifying resource needs and restoration projections based on those needs; and overseeing the following:

- (a) **Operations Director (OD)** - or their designee, shall be responsible for:
 - (i) Personnel – identifying, coordinating, and managing resource requirements, including
 1. Line Technicians
 2. Vegetation Management Personnel
 3. Damage Assessors

Energy Delivery Storm Incident Command System

4. Bird Dogs
 - (ii) Restoration and Repair Planning – developing tactical responses to emergencies, including public safety, restoration prioritization, critical customer identification, work assignment, and resource allocation
 - (iii) Restoration Durations – predicting restoration durations for areas of responsibility, assessing system damages against resources, and developing communications methodology which assure times are accurately and effectively communicated to internal and external customers.
 - (iv) Vegetation Management Resource Leader (VMRL) or their designee, shall be responsible for:
 1. Resources – the VMRL shall be responsible for working with the Operations Directors to equitably and effectively allocate and utilize vegetation management resources during restoration responses.
 2. Tactical Planning – the VMRL shall also be responsible for working with the Operations Director to develop plans for removing vegetation which inhibits restoration, including trimming circuits before resources are available, supplementing large crews with dedicated resources, and conducting post repair cleanup on damaged circuits.
 - (v) Assessment Leader (AL) – or their designee, shall be responsible for:
 1. Resources – the AL shall be responsible for identifying damage assessment resource needs, and working with the Operations Director and PSRT Leader to acquire/assign needed resources.
 2. Damage Assessment – the AL or their designee shall be responsible for reviewing system outages and working with Work Planning and the Work Prioritization Leader to identify circuits or parts of the system that need further damage assessment based on outages and resource availability.
 - a. Damage Assessors – are responsible for conducting field assessments of assigned circuits/events, identifying and documenting system damage, and working with Damage Assessment Coordinators to predict resource (personnel, equipment, and materials) needs and estimated restoration durations.
 - b. Damage Assessment Coordinators – are responsible for assuring adequate assessment resources are available, assigning assessment work based on established priorities, accumulating damage assessment data, evaluating and reporting system impacts, and working with Work Planning and the Resource Managers to predict resource needs and restoration durations.

Energy Delivery Storm Incident Command System

3. Post Restoration Assessment - the Assessment Leader or their designee shall be responsible for reviewing system outages and working with the Work Planning Leader to identify circuits or parts of the system that need damage assessment based on outages and resource availability. The Assessment Leader shall work with the PSRT Leader, and Operations Director to identify available resources for performing assessments.
- (vi) Work Prioritization Leader (WPL) - or their designee, shall be responsible for:
1. Critical Customer Coordination – responsible for staying abreast of critical customers impacted by system outages, and utilizing this information to prioritize restoration and repair. This includes utilizing available information systems and reports, working with the Critical Customer Coordinator, and communicating with the Distribution Control Center Lead and Resource Operations Director or their designees, to identify and prioritize critical customer issues.
 2. Customer Counts – identifying and prioritizing restoration and crew assignments based upon circuit customer counts.
- (vii) Work Assignment Leader - or their designee, shall be responsible for:
1. First Responders and System Switching – working with the Distribution Control Center to identify resource needs, including single-man and multiple-man truck first responders, and third shift resources to dedicate to emergencies, first response, and switching.
 2. Work Packet Assignment - assigning resources to outage events based on priorities established by the Work Planning Leader.
 3. Public Works – assigning resources to assist local governments with clearing streets and tree removal.
- (viii) Safety Lead – or their designee, shall be responsible for:
1. Passporting – ensure that all internal and external personnel responding to emergencies or outage events are properly passported and administrated.
 2. Safety Oversight – work closely with the Operations Section Chief to resolve all safety issues associated with orientation and qualification of responding resources. Additionally, assist the Operations Section Chief with investigating all safety incidents.
 3. Safety Communications – work with the Operations Section Chief to assure timely reporting of safety messages, operations practices, policy changes, or safety incidents which occur throughout the duration of restoration efforts.
- (ix) Administration

Energy Delivery Storm Incident Command System

1. Resource Management Administrator
 - a. Work Assignment Administration – track circuit assignments to birddogs and line technicians resources;
 - b. Hot Line – answer phones dedicated to the provision of resources to field personnel, including safety, tree trimming personnel, materials, traffic control, locates, and security.
 2. OMS Administrator
 - a. Estimated Restoration Durations – utilize the Storm Management Tool to update OMS with estimated restoration times.
 - b. Crew Assignments – record crew and birddog assignments in OMS (by circuit).
- (b) **PSRT Director** – or their designee, shall be responsible for:
- (i) Overseeing the PSRT functions consisting of the following
 1. Training – ensure that all wire walkers, wire sitters, and service crews are trained once per year. Additionally conduct bi-weekly refresher training for PSRT dispatch teams (Lexington and Louisville) scheduled for on-call.
 2. Activation – activate dispatch and field teams and ensure appropriate tracking of these resources is in place
 3. Execution – monitor execution of wire down coverage, determine if additional resources are needed, and ensure shift rotations are established
 4. Deactivation – support the DCC on clean-up, re-hooks with service crews, and deactivate field and back-office personnel as volume decreases.
 - (ii) LGE and KU PSRT Leaders – or their designee, shall be responsible for:
 1. Process and Software Changes – review processes and make enhancements to ensure more efficient operations. Work with DCC on software changes that impact dispatcher interaction.
 2. Training – conduct training sessions for all PSRT participants and ensure documentation and job aids are current. Track training history in a central repository.
 3. Activation – establish callout procedures and schedules for dispatcher teams. Identify supervisors and managers that are required to assist in identifying field personnel for walking and sitting.
 4. Execution – ensure proper dispatcher resources are available for storm event along with the proper number of field personnel. Utilize a resource team to track all resources and establish appropriate shifts for multi-day events.

Energy Delivery Storm Incident Command System

5. Deactivation – ensure a deactivation plan is in place and agreed to by the DCC. Ensure adequate resources are available to assist the DCC with clean-up work and re-hooks.

(c) **Distribution Control Center Director** – or their designee, shall be responsible for:

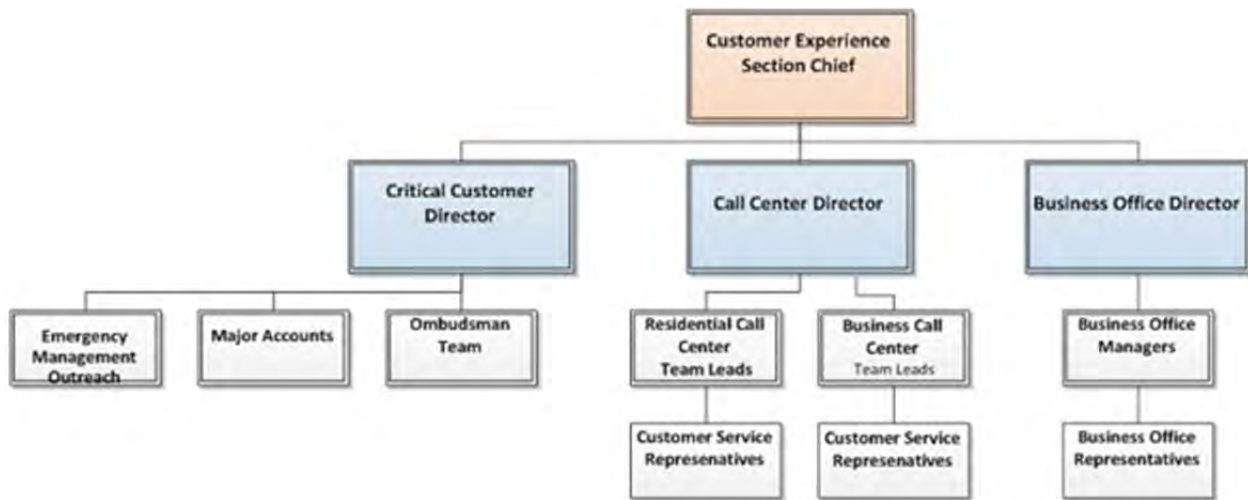

(i) Managing and overseeing operations and control of the Electric Distribution System:

1. Staff – establish schedules to ensure maximum coverage by Restoration Coordinators in all areas for all shift periods.
2. Dispatch – timely dispatching of events from the OMS system.
3. Restoration – safe, efficient restoration of outages through proper prioritization, the identification of damages to distribution facilities and the necessary control to direct restoration before repairs can be made.
4. Switching/Carding – the safe, efficient control of the distribution system to facilitate the safest, quickest restoration.
5. Reports – reporting OMS Data both internally as required but also externally (ex. – KPSC).
6. Collaboration – facilitating the safe, efficient restoration of power in conjunction with the timely collection and reporting of data to support all personnel under the Operations Section Chief.
7. Communication – assimilating necessary information shared between areas (Operation Centers, Transmission, Simpsonville Control Center, Retail, etc) to facilitate the efficient operation of the OMS system which provides operational data back to groups working under the Operations Section Chief.

ii) Customer Experience Section

Although the customer experience is the responsibility of all employees, the Customer Experience Section's main priority is the interaction with affected customers, emergency operation centers, critical customers, local authorities and governmental entities. They will be responsible for taking customer outage and emergency information and entering pertinent data into the appropriate information management systems and funneling other critical information to the appropriate groups within the ICS structure.

Energy Delivery Storm Incident Command System

(1) Customer Section Chief

The Customer Section Chief has responsibility for coordinating interactions with various customer groups via the Call Center, Ombudsman, Local Offices, or Emergency Operation Centers. This position will ensure consistent messages are being related to customers as well as the Information Officer. The Customer Section Chief will also ensure the various communication channels are working properly and allowing affected customers to identify outages and obtain update information. The Section Chief will also provide critical statistical information to the Incident Commander on an as-needed basis.

(a) **Call Center Director** – or their designee, shall be responsible for activating the various call center locations for handling outage calls from customers as well as maintaining normal communications for non-affected customers. The Call Center Director will establish appropriate shifts and will ensure all Customer Service Representatives (CSRs) are consistent in their communications messages to the customers. The position will also ensure emergency calls are properly elevated within the information systems as well verbally when required. The Call Center Director will also track performance metrics during the restoration event and provide various statistics to the Customer Section Chief to be utilized by the Incident Commander.

Energy Delivery Storm Incident Command System

- (b) **Critical Customer Director** – or their designee, shall have oversight for serving as a customer communications channel for:
- (i) **Emergency Management Outreach (EMO)** – ensuring emergency operations centers are staffed as requested from regional emergency management directors;
 - 1. The EMO Lead’s sole responsibility is to ensure LGE-KU has representation at various EOCs throughout the service territory. This means establishing relationships with EOC points of contact prior to weather events and then staffing these centers when activated. The EMO Lead shall also work with all company personnel to ensure consistent and timely information is being relayed to these centers.
 - (ii) **Major Accounts** – communicating with major customers throughout restoration efforts to ensure timely and accurate information is available to assist customers with making critical decisions;
 - (iii) **Ombudsman Team** - serve as customer communication channel for key accounts, schools, local politicians, etc. whom need specific information and assistance during restoration activities.

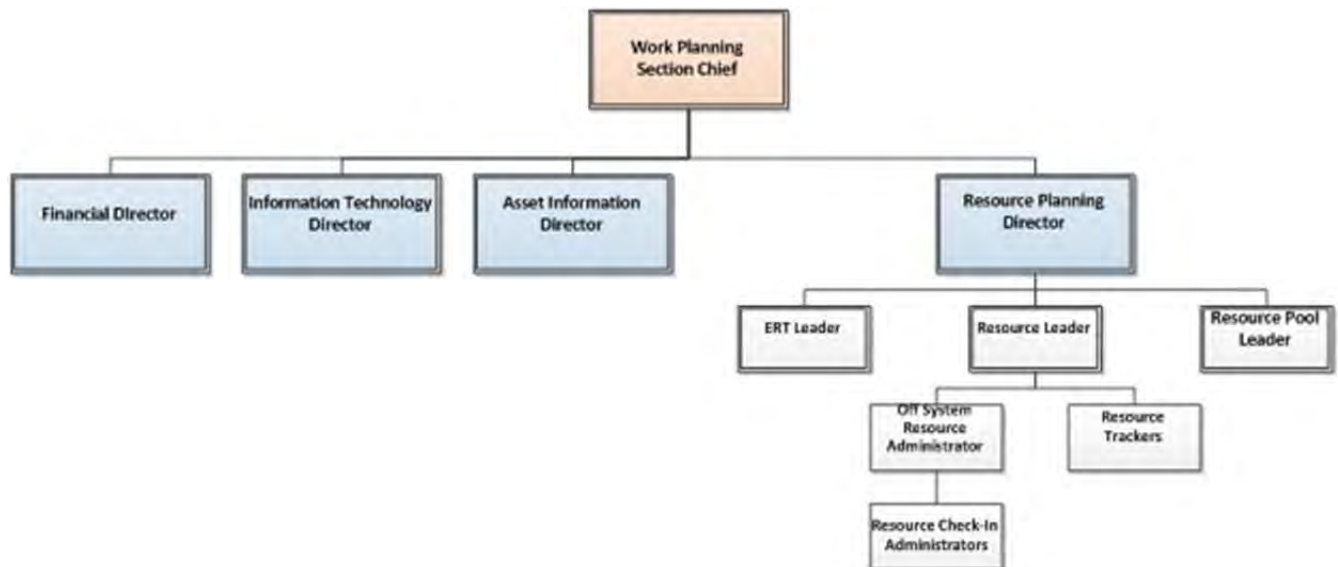

The Critical Customer Coordinator shall be responsible for ensuring the group is adequately staffed and will establish the necessary processes to obtain and communicate critical information throughout the ICS and to internal and external customers.

- (c) **Business Office Director** – or their designee, shall be responsible for working with areas affected by outages or emergencies and making local business offices available for customers to provide outage information and obtain updates on their restoration status. Local offices play a critical role in supporting the community especially when communication services have been impacted by the weather event.

i) Work Planning Section

The Work Planning Section shall be responsible for managing all information relevant to an incident, and assisting the Incident Commander, Operations Section, and Logistic Sections with tracking, documenting, and reporting resources, estimated restoration times, finances, and facility data.

Energy Delivery Storm Incident Command System

(1) Work Planning Section Chief

The Work Planning Section Chief shall have central responsibility for assuring resources meet outage and system damage needs, are accurately accounted for, and are equitably and strategically distributed. This individual shall also be responsible for tracking and reporting on resources and costs, working with Asset Information and Information Technology. The Planning Chief shall also work closely with the Operations Section Chiefs and Incident Commander to help identify resource needs, and predict restoration durations.

The following positions shall be considered crucial to the Work Planning Section:

- (a) **Resource Planning Director** – or their designee, shall have overall responsibility for:
- (i) Working with Incident Commanders, Senior Management, and Operations Sections Chiefs to identify resource needs across Energy Delivery based on system damage and predicted restoration durations, and for working with management personnel, mutual assistance groups, and business partners to secure, mobilize, demobilize, and track needed resources.

Energy Delivery Storm Incident Command System

- (ii) Continuously monitoring Estimated Restoration Times (ERT) to assure adequate and equitable distribution of available resources across service areas as customer outage counts change.
- (iii) Continuously monitoring critical and priority customers to assure ERT are set and adhered to.
- (iv) Establishing a single point of contact for 'off system' resources, when delegated by the Incident Commander.
- (v) Assuring the Logistic Chief Incident Command Structure is provided sufficient data to trigger logistics processes necessary to support restoration resources.
- (vi) Development and maintenance of standard spreadsheets and associated administrative processes, which provide for timely and accurate accounting and reporting of internal and external resources responding to a restoration effort.
- (vii) Assuring the reporting needs of the Work Planning Chief and Financial Director are satisfied, and for working with the Information Technology Director to assure that needed information management systems meet resource planning needs.
- (viii) Developing the Daily Alignment Report (DAR) which highlights overall objectives for the day.
- (ix) ERT Leader - or their designee, shall have overall responsibility for:
 1. Resources - working with the Operations Directors, Operations Resource Rooms, and the Distribution Control Center Directors to establish area specific resource needs and availability, including line technicians, service crews, bird dogs, bull dogs, damage assessors, and post completion inspectors. Also, working with the Resource Transition Leader and Resource Tracking Leader to evaluate and execute alternatives for acquiring resources needed to restore service and repair system damage.
 2. Throughout the restoration effort, responsible for assessing system wide outage counts, damage assessment information, and crew availability data to develop flexible resource allocation plans.
 3. Coordinates with the Operation Directors and Operations Resource Rooms to monitor and modify ERTs at the local area and circuit levels.
 4. Continuously works with the Planning Director, Operations Chiefs, and Operations Directors to assure that proposed and executed resource allocation plans meet operational needs. This includes development of mobilization plans and release schedules for off system resources.
- (x) Resource Leader - or their designee, shall have overall responsibility for:

Energy Delivery Storm Incident Command System

1. Communications - establishing and maintaining a central point of contact for all off system resources responding to assist, once delegated by an Incident Commander or Operations Section Chief.
 2. Terms and Condition - exchanging critical information with identified available 'off system' resources, including contract, safety, operations, and regulatory requirements and keeping the Resource Planning Director apprised of any conflicts that may eliminate an identified resource from assisting.
 3. Crew Rosters - securing crew and equipment rosters and coordinating data entry into the centralized transition spreadsheet..
 4. Resource Clearing House - serving as a clearinghouse for all offers of assistance by contractors and utilities not engaged by the Company; and, working with the Planning Director and ERT Leader to determine if offered resources are needed and should be secured.
 5. Logistics - communicating reporting locations, directions, contact numbers, hotel and food arrangements, and provision of department of transportation exemptions where applicable for off-system crews. Also, interfaces with Logistics ICS organization to ensure accommodations are in place for lodging, meals, transportation, security, and staging.
 6. Release Schedules - works with the Resource Planning Leader to stay apprised of mobilization and release schedules which may impact off system resources, and assures off system management teams are notified on a timely basis.
- (xi) Resource Tracking Leader - or their designee, shall have overall responsibility for:
1. Resource Data Administration - responsible for maintaining data in the centralized spreadsheets on resident employees and local contract partners that would be utilized in response to customer outages and system damage.
 2. Coordinates with the Operations Resource Rooms to validate existing resources allocated to their work locations.
 3. As assigned by the Planning Director, responsible for working with the Resource Transition Leader and Operations Directors during restoration efforts to administrate and maintain data on internal and external resources assisting with service restoration and system repair.
 4. Executive Report – responsible for compiling the executive report summarizing current outages, resources on hand by classification and other information.

Energy Delivery Storm Incident Command System

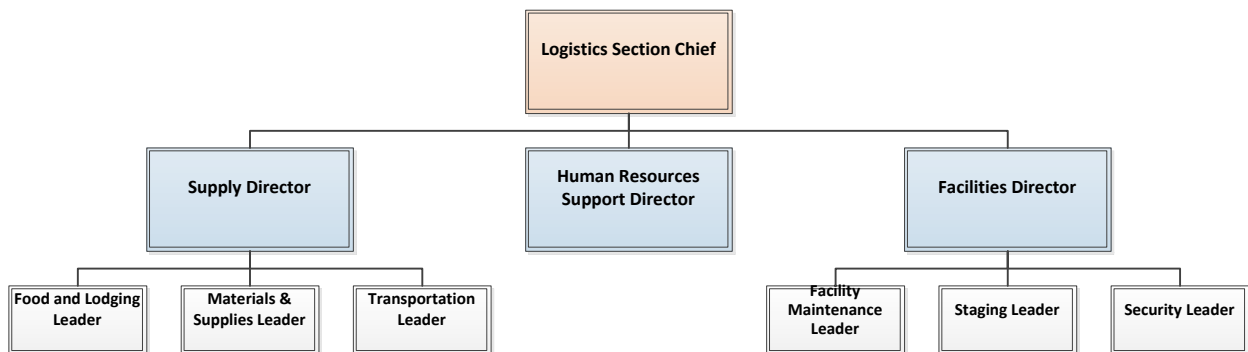

5. Resource Reports – responsible for identifying organizational resource reporting needs and working with Information Technology to develop reports, training tools, and job aids necessary to provide end users timely and easy access during restoration efforts.
 6. Performance Metrics - accountable for development, monitoring, and reporting key performance indicators associated with resource availability and distribution.
- (xii) Resource Pool Leader – or their designee, shall have overall responsibility for:
1. Serving as a repository for resource allocations;
 2. Tracking available and unassigned personnel and business partner resources during restoration efforts;
 3. Working with the Resource Leader to identify resource needs throughout the ICS;
 4. Updating resource rosters to reflect assignments to roles in the ICS.

ii) Logistics Section

The Logistics Planning Section Chief shall have central responsibility for assuring all incident support needs are provided by the Logistics Section. The Logistics Section is responsible for the following:

- Facilities
- Transportation
- Communications
- Security
- Equipment Maintenance and Fueling
- Meals
- Ordering and Distribution Resources and Supplies
- Human Resources and Needs

Energy Delivery Storm Incident Command System

The following positions shall be considered crucial to the Logistics Section:

(1) Logistics Section Chief

The Logistics Planning Section Chief shall have central responsibility for assuring all incident support needs are provided by the Logistics Section.

The following positions shall be considered crucial to the Logistics Section:

(a) Supply Director – or their designee,

(i) shall have overall responsibility for:

1. Working with Incident Commanders, Senior Management, and Operations Sections Chiefs to procure and provide identified material, transportation, equipment, meals, and general supply needs across Energy Delivery.
2. Assuring the Logistic Chief Incident Command Structure is provided sufficient data to trigger logistics processes necessary to support restoration resources.
3. Assuring the reporting needs of the Work Planning Chief and Financial Director are satisfied, and for working with the Information Technology Director to assure that needed information management systems meet resource planning needs.
4. Procurement activities include establishment of commercial terms, billing rates and current insurance forms for external resources being mobilized to the LG&E and KU service territories; securing of adequate Lodging for all affected responding resources in the geographical area of the restoration event; securing of Meals (Restaurants and/or in conjunction with an established Staging Area);

Energy Delivery Storm Incident Command System

laundry (dependent upon the activation of a (long term) crew staging area); and stationary and mobile fueling.

- (ii) Food and Lodging Leader - or their designee, shall have overall responsibility for coordinating with local restaurants or staging sites to secure adequate meals for labor resources allocated to the restoration effort.
1. The Food and Lodging Leader is responsible for contacting and establishing specific local restaurants, preferably in the area where either work is being performed or where crews are being lodged, in the initial stages of a restoration effort, capable of serving meals to potential external and company crews responding to a restoration event. The duration of this function will be determined by the time needed to support restoration personnel requiring the use of staging areas or as requested by local Operations Management. Food coordinator will ensure the proper use of purchasing cards for payment.
 2. In addition to coordination of food this position is responsible for identifying and securing the appropriate number of hotel rooms, in the appropriate areas of the restoration area, consistent with the number of external crew personnel that are responding to the event. This position will also track the number of rooms available and occupied as well as an expense recap of lodging costs throughout the restoration event and report this information daily to the Data Collection position.
- (iii) Materials/Supplies Leader - or their designee, shall have overall responsibility for:
1. Working with area storerooms and Operations Directors to maintain necessary materials and supplies inventory levels, and keeping material providers advised of projected needs based on reported system damages.
 2. Material management activities include storeroom operations and material logistics. Logistics can be a huge challenge during large-scale events and require coordination of job site delivery and/or the operation of mobile storerooms at established personnel staging areas.
 3. Management of material return processes post restoration.
 4. In the event of a single location restoration effort, the Material Lead function will be performed by a designated person. This lead will be assigned by the Supply Logistics Section Chief and typically be either a

Energy Delivery Storm Incident Command System

local Material Specialist, or Material Supervisor responsible for the impacted storeroom/warehouse.

5. In a multi-site restoration effort,
 - a. A Material Lead will be assigned to each impacted area and oversee the operations of the associated storerooms/warehouses in that impacted area
 - b. Material Leads will be responsible for the material support functions (denoted above) in the assigned area
 - c. A Material Supply Coordinator function will be established to work with the individual Material Leads and all affected suppliers to ensure that an adequate and optimized flow of materials to all affected sites is established and maintained throughout the restoration event.

(iv) Transportation Leader – or their designee, shall have overall responsibility for ensuring adequate transportation and equipment resources are available to respond to restoration efforts, including:

1. Light duty vehicles
2. Heavy duty vehicles
3. Power operated equipment
4. Trailers

The TL shall also be responsible for working with fueling stations and mobile fueling providers, as needed, to ensure adequate fuel is available for vehicles and power operated equipment during emergencies.

(b) Facilities Director – or their designee, shall be responsible for ensuring Company facilities are adequately staffed, secured, and maintained during emergency restoration efforts. Additionally, the Facility Director shall be responsible for working with the Incident Commander, Work Planning Section Chief, and Operations Section Chief to identify staging needs, and direct the setting up, monitoring, controlling, and securing of staging areas, as needed.

- (i) Staging Leader - or their designee, shall have overall responsibility for working with the Work Planning Section to identify staging needs, including parking, check-in, pass-porting areas, materials processing, housing, meals, restrooms, and showers. The Staging Leader shall also be responsible for working with the Security Leader to identify security needs for established staging areas.

Energy Delivery Storm Incident Command System

- (ii) Security Leader - or their designee, shall have overall responsibility for overseeing, coordinating, scheduling, and monitoring the security of Company facilities and staging areas during responses to emergencies. The Security Leader shall also be responsible for coordinating job site security where requested from the Operations Section. Finally, the Security Leader shall have oversight over the Continuity Leader.
 - (iii) Continuity Leader – or their designee, shall have responsibility for ensuring established business continuity plans are executed for impacted areas throughout responses to emergencies.
- (c) **Human Resources Director** – or their designee, shall function as the support mechanism for employees and families of employees who are working on restoration activities, but also have crisis issues at home due to the weather event or emergency. The Human Resources Director will work with various outside entities to provide support to employees' families when in need of basic functions such as food, shelter, and home repairs.

KENTUCKY UTILITIES COMPANY

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 38

Responding Witness: Chris Hermann

- Q-38. Refer to the Hermann Testimony, page 12, at lines 11-17. Provide a copy of the supplier contract with Brownstown Electric Service Corporation, Brown Wood Preserving, and Howard Industries.
- A-38. See attached. Certain information requested is confidential and proprietary, and is being provided under seal pursuant to a petition for confidential treatment.

CONTRACT**Distribution Wood Poles**

This Contract is entered into March 1, 2010 by and between Louisville Gas and Electric Company, (LG&E) a Kentucky corporation whose address is 820 West Broadway, Louisville, Kentucky 40202 and Kentucky Utilities Company, (KU) a Kentucky corporation, whose address is One Quality St., Lexington, KY 40507 each as BUYER, and Brown Wood Preserving Company, Inc., whose address is 6201 Camp Ground Road, Louisville, KY 40216 as SELLER. The parties to this Contract hereby agree as follows:

1. Contract Documents. Included as part of the Contract between them are terms and conditions of the attachments to this main body of the Contract, as follows:

Attachment A	Definitions
Attachment B	General Service Agreement
Attachment C	Products/Pricing
Attachment D	Price Escalation Policy

The definitions provided in Attachment A apply to the words and phrases in each of the Contract documents.

2. Term.

a. **Initial and Renewal Terms.** The initial term of the Contract is three (3) years with options for two (2) periods of one year each. The Contract may be renewed at the end of the initial and each subsequent renewal term by mutual written agreement of the parties. The "Initial Term" and any "Renewal Term" shall be collectively referred to as the "Term".

b. **Cancellation and Termination.** Either party may terminate the Contract for breach by the other effective following written notice and a reasonable opportunity to cure the breach. Either party may terminate the Contract, at that party's sole discretion, for any or no reason, upon at least 90 days' prior written notice.

3. Primary Supplier.

a. **General Obligation.** The obligation of SELLER is to transfer, deliver, and perform, and that of BUYER is to accept and pay, in accordance with this Contract.

b. **Products.**

i. BUYER will use SELLER as its primary supplier of the Products, which are identified as TRANSMISSION & DISTRIBUTION WOOD POLES. A total list of the items and the price will be stated on Attachment C. BUYER may unilaterally add or delete a Product from Attachment C. SELLER will provide BUYER with prior notice of any changes in Product brand

names, chemistry, or composition. Unless BUYER specifically provides written consent otherwise for a particular Product, SELLER will supply Products new.

ii. BUYER will buy Products from SELLER unless, in the reasonable opinion of BUYER, SELLER is unable to deliver Products as and when specified or needed by BUYER or of the quality and with the service BUYER specifies or needs.

iii. The purchase price for each Product will be as specified on Attachment C. SELLER will sell Products to be consumed in BUYER's facilities, at the specified purchase price, to suppliers approved by BUYER.

1) Right to Purchase from Other SELLERS. BUYER may purchase any of the Products from sources other than SELLER if:

- (i) SELLER, in the good faith opinion of BUYER is unable to deliver a Release against this Contract for Products as and when needed;
- (ii) such purchase of products is reasonably necessary, in the sole discretion of BUYER, to support BUYER's women-owned and minority-owned business and affirmative action support policies;
- (iii) the Product requires physical modifications before BUYER can use it;
- (iv) the Product must be modified to BUYER's equipment in Release for BUYER to use such Product; or
- (v) in the sole discretion of BUYER, quality, service or pricing concerns so dictate.

4. Pricing.

a. Determination of Purchase Price. Pricing for the Products is firm for the first year of the Initial Term pursuant to Attachment C. Prices for the Products thereafter will be reviewed in accordance with Attachment D with respect to each twelve month period following March 1st of any year during the Term, with pricing adjustments, if any, to Products being effective for the year immediately following such March 1st date (i.e., pricing being proactively effective for the next 12 month period, and not being retroactively applied for the prior 12 month period).

5. Inspecting, Testing, and Auditing

a. Right of Inspecting and Testing. BUYER reserves the right, but shall not be obligated, to appoint representatives to follow the progress of the Work with authority to suspend any Work not in compliance with this Agreement. The appointment, or absence of an appointment, of such representatives by BUYER shall not have any effect on warranties. Acceptance or approval by BUYER's representative shall not be deemed to constitute final acceptance by BUYER, nor shall BUYER's inspection relieve SELLER of responsibility for proper performance of the Work.

Inspection by BUYER's representative shall not be deemed to be supervision or direction by BUYER of SELLER, its agents, servants, or employees, but shall be only for the purpose of attempting to ensure that the Work complies with this Agreement. In the event SELLER fails to provide BUYER with reasonable facilities and access for inspection when advised, and if in the opinion of BUYER it becomes necessary to dismantle the Work for such inspection, then SELLER shall bear the expenses of such dismantling and reassembly.

b. Right of Auditing. SELLER shall maintain complete records relating to any cost-based (i.e., Work not covered by firm prices) components of the Work billed under this agreement or relating to the quantity of units billed under any unit price provisions of this Agreement (all the foregoing hereinafter referred to as "Records") for a minimum of five years following the latest of performance of, delivery to BUYER of, or payment by BUYER for, such Work or units. All such Records shall be open to inspection and subject to audit and reproduction during normal working hours, by BUYER or its authorized representatives to the extent necessary to adequately permit evaluation and verification of any invoices, payments, time sheets, or claims based on SELLER's actual costs incurred in the performance or delivery of Work under this Agreement. For the purpose of evaluating or verifying such actual or claimed costs, BUYER or its authorized representative shall have access to said Records at any time, including any time after final payment by BUYER to SELLER pursuant to this Agreement. All nonpublic information obtained in the course of such audits shall be held in confidence except pursuant to judicial and administrative order. BUYER or its authorized representative shall have access, during normal working hours, to all necessary SELLER facilities and shall be provided adequate and appropriate work space to conduct audits in compliance with the provisions of this Article. BUYER shall give SELLER reasonable notice of intended audits. The rights of BUYER set forth in this paragraph shall survive the termination or expiration of this Agreement.

6. Orders.

a. Placement. BUYER will request Products or services described on Attachment C by providing SELLER with Orders therefore. Terms and conditions in an Order are applicable only to the Products and services requested therein.

b. Withdrawal. BUYER may withdraw an Order at any time, with or without cause, upon notice to SELLER. BUYER will have no liability for withdrawal of an Order or an Order with respect to which SELLER is in default or anticipates default. BUYER's liability for withdrawal of an Order with respect to which SELLER is not in default will not include any profit (or other return to capital or contribution to overhead) and will be limited to:

i. for services and Products specially manufactured for BUYER, SELLER's actual costs (up to, but not to exceed, the purchase price therefore) incurred in its performance of the Order prior to BUYER's notice of withdrawal;

ii. for Products not specially manufactured for BUYER, SELLER's actual costs incurred in attempting or stopping delivery of the Products.

c. Form of Communication. Withdrawals of an Order will be made in the same medium and subject to the same standards as used for that Order.

7. Product Shipment and Delivery.

a. Shipping Instructions. SELLER will ship products to the destination and in accordance with the shipping instructions set forth in the Order thereto. The default terms for deliveries in the absence of shipping instructions are F.O.B. the destination.

b. Expedited Handling. If BUYER authorizes "emergency expedited handling" of an Order or portion thereof, BUYER will pay SELLER for its reasonable and actual additional costs associated with that handling which are itemized and submitted to BUYER for payment.

c. Title and Risk of Loss. Title and risk of loss or damage to Products supplied by SELLER pass to BUYER when such Products have been delivered in accordance with BUYER's shipping instructions to the destination set forth in those instructions or, in the absence of shipping instructions, delivery F.O.B. destination.

d. Untimely Delivery. If SELLER fails to deliver a Product by the time specified in the Order, BUYER may obtain a Cover Product. SELLER will issue BUYER a credit for any cost or expense reasonably incurred by BUYER due to SELLER's failure to deliver by the time specified in the Order, including the difference between the cost of any Cover Product obtained and the Contract price for the corresponding Product.

8. Invoices and Payments.

a. Invoice. SELLER shall provide individual invoices separately to LG&E/KU for products not on Attachment C or for any additional freight. These individual invoices may be in written form via facsimile or first-class mail or they may be sent electronically. In any form, the invoice shall be in such detail and format as is mutually acceptable to the parties. No invoices shall be sent for items on Attachment C as invoices will not be required with the "Evaluated Receipt Settlement" (ERS) process.

b. Payment Obligation.

i. BUYER will have no obligation to pay for any Product delivered to it but which it did not order unless BUYER notifies SELLER in writing of its election to purchase the Product.

ii. BUYER's obligation to pay for a Product or service will not accrue until after the Inspection Period for that Product or service.

iii. BUYER will become obliged to pay an invoice item it disputes only upon, and in the amount of, a resolution of the dispute.

c. Payment Terms. Net 30 days.

d. Credits. BUYER may apply against invoiced amounts any credits issued by SELLER or which SELLER agrees are due BUYER. Within five (5) business days of BUYER's request

therefore, SELLER will pay to BUYER any credits issued or agreed to be due which have not been applied against invoiced amount.

9. Replacement or Return of Products and Services.

a. Return. BUYER may return a Product to SELLER at any time, and for any or no reason. SELLER will arrange for, and bear the cost of, the return of any Non-Conforming Product or Product not ordered by BUYER and which BUYER does not elect to purchase. BUYER will arrange for, and bear the cost of, returning any other Product to SELLER.

b. Replacement. SELLER will replace a Non-Conforming Product or service with a conforming Product or service within the applicable Cure Period. If SELLER fails to do so, BUYER may obtain a Cover Product or replacement service from whatever source.

i. SELLER will credit to BUYER the purchase price of a returned conforming Product if it is in the condition in which it was delivered and was not specially manufactured for BUYER. SELLER will notify and issue to BUYER any credit due for any other returned conforming Product.

ii. If SELLER replaces a Non-Conforming Product or service, it will either credit to BUYER the purchase price of, or not charge BUYER for, the replacement, at BUYER's option. If BUYER obtains a Cover product or replacement service from another source, SELLER will credit BUYER with:

- 1) the purchase price of the Non-Conforming Product or service;
- 2) the difference between the cost of the Cover Product obtained and the Contract price for the corresponding Product or service; and
- 3) any other cost or expense reasonably incurred by BUYER due to SELLER's failure to replace the Non-Conforming Product or service within the applicable Cure Period.

10. Notices. The default address for any request, authorization, consent, or other notice required or permitted by the Contract is as follows:

a. To SELLER:

Brown Wood Preserving Company, Inc.
6201 Camp Ground Road
Louisville, KY 40216

Attn: David Stanley
502-448-2337
502-448-9944 (Fax)
email- david@brownwoodpoles.com

b. To BUYER:

Kentucky Utilities Company and
Louisville Gas & Electric Company
820 West Broadway
Louisville, KY 40202

Attn: David Campbell
502-627-3581
502-217-2280 (Fax)
email- david.campbell@eon-us.com

11. Standard Terms and Conditions. The General Service Agreement (GSA) of Attachment B are applicable to this Contract and are hereby incorporated by reference as if fully set forth herein. In the event of a conflict between the terms and conditions set forth in the GSA and those set forth above in this executed portion of the Contract, the terms and conditions set forth above shall prevail and control.

IN WITNESS WHEREOF, the parties have executed multiple counterparts of this Contract as of the date set forth in the preamble to this Contract, but actually on the dates set forth below.

Attachment A

Definitions

Affiliate: A parent or subsidiary of a party, or an entity that is more than 50% owned, directly or indirectly, by a party or a parent or subsidiary of a party.

Contract: The body of the Consolidated Supply Contract and any attachments thereto.

Contract Period: The period of time during which the Contract is effective, including the initial term and any renewal terms.

Cover: A Product or service which Buyer in good faith and without unreasonable delay obtains in substitution for that which Seller failed to deliver, perform, or replace by the time specified.

Cure Period: A reasonable period of time, not to exceed five (5) business days, in which Seller must replace a Non-Conforming Product or service.

Date of Delivery: For a Product, the date title passes; for a service, the date its performance is complete.

Hazardous Material: "Hazardous waste," as defined under the Resource Conservation and Recovery Act (RCRA) or analogous state or local laws or regulations adopted pursuant to such laws, or waste containing a "hazardous substance" as defined under the Comprehensive Environmental Response Compensation and Liability Act of 1980 (CERCLA).

Inspection Period: A reasonable time, not less than two (2) business days or more than thirty (30) days, to inspect a Product after its withdrawal from consignment (for a consigned Product) or Date of Delivery (for a non-consigned Product).

Intellectual Property: Inventions, discoveries, processes, methods, designs, ideas, or works fixed in any tangible medium of expression, machine, manufacture, or composition of matter, regardless of whether copyrightable or patentable.

Non-Conforming: A Product, service, or conduct in performance of the Contract or a confirmed Order not in accordance with the obligations (including warranties) of the Contract or the relevant confirmed Order.

Order: A request by Buyer that Seller provide it with a Product or service.

Product: A good or other item included in the listing on Attachment C to the Contract.

Specification: A description of a Product, including drawings and exhibits to which reference is made in the applicable Order or which are otherwise furnished by Buyer to Seller.

GENERAL SERVICES AGREEMENT
E.ON U.S. SERVICES INC. AND/OR AFFILIATES

This "General Services Agreement" is made this 1 day of March, 2010 (the "Effective Date") by and between (i) E.ON U.S. Services Inc. ("E.ON U.S. Services Inc.") and/or its "Affiliates" (as defined below) and (ii) Brown Wood Preserving Company, Inc. ("Contractor"), a Kentucky corporation.

WHEREAS, Contractor desires the opportunity to provide goods and/or services to E.ON U.S. Services Inc. from time to time, and E.ON U.S. Services Inc. and/or its Affiliates desire the opportunity to engage Contractor to provide such goods and/or services through the issuance of Purchase Orders and/or Statements of Work; and

WHEREAS, the parties intend that this General Services Agreement sets forth the exclusive terms and conditions which shall govern the performance of the Work by Contractor for E.ON U.S. Services Inc. and/or any of its Affiliates should E.ON U.S. Services Inc. and/or any of its Affiliates engage Contractor to provide Work.

NOW THEREFORE, in consideration of the premises, the mutual covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties do agree as follows:

ARTICLE I DEFINITIONS

- 1.01 **Affiliate:** "Affiliate" shall mean any entity which, from time to time, in whole or in part, and directly or indirectly, controls, is controlled by, or under common control with E.ON U.S. Services Inc. and shall include, without limitation, Louisville Gas and Electric Company and Kentucky Utilities Company.
- 1.02 **Agreement:** "Agreement" shall mean this General Services Agreement, along with any "Statements of Work" (as defined below) and/or Purchase Order (as defined below) issued by Company and/or any other documentation as may be executed by the parties in accordance with Article 2, and/or other agreed collateral document pursuant to which the Work is to be performed.
- 1.03 **Applicable Laws:** "Applicable Laws" shall mean any and all applicable federal, state or local laws, regulations, codes, ordinances, administrative rules, court orders, permits or executive orders.
- 1.04 **Contract Price:** "Contract Price" shall mean the aggregate of the particular considerations set forth in one or more Purchase Orders or other Statements of Work or as otherwise agreed upon. Unless otherwise agreed in writing, the Contract Price includes all applicable taxes, duties, fees, and assessments of any nature including, without limitation, all sales and use taxes due to any governmental authority with respect to the Work.
- 1.05 **Contractor:** "Contractor" shall mean the entity designated as the "Contractor" in the opening paragraph of this Agreement.
- 1.06 **Company:** "Company" shall mean E.ON U.S. Services Inc. and/or any of its Affiliates as appropriate based on which entity is the party to the applicable Purchase Order and/or Statements of Work or other binding document. The rights and obligations of E.ON U.S. Services Inc. and/or each of its Affiliates hereunder shall be limited to the extent of such party's proportionate utilization of Contractor's services hereunder.
- 1.07 **E.ON U.S. Services Inc.:** E.ON U.S. Services Inc. shall mean E.ON U.S. Services Inc., a Kentucky corporation.
- 1.08 **Purchase Order:** Company may, at its discretion, from time to time, issue one or more of its own "Purchase Order Standard Terms and Conditions" and/or "Contractor Purchase Agreement" ("CPA") (collectively referred to as a "Purchase Order") that may supplement, but in no way or manner ever supersede, this Agreement with respect to any conflicting terms and conditions.

- 1.09 **Statements of Work:** "Statements of Work" shall mean any specifications, instructions, drawings, schedules, a Purchase Order, contracts, scopes of Work, and/or descriptions of Work.
- 1.10 **Tools and Equipment:** "Tools and Equipment" shall mean any tools, equipment, rigging and other general supplies on the Company's premises where the Work is being performed that is either owned and/or leased by Company or by any of its Affiliates.
- 1.11 **Work:** "Work" shall include, collectively, those services, goods and/or obligations as set forth in this Agreement.

ARTICLE 2 SCOPE; BINDING EFFECT

Unless otherwise agreed in a writing executed by each of the parties which evidences a clear intention to supersede this Agreement, the parties intend that this Agreement apply to all transactions which may occur between E.ON U.S. Services Inc. and/or any of its Affiliates and Contractor during the term of this Agreement and which are related to the provision of goods and/or services by Contractor for the benefit of E.ON U.S. Services Inc. and/or any of its Affiliates. Neither E.ON U.S. Services Inc. nor any of its Affiliates makes any commitment to Contractor as to the exclusiveness of this relationship or as to the volume, if any, of business E.ON U.S. Services Inc. and/or its Affiliates will do with Contractor. The parties do, however, anticipate that the parties will agree from time to time for the performance of Work by Contractor. Such agreement for the provision of Work shall be reflected by (a) each of the parties executing a mutually acceptable Statement of Work under this Agreement or (b) Company providing a Purchase Order or other Statement of Work to Contractor and Contractor accepting such Purchase Order or other Statement of Work (including by commencing performance pursuant to such Purchase Order or other Statement of Work). In the event Company provides a Purchase Order or other Statement of Work to Contractor and Contractor commences performance, unless such Purchase Order or other Statement of Work expressly provides otherwise, Contractor hereby agrees to the formation of a binding agreement as described in the Purchase Order or other Statement of Work upon Contractor's commencement of performance, waives any argument that it might otherwise have under Applicable Laws that the Purchase Order should have been executed by each of the parties to be enforceable and further agrees to not contest the enforceability of such Purchase Order or other Statement of Work on those grounds, and agrees to not contest the admissibility of Company's records related to such Purchase Order or other Statement of Work that are kept in the ordinary course by Company. In addition, in no event shall the terms and conditions of any proposal, purchase order or other statement of work, acknowledgement, invoice, or other document unilaterally issued by Contractor be binding upon Company without Company's explicit written acceptance thereof. Any Work performed by Contractor without Company's binding commitment for such Work either via a duly executed or accepted Purchase Order or other Statement of Work under this Agreement shall be at Contractor's sole risk and expense, and Company shall have no obligation to pay for any such Work.

ARTICLE 3 CONDITIONS AND RISKS OF WORK; LABOR HARMONY

Unless the applicable Purchase Order and/or Statement of Work expressly provides otherwise, Contractor agrees that, before beginning any Work, Contractor shall carefully examine all conditions relevant to such Work and its surroundings and Contractor shall assume the risk of such conditions and shall, regardless of such conditions, the expense, or difficulty of performing the Work, fully complete the Work for the stated Contract Price applicable to such Work without further recourse to Company. Without limiting the foregoing, Contractor specifically recognizes that Company and other parties may be working concurrently at the site. Information on the site of the Work and local conditions at such site furnished by Company in specifications, drawings or otherwise is made without representation or warranty of any nature by Company, is not guaranteed by Company, and is furnished solely for the convenience of Contractor. All drawings and other documents, if any, required to be submitted to Company for review shall be submitted in accordance with the mutually agreed to schedule and, if no schedule applies, such drawings or other documents shall be submitted by Contractor without unreasonable delay. No Work affected by such drawings and other documents shall be started until Contractor is authorized to do so by Company. In case of a conflict between or within instructions, specifications, drawings, schedules, Purchase Order(s) and/or other Statements of Work, Company shall resolve such conflict; and Company's resolution shall be binding on Contractor. Contractor agrees that all labor employed by Contractor, its agents or subcontractors for

Work on the premises of Company shall be in harmony with all other labor being used by Company or other contractors working on Company's premises. Contractor agrees to give Company immediate notice of any threatened or actual labor dispute and will provide assistance as determined necessary by Company to resolve any such dispute. Contractor, its agents or subcontractors, shall remove from Company's premises any person objected to by Company in association with the Work.

ARTICLE 4 COMPANY CHANGES IN WORK

The scope of and conditions, specifications and/or quantities ordered applicable to the Work shall be subject to changes by Company from time to time. Such changes shall only be enforceable if documented in a writing executed by Company. Except as otherwise specifically set forth in this Agreement, changes in the scope of or conditions applicable to the Work may result in adjustments in the Contract Price and/or the Work schedule in accordance with this Article 4. If Contractor believes that adjustment of the Contract Price or the Work schedule is justified, whether as a result of a change made pursuant to this Article or as a result of any other circumstance, then Contractor shall (a) give Company written notice of its claim within five (5) business days after receipt of notice of such change or the occurrence of such circumstances and (b) shall supply a written statement supporting Contractor's claim within ten (10) business days after receipt of notice of such change or occurrence of such circumstances, which statement shall include Contractor's detailed estimate of the effect on the Contract Price and/or the Work schedule. Contractor agrees to continue performance of the Work during the time any claim hereunder is pending. Company shall not be bound to any adjustments in the Contract Price or the Work schedule unless expressly agreed to by Company in writing. Company will not be liable for, and Contractor waives, any claims of Contractor that Contractor knew or should have known and that were not reported by Contractor in accordance with the provisions of this Article 4.

ARTICLE 5 FORCE MAJEURE

Neither party shall be liable to the other for any damages for any failure to perform or for any delays or interruptions beyond that party's reasonable control in performing any of its obligations under this Agreement only due to acts of God, fires, floods, earthquakes, riots, war, acts of terrorism, civil insurrection, acts of the public enemy, or acts or failures to act of civil or military authority, unless the time to perform is expressly guaranteed. Contractor shall advise Company immediately of any anticipated and actual failure, delay or interruption and the cause and estimated duration of such event. Any such failure, delay or interruption, even though existing on the Effective Date or on the date of the start of the Work, shall require Contractor to within five (5) days submit a recovery plan detailing the manner in which the failure, delay, or interruption shall be remedied and the revised schedule. Contractor shall diligently proceed with the Work notwithstanding the occurrence thereof. This Article shall apply only to the part of the Work directly affected by the particular failure, delay or interruption, and shall not apply to the Work as a whole or any other unaffected part thereof.

ARTICLE 6 CONTRACTOR DELAYS

Time is an important and material consideration in the performance of this Agreement by Contractor. Contractor agrees to cooperate with Company in scheduling the Work so that the project and other activities at Company's site will progress with a minimum of delays. Company shall not be responsible for compensating Contractor for any costs of overtime or other premium time work unless Company has provided separate prior written authorization for additional compensation to Contractor and, if Company provides such written authorization, such additional compensation shall be limited to Contractor's actual cost of the premium portion of wages, craft fringe benefits and payroll burdens (without any mark-ups and/or profit). Contractor shall be liable for all failures, delays and interruptions in performing any of its obligations under this Agreement which are not (a) caused by Company and reported in accordance with Article 4, (b) excused by Article 5, or (c) directed by Company pursuant to Article 7. Contractor shall, without adjustment to completion date or Contract Price, be obligated to make up time lost by such failures, delays or interruptions. Company may suspend payments under this Agreement during the period of any such failure, delay or interruption.

ARTICLE 7 COMPANY EXTENSIONS

Company shall have the right to extend schedules or suspend the Work, in whole or in part, at any time upon written notice to Contractor (except that in an emergency or in the event that Company identifies any safety concerns, Company may require an immediate suspension upon oral or written notice to Contractor). Contractor shall, upon receipt of such notice, immediately suspend or delay the Work. Contractor shall resume any suspended Work when directed by Company. If Contractor follows the requirements of Article 4, a mutually agreed equitable adjustment to the Contract Price or to the schedules for payments and performance of the remaining Work may be made to reflect Company's extension of schedules or suspension of the Work. Contractor will provide Company with all information requested in connection with determining the amount of such equitable adjustment.

ARTICLE 8 INSPECTING, TESTING, AUDITING, AND USE OF TOOLS AND EQUIPMENT;

8.01 Right of Inspecting and Testing: Company reserves the right, but shall not be obligated, to appoint representatives to follow the progress of the Work with authority to suspend any Work not in compliance with this Agreement. The appointment, or absence of an appointment, of such representatives by Company shall not have any affect on warranties. Acceptance or approval by Company's representative shall not be deemed to constitute final acceptance by Company, nor shall Company's inspection relieve Contractor of responsibility for proper performance of the Work. Inspection by Company's representative shall not be deemed to be supervision or direction by Company of Contractor, its agents, servants or employees, but shall be only for the purpose of attempting to ensure that the Work complies with this Agreement. In the event Contractor fails to provide Company with reasonable facilities and access for inspection when advised, and if in the opinion of Company it becomes necessary to dismantle the Work for such inspection, then Contractor shall bear the expenses of such dismantling and reassembly.

8.02 Right of Auditing: Contractor shall maintain complete records relating to any cost-based (i.e., Work not covered by firm prices), components of the Work billed under this Agreement, or Work relating to the quantity of units billed under any unit price provisions of this Agreement (all the foregoing hereinafter collectively referred to as "Records") for a minimum of five years following the latest of performance of, delivery to Company of, or payment by Company for, such Work or units. All such Records shall be open to inspection and subject to audit and reproduction during normal working hours, by Company or its authorized representatives, to the extent necessary to adequately permit evaluation and verification of any invoices, payments, time sheets or claims based on Contractor's actual costs incurred in the performance or delivery of Work under this Agreement. For the purpose of evaluating or verifying such actual or claimed costs, Company or its authorized representative shall have access to said Records at any time, including any time after final payment by Company to Contractor pursuant to this Agreement. All non-public information obtained in the course of such audits shall be held in confidence except pursuant to judicial and administrative order. Company or its authorized representative shall have access, during normal working hours, to all necessary Contractor facilities and shall be provided adequate and appropriate work space to conduct audits in compliance with the provisions of this Article. Company shall give Contractor reasonable notice of intended audits. The rights of Company set forth in this paragraph shall survive the termination or expiration of this Agreement.

8.03 Use of Tools and Equipment: Company, in its sole discretion, may allow Contractor to use Company's Tools and Equipment for the Work and related activities at designated Company locations. Contractor shall indemnify and hold harmless Company and its Affiliates, including their respective officers, directors, shareholders, agents, managers, members and employees (each an "Indemnified Party"), from and against any and all claims, damages, losses or liabilities arising out of, relating to, or in connection with, the use of Company's Tools and Equipment by Contractor, its agents, servants, employees or subcontractors, and will reimburse each Indemnified Party for all expenses (including in-house and/or outside attorney's fees and expenses) as they are incurred in connection with investigating, preparing or pursuing or defending any action, claim, suit or investigation or proceeding related to, arising out of, or in connection with, the use of Company's Tools and Equipment by Contractor, its agents, servants, employees or subcontractors, whether or not threatened or pending and whether or not any Indemnified Party is a party. Contractor, on behalf of

itself or its agents, equity owners, affiliates, officers and directors, and all of their predecessors, successors, assigns, heirs, executors and administrators, hereby irrevocably release, discharge, waive, relinquish and covenant not to sue, directly, derivatively or otherwise, Company and/or its Affiliates and each of their respective directors, officers, shareholders, members, managers, partners (general or limited), employees and agents (including, without limitation, its financial advisors, counsel, proxy solicitors, information agents, depositories, consultants and public relations representatives) and all of their predecessors, successors, assigns, heirs, executors or administrators, and all persons acting in concert with any such person, with respect to any and all matters, actions causes of action (whether actually asserted or not), suits, damages, claims or liabilities whatsoever, at law, equity or otherwise, arising out of, relating to, or in connection with the use of Company's Tools and Equipment by Contractor, its agents, servants, employees or subcontractors. Company shall in no event be liable for any claim whatsoever by or through Contractor, its employees, agents and/or subcontractors or by any third party, for any inoperability or failure of the Tools and Equipment to perform as designed or intended, whether such claim is based in warranty, contract, tort (including negligence), strict liability or otherwise and whether for direct, incidental, consequential, special, exemplary or other damages. Contractor shall ensure that its employees, agents, subcontractors or servants shall inspect, exercise the appropriate level of care in the use, maintenance and repair of the Tools and Equipment, so as to minimize the incidence of casualties and injuries occurring in connection therewith.

ARTICLE 9 COMPLIANCE WITH APPLICABLE LAWS; SAFETY; DRUG AND ALCOHOL TESTING; IMMIGRATION LAWS; NERC RELIABILITY STANDARDS COMPLIANCE

9.01 Applicable Laws and Safety: Contractor agrees to protect its own and its subcontractors' employees and be responsible for their Work until Company's acceptance of the entire project and to protect Company's facilities, property, employees and third parties from damage or injury. Contractor shall at all times be solely responsible for complying with any and all Applicable Laws and facility rules, including without limitation those relating to health and safety, in connection with the Work and for obtaining (but only as approved by Company) all permits and approvals necessary to perform the Work. Without limiting the foregoing, Contractor agrees to strictly abide by and observe all standards of the Occupational Safety & Health Administration (OSHA) which are applicable to the Work being performed now or in the future, as well as Company's Contractor Code of Business Conduct and Company's Contractor/Subcontractor Safety Policy which are both hereby incorporated by reference (Contractor hereby acknowledges receipt of a copy of such Company's Contractor Code of Business Conduct and Company's Contractor/Subcontractor Safety Policy) and any other rules and regulations of the Company, all of which are incorporated herein by reference. Contractor also agrees to be bound to any amendments and/or modifications that may be issued in the future by Company from time to time, with respect to Company's Contractor Code of Business Conduct and/or any of its related policies which are the subject of this Article 9. Contractor shall maintain the Work site in a safe and orderly condition at all times. Company shall have the right, but not the obligation, to review Contractor's compliance with safety and cleanup measures. In the event Contractor fails to keep the work area clean, Company shall have the right to perform such cleanup on behalf of, at the risk of and at the expense of Contractor. In the event Contractor subcontracts any of the Work, Contractor shall notify Company in writing of the identity of the subcontractor before utilizing the subcontractor. Contractor shall require all of its subcontractors to complete the safety and health questionnaire and checklists provided by Company and shall provide a copy of such documents to Company upon request. Contractor shall conduct, and require its subcontractors to conduct, safety audits and job briefings during performance of the Work. In the event a subcontractor has no procedure for conducting safety audits and job briefings, Contractor shall include the subcontractor in its safety audits and job briefings. All safety audits shall be documented in writing by the Contractor and its subcontractors. Contractor shall provide documentation of any and all audits identifying safety deficiencies and concerns and corrective action taken as a result of such audits to Company semi-monthly. Contractor further specifically acknowledges, agrees and warrants that Contractor has complied, and shall at all times during the term of this Agreement, comply in all respects with all laws, rules and regulations relating to the employment authorization of employees including, but not limited to, the Immigration Reform and Control Act of 1986, as amended, and the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, as amended, whereby Contractor certifies to Company that Contractor has (a) properly maintained, and shall at all times during the term of this

Agreement properly maintain all records required by Immigration and Customs Enforcement, such as the completion and maintenance of the Form I-9 for each of Contractor's employees; (b) that Contractor maintains and follows an established policy to verify the employment authorization of its employees; (c) that Contractor has verified the identity and employment eligibility of all employees in compliance with all applicable laws; and (d) that Contractor is without knowledge of any fact that would render any employee or subcontractor of Contractor ineligible to legally work in the United States. Contractor further acknowledges, agrees and warrants that all of its subcontractors will be required to agree to these same terms as a condition to being awarded any subcontract for such Work.

9.02 Hazards and Training: Contractor shall furnish adequate numbers of trained, qualified, and experienced personnel and appropriate safety and other equipment in first-class condition, suitable for performance of the Work. Such personnel shall be skilled and properly trained to perform the Work and recognize all hazards associated with the Work. Without limiting the foregoing, Contractor shall participate in any safety orientation or other of Company's familiarization initiatives related to safety and shall strictly comply with any monitoring initiatives as determined by Company. Contractor shall accept all equipment, structures and property of Company as found and acknowledges it has inspected the property, has determined the hazards incident to working thereon or thereabouts, and has adopted suitable precautions and methods for the protection and safety of its employees and the property.

9.03 Drug and Alcohol: No person will perform any of the Work while under the influence of drugs or alcohol. No alcohol may be consumed within four (4) hours of the start of any person's performance of the Work or anytime during the workday. A person will be deemed under the influence of alcohol if a level of .02 percent blood alcohol or greater is found. In addition to the requirements of the drug testing program, as set forth in Company's rules and regulations, all persons who will perform any of the Work will be subject to drug and alcohol testing under either of the following circumstances: (i) where the person's performance either contributed to an accident or cannot be completely discounted as a contributing factor to an accident which involves off-site medical treatment of any person; and (ii) where Company determines in its sole discretion that there is reasonable cause to believe such person is using drugs or alcohol or may otherwise be unfit for duty. Such persons will not be permitted to perform any Work until the test results are established. Contractor shall be solely responsible for administering and conducting drug and alcohol testing, as set forth herein, at Contractor's sole expense. As applicable, and in addition to any other requirements under this Agreement, Contractor shall develop and strictly comply with any and all drug testing requirements as required by Applicable Laws.

9.04 NERC Reliability Standards. The following additional provisions shall apply if Contractor's Work in any way involves areas or assets which are located within physical security perimeters as defined by NERC's Reliability Standards for the Bulk Electric Systems of North America (collectively, the "NERC Standards"), including without limitation any Company data center or control center. Contractor's non-compliance of NERC Standards may result in fines and/or penalties being assessed against the Company that would result in Company seeking indemnification from Contractor as a consequence of Contractor's and/or its subcontractors', agents' and/or representatives' non-compliance of NERC Standards.

A. Information Protection. Without compromising the confidentiality provisions in Article 24, Contractor shall at all times comply with the Company's information protection program(s) as defined by CIP-003, R4. Among the information protected by this program are: (i) all operational procedures; (ii) lists of critical cyber assets; (iii) network topology or similar diagrams; (iv) floor plans of computing centers that contain critical cyber assets; (v) equipment layouts of critical cyber assets; (vi) disaster recovery plans; (vii) incident response plans; and (viii) security configuration information. Contractor shall protect this protected information from disclosure consistent with the program.

B. Access Revocation. Contractor shall immediately advise appropriate Company's management if any of Contractor's personnel who have key card access to a restricted area or electronic access to a protected system no longer require such access.

C. Training. If any Contractor personnel require key card access to a restricted area or electronic access to a protected system, Contractor shall ensure that such personnel complete, and retake as requested, all necessary NERC training as requested by Company.

D. Personnel Risk Assessment. If any Contractor personnel require key card access to a restricted area or electronic access to a protected system, Contractor shall ensure that Company receives necessary

waivers and information from Contractor's personnel to complete, and repeat as necessary, such background checks as requested by Company.

Continuing Obligations. Contractor further acknowledges that its compliance with the NERC Standards is a continuing obligation during and after the Term. Upon written notice to Contractor, Company shall have the absolute right to audit and inspect any and all information regarding Contractor's compliance with this Section 9.04, and/or to require confirmation of the destruction of any documentation received from or regarding Company. Contractor is encouraged to contact Company's Compliance Department pursuant to Section 9.05 to ensure Contractor understands and complies with this Section 9.04.

9.05 Office of Compliance: The Company has an Office of Compliance. Should Contractor have actual knowledge of violations of any of the herein stated policies of conduct in this Article 9, or have a reasonable basis to believe that such violations will occur in the future, whether by its own employees, agents, representatives or subcontractors, or by another vendor and/or supplier of the Company and its employees, agents, representatives or subcontractors, or by any employee, agent and/or representative of Company, Contractor has an affirmative obligation to immediately report any such known, perceived and/or anticipated violations to the Company's Office of Compliance in care of Director, Compliance and Ethics, E.ON U.S. Center, 220 West Main Street, Louisville, Kentucky 40202.

ARTICLE 10 STATUS OF CONTRACTOR

Company does not reserve any right to control the methods or manner of performance of the Work by Contractor. Contractor, in performing the Work, shall not act as an agent or employee of Company, but shall be and act as an independent contractor and shall be free to perform the Work by such methods and in such manner as Contractor may choose, doing everything necessary to perform such Work properly and safely and having supervision over and responsibility for the safety and actions of its employees and the suitability of its equipment. Contractor's employees and subcontractors shall not be deemed to be employees and/or agents of Company. Contractor agrees that if any portion of Contractor's Work is subcontracted, all such subcontractors shall be bound by and observe the conditions of this Agreement to the same extent as required of Contractor. In such event, Company strongly encourages the use of Minority Business Enterprises, Women Business Enterprises and Disadvantaged Business Enterprises, as defined under federal law and as certified by a certifying agency that Company recognizes as proper.

ARTICLE 11 EQUAL EMPLOYMENT OPPORTUNITY

To the extent applicable, Contractor shall comply with all of the following provisions, which are incorporated herein by reference: (i) Equal Opportunity regulations set forth in 41 CFR § 60-1.4(a) and (c), prohibiting employment discrimination against any employee or applicant because of race, color, religion, sex, or national origin; (ii) Vietnam Era Veterans Readjustment Assistance Act regulations set forth in 41 CFR § 60-250.4 relating to the employment and advancement of disabled veterans and Vietnam era veterans; (iii) Rehabilitation Act regulations set forth in 41 CFR § 60-741.4 relating to the employment and advancement of qualified disabled employees and applicants for employment; (iv) the clause known as "Utilization of Small Business Concerns and Small Business Concerns Owned and Controlled by Socially and Economically Disadvantaged Individuals" set forth in 15 USC § 637(d)(3); and (v) the subcontracting plan requirement set forth in 15 USC § 637(d).

ARTICLE 12 INDEMNITY BY CONTRACTOR

Contractor shall indemnify, defend, and hold harmless Company, its directors, officers, members, managers, employees and agents, from any and all damage, loss, claim, demand, suit, liability, penalty and/or fine (pursuant to Section 9.04 or otherwise) or forfeiture of every kind and nature, including but not limited to attorneys' fees (for both in-house and/or outside counsel) and expenses and other costs and expenses of defending against the same and payment of any settlement or judgment therefore, by reason of (a) bodily and other personal injuries to or deaths of persons, (b) damages to tools or equipment owned or leased by Company, (c) damages to other property, (d) the release or threatened release of a hazardous substance or any pollution or contamination of or other adverse effects on the environment, (e) violations of any Applicable Laws or (f) infringement of patent, copyright, trademark, trade secret or other property right, to the extent resulting or alleged to have resulted from acts or omissions of Contractor, its employees,

agents, subcontractors or other representatives or otherwise from performance of this Agreement, whether suffered directly by Company or indirectly by reason of third party claims, demands or suits. This obligation to indemnify, defend and hold harmless shall survive termination or expiration of this Agreement.

ARTICLE 13 ENVIRONMENTAL

13.01 Control: As required under the OSHA Hazard Communication Standard (29 CFR 1910.1200) and certain other Applicable Laws, Contractor or its subcontractors shall provide Material Safety Data Sheets ("MSDS") covering any hazardous substances and materials furnished under or otherwise associated with the Work under this Agreement. Contractor and its subcontractors shall provide Company with either copies of the applicable MSDS or copies of a document certifying that no MSDS are required under any Applicable Laws in effect at the worksite. No asbestos or lead containing materials shall be incorporated into any Work performed by Contractor or otherwise left on the Work site without the prior written approval of Company. Contractor and its subcontractors shall be solely responsible for determining if any chemical or material furnished, used, applied, or stored or Work performed under this Agreement is subject to any Applicable Laws.

13.02 Labeling: Contractor and its subcontractors shall label hazardous substances and materials and train their employees in the safe usage and handling of such substances and materials as required under any Applicable Laws.

13.03 Releases: Contractor and its subcontractors shall be solely responsible for the management of any petroleum or hazardous substances and materials brought onto the Work site and shall prevent the release of petroleum or hazardous substances and materials into the environment. All petroleum or hazardous substances and materials shall be handled and stored according to Contractor's written Spill Prevention Control and Countermeasures Plan or Best Management Practices Plan as defined under the provisions of the Clean Water Act, as amended, if either such Plan must be maintained pursuant to Applicable Laws. Contractor shall provide secondary containment for the storage of petroleum or hazardous substances and materials. The prompt and proper clean-up of any spills, leaks, or other releases of petroleum or hazardous substances and materials resulting from the performance of the Work under this Agreement and the proper disposal of any residues shall be Contractor's sole responsibility, but Contractor shall give Company immediate notice of any such spills, leaks, or other releases. Contractor shall be solely responsible for the storage, removal, and disposal of any excess or unused quantities of chemicals and materials which Contractor causes to be brought to the Work site.

13.04 Generated Wastes: Unless Company and Contractor expressly agree otherwise in writing, Contractor and its subcontractors shall be solely responsible for any wastes generated in the course of the Work, and Contractor shall handle, store, and dispose of such wastes in accordance with any Applicable Laws.

13.05 Survival: The obligations set forth in this Article shall survive termination or expiration of this Agreement.

ARTICLE 14 INSURANCE

14.01 Contractor's Insurance Obligation: For the entire duration of the Agreement, Contractor shall provide and maintain, and shall require any of its subcontractors to provide and maintain, the following insurance (and, except with regard to Workers' Compensation, naming Company as additional insured and waiving rights of subrogation against Company and Company's insurance carrier(s)), and Contractor shall submit evidence of such coverage(s) of Contractor to Company prior to the start of the Work and, furthermore, Contractor shall notify Company, prior to the commencement of any Work pursuant to any Statement of Work and/or Purchase Order, of any threatened, pending and/or paid off claims to third parties, individually or in the aggregate, which otherwise affects the availability of the limits of such coverage(s) inuring to the benefit of Company as hereinafter specified:

- (a) Workers' Compensation and Employer's Liability Policy, which shall include:
 - 1) Workers' Compensation (Coverage A), with statutory limits, and in accordance with the laws of the state where the Work is performed;

- 2) Employer's Liability (Coverage B) with minimum limits of One Million Dollars (\$1,000,000) Bodily Injury by Accident, each Accident, \$1,000,000 Bodily Injury by Disease, each Employee;
 - 3) Thirty (30) Day Cancellation Clause; and
 - 4) Broad Form All States Endorsement.
- (b) Commercial General Liability Policy, which shall have minimum limits of One Million Dollars (\$1,000,000) each occurrence; One Million Dollars (\$1,000,000) Products/Completed Operations Aggregate each occurrence; One Million Dollars (\$1,000,000) Personal and Advertising Injury each occurrence, in all cases subject to Two Million Dollars (\$2,000,000) in the General Aggregate for all such claims, and including:
- 1) Thirty (30) Day Cancellation Clause;
 - 2) Blanket Written Contractual Liability to the extent covered by the policy against liability assumed by Contractor under this Agreement;
 - 3) Broad Form Property Damage; and
 - 4) Insurance for liability arising out of blasting, collapse, and underground damage (deletion of X, C, U Exclusions).
- (c) Commercial Automobile Liability Insurance covering the use of all owned, non-owned, and hired automobiles, with a bodily injury, including death, and property damage combined single minimum limit of One Million Dollars (\$1,000,000) each occurrence with respect to Contractor's vehicles assigned to or used in performance of Work under this Agreement.
- (d) Umbrella/Excess Liability Insurance with minimum limits of Two Million Dollars (\$2,000,000) per occurrence; Two Million Dollars (\$2,000,000) aggregate, to apply to employer's liability, commercial general liability, and automobile liability.
- (e) To the extent applicable, if any fixed wing or rotor craft aircraft will be used by Contractor in performing the Work, Aircraft Public Liability Insurance covering such aircraft whether owned, non-owned, leased, hired or assigned with a combined single minimum limit for bodily injury and property damage of Five Million Dollars (\$5,000,000) including passenger liability coverage.
- (f) To the extent applicable, if engineering or other professional services will be separately provided by Contractor as specified in the Statements of Work, then Professional Liability Insurance with limits of Three Million Dollars (\$3,000,000) per occurrence and Three Million Dollars (\$3,000,000) in the aggregate, which insurance shall be either on an occurrence basis or on a claims made basis (with a retroactive date satisfactory to Company).

14.02 Quality of Insurance Coverage: The above policies to be provided by Contractor shall be written by insurance companies which are both licensed to do business in the state where the Work will be performed and either satisfactory to Company or having a Best Rating of not less than "A-". These policies shall not be materially changed or canceled except with thirty (30) days written notice to Company from Contractor and the insurance carrier. Evidence of coverage, notification of cancellation or other changes shall be mailed to: Attention: Manager, Supply Chain, E.ON U.S. Services Inc., P.O. Box 32020, Louisville, Kentucky 40232.

14.03 Implication of Insurance: Company reserves the right to request and receive a summary of coverage of any of the above policies or endorsements; however, Company shall not be obligated to review any of Contractor's certificates of insurance, insurance policies, or endorsements, or to advise Contractor of any deficiencies in such documents. Any receipt of such documents or their review by Company shall not relieve Contractor from or be deemed a waiver of Company's rights to insist on strict fulfillment of Contractor's obligations under this Agreement.

14.04 Other Notices: Contractor shall provide notice of any accidents or claims at the Work site to Company's Manager, Risk Management at E.ON U.S. Services Inc., P.O. Box 32030, Louisville, Kentucky 40232 and Company's site authorized representative.

ARTICLE 15 WARRANTIES

Contractor warrants that:

- (a) the Work will conform to any applicable Statement of Work and/or Purchase Order; and any materials supplied in connection therewith shall be new, unused and free from defect;

[Revised 8/19/2009 DHC]

- (b) the Work will be suitable for the purposes specified by Company and will conform to each statement, representation and description made by Contractor to Company;
- (c) the Work is not and shall not be subject to any encumbrance, lien, security interest, patent, copyright or trademark claims, infringements, or other defects in title; and
- (d) any labor or services performed pursuant to this Agreement shall be performed in a competent, diligent, and timely manner in accordance with the highest professionally accepted standards.

Contractor shall respond in writing to any warranty claim by Company within five (5) business days of the delivery of notice of such claim to Contractor. All such warranties shall, in no case, be less than 18 months after Company's notice of substantial completion of the Work or 12 months after the commencement of regular use by Company of all components and/or systems comprising the Work, as applicable, whichever occurs first; *provided, however*, that any specific warranties, whether of performance, fitness for any particular purpose or intended purposes, merchantability or otherwise, that are in excess of such time periods, as may be agreed by and between Contractor and Company in any Statement of Work and/or Purchase Order, shall govern notwithstanding any terms to the contrary contained in this Agreement.

ARTICLE 16 OWNERSHIP OF INTELLECTUAL PROPERTY; PATENTS

16.01 Ownership: All inventions, discoveries, processes, methods, designs, drawings, blueprints, information, software, works of authorship and know-how, or the like, whether or not patentable or copyrightable (collectively, "Intellectual Property"), which Contractor conceives, develops, or begins to develop, either alone or in conjunction with Company or others, with respect to the Work, shall be "work made for hire" and the sole and exclusive property of Company. Upon request, Contractor shall promptly execute all applications, assignments and other documents that Company shall deem necessary to apply for and obtain letters patent of the United States and/or copyright registration for the Intellectual Property and in order to evidence Company's sole ownership thereof.

16.02 Royalties and License Fees: Contractor shall pay all royalties and license fees which may be payable on account of the Work or any part thereof. In case any part of the Work is held in any suit to constitute infringement and its use is enjoined, Contractor within a reasonable time shall, at the election of Company, and in addition to Contractor's obligations under Article 12, either (a) secure for Company the perpetual right to continue the use of such part of the Work by procuring for Company a royalty-free license or such other permission as will enable Contractor to secure the suspension of any injunction, or (b) replace at Contractor's own expense such part of the Work with a non-infringing part or modify it so that it becomes non-infringing (in either case with changes in functionality that are acceptable to Company).

ARTICLE 17 RELEASE AND INDEMNITY REGARDING LIENS

Contractor hereby releases and/or waives for itself and its successors in interest, and for all subcontractors and their successors in interest, any and all claims or right of mechanics or any other type of lien to assert and/or file upon Company's or any other party's property, the Work, or any part thereof as a result of performing the Work. Contractor shall execute and deliver to Company such documents as may be required by Applicable Laws (i.e., partial and/or final waivers of liens and/or affidavits of indemnification) to make this release effective and shall give all required notices to subcontractors with respect to ensuring the effectiveness of the foregoing releases against those parties. Contractor shall secure the removal of any lien that Contractor has agreed to release in this Article within five (5) working days of receipt of written notice from Company to remove such lien. If not timely removed, Company may remove the lien and charge all costs and expenses including legal fees (for inside and/or outside legal counsel) to Contractor including, without limitation, the costs of bonding off such lien. Company, in its sole discretion, expressly reserves the right to off-set and/or retain any reasonable amount due to Contractor from payment of any one or more of Contractor's invoices upon Company having actual knowledge of any threatened and/or filed liens and/or encumbrances that may be asserted and/or filed by any subcontractor, materialman, independent contractor and/or third party with respect to the Work, with final payment being made by Company only upon verification that such threatened and/or filed liens and/or encumbrances have been irrevocably satisfied, settled, resolved and/or released (as applicable), and/or that any known payment disputes concerning the Work involving Contractor and any of its subcontractors, agents and/or representatives have

been resolved so that no actions, liens and/or encumbrances of any kind or nature will be filed against Company and/or Company's property.

ARTICLE 18 ASSIGNMENT OF AGREEMENT; SUBCONTRACTING

Upon prior written notice given to Company, Contractor shall not, by operation of law or otherwise, assign and/or subcontract any part of the Work or this Agreement without Company's prior written approval. Such approval, if given by Company, shall not relieve Contractor from full responsibility for the fulfillment of any and all obligations under this Agreement. Under any and all circumstances, any permitted assignee of Contractor, whether or not such assignee shall be a division, subsidiary and/or affiliate entity of Contractor, shall also be fully bound by the terms of this Agreement and, furthermore, upon request by Company, each of Contractor and its permitted assignee shall provide sufficient financial information, as determined by Company in its sole discretion, necessary to validate such assignee's credit worthiness and ability to perform under this Agreement.

ARTICLE 19 INVOICES AND EFFECT OF PAYMENTS

19.01 Invoices: Within a reasonable period of time following the end of each calendar month or other agreed period, Contractor shall submit an invoice to Company that complies with this Article 19. Payments shall be made within forty-five (45) days of Company's receipt of Contractor's proper invoice and, in the event that Company's payment is overdue, Contractor shall promptly provide Company with a notice that such payment is overdue. Contractor's invoices shall designate the extent to which E.ON U.S. Services Inc. or any of its Affiliates is the responsible party. Such invoices shall reference the contract number and shall also show labor, material and taxes paid (including without limitation sales and use taxes); retainers to the extent as may be specified in the Purchase Order, Statement of Work and/or other contractual documentation, or otherwise pursuant to Article 17; duties, fees and other assessments imposed by governmental authorities; freight; and all other charges (including without limitation equipment rental) as separate items. All invoices shall be submitted with supporting documentation and in acceptable form and quality to Company's authorized representative. Should Company dispute any invoice for any reason, payment on such invoice shall be made within thirty (30) days after the dispute resolution. Payment of the invoice shall not release Contractor from any of its obligations hereunder including, but not limited to, its warranty and indemnity obligations. Invoices shall not be delivered with goods, but all correspondence and packages related to this Agreement shall reference the contract number assigned by Company.

19.02 Taxes: If Company provides Contractor with an exemption certificate demonstrating an exemption from sales or use taxes in Kentucky, then Contractor shall not withhold or pay Kentucky sales or use taxes to the extent such exemption certificate applies to the Work (such exemption does not and shall not apply to any materials consumed by Contractor in performing the Work). Contractor agrees that it shall not rely upon Company's direct pay authorization in not withholding or paying Kentucky sales or use taxes. If Company does not provide Contractor with an exemption certificate demonstrating an exemption from sales or use taxes in Kentucky, Contractor shall be solely responsible for paying all appropriate sales, use, and other taxes and duties to (including without limitation sales or use tax with respect to materials purchased and consumed in connection with the Work), as well as filing appropriate returns with, the appropriate authorities. To the extent specifically included in the Contract Price, Contractor shall bill Company for and Company shall pay Contractor all such taxes and duties, but Company shall in no event be obligated for taxes and duties not specifically included in the Contract Price or for interest or penalties arising out of Contractor's failure to comply with its obligations under this Article 19.

19.03 Billing of Additional Work: All claims for payments of additions to the Contract Price shall be shown on separate Contractor's invoices and must refer to the specific change order or written authorization issued by Company as a condition to being considered for payment.

19.04 Effect of Payments/Offset: No payments shall be considered as evidence of the performance of or acceptance of the Work, either in whole or in part, and all payments are subject to deduction for loss, damage, costs or expenses for which Contractor may be liable under any Purchase Order and/or Statement of Work and are set-off hereunder. In addition to Company's right of off-set for threatened and/or filed liens and/or encumbrances, and/or with respect to payment disputes pursuant to Article 17 or otherwise, Company, without waiver or limitation of any rights or remedies of Company,

shall be entitled from time to time to deduct and/or retain from any and all amounts owing by Company to Contractor in connection with this Agreement or with respect to any other contract with Company any and all amounts owed by Contractor to Company in connection with this Agreement or any other contract with Company.

19.05 Evidence of Payment to Subcontractors: Contractor shall, if requested by Company, furnish Company with waivers of lien and/or certificates showing names of Contractor's suppliers and subcontractors hereunder, and certifying to Company that said suppliers and subcontractors have been paid in full.

ARTICLE 20 ROUTING OF SHIPMENTS

Company shall have the option of specifying the routing of shipments. If freight is included in the Contract Price, and such specified routing increases Contractor's shipping costs, Contractor shall immediately so notify Company, and should Company still specify the more expensive routing, then Company shall reimburse Contractor for the increase actually incurred thereby.

ARTICLE 21 TERM AND TERMINATION

21.01 Term: This Agreement shall commence on the Effective Date and shall survive in full force and effect until terminated as set forth below and/or otherwise, solely with respect to any Statement of Work and/or Purchase Order, terminate consistent with the specified expiration date as may be stated in any Statement of Work and/or Purchase Order by and between Contractor and Company notwithstanding any terms and conditions to the contrary in this Agreement. A termination under this Article 21 based on certain Work shall only apply to the Statement of Work and/or Purchase Order that covers such Work. Any Statements of Work and/or Purchase Orders that do not relate to such Work shall not be affected by such a termination.

21.02 Termination for Contractor's Breach: If the Work to be done under this Agreement shall be abandoned by Contractor, if this Agreement or any portion thereof shall be assigned by operation of law or otherwise, if the Work or any portion thereof is sublet by Contractor without the permission of Company, if Contractor is placed in bankruptcy, or if a receiver be appointed for its properties and/or assets, if Contractor shall make an assignment for the benefit of creditors, if at any time the necessary progress of Work is not being maintained, or if Contractor is violating any of the conditions or agreements of this Agreement, or has executed this Agreement in bad faith, Company may, without prejudice to any other rights or remedies it may have as a result thereof, notify Contractor to discontinue any or all of the Work and terminate this Agreement in whole or part. In the event that Section 365(a) of the Bankruptcy Code or some successor law gives Contractor as debtor-in-possession the right to either accept or reject this Agreement, then Contractor agrees to file an appropriate motion with the Bankruptcy Court to either accept or reject this Agreement within twenty (20) days of the entry of the Order for Relief in the bankruptcy proceeding. Contractor and Company acknowledge and agree that said twenty (20) day period is reasonable under the circumstances. Contractor and Company also agree that if Company has not received notice that Contractor has filed a motion with the Bankruptcy Court to accept or reject this Agreement within said twenty (20) day period, then Company may file a motion with the Bankruptcy Court asking that this Agreement be accepted or rejected, and Contractor shall not oppose such motion.

21.03 Effect of Termination for Contractor's Breach: From the effective date of such termination notice, Contractor and/or its subcontractors shall vacate the site, whereupon Company shall have the right but not the obligation to take possession of the Work wherever located, and Contractor shall cooperate with Company and cause Contractor's subcontractors to cooperate with Company so that Company can effect such possession. In obtaining replacement services, Company shall not be required to request multiple bids or obtain the lowest figures for completing the Work and may make such expenditures as shall best accomplish such completion and are reasonable given the circumstances. The expenses of completing the Work in excess of the unpaid portion of the Contract Price, together with any damages suffered by Company, shall be paid by Contractor, and Company shall have the right to set off such amounts from amounts due to Contractor.

21.04 Termination for Company's Convenience: Company may terminate this Agreement or one or more Statements of Work in whole or in part for its own convenience by thirty (30) days' written

notice at any time. In such event, Company shall pay Contractor all direct labor and material costs incurred on the Work that is subject to such termination prior to such notice, plus any reasonable unavoidable cancellation costs which Contractor may incur as a result of such termination, plus indirect costs or overhead on the portion of the Work completed, computed in accordance with generally accepted accounting principles less salvage value. As an alternative to salvage value reduction, Company shall have the right in its sole discretion to take possession of all or part of the Work.

ARTICLE 22 LIABILITY OF AFFILIATES

Any and all liabilities of E.ON U.S. Services Inc. and/or its Affiliates under this Agreement shall be several but not joint.

ARTICLE 23 PUBLICITY

Contractor shall not issue news releases, publicize or issue advertising pertaining to the Work or this Agreement without first obtaining the written approval of Company.

ARTICLE 24 CONFIDENTIAL INFORMATION

All information relating to the Work or the business of Company including, but not limited to, drawings and specifications relating to the Work, and customer information, shall be held in confidence by Contractor and shall not be used by Contractor for any purpose other than for the performance of the Work or as authorized in writing by Company. In the event that the Contractor assigns the work to one or more subcontractors, a signed confidentiality agreement between the Contractor and each subcontractor(s) will be provided to the Company prior to the provision of any information described in the immediately preceding sentence or the performance of any Work by the subcontractor. All drawings, specifications or documents furnished by Company to Contractor or developed in connection with the Work shall either be destroyed or returned to Company (including any copies thereof) upon request at any time.

ARTICLE 25 MISCELLANEOUS

25.01 Waiver: No waiver by Company of any provision herein or of a breach of any provision shall constitute a waiver of any other breach or of any other provision.

25.02 Headings: The headings of Articles, Sections, Paragraphs, and other parts of this Agreement are for convenience only and do not define, limit, or construe the contents thereof.

25.03 Severability: If any provision of this Agreement shall be held invalid under law, such invalidity shall not affect any other provision or provisions hereof which are otherwise valid.

25.04 State Law Governing Agreement; Consent to Jurisdiction: This Agreement shall be governed by, and construed in accordance with, the laws of the Commonwealth of Kentucky, without regard to its principles of conflicts of laws. The site of any legal actions between the parties shall be held in state and/or federal court in Louisville, Jefferson County, Kentucky.

25.05 Enforcement of Rights: Company shall have the right to recover from Contractor all expenses, including but not limited to fees for and expenses of inside and/or outside counsel hired by Company, arising out of Contractor's breach of this Agreement or any other action by Company to enforce or defend Company's rights hereunder.

25.06 No Third Party Beneficiaries: Except for Contractor and Company, there are no intended third party beneficiaries of this Agreement and none may rely on this Agreement in making a claim against Company.

25.07 Notices: All notices and communications respecting this Agreement shall be in writing, shall be identified by the contract number, shall be designated for E.ON U.S. Services Inc., or the appropriate Affiliate, and shall be addressed as follows (which address either party may change upon five (5) days prior notice to the other party).

Brown Wood Preserving Co., Inc Diesel Fuel Surcharge Calculation

Diesel Fuel Surcharge Calculation is based on the "Weekly On-Highway Diesel Prices" report published by the Energy Information Administration (EIA). The U.S. average is used as basis. The prices are in dollars per gallon, including taxes. Price [REDACTED] the date of 9/28/2009 will be the basis for this surcharge calculations

<http://tonto.eia.doe.gov/oog/info/wohdp/diesel.asp>

1. Truck Freight

Surcharge on the diesel fuel used by trucks to deliver poles. This surcharge affects all loads shipped.

Truck Freight Surcharge Calculation

Freight surcharge is calculated by taking round trip miles from shipping point Kennedy, AL to Louisville, KY. This distance is divided by 5 (standard miles per gallon an over the road truck typically gets) to come up with gallons of diesel used to make delivery. Gallons of diesel used is multiplied by the increase/decrease of EIA weekly report price.

Example

EIA price [REDACTED] 9/28/2009 EIA price on 04/14/2010 \$3.10 (This is an example not actual EIA price)
Kennedy, AL to Louisville, KY - 425 Miles or 850 round trip miles.

850 miles round trip miles Kennedy, AL to Louisville, KY divided by 5 miles to gallon = 170 gallon of diesel used
\$3.10 [REDACTED] increase per gallon in price of diesel fuel per EIA weekly report

170 gallons of diesel used multiplied by [REDACTED] change in EIA price = [REDACTED] per load Increase²

Cubic Foot per load is 775. [REDACTED] Cubic Foot increase per pole due to Diesel fuel increase

¹ If diesel prices drop, freight charge will decrease by same formula.

2. CCA-ET Poles

Surcharge calculations for CCA and E-T oil used in the treatment of CCA-ET poles.

CCA-ET Pole Surcharge Calculation

CCA-ET poles are treated with two different concentrates: CCA and E-T Oil. CCA poles by specification must have .60 lbs of CCA per cft. E-T oil by specification must have 1 lbs of oil on the outer 1 inch of pole. CCA escalation/deescalation is calculated by multiplying cubic foot of pole by .60 = lbs of CCA in pole. Invoice change from vendor of a pound of CCA multiplied by lbs of CCA per pole. E-T is calculated the same way. 1 lbs of E-T Oil on outer inch of pole works out very close to .60 lbs per cft. Invoice from Arch Wood Protection will be used as basis for CCA and E-T. CCA basis is [REDACTED] E-T basis is [REDACTED]

Example

4/40 - 18.4 cubic foot per piece.

CCA chemical falls from [REDACTED] \$1.65

[REDACTED] change in Arch Chemical price of CCA

18.4X.6=11.04 lbs of CCA in 4/40. 11.04X [REDACTED] decrease in price of 4/40

E-T Oil escalation/de-escalation would be calculated same as CCA

3. Timber

Timber Calculation

Timber component calculation is based on most current Southern Pressure Treating Association (SPTA) Quarterly Raw Pole Cost Report. The base will be the 2nd quarter 2009 \$/Ton for Tree Length Barkies [REDACTED] cost of CCA-ET pole is raw wood cost. Adjustments in purchase price of poles will be calculated by following formula: $T * PO * ((T2-T1)/T2)$ where T base percentage is [REDACTED] and T1 base price index is [REDACTED]

Example
4/40 - PO price [REDACTED]. Timber percentage of pole cost is [REDACTED] SPTA 2nd quarter Raw Pole Cost [REDACTED] SPTA 2010 4th quarter Raw Pole Cost [REDACTED] increase in price of 4/40

CONTRACT

This Contract ("Contract") is entered into, effective as of January 15, 2008, between Kentucky Utilities Company, (hereinafter referred to as "KU") a Kentucky Corporation), whose address is 820 West Broadway, Louisville, Kentucky 40202, and Brownstown Electric Supply Co, Inc. (hereinafter referred to as "Contractor") whose address is 690 E. State Road 250, Post Office Box L, Brownstown, Indiana 47220.

NOW, THEREFORE, in consideration of the mutual covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties do hereby agree as follows:

1.0 GENERAL

Contractor shall perform the following services which are more specifically described in Article 2.0 (hereinafter referred to as the "Work") and Company shall compensate the Contractor for the Work, under all the terms and conditions hereof:

- 1.1 Provide all services (including receipt of orders, picking, staging and delivery of material, applicable data entry) associated with shipping of electric materials to KU Operations Centers from the Contractor warehouses.
- 1.2 Provide on site warehouse and logistics services for any and all Company storerooms or Contractor Yards and to supplement staffing levels on an as needed basis.
- 1.3 Provide the Maintenance, Repair and Operating (MRO) Electrical T & D materials as required by the Company.

2.0 SCOPE OF WORK

Contractor shall provide all services associated with shipping of MRO electric materials to Company from Contractor's warehouse facilities. Except as otherwise expressly provided herein, Contractor shall supply all labor, supervision, materials, equipment, and tools and warehousing, and shall pay all expenses, necessary or appropriate in the performance of the Work. Contractor shall provide the following services:

2.1 Safety

- 2.1.1 Passport - The Contractor shall be "Passport" certified before performing work on CUSTOMER property. "Passport" is an instructional general safety training session designed to orient new contractors to the CUSTOMER safety environment, rules, and culture. Contractor shall participate in Company's Passport Safety Program and provide Monthly Passport reporting as required by Company safety policies.
- 2.1.2 Forklift certified - All warehouse employees of the contractor shall be certified to operate forklifts.
- 2.1.3 Personal Protective Equipment - Contractor shall use required PPE at all times when performing work on CUSTOMER property.
- 2.1.4 Drug and Alcohol Testing - Contractor shall participate in a Random Drug and Alcohol Testing Program which meets KU requirements.
- 2.1.5 Contractor shall abide by all CUSTOMER safety regulations.

ORIGINAL

2.1.6 Contractor shall report to Customer any hazardous conditions such as, asbestos, PCBs, hazardous waste, etc., before proceeding with the Work. In the event Contractor may come in contact with insulation, gasket material, packing, roofing, siding, floor tile, roof tile or any similar material that has the potential to be asbestos, Contractor shall stop work immediately and contact Customer's supervisor in charge of the work. If the supervisor in charge of the work cannot be reached, Contractor shall contact the designated supervisor or shift supervisor and wait for proper instructions before resuming work.

2.2 Material Inventory

Contractor shall keep adequate inventory levels of all items on Schedule A to support all Customer activities. Inventory levels will be mutually agreed upon between Customer and Contractor.

2.2.1 Schedule A

Attached - **Schedule A** is a list of items CUSTOMER requests Contractor to keep in stock in mutually agreed quantities. Prices on **Schedule A** shall be firm for a minimum of 90 day except for wire and cable. Wire and cable prices will be firm for a minimum period of 30 days. Contractor shall supply any one or more of the approved manufacturer parts per each CUSTOMER Internal Identification Number (IIN). Contractor shall not supply a part or a part from a manufacturer not listed in the approved manufacturers/ manufacturer part numbers without prior approval of Customer.

2.2.2 Storm Inventory

Contractor and Company will mutually agree upon material designated as "Storm Stock" in case of a storm event or other disaster anywhere in Customer's service territory. Contractor shall keep agreed storm stock material on hand.

2.2.3 Contractor Sourcing

Contractor shall receive orders for items other than those agreed and stocked on Schedule A. These items will be subject to manufacturer lead times. Contractor will report the lead time and estimated delivery date on the KU monthly backorder reports.

2.3 Material Delivery

2.3.1 EDI

Contractor shall receive orders via EDI and invoice via EDI. Contractor agrees and acknowledges receipt of Customer EDI Trading Partner Agreement. Said agreement is part of this agreement as ADDENDUM D.

2.3.2 Bar Code

Contractor shall submit packing documents with bar codes for PO #, IIN, and Quantities as per Attachment I.

2.3.2 Kentucky Utilities (KU) Weekly Delivery - Contractor shall develop a weekly "milk run" to all 23 KU warehouse locations. Contractor shall develop a process to deliver, unload, and safely and securely stage material at each location even if the location is un-staffed.

2.3.3 KU (Minor Exempt) - Contractor shall provide and maintain an internet ordering process to provide a low transactional cost method/process to manage, deliver, and stock KU minor exempt materials bi-weekly.

2.3.4 Job Trailers - Larger projects will be "kitted" in a job trailer. Upon Customer request, Contractor will pick, stage, lock, and secure in an enclosed box trailer, and deliver to a job site. Contractor shall furnish and maintain trailers for this use. Material shall be staged on the trailer by the Contractor with the first used as the last loaded. All job trailers must have CUSTOMER

ORIGINAL

supplied OSHA approved steps for safe entry and exit of trailer. Contractor will be responsible for maintaining steps.

2.3.5 Misc. Transfers

Contractor shall transfer materials between Customer facilities at no additional costs to customer.

2.4 Manage Warehouses / Warehouse Support

Contractor shall supply all labor, supervision, equipment, tools, and shall pay all expenses, necessary or appropriate in the performance of the managing and supporting warehouses as directed by Customer. These services include but not limited to the following See Schedule C1:

- On site Contractor personnel shall possess a CDL license when required.
- Contractor must be licensed to do business in the Commonwealth of Kentucky.
- Contractor hiring procedures must meet or exceed all Federal, State and Local requirements and include background checks and Drug Screening of all potential employees working on Customer premises.
- Supervision and/or management for employees must be provided on-site where necessary.
- Receive materials at the warehouse dock or site;
- Verify the received materials with the shipping manifest;
- Store the material in the correct location;
- Perform data entry in the Oracle system verifying receipt of material;
- Perform physical counting of material contained in the warehouse;
- Perform weekly inventory counting of distribution poles – and maintain and replenish stock as authorized by Customer warehouse supervisors.
- Pick and issue or return material systematically or will call as requested by Customer,, perform data entry into Customer's Oracle system confirming receipt or return of the requested material;
- Monitor and replenish material for KU minor exempt at Midway, Richmond, London, Maysville, Paris, Mt. Sterling, Winchester, Shelbyville, Carrolton, and Stone Road storeroom facilities;
- Monitor the central return area at each of Customer's service centers for returns of material;
- Perform other miscellaneous warehouse duties at any and all Customer's storeroom locations as requested by Customer; and
- Transport material to and between Customer locations.
- **Storm Support**
Contractor shall provide labor 24/7 for emergency storm or other outage events as described in Schedule C.
- **Large Transformer Delivery**
Contractor shall supply all properly certified labor, supervision, equipment, tools, and shall pay all expenses, necessary or appropriate in the performance of emergency

ORIGINAL

delivery of large 3Ø pad mounted transformers. This service shall be available 24/7 and include a truck capable of safely transporting up to a 2000 KVA pad mounted transformer (13,500 lbs). The truck shall be headquartered at the KU Stone Road facility and be available daily for hauling any material.

2.4.1 A list of any subcontractors performing Work must be provided to Customer. No subcontractor shall enter Customer property without the written notice Contractor shall notify the Company of all subcontractors to be utilized in performance of Work at least forty-eight (48) hours prior to start of Work. Subcontractors will be denied access to Company facilities without the required notification. See the Article titled "Assignment of Agreement; Subcontracting" in the General Services Agreement. Customer reserves the right to refuse a subcontractor for any reason.

2.4.2 Where necessary for performance of the Work, Customer will furnish to Contractor, without cost to Contractor, the following items in connection with performance of the Work:

- Oracle terminal and remote access into Customer's Oracle system;
- Printer connected to the Oracle terminal;
- Security access to applicable Customer sites;
- Material handling equipment at the storerooms;
- Vehicles at the storeroom locations for use only within those locations;
- Storage containers (Tubs) currently used at Customer warehouses;
- Use of Customer scrap disposal contract, including the staging of scrap dumpsters at the Contractor site.

The scope referenced is not binding on the Company, nor is it binding on the Company to assign all or any part of the Work exclusively to the Contractor. Contractor is expected to provide the necessary expertise, labor and equipment to fulfill Company's needs throughout the entire Customer service territory or as contracted for a specific region.

3.0 TERM

This Contract shall become effective January 15, 2008 and continue through January 15, 2013, unless terminated earlier in accordance with Article 21 of the General Services Agreement. LG&E makes no promise or guarantee as to the amount of Work to be performed under this Contract, nor does it convey an exclusive right to the Contractor to perform Work of the type or nature set forth in this Contract.

4.0 PERFORMANCE SCHEDULE

4.1 Emergency Work – some work may be of an emergency nature. Contractor shall commence performance Work designated by Company at jobsite within 1 hour after receiving notice to proceed from Company and shall complete Work as soon as possible after commencement of Work.

4.2 Contractor shall develop a weekly "milk run" to all 23 KU warehouse locations.

4.3 Requirements that are not met, i.e. short, miss-picked, if determined by Customer to be immediately required, shall be filled by Contractor in 2 hours or less.

ORIGINAL

5.0 TERMS AND CONDITIONS

5.1 The General Services Agreement, attached hereto as **Addendum A**, the Confidentiality Agreement **Addendum B**, the Electronic Data Interchange Trading Partners Agreement **Addendum D**, and the Security Agreement **Addendum C** attached hereto are incorporated by this reference and made a part of this Contract. In case of a conflict between or within the General Services Agreement, the terms of this Contract and/or any attachment, Customer shall resolve such conflict, and Customer's resolution shall be binding on Contractor.

6.0 SPECIFIC REPORTING REQUIREMENTS

6.1 Contractor agrees to submit the following reports to Customer:

6.1.1 KU Minor Exempt Spend (quarterly) – Contractor shall report spend amounts and purchase quantities per IIN, per Minor Exempt location.

6.1.2 Price updates (quarterly) – Contractor shall maintain firm pricing on all items on Schedule A for a minimum of 90 days with exception of wire and cable. KU price update reports shall include: Blanket #, Blanket line #, IIN, unit of measure, previous 12 month rolling purchase quantity, previous period price, and current period price.

6.1.3 Price updates (monthly) – Contractor shall maintain firm pricing on all wire and cable items on Schedule A for a minimum of 30 days. KU price update reports to include: Blanket #, Blanket line #, IIN, unit of measure, previous 12 month rolling purchase quantity, previous period price, and current period price.

6.1.4 Women and Minority Business Enterprises (WBE & MBE) Tier 2 (quarterly) – Contractor shall report all MBE and WBE "flow through" tier two spend. Contractor shall also report first tier Veteran owned spend.

6.1.5 Dead Stock (monthly) – Contractor shall report on all inventories that has not been used or removed from the Contractor's inventory in the last 12 months. Report to include IIN, Description, Quantity on Hand, Current Price, and Last Purchase Date.

6.1.6 Back Order Report KU (monthly) – Contractor shall report on all backorders of the deliveries and previous backorders until the backorder is filled. Report to show Delivery Location, PO #, IIN, Description, Quantity on Backorder, and Expected Delivery Date.

6.1.7 Contractor shall provide data as requested by Customer to prepare a quarterly "Report Card" to measure supplier's performance in the areas of, but not limited to, safety, timeliness, cost savings, fill rate, backorders, on-time delivery, and warehouse support services performance as related to each specific warehouse. The "report card" will be mutually agreed and utilized to measure suppliers' performance and to classify any Risk/Reward parameters.

6.1.8 Contractor shall submit completed weekly timesheets for each billable Contractor employee involved in the Direct Labor Work. Weekly timesheets shall be approved by KU Material Supervisor.

6.1.9 Monthly invoicing requires detailed Job costing backup for monthly activity. (Actual Fuel Cost).

6.2 Contractor recognizes Company may request other reports. The parties shall mutually agree in writing on the frequency of reporting described in this Section 6.0; provided that Customer shall have the right to insist that such reports be submitted no less frequently than weekly.

ORIGINAL

7.0 COMPENSATION

7.1 Compensation for the delivery of MRO materials (goods):

Contractor shall be compensated for goods delivered with the following material markup unless noted otherwise. The contractor's material markup shall include the costs of these services in Article 2.3. The Contractor's material markup shall be firm for the duration of this contract at a markup of [REDACTED] and shall be calculated by the following method:

Contractor's cost of goods X [REDACTED] Price to Customer

Note: Contractor's cost can be Contractor's average inventory costs. Contractor shall maintain adequate auditable records to support changes in Contractor actual cost of goods sold.

7.1.1 Freight Cost and Routing Instructions – Freight costs are included in Contractor's material markup. Normal delivery from Contractor's facilities, shipping terms shall be F.O.B. destination, freight prepaid and included, with carrier specified by Contractor.

7.2 Compensation for Direct On-Site labor and vehicles:

Payments for the Work described in article 2.4 shall be made to Contractor monthly by the Company with the amount of such monthly compensation equal to the amount of hours worked and billed by Contractor per Schedules C and are inclusive of all direct wage rates, fringe benefits, labor allowances, payroll taxes, insurance, small tools, consumables, expendables, overhead, profit and all other costs and expenses incurred by Contractor in performing the Work. Pricing on labor shall not be increased for 12 months following the Effective Date of this Contract; any increase thereafter shall only be effective if Contractor provides Customer with written notice of such increase at least 90 days before the beginning of the preceding annual renewal term in which such increase would take effect. Labor price increases shall not exceed [REDACTED] any one-year term. Equipment Rates shall be firm for the term of the contract.

7.2.1 See Schedule C for Transformer Delivery Truck- monthly fee Plus mileage.

7.3 Fuel Adjustment – Each month Contractor shall invoice actual fuel costs per vehicle per Schedule C.

7.4 Extraordinary Emergency and Storm work – If Customer requests services requiring Contractor to have any of Contractor's personnel listed on the attached Schedule A-3 individually provide services to Customer for more than 45 hours in one (1) week (Sunday- Saturday), and each of the other personnel listed have worked 45 or more hours in the same week, a separate purchase order shall be issued to cover the additional time.

7.4.1 Addition or Substitution of Contractor's Personnel – In the event of a change in or addition to the positions listed as Contractor's personnel on Schedule C, any change in monthly compensation shall be by mutual written agreement between Contractor and Customer; provided that Customer shall not be required to any increase not resulting from an addition of personnel by Contractor not requested in writing by Customer.

7.5 Pricing for Changes in Scope of Work

At Customer's sole option, adjustments to the Contract Price for changes in the scope or description of work shall be on a fixed price basis as set forth in this Contract or in accordance with the Labor and Equipment Rate Schedule C.

7.6 Special Invoicing Instructions

7.6.1 Contractor shall be issued separate Purchase Orders - for services and materials.

7.6.2 Contractor shall accept credit cards for payment as requested by Customer.

7.6.3 Payment Schedule – Net 10 days from Company's receipt date of invoice for monthly service and Minor Exempt material invoices.

ORIGINAL

7.6.4 Payment Schedule – Net 30 days from Company’s receipt date of invoice for all other material deliveries.

7.6.5 Invoices shall include Contract No. KU #452817 for services and applicable PO numbers issued for goods. Monthly invoices shall be prepared in one original for direct labor and vehicle services, distributed as follows:

Original: Kentucky Utilities Company
PO Box 32020
Louisville, Kentucky 40232
Attention: David Campbell

7.6.5.1 Monthly Material (Minor Exempt) invoices shall be emailed to appropriate KU representative.

7.6.5.2 EDI material orders shall be invoices via electronic format.

8.0 CONTINUOUS IMPROVEMENT

8.1 Contractor and Customer agree to aggressively identify and pursue continuous improvement (CI) opportunities during the course of this Contract. CI opportunities include process improvements streamlining, elimination, and introduction of new processes, at either the Contractor and/or Customer facilities. The sharing of any dollar savings associated with these improvements will be negotiated.

9.0 CONTRACTUAL NOTICES

In accordance with Article 25.07 of the General Services Agreement, notices shall be addressed as follows:

9.1 Company address: Kentucky Utilities Company

ADDENDUM A

**GENERAL SERVICES AGREEMENT
E.ON U.S. SERVICES INC. AND AFFILIATES**

This General Services Agreement (this "General Services Agreement") is made this 15th day of January, 2008 by and between E.ON U.S. Services Inc. ("E.ON U.S. Servco Inc.") and its "Affiliates" (as defined below) and Brownstown Electric Supply Co, Inc. ("Contractor").

WHEREAS, Contractor desires the opportunity to provide goods and/or services to E.ON U.S. Servco Inc. and its Affiliates from time to time, and E.ON U.S. Servco Inc. and its Affiliates desire the opportunity to engage Contractor to provide such goods and/or services; and

WHEREAS, the parties intend that this General Services Agreement sets forth the exclusive set of terms and conditions which shall govern the performance of the "Work" (as defined below) by Contractor for E.ON U.S. Servco Inc. and/or any of its Affiliates should E.ON U.S. Servco Inc. and/or any of its Affiliates engage Contractor to provide Work.

NOW THEREFORE, in consideration of the premises, the mutual covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties do agree as follows:

ARTICLE 1 DEFINITIONS

- 1.01 **Affiliate:** "Affiliate" shall mean any entity which, from time to time, in whole or in part, and directly or indirectly, controls, is controlled by, or under common control with E.ON U.S. Servco Inc. and shall include, without limitation, Louisville Gas and Electric Company, Kentucky Utilities Company, and Western Kentucky Energy Corp.
- 1.02 **Agreement:** "Agreement" shall mean this General Services Agreement, along with any "Statements of Work" (as defined below) issued by Company or executed by the parties in accordance with Article 2, or other agreed collateral document pursuant to which the Work is to be performed.
- 1.03 **Applicable Laws:** "Applicable Laws" shall mean any and all applicable federal, state, or local laws, regulations, codes, ordinances, administrative rules, court orders, permits or executive orders.
- 1.04 **Contract Price:** "Contract Price" shall mean the aggregate of the particular consideration set forth in one or more purchase orders or other Statements of Work or as otherwise agreed upon. Unless otherwise agreed in writing, the Contract Price includes all applicable taxes, duties, fees, and assessments of any nature, including without limitation all sales and use taxes, due to any governmental authority with respect to the Work.
- 1.05 **Contractor:** "Contractor" shall mean the entity designated as the "Contractor" in the opening paragraph of this Agreement.
- 1.06 **Company:** "Company" shall mean E.ON U.S. Servco Inc. and/or any of its Affiliates as appropriate based on which entity is the party to the applicable purchase order or other binding document. The rights and obligations of E.ON U.S. Servco Inc. and each of its Affiliates hereunder shall be limited to the extent of such party's proportionate utilization of Contractor's services hereunder.
- 1.07 **E.ON U.S. Servco Inc.:** "E.ON U.S. Servco Inc." shall mean E.ON U.S. Services Inc., a Kentucky corporation.
- 1.08 **Statements of Work:** "Statements of Work" shall mean any specifications, instructions, drawings, schedules, purchase orders, contracts, scopes of work, and/or statements of work.
- 1.09 **Work:** "Work" shall include those services and/or goods set forth in this Agreement.

ARTICLE 2 SCOPE; BINDING EFFECT

Unless otherwise agreed in a writing executed by each of the parties which evidences a clear intention to supersede this Agreement, the parties intend that this Agreement apply to all transactions which may occur between E.ON U.S. Servco Inc. and/or any of its Affiliates on one hand and Contractor on the other hand during the term of this Agreement and which are related to the provision of goods and/or services by Contractor for the benefit of E.ON U.S. Servco Inc. or any of its Affiliates. Neither E.ON U.S. Servco Inc. nor any of its Affiliates makes any commitment to Contractor as to the exclusiveness of this relationship or as to the volume, if any, of business E.ON U.S. Servco Inc. or its Affiliates will do with Contractor. The parties do, however, anticipate that the parties will agree from time to time for the performance of Work by Contractor. Such agreement for the provision of Work shall be reflected by (a) each of the parties executing a mutually acceptable Statement of Work under this Agreement or (b) Company providing a purchase order or other Statement of Work to Contractor and Contractor accepting such purchase order or other Statement of Work (including by commencing performance pursuant to such purchase order or other Statement of Work). In the event Company provides a purchase order

ORIGINAL

or other Statement of Work to Contractor and Contractor commences performance, unless such purchase order or other Statement of Work expressly provides otherwise, Contractor hereby agrees to the formation of a binding agreement as described in the purchase order or other Statement of Work upon Contractor's commencement of performance, waives any argument that it might otherwise have under Applicable Laws that the purchase order should have been executed by each of the parties to be enforceable and further agrees to not contest the enforceability of such purchase order or other Statement of Work on those grounds, and agrees to not contest the admissibility of Company's records related to such purchase order or other Statement of Work that are kept in the ordinary course by Company. In addition, in no event shall the terms and conditions of any proposal, purchase order or other Statement of Work, acknowledgement, invoice, or other document unilaterally issued by Contractor be binding upon Company without Company's explicit written acceptance thereof. Any Work performed by Contractor without Company's binding commitment for such Work either via a duly executed or accepted purchase order or other Statement of Work under this Agreement shall be at Contractor's sole risk and expense, and Company shall have no obligation to pay for any such Work.

ARTICLE 3 CONDITIONS AND RISKS OF WORK

Unless the applicable Statement of Work expressly provides otherwise, Contractor agrees that before beginning any Work Contractor shall carefully examine all conditions relevant to such Work and its surroundings, and, unless Contractor notifies Company in writing that it will not perform the Work under such conditions, Contractor shall assume the risk of such conditions and shall, regardless of such conditions, the expense, or difficulty of performing the Work, fully complete the Work for the stated Contract Price applicable to such Work without further recourse to Company. If Contractor objects to performing the work as set forth in the preceding sentence, Company may, at its option, authorize changes under the process described below in Article 4 or terminate this Agreement with respect to the Work involved without any liability to Contractor. Without limiting the foregoing, Contractor specifically recognizes that Company and other parties may be working concurrently at the site. Information on the site of the Work and local conditions at such site furnished by Company in specifications, drawings, or otherwise is made without representation or warranty of any nature by Company, is not guaranteed by Company, and is furnished solely for the convenience of Contractor. All drawings and other documents, if any, required to be submitted to Company for review shall be submitted in accordance with the mutually agreed to schedule, and, if no schedule applies, such drawings or other documents shall be submitted by Contractor without unreasonable delay. No Work affected by such drawings and other documents shall be started until Contractor is authorized to do so by Company. In case of a conflict between or within instructions, specifications, drawings, schedules, purchase order(s) and/or other Statements of Work, Company shall resolve such conflict; and Company's resolution shall be binding on Contractor.

ARTICLE 4 COMPANY CHANGES IN WORK

The scope of and conditions applicable to the Work shall be subject to changes by Company from time to time. Such changes shall only be enforceable if documented in a writing executed by Company. Except as otherwise specifically set forth in this Agreement, changes in the scope of or conditions applicable to the Work may result in adjustments in the Contract Price and/or the Work schedule in accordance with this Article 4. If Contractor believes that adjustment of the Contract Price or the Work schedule is justified, whether as a result of a change made pursuant to this Article or as a result of any other circumstance, then Contractor shall (a) give Company written notice of its claim within five (5) business days after receipt of notice of such change or the occurrence of such circumstances and (b) shall supply a written statement supporting Contractor's claim within ten (10) business days after receipt of notice of such change or occurrence of such circumstances, which statement shall include Contractor's detailed estimate of the effect on the Contract Price and/or the Work schedule. Contractor agrees to continue performance of the Work during the time any claim hereunder is pending. Company shall not be bound to any adjustments in the Contract Price or the Work schedule unless expressly agreed to by Company in writing. Company will not be liable for, and Contractor waives, any claims of Contractor that Contractor knew or should have known and that were not reported by Contractor in accordance with the provisions of this Article.

ARTICLE 5 FORCE MAJEURE

Neither party shall be liable to the other for any damages for any failure to perform or for any delays or interruptions beyond that party's reasonable control in performing any of its obligations under this Agreement due to acts of God, fires, floods, earthquakes, riots, war, acts of terrorism, civil insurrection, acts of the public enemy, or acts or failures to act of civil or military authority, unless the time to perform is expressly guaranteed. Contractor shall advise Company immediately of any anticipated and actual failure, delay, or interruption and the cause and estimated duration of such event. Any such failure, delay, or interruption, even though existing on the date of this Agreement or on the date of the start of the Work, shall require Contractor to within five (5) days submit a recovery plan detailing the manner in which the failure, delay, or interruption shall be remedied and the revised schedule. Contractor shall diligently proceed with the Work notwithstanding the occurrence thereof. This Article shall apply only to the part of the Work directly affected by the particular failure, delay, or interruption, and shall not apply to the Work as a whole or any other unaffected part thereof.

ORIGINAL

ARTICLE 6 CONTRACTOR DELAYS

Time is an important and material consideration in the performance of this Agreement by Contractor. Contractor agrees to cooperate with Company in scheduling the Work so that the project and other activities at Company's site will progress with a minimum of delays. Company shall not be responsible for compensating Contractor for any costs of overtime or other premium time work unless Company has provided separate prior written authorization for additional compensation to Contractor, and, if Company provides such written authorization, such additional compensation shall be limited to Contractor's actual cost of the premium portion of wages, craft fringe benefits, and payroll burdens. Contractor shall be liable for all failures, delays, and interruptions in performing any of its obligations under this Agreement which are not (a) caused by Company and reported in accordance with Article 4, (b) excused by Article 5, or (c) directed by Company pursuant to Article 7. Contractor shall, without adjustment to completion date or Contract Price, be obligated to make up time lost by such failures, delays, or interruptions. Company may suspend payments under this Agreement during the period of any such failure, delay, or interruption.

ARTICLE 7 COMPANY EXTENSIONS

Company shall have the right to extend schedules or suspend the Work, in whole or in part, at any time upon written notice to Contractor (except that in an emergency or in the event that Company identifies any safety concerns, Company may require an immediate suspension upon oral or written notice to Contractor). Contractor shall, upon receipt of such notice, immediately suspend or delay the Work. Contractor shall resume any suspended Work when directed by Company. If Contractor follows the requirements of Article 4, a mutually agreed equitable adjustment to the Contract Price or to the schedules for payments and performance of the remaining Work may be made to reflect Company's extension of schedules or suspension of the Work. Contractor shall provide Company all information Company shall request in connection with determining the amount of such equitable adjustment.

ARTICLE 8 INSPECTING, TESTING, AND AUDITING

8.01 Right of Inspecting and Testing: Company reserves the right, but shall not be obligated, to appoint representatives to follow the progress of the Work with authority to suspend any Work not in compliance with this Agreement. The appointment, or absence of an appointment, of such representatives by Company shall not have any effect on warranties. Acceptance or approval by Company's representative shall not be deemed to constitute final acceptance by Company, nor shall Company's inspection relieve Contractor of responsibility for proper performance of the Work. Inspection by Company's representative shall not be deemed to be supervision or direction by Company of Contractor, its agents, servants, or employees, but shall be only for the purpose of attempting to ensure that the Work complies with this Agreement. In the event Contractor fails to provide Company with reasonable facilities and access for inspection when advised, and if in the opinion of Company it becomes necessary to dismantle the Work for such inspection, then Contractor shall bear the expenses of such dismantling and reassembly.

8.02 Right of Auditing: Contractor shall maintain complete records relating to any cost-based (i.e., Work not covered by firm prices) components of the Work billed under this Agreement or relating to the quantity of units billed under any unit price provisions of this Agreement (all the foregoing hereinafter referred to as "Records") for a minimum of five years following the latest of performance of, delivery to Company of, or payment by Company for, such Work or units. All such Records shall be open to inspection and subject to audit and reproduction during normal working hours, by Company or its authorized representatives to the extent necessary to adequately permit evaluation and verification of any invoices, payments, time sheets, or claims based on Contractor's actual costs incurred in the performance or delivery of Work under this Agreement. For the purpose of evaluating or verifying such actual or claimed costs, Company or its authorized representative shall have access to said Records at any time, including any time after final payment by Company to Contractor pursuant to this Agreement. All non-public information obtained in the course of such audits shall be held in confidence except pursuant to judicial and administrative order. Company or its authorized representative shall have access, during normal working hours, to all necessary Contractor facilities and shall be provided adequate and appropriate work space to conduct audits in compliance with the provisions of this Article. Company shall give Contractor reasonable notice of intended audits. The rights of Company set forth in this paragraph shall survive the termination or expiration of this Agreement.

ARTICLE 9 COMPLIANCE WITH APPLICABLE LAWS; SAFETY; DRUG AND ALCOHOL TESTING

9.01 Applicable Laws and Safety: Contractor agrees to protect its own and its subcontractors' employees and be responsible for their Work until Company's acceptance of the entire project and to protect Company's facilities, property, employees, and third parties from damage or injury. Contractor shall at all times be solely responsible for complying with all Applicable Laws and facility rules, including without limitation those relating to health and safety, in connection with the Work, and for obtaining (but only as approved by Company) all permits and approvals necessary to perform the Work. Without limiting the

ORIGINAL

foregoing, Contractor agrees to strictly abide by and observe all standards of the Occupational Safety & Health Administration (OSHA) which are applicable to the Work being performed, as well as Company's Code of Business Conduct (Contractor hereby acknowledges receipt of a copy of such Code of Business Conduct and Company's safety rules) and any other rules and regulations that may be issued by Company from time to time, which are incorporated herein by reference. Contractor shall maintain the Work site in a safe and orderly condition at all times. Company shall have the right but not the obligation to review Contractor's compliance with safety and cleanup measures. In the event Contractor fails to keep the work area clean, Company shall have the right to perform such cleanup on behalf of, at the risk of and at the expense of Contractor.

9.02 Hazards and Training: Contractor shall furnish adequate numbers of trained, qualified, and experienced personnel and appropriate safety and other equipment in first-class condition, suitable for performance of the Work. Such personnel shall be skilled and properly trained to perform the Work and recognize all hazards associated with the Work. Without limiting the foregoing, Contractor shall participate in any safety orientation or other of Company's familiarization initiatives related to safety and shall strictly comply with any monitoring initiatives as determined by Company. Contractor shall accept all equipment, structures, and property of Company as found and acknowledges it has inspected the property, has determined the hazards incident to working thereon or thereabouts, and has adopted suitable precautions and methods for the protection and safety of its employees and the property.

9.03 Drug and Alcohol: No person will perform any of the Work while under the influence of drugs or alcohol. No alcohol may be consumed within four (4) hours of the start of any person's performance of the Work or anytime during the workday. A person will be deemed under the influence of alcohol if a level of .02 percent blood alcohol or greater is found. In addition to the requirements of the drug testing program, as set forth in Company's rules and regulations, all persons who will perform any of the Work will be subject to drug and alcohol testing under either of the following circumstances: (i) where the person's performance either contributed to an accident or cannot be completely discounted as a contributing factor to an accident which involves off-site medical treatment of any person; and (ii) where Company determines in its sole discretion that there is reasonable cause to believe such person is using drugs or alcohol or may otherwise be unfit for duty. Such persons will not be permitted to perform any Work until the test results are established. Contractor shall be solely responsible for administering and conducting drug and alcohol testing, as set forth herein, at Contractor's sole expense. As applicable and in addition to any other requirements under this Agreement, Contractor shall develop and strictly comply with any and all drug testing requirements as required by Applicable Laws.

ARTICLE 10 STATUS OF CONTRACTOR

Company does not reserve any right to control the methods or manner of performance of the Work by Contractor. Contractor, in performing the Work, shall not act as an agent or employee of Company, but shall be and act as an independent contractor and shall be free to perform the Work by such methods and in such manner as Contractor may choose, doing everything necessary to perform such Work properly and safely and having supervision over and responsibility for the safety and actions of its employees and the suitability of its equipment. Contractor's employees and subcontractors shall not be deemed to be employees of Company. Contractor agrees that if any portion of Contractor's Work is subcontracted, all such subcontractors shall be bound by and observe the conditions of this Agreement to the same extent as required of Contractor. In such event, Company strongly encourages the use of Minority Business Enterprises, Women Business Enterprises, and Disadvantaged Business Enterprises, as defined under federal law and as certified by a certifying agency that Company recognizes as proper.

ARTICLE 11 LABOR HARMONY; EQUAL EMPLOYMENT OPPORTUNITY

11.01 Labor Harmony: Contractor agrees that all labor employed by Contractor, its agents, or subcontractors for Work on the premises of Company shall be in harmony with all other labor being used by Company or other contractors working on Company's premises. Contractor agrees to give Company immediate notice of any threatened or actual labor dispute and will provide assistance as determined necessary by Company to resolve any such dispute. Contractor, its agents, or subcontractors shall remove from Company's premises any person objected to by Company in association with the Work.

11.02 Equal Employment Opportunity: To the extent applicable, Contractor shall comply with all of the following provisions, which are incorporated herein by reference: (i) Equal Opportunity regulations set forth in 41 CFR § 60-1.4(a) and (c), prohibiting employment discrimination against any employee or applicant because of race, color, religion, sex, or national origin; (ii) Vietnam Era Veterans Readjustment Assistance Act regulations set forth in 41 CFR § 60-250.4 relating to the employment and advancement of disabled veterans and Vietnam era veterans; (iii) Rehabilitation Act regulations set forth in 41 CFR § 60-741.4 relating to the employment and advancement of qualified disabled employees and applicants for employment; (iv) the clause known as "Utilization of Small Business Concerns and Small Business Concerns Owned and Controlled by Socially and Economically Disadvantaged Individuals" set forth in 15 USC § 637(d)(3); and (v) the subcontracting plan requirement set forth in 15 USC § 637(d).

ARTICLE 12 INDEMNITY BY CONTRACTOR

ORIGINAL

Contractor shall indemnify, defend, and hold harmless Company, its directors, officers, employees, and agents, from any and all damage, loss, claim, demand, suit, liability, penalty, or forfeiture of every kind and nature, including but not limited to attorneys' fees and expenses and other costs and expenses of defending against the same and payment of any settlement or judgment therefore, by reason of (a) bodily and other personal injuries to or deaths of persons, (b) damages to tools or equipment owned or leased by Company, (c) damages to other property, (d) the release or threatened release of a hazardous substance or any pollution or contamination of or other adverse effects on the environment, (e) violations of any Applicable Laws, or (f) infringement of patent, copyright, trademark, trade secret, or other property right, to the extent resulting or alleged to have resulted from acts or omissions of Contractor, its employees, agents, subcontractors, or other representatives or otherwise from performance of this Agreement, whether suffered directly by Company or indirectly by reason of third party claims, demands, or suits. This obligation to indemnify, defend, and hold harmless shall survive termination or expiration of this Agreement.

ARTICLE 13 ENVIRONMENTAL

13.01 Control: As required under the OSHA Hazard Communication Standard (29 CFR 1910.1200) and certain other Applicable Laws, Contractor or its subcontractors shall provide Material Safety Data Sheets ("MSDS") covering any hazardous substances and materials furnished under or otherwise associated with the Work under this Agreement. Contractor and its subcontractors shall provide Company with either copies of the applicable MSDS or copies of a document certifying that no MSDS are required under any Applicable Laws in effect at the worksite. **No asbestos or lead containing materials shall be incorporated into any Work performed by Contractor or otherwise left on the Work site without the prior written approval of Company.** Contractor and its subcontractors shall be solely responsible for determining if any chemical or material furnished, used, applied, or stored or Work performed under this Agreement is subject to any Applicable Laws.

13.02 Labeling: Contractor and its subcontractors shall label hazardous substances and materials and train their employees in the safe usage and handling of such substances and materials as required under any Applicable Laws.

13.03 Releases: Contractor and its subcontractors shall be solely responsible for the management of any petroleum or hazardous substances and materials brought onto the Work site and shall prevent the release of petroleum or hazardous substances and materials into the environment. All petroleum or hazardous substances and materials shall be handled and stored according to Contractor's written Spill Prevention Control and Countermeasures Plan or Best Management Practices Plan as defined under the provisions of the Clean Water Act, as amended, if either such Plan must be maintained pursuant to Applicable Laws. Contractor shall provide secondary containment for the storage of petroleum or hazardous substances and materials. The prompt and proper clean-up of any spills, leaks, or other releases of petroleum or hazardous substances and materials resulting from the performance of the Work under this Agreement and the proper disposal of any residues shall be Contractor's sole responsibility, but Contractor shall give Company immediate notice of any such spills, leaks, or other releases. Contractor shall be solely responsible for the storage, removal, and disposal of any excess or unused quantities of chemicals and materials which Contractor causes to be brought to the Work site.

13.04 Generated Wastes: Unless Company and Contractor expressly agree otherwise in writing, Contractor and its subcontractors shall be solely responsible for any wastes generated in the course of the Work, and Contractor shall handle, store, and dispose of such wastes in accordance with any Applicable Laws.

13.05 Survival: The obligations set forth in this Article shall survive termination or expiration of this Agreement.

ARTICLE 14 INSURANCE

14.01 Contractor's Insurance Obligation: Contractor shall provide and maintain, and shall require any subcontractor to provide and maintain the following insurance (and, except with regard to Workers' Compensation, naming Company as additional insured and waiving rights of subrogation against Company and Company's insurance carrier(s)), and shall submit evidence of such coverage to Company prior to the start of the Work:

- (a) Workers' Compensation and Employer's Liability Policy, which shall include:
 - 1) Workers' Compensation (Coverage A), with statutory limits, and in accordance with the laws of the state where the Work is performed;
 - 2) Employer's Liability (Coverage B) with minimum limits of One Million Dollars (\$1,000,000) Bodily Injury by Accident, each Accident, \$1,000,000 Bodily Injury by Disease, each Employee;
 - 3) Thirty (30) Day Cancellation Clause; and
 - 4) Broad Form All States Endorsement.
- (b) Commercial General Liability Policy, which shall have minimum limits of One Million Dollars (\$1,000,000) each occurrence; Two Million Dollars (\$2,000,000) General Aggregate; One Million Dollars (\$1,000,000) Products/Completed Operations Aggregate; One Million Dollars (\$1,000,000) Personal and Advertising Injury, and including:
 - 1) Thirty (30) Day Cancellation Clause;

ORIGINAL

- 2) Blanket Written Contractual Liability to the extent covered by the policy against liability assumed by Contractor under this Agreement;
 - 3) Broad Form Property Damage; and
 - 4) Insurance for liability arising out of blasting, collapse, and underground damage (deletion of X, C, U Exclusions).
- (c) Commercial Automobile Liability Insurance covering the use of all owned, non-owned, and hired automobiles, with a bodily injury, including death, and property damage combined single minimum limit of One Million Dollars (\$1,000,000) each occurrence with respect to Contractor's vehicles assigned to or used in performance of Work under this Agreement.
- (d) Umbrella/Excess Liability Insurance with minimum limits of Two Million Dollars (\$2,000,000) per occurrence; Two Million Dollars (\$2,000,000) aggregate, to apply to employer's liability, commercial general liability, and automobile liability.
- (e) If any fixed wing or rotor craft aircraft will be used by Contractor in performing the Work, Aircraft Public Liability Insurance covering such aircraft whether owned, non-owned, leased, hired or assigned with a combined single minimum limit for bodily injury and property damage of Five Million Dollars (\$5,000,000) including passenger liability coverage.
- (f) If engineering or other professional services will be provided by Contractor, then Professional Liability Insurance with limits of Three Million Dollars (\$3,000,000) per occurrence and Three Million Dollars (\$3,000,000) in the aggregate, which insurance shall be either on an occurrence basis or on a claims made basis (with a retroactive date satisfactory to Company).

14.02 Quality of Insurance Coverage: The above policies to be provided by Contractor shall be written by insurance companies which are both licensed to do business in the state where the Work will be performed and either satisfactory to Company or having a Best Rating of not less than A-. These policies shall not be materially changed or canceled except with thirty (30) days written notice to Company from Contractor and the insurance carrier. Evidence of coverage, notification of cancellation or other changes shall be mailed to: Attn: Manager, Supply Chain, E.ON U.S. Services Inc., P.O. Box 32020, Louisville, KY 40232.

14.03 Implication of Insurance: Company reserves the right to request and receive a summary of coverage of any of the above policies or endorsements; however, Company shall not be obligated to review any of Contractor's certificates of insurance, insurance policies, or endorsements, or to advise Contractor of any deficiencies in such documents. Any receipt of such documents or their review by Company shall not relieve Contractor from or be deemed a waiver of Company's rights to insist on strict fulfillment of Contractor's obligations under this Agreement.

14.04 Other Notices: Contractor shall provide notice of any accidents or claims at the Work site to Company's Manager, Risk Management at E.ON U.S. Services Inc., P.O. Box 32030, Louisville, KY 40232 and Company's site authorized representative.

ARTICLE 15 WARRANTIES

Contractor warrants that:

- (a) the Work will conform to any applicable Statement of Work; and any materials supplied in connection therewith shall be new, unused, and free from defect;
- (b) the Work will be suitable for the purposes specified by Company and will conform to each statement, representation, and description made by Contractor to Company;
- (c) the Work is not and shall not be subject to any encumbrance, lien, security interest, patent, copyright or trademark claims, infringements, or other defects in title; and
- (d) any labor or services performed pursuant to this Agreement shall be performed in a competent, diligent, and timely manner in accordance with the highest professionally accepted standards.

Contractor shall respond in writing to any warranty claim by Company within five (5) business days of the delivery of notice of such claim to Contractor.

ARTICLE 16 OWNERSHIP OF INTELLECTUAL PROPERTY; PATENTS

16.01 Ownership: All inventions, discoveries, processes, methods, designs, drawings, blueprints, information, software, works of authorship and know-how, or the like, whether or not patentable or copyrightable (collectively, "Intellectual Property"), which Contractor conceives, develops, or begins to develop, either alone or in conjunction with Company or others, in connection with the Work, shall be "work made for hire" and the sole and exclusive property of Company. Upon request, Contractor shall promptly execute all applications, assignments, and other documents that Company shall deem necessary to apply for and obtain letters patent of the United States and/or copyright registration for the Intellectual Property and in order to evidence Company's sole ownership thereof.

ORIGINAL

16.02 Royalties and License Fees: Contractor shall pay all royalties and license fees which may be payable on account of the Work or any part thereof. In case any part of the Work is held in any suit to constitute infringement and its use is enjoined, Contractor within a reasonable time shall, at the election of Company and in addition to Contractor's obligations under Article 12, either (a) secure for Company the perpetual right to continue the use of such part of the Work by procuring for Company a royalty-free license or such other permission as will enable Contractor to secure the suspension of any injunction, or (b) replace at Contractor's own expense such part of the Work with a non-infringing part or modify it so that it becomes non-infringing (in either case with changes in functionality that are acceptable to Company).

ARTICLE 17 RELEASE OF LIENS

Contractor hereby releases for itself and its successors in interest, and for all subcontractors and their successors in interest, any and all claim or right of mechanics or any other type lien upon Company's or any other party's property, the Work, or any part thereof as a result of performing the Work. Contractor shall execute and deliver to Company such documents as may be required by Applicable Laws to make this release effective and shall give all required notices to subcontractors with respect to ensuring the effectiveness of the foregoing release against those parties. Contractor shall secure the removal of any lien that Contractor has agreed to release in this Article within five (5) working days of receipt of written notice from Company to remove such lien. If not timely removed, Company may remove the lien and charge all costs and expenses to Contractor, including without limitation costs of bonding off such lien.

ARTICLE 18 ASSIGNMENT OF AGREEMENT; SUBCONTRACTING

Contractor shall not by operation of law or otherwise assign, sublease, or subcontract any part of the Work or this Agreement without Company's prior written approval. Such approval, if given, shall not relieve Contractor from full responsibility for the fulfillment of all obligations under this Agreement.

ARTICLE 19 INVOICES AND EFFECT OF PAYMENTS

19.01 Invoices: Within a reasonable period of time following the end of each calendar month or other agreed period, Contractor shall submit an invoice to Company that complies with this Article. Payments shall be made within forty-five (45) days of Company's receipt of Contractor's proper invoice, and, in the event that Company's payment is overdue, Contractor shall promptly provide Company with a notice that such payment is overdue. Contractor's invoices shall designate the extent to which E.ON U.S. Servco Inc. or any of its Affiliates is the responsible party. Such invoices shall reference the contract number and shall also show labor, material, taxes paid (including without limitation sales and use taxes, duties, fees, and other assessments imposed by governmental authorities), freight, and all other charges (including without limitation equipment rental) as separate items. All invoices shall be submitted with supporting documentation and in acceptable form and quality to Company's authorized representative. Should Company dispute any invoice for any reason, payment on such invoice shall be made within thirty (30) days of the dispute resolution. Payment of the invoice shall not release Contractor from any of its obligations hereunder, including but not limited to its warranty and indemnity obligations. Invoices shall not be delivered with goods, but all correspondence and packages related to this Agreement shall reference the contract number assigned by Company.

19.02 Taxes: If Company provides Contractor with an exemption certificate demonstrating an exemption from sales or use taxes in Kentucky, then Contractor shall not withhold or pay Kentucky sales or use taxes to the extent such exemption certificate applies to the Work (such exemption does not and shall not apply to any materials consumed by Contractor in performing the Work). Contractor agrees that it shall not rely upon Company's direct pay authorization in not withholding or paying Kentucky sales or use taxes. If Company does not provide Contractor with an exemption certificate demonstrating an exemption from sales or use taxes in Kentucky, Contractor shall be solely responsible for paying all appropriate sales, use, and other taxes and duties (including without limitation sales or use tax with respect to materials purchased and consumed in connection with the Work) to, as well as filing appropriate returns with, the appropriate authorities. To the extent specifically included in the Contract Price, Contractor shall bill Company for and Company shall pay Contractor all such taxes and duties, but Company shall in no event be obligated for taxes and duties not specifically included in the Contract Price or for interest or penalties arising out of Contractor's failure to comply with its obligations under this Section.

19.03 Billing of Additional Work: All claims for payments of additions to the Contract Price shall be shown on separate Contractor's invoices and must refer to the specific change order or written authorization issued by Company as a condition to being considered for payment.

19.04 Effect of Payments/Offset: No payments shall be considered as evidence of the performance of or acceptance of the Work, either in whole or in part, and all payments are subject to deduction for loss, damage, costs, or expenses for which Contractor may be liable under any purchase order or set-off hereunder. Company, without waiver or limitation of any rights or remedies of Company, shall be entitled from time to time to deduct from any and all amounts owing by Company to Contractor in connection with

ORIGINAL

this Agreement or any other contract with Company any and all amounts owed by Contractor to Company in connection with this Agreement or any other contract with Company.

19.05 Evidence of Payment to Subcontractors: Contractor shall, if requested by Company, furnish Company with a certificate showing names of Contractor's suppliers and subcontractors hereunder, and certifying to Company that said suppliers and subcontractors have been paid in full.

ARTICLE 20 ROUTING OF SHIPMENTS

Company shall have the option of specifying the routing of shipments. If freight is included in the Contract Price, and such specified routing increases Contractor's shipping costs, Contractor shall immediately so notify Company, and should Company still specify the more expensive routing, then Company shall reimburse Contractor for the increase actually incurred thereby.

ARTICLE 21 TERM AND TERMINATION

21.01 Term: This Agreement shall commence on the date set forth above and shall survive in full force and effect until terminated as set forth below. A termination under this Article 21 based on certain Work shall only apply to the Statement of Work that covers such Work. Any Statements of Work that do not relate to such Work shall not be affected by such a termination.

21.02 Termination for Contractor's Breach: If the Work to be done under this Agreement shall be abandoned by Contractor, if this Agreement or any portion thereof shall be assigned by operation of law or otherwise, if the Work or any portion thereof is sublet by Contractor without the permission of Company, if Contractor is placed in bankruptcy, or if a receiver be appointed for its properties, if Contractor shall make an assignment for the benefit of creditors, if at any time the necessary progress of Work is not being maintained, or if Contractor is violating any of the conditions or agreements of this Agreement, or has executed this Agreement in bad faith, Company may, without prejudice to any other rights or remedies it may have as a result thereof, notify Contractor to discontinue any or all of the Work and terminate this Agreement in whole or part. In the event that Section 365(a) of the Bankruptcy Code or some successor law gives Contractor as debtor-in-possession the right to either accept or reject this Agreement, then Contractor agrees to file an appropriate motion with the Bankruptcy Court to either accept or reject this Agreement within twenty (20) days of the entry of the Order for Relief in the bankruptcy proceeding. Contractor and Company acknowledge and agree that said twenty (20) day period is reasonable under the circumstances. Contractor and Company also agree that if Company has not received notice that Contractor has filed a motion with the Bankruptcy Court to accept or reject this Agreement within said twenty (20) day period, then Company may file a motion with the Bankruptcy Court asking that this Agreement be accepted or rejected, and Contractor shall not oppose such motion.

21.03 Effect of Termination for Contractor's Breach: From the effective date of such termination notice, Contractor shall vacate the site, whereupon Company shall have the right but not the obligation to take possession of the Work wherever located, and Contractor shall cooperate with Company and cause Contractor's subcontractors to cooperate with Company so that Company can effect such possession. In obtaining replacement services, Company shall not be required to request multiple bids or obtain the lowest figures for completing the Work and may make such expenditures as shall best accomplish such completion and are reasonable given the circumstances. The expenses of completing the Work in excess of the unpaid portion of the Contract Price, together with any damages suffered by Company, shall be paid by Contractor, and Company shall have the right to set off such amounts from amounts due to Contractor.

21.04 Termination for Company's Convenience: Company may terminate this Agreement or one or more Statements of Work in whole or in part for its own convenience by thirty (30) days' written notice at any time. In such event, Company shall pay Contractor all direct labor and material costs incurred on the Work that is subject to such Termination prior to such notice, plus any reasonable unavoidable cancellation costs which Contractor may incur as a result of such termination, plus indirect costs or overhead on the portion of the Work completed, computed in accordance with generally accepted accounting principles less salvage value. As an alternative to salvage value reduction, Company shall have the right in its sole discretion to take possession of all or part of the Work.

ARTICLE 22 LIABILITY OF AFFILIATES

Any and all liabilities of E.ON U.S. Servco Inc. and its Affiliates under this Agreement shall be several but not joint.

ARTICLE 23 PUBLICITY

Contractor shall not issue news releases, publicize or issue advertising pertaining to the Work or this Agreement without first obtaining the written approval of Company.

ORIGINAL

ARTICLE 24 CONFIDENTIAL INFORMATION

All information relating to the Work or the business of Company, including, but not limited to, drawings and specifications relating to the Work, and customer information, shall be held in confidence by Contractor and shall not be used by Contractor for any purpose other than for the performance of the Work or as authorized in writing by Company. In the event that the Contractor assigns the work to one or more subcontractors, a signed confidentiality agreement between the Contractor and each subcontractor(s) will be provided to the Company prior to the provision of any information described in the immediately preceding sentence or the performance of any Work by the subcontractor. All drawings, specifications, or documents furnished by Company to Contractor or developed in connection with the Work shall either be destroyed or returned to Company (including any copies thereof) upon request at any time.

ARTICLE 25 MISCELLANEOUS.

25.01 Waiver: No waiver by Company of any provision herein or of a breach of any provision shall constitute a waiver of any other breach or of any other provision.

25.02 Headings: The headings of Articles, Sections, paragraphs, and other parts of this Agreement are for convenience only and do not define, limit, or construe the contents thereof.

25.03 Severability: If any provision of this Agreement shall be held invalid under law, such invalidity shall not affect any other provision or provisions hereof which are otherwise valid.

25.04 State Law Governing Agreement: This Agreement shall be governed by, and construed in accordance with, the laws of the Commonwealth of Kentucky, without regard to its principles of conflicts of laws.

25.05 Enforcement of Rights: Company shall have the right to recover from Contractor all expenses, including but not limited to fees for and expenses of inside or outside counsel hired by Company, arising out of Contractor's breach of this Agreement or any other action by Company to enforce or defend Company's rights hereunder.

25.06 No Third Party Beneficiaries: Except for Contractor and Company, there are no intended third party beneficiaries of this Agreement and none may rely on this Agreement in making a claim against Company.

25.07 Notices: All notices and communications respecting this Agreement shall be in writing, shall be identified by the contract number, shall be designated for E.ON U.S. Servco Inc., or the appropriate Affiliate, and shall be addressed as follows (which address either party may change upon five (5) days prior notice to the other party):

To Company:
E.ON U.S. Services Inc.
Attn: Manager, Supply Chain
P.O. Box 32020
Louisville, Kentucky 40232

To Contractor:

Direct Labor Job Descriptions and Responsibilities

LG&E/KU STOREROOM
CONTRACTOR JOB DESCRIPTION
STOREKEEPER A

Position Description

Manage and operate warehouse without E.ON U.S. presence. Provide support and On-the-Job training to Storekeeper B positions.

The following are in addition to all responsibilities, qualifications, and requirements of Storekeeper B:

General Responsibilities

- INVENTORY MANAGEMENT SYSTEM (ORACLE)
 - Requisitioning and purchasing materials
 - Receipting materials
 - Physical Inventory (Cycle) counts
 - Miscellaneous material transactions
 - Reconciling Accounts Payable issues
 - Use of Bar Coding at designated locations
 - Setting up material Bin/Row locators
 - Issuing of materials from stock, including charging out materials for all jobs including our work management system (STORMS).
 - Run standard Reports from the ORACLE system
 - Perform Returns and Retirement
- WORK MANAGEMENT SYSTEM (STORMS)
 - Completing 610's (Material Requisition)
 - Communicate with designing engineers
 - Run 16 week forecast
- Thorough understanding of ordering materials through a variety of methods, i.e. Procard, e-Procurement (supplier furnished electronic ordering methods), System requisitioning, and System generated suggested purchase levels
 - Understanding of inventory management principles
 - Identification of dead-stock, slow-moving, or excessive stock items
 - Managing inventory levels based on established min/max or forecast material requirements
 - Meet established inventory metrics
 - Conduct weekly storeroom walkthroughs to analyze inventory levels
- Understanding of storeroom organization
 - Maintaining the storeroom organization by locating similar and/or compatible materials together.
 - Staff storeroom during regular crew operating times

- Assign material locators as needed
 - Understanding customer budgets and the importance of using correct account numbers
 - Charging of materials to appropriate project, task, and expenditure org.
 - Knowledge of key, frequently used suppliers and ability to resolve ordering problems
 - Following up on delivery dates, invoicing issues, expedites, RMA's, etc
 - Coordinate and transfer of materials to and from other storeroom locations as needed.
 - Complete Material Transfer in ORACLE
 - Expedite materials based on job requirements
 - Contact suppliers to improve delivery dates on materials
 - Knowledge of materials used in T&D construction standards
 - To understand material availability or substitutions
 - Coordinate with Team Leaders to determine whether materials can be kitted, be delivered to job site, or other designated location on requested date
 - Other duties as designated by Company
-

General Skills

- Ability to work without direct on site supervision
- Good working knowledge of Microsoft Office applications

ORIGINAL

**LG&E/KU STOREROOM
CONTRACTOR JOB DESCRIPTION
STOREKEEPER B**

Position Description

Upon direction, provide accurate and efficient ordering, receiving, storing, controlling, and issuing of materials used to support T&D operations. Identifies and provides field customers value added support services according to their unique business and/or location requirements.

General Responsibilities

- Relationship Management
 - Effectively serve as the on site representative of the LGE/KU Supply Chain group
 - Responding to internal customer needs via phone, e-mail, etc
 - Maintain a high degree of customer satisfaction through continuous interaction with Op Center management and Line Construction Team Leaders, and Contractors
- Required to be certified to operate a forklift and other material handling equipment
 - Responsible for the maintenance and recordkeeping of forklift checklist, repairs and preventative maintenance
- Ensure accuracy of all receiving documents, i.e. Packing slips and bills of lading
 - Unloading and possible delivery of items to designated requestor
- Stocking materials in their designated warehouse location by Internal Identification Number (IIN)
- Update stocked materials based on engineering standards changes or discontinues as needed
 - Assure IIN's are updated
 - Assure smooth transition from old item to new item
 - Coordinate disposition of obsolete or discontinued items
- Maintain organization and housekeeping of storeroom facility and yard
- Coordinate the disposition of all scrap materials, i.e. metals, wood, reels, etc as needed
 - Contact designated contractor for pick-up
 - Document disposition as per company guidelines
- Attend and participate in site specific weekly and quarterly safety meeting with their company representative
- Available to travel and work at other locations as needed. Routinely service multiple locations
- Handling Hazardous Material requirements
 - Monitor handling guidelines for hazardous materials at their location (i.e. transformer oil, MV lamps, PCB's)
 - Understand company spill response procedures and notification policy
- Update Distribution Equipment Tracking System (DETS) for 3 phase pad mounted and large single phase installations

- Maintain and update material records
- Perform physical inventory counts
- Other duties as designated by Company

General Skills

- Possess good oral and written communication skills and the ability to build good rapport with both suppliers and internal customers
 - Ability to work in both office and storeroom environment
 - Have ability and attitude to learn through On-the-Job training
 - Possess or have the ability to obtain basic working knowledge and use of Microsoft applications, i.e. Microsoft Office, (Word, Excel, etc)
 - Basic knowledge of Inventory Management Principles
 - Valid driver's license with satisfactory safety driving record required at all times. CDL required at some locations
 - Basic knowledge of T&D materials desirable
 - Subject to random drug testing
 - Regular attendance is a must
 - Must be able to lift up to 50 lbs and push or pull up to 100 lbs
 - Routine travel to multiple locations. Occasional overnight stay may be involved
-

**LG&E/KU STOREROOM
CONTRACTOR JOB DESCRIPTION
LABORER**

Position Description

Load, unload, and stage transformers and other equipment for pickup by company or contractor personnel.

General Responsibilities

- Required to be certified to operate a forklift and other material handling equipment
 - Responsible for the maintenance and recordkeeping of forklift checklist, repairs and preventative maintenance
- Ensure accuracy of all receiving documents, i.e. Packing slips and bills of lading
- Maintain organization and housekeeping of storeroom facility and yard
- Coordinate and stage decommissioned transformers for pick up by contractor as needed
 - Document disposition as per company guidelines
- Attend and participate in site specific weekly and quarterly safety meeting with their company representative
- Handling Hazardous Material requirements
 - Monitor handling guidelines for hazardous materials at their location (i.e. transformer oil, MV lamps, PCB's)
 - Understand company spill response procedures and notification policy
 - Be able to coordinate and implement spill response and notification procedures in an emergency
- Perform physical inventory counts

General Skills

- Possess good oral and written communication skills and the ability to build good rapport with both suppliers and internal customers
- Ability to work in both office and storeroom environment
- Have ability and attitude to learn through On-the-Job training
- Subject to random drug testing
- Regular attendance is a must
- Must be able to lift up to 50 lbs and push or pull up to 100 lbs

INFORMATION TECHNOLOGY (IT) SECURITY AGREEMENT**

This Security Agreement ("Agreement") is made and entered into as of this 15th day of January, 2008, by and between Brownstown Electric Supply Co., ("Contractor") and E.ON U.S. LLC, and affiliates ("E.ON U.S."). This Agreement shall define the Contractor's obligation to comply with common security best-practices, and E.ON U.S.'s rights for monitoring and auditing Contractor's compliance as set forth below. Contractor hereby agrees to adhere to a minimum set of security best-practices as follows throughout the period commencing on the date of this Agreement and continuing until the later to occur of the expiration or termination of the Agreement (or any successor agreement thereof).

1. **Appropriate use:** The Contractor's connection(s) to E.ON U.S.'s network are provided for a specific business purpose as defined in the Contracts KU 452817 and LGE 767662, and are to be utilized for that purpose only. Any other use of this connection is explicitly prohibited, including such activities as attempts at unauthorized access to other customer systems, applications, or information; scanning or network browsing to enumerate customer's systems, applications, open ports, network shares or other shared resources, etc.; or running or attempting to run any unauthorized software on any of the customer's systems to which the vendor may have access. In the case where customer-owned client workstations are provided to allow the vendor to perform their defined business function for customer, such equipment shall not be modified without prior written authorization by the customer. Such modifications include making unauthorized changes to the installed system configuration, installing unauthorized software, or attaching any additional devices, network connections, etc.
2. **Access control:** In order to control access to the Contractor's network, unique user-ID's and passwords shall be utilized for each individual that requires access. The passwords associated with these user-ID's shall be managed according to generally-accepted best practices, notably:
 - 1.1 The passwords shall be a minimum of seven characters in length, should not be a common name or be found in a dictionary, and should contain a mixture of alpha characters, numbers, and special symbols (such as #, !, %, etc.).
 - 1.2 The passwords shall expire at a maximum of 90-days.
 - 1.3 A history of the previously used passwords shall be maintained such that no password shall be re-used for at least 99 generations.
3. **System inactivity timeouts:** Client and servers residing on the Contractor's internal network shall employ automatic system inactivity lockouts. An example of this would be a password-protected screen saver that engages automatically based on a specified period of inactivity. This default inactivity timeout should be set for no more than 15 minutes. Where practical, this client timeout shall be enforced through policy settings on the connected workstation.
4. **Virus protection:** Virus protection software shall be run on all servers and client workstations that reside on the Contractor's internal network at all times. The virus signature files on these devices shall be updated in a timely manner as new releases are made available by the virus protection software Contractor, preferably in an automated fashion. Updates shall be applied at a minimum of weekly, or as released by the virus protection software Contractor.
5. **Secure Installation:** The Contractor shall ensure that all unnecessary software, services and ports on the system are removed or disabled. The most currently available operating system updates and patches should be applied and tested as an integral part of the initial installation. Logging functionality should be enabled to, at a minimum, capture login activity.
6. **Network Isolation:** The Contractor shall provide support for the potential isolation of the E.ON U.S. network segment(s) on which the Contractor's system operates. The Contractor shall provide all technical information necessary to facilitate construction of appropriate firewall rules, including full disclosure of which hosts need to communicate through each firewall interface and what protocols and ports those hosts utilize.

ORIGINAL

7. **Operating System / security patch updates:** Periodically, system software vendors release updates or security patches to address specific problems or vulnerabilities that are identified with this software. These updates will be routinely reviewed by the Contractor's system administrators for relevance and priority, and patches to any client or server system software determined to be important shall be applied in a timely manner. In evaluating the priority and relevance of these updates, the Contractor shall consider the relevance and priority as noted by generally-recognized independent security organizations. Among these are CERT, NIPC, SANS, etc. Any updates deemed to be of critical importance shall be applied as soon as possible to all applicable clients or servers on the Contractor's internal network. Any updates that fall below this level of criticality shall be applied in a timely basis as determined by the Contractor and E.ON U.S. based on potential impact to both parties.
8. **Remote Access:** If the scope of the services being provided by the Contractor requires remote access to the E.ON U.S. network, the Contractor shall utilize Virtual Private Network (VPN) encryption technology, managed routing, and two factor authentication to provide this access. The VPN and authentication solutions must be approved by E.ON U.S.'s IT Security department.
9. **Modems:** No modems or other network access points shall be connected to the Contractor's network or networked devices, unless such modems are protected from unauthorized access by not allowing incoming calls on the phone line connected to these devices, or by similar protection schemes that provide access to authorized users only. Under no circumstances shall a Contractor workstation have simultaneous connectivity to both E.ON U.S.'s network, and any or network, ISP, or system, unless such connectivity is specifically reviewed and permitted in writing by E.ON U.S.'s IT Security Department.
10. **Monitoring/logging:** Logging of operating system events, security alerts, firewall traffic blocked, etc., shall be enabled on appropriate devices on the Contractor's network. These logs shall be routinely reviewed for possible unauthorized access attempts or system intrusions, and appropriate corrective actions taken by Contractor's system administrators. *Any intrusion or unauthorized system access that has the potential of impacting the E.ON U.S., its systems or data shall be immediately be brought to the attention of the E.ON U.S. IT Security Department.* E.ON U.S. shall be given reasonable access to those logs during normal business hours from and after the date hereof through the second (2nd) anniversary of the date of expiration or termination of the Agreement (or any successor agreement), which access commitment of Contractor shall survive such expiration or termination and continue to be binding on Contractor throughout that period.
11. **FERC/NERC Cyber Security Standards Compliance:** For systems that fall within the scope of the current FERC/NERC Cyber Security Standards (1200 and CIP-002 – CIP-009) the Contractor must:
 - 11.1. Demonstrate that the system is technically capable of being compliant; and
 - 11.2. If the Contractor is providing implementation services, provide written certification that the system is implemented in a manner that ensures compliance.
12. **Auditing:** E.ON U.S. retains the right to periodically audit the security policies, practices and standards of the Contractor as it pertains to the operation of its IT systems and network that potentially may impact, either directly or indirectly, Contractor's services, support, or interfaces to E.ON U.S.'s applications or network. Contractor shall provide reasonable resources in support of performance of the audit at no cost to E.ON U.S.. These audit rights will continue in force and effect from and after the date hereof through the second (2nd) anniversary of the date of expiration or termination of the Agreement (or any successor agreement). The audit rights of E.ON U.S. provided for above shall survive such expiration or termination and continue to be binding on Contractor throughout that period. Contractor agrees to afford E.ON U.S. reasonable access to Contractor's IT systems, network and related equipment and facilities in order to facilitate E.ON U.S.'s audit rights, as requested by E.ON U.S. from time-to-time during the period described above. Modifications to these policies, practices, or standards may be required from time-to-time by the E.ON U.S. to address additional security issues, vulnerabilities, or areas of concern.
13. **Confidentiality:** All information relating to the Work or the business of LG&E, including, but not limited to, systems, platforms, data, processes, methodologies, drawings and specifications relating to the Work, shall be held in confidence by Contractor and shall not be used by Contractor for any purpose other than for the performance of the Work or as authorized in writing by LG&E. All documents furnished by LG&E to Contractor or developed in connection with the Work shall either be destroyed or returned to LG&E (including any copies thereof) upon request at any time.
14. **Reaffirmation:** Except as amended or modified by this Agreement, the Agreement shall continue in full force and effect from and after the date hereof in accordance with its terms.

ADDENDUM D
ELECTRONIC DATA INTERCHANGE TRADING PARTNERS
AGREEMENT

THIS ELECTRONIC DATA INTERCHANGE TRADING PARTNERS AGREEMENT (the "Agreement") is made as of January 15, 2008, by and between E.ON U.S. LLC, and affiliates ("LG&E" and "KU"), and Brownstown Electric Supply Co. Inc. ("Seller").

RECITALS

LG&E/KU and the Seller desire to facilitate purchase and sale transactions ("Transactions") by electronically transmitting and receiving data in agreed formats in substitution for conventional paper-based documents and to assure that such Transactions and contracts therefore are not legally invalid or unenforceable as a result of the use of available electronic technologies for the mutual benefit of the parties.

NOW THEREFORE, the parties, intending to be legally bound, agree as follows:

Section 1. PREREQUISITES

- 1.1 Documents; Standards.** Each party may electronically transmit to or receive from the other party any of the transaction sets listed in Appendix A and transaction sets which the parties by written agreement add to Appendix A (collectively "Documents"). Any transmission of data which is not a Document shall have no force or effect between the parties, unless justifiably relied upon by the receiving party. All Documents shall be transmitted in accordance with the standards set forth in Appendix A.
- 1.2 Third Party Service Providers**
- 1.2.1** Documents will be transmitted electronically to each party either, as specified in Appendix A, directly or through any third party service provider ("Provider") with which either party may contract. Either party may modify its election to use, not use or change a Provider upon thirty (30) days prior written notice.
- 1.2.2** Each party shall be responsible for the costs of any Provider with which it contracts, unless otherwise set forth in Appendix A.
- 1.3 System Operations.** Each party, at its own expense, shall provide and maintain the equipment, software, services and testing necessary to effectively and reliably transmit and receive Documents.
- 1.4 Security Procedures.** Each party shall properly use those security procedures, including those specified in Appendix A, if any, which are reasonably sufficient to ensure that all transmissions of Documents are authorized and to protect both parties' business records and data from improper access.

ORIGINAL 1

- 1.5 **Signatures.** Each party shall adopt as its signature an electronic identification consisting of symbol(s) or code(s) which are to be affixed to or contained in each Document transmitted by such party ("Signatures"). Each party agrees that any Signature of such party affixed to or contained in any transmitted Document shall be sufficient to verify such party originated such Document. Neither party shall disclose to any unauthorized person the Signatures of the other party.

Section 2. TRANSMISSIONS

- 2.1 **Proper Receipt.** Documents shall not be deemed to have been properly delivered or received, and no Document shall give rise to any obligation, until accessible to the receiving party at such party's Receipt Computer designated in Appendix A.
- 2.2 **Verification.** Upon proper receipt of any Document, the receiving party shall promptly and properly transmit a functional acknowledgment in return, unless otherwise specified in Appendix A.
- 2.3 **Acceptance.** Any Document which has been properly received which constitutes an offer for a contract shall not be considered accepted unless and until the party receiving such Document has accepted the offer under applicable law.
- 2.4 **Garbled Transmission.** If any properly transmitted Document is received in an unintelligible or garbled form, the receiving party shall notify the originating party (if identifiable from the received Document) in a reasonable manner within 24 hours of receipt. In the absence of such a notice, the originating party's records of the contents of such Document shall control.

Section 3. TRANSACTION TERMS

- 3.1 **Terms Provisions, and Conditions.** In case of Transactions within the scope of a written agreement between the parties, such Transactions shall be governed by the terms, provisions, and conditions set forth in the Documents and in such written agreement. All other Transactions between the parties shall be governed by the terms, provisions, and conditions set forth in the Documents and on Appendix A and Appendix B hereto.
- 3.2 **Confidentiality.** All information contained in any Document or otherwise exchanged between the parties shall be held in confidence by the receiving party and shall not be used for any purpose other than performing Transactions with the other party, except as otherwise agreed to in writing between the parties. User names and passwords assigned for transmission of Documents shall be used solely for authentication of Transactions and shall not be disclosed to a third party by either party.

ORIGINAL

2

3.3 Validity; Enforceability.

- 3.3.1 This Agreement has been executed by the parties to evidence their mutual intent to create binding purchase and sale obligations governed by the terms, provisions, and conditions as set forth in Section 3.1 pursuant to the electronic transmission and receipt of Documents.
- 3.3.2 Any Document properly transmitted pursuant to this Agreement shall be considered, in connection with any Transaction, any other written agreement between the parties, or this Agreement, to be a "writing" or "in writing"; and any such Document when containing or to which there is affixed, a Signature ("Signed Documents") shall be deemed for all purposes to have been "signed" and to constitute an "original" when printed from electronic files or records established and maintained in the normal course of business.
- 3.3.3 The conduct of the parties pursuant to this Agreement, including the use of Signed Documents, properly transmitted pursuant to this Agreement, shall, for all legal purposes, evidence a course of performance accepted by the parties in furtherance of this Agreement and any other agreements between the parties.
- 3.3.4 The parties agree not to contest the validity or enforceability of Signed Documents under the provisions of any applicable law relating to whether certain agreements must be in writing and signed by the party to be bound thereby. Signed Documents, if introduced as evidence on paper in any judicial or administrative proceedings, will be admissible as between the parties to the same extent and under the same conditions as other business records originated and maintained in documentary form. Neither party shall contest the admissibility of copies of Signed Documents under either the business records exception to the hearsay rule or the best evidence rule on the basis that the Signed Documents were not originated or maintained in documentary form.

Section 4. MISCELLANEOUS

- 4.1 **Termination.** This Agreement shall remain in effect until terminated by either party with not less than thirty (30) days prior written notice, which notice shall specify the effective date of termination; provided, however, that any termination shall not affect the respective obligations or rights of the parties arising under any Documents or otherwise under this Agreement prior to the effective date of termination or arising under any other agreement.
- 4.2 **Severability.** Any provision of this Agreement which is determined to be invalid or unenforceable will be ineffective to the extent of such determination without invalidating the remaining provisions of this Agreement or affecting the validity or enforceability of such remaining provisions.
- 4.3 **Entire Agreement.** This Agreement and the Appendices constitute the complete agreement of the parties relating to the matters specified in this Agreement and supersede all prior representations or agreements, whether oral or written, with respect to such matters. No oral modification or waiver of any of the provisions of this Agreement shall be binding on either party. No obligation to enter into any Transaction is to be implied from the execution or

ORIGINAL

3

delivery of this Agreement. This Agreement is for the benefit of, and shall be binding upon, the parties and their respective successors and assigns.

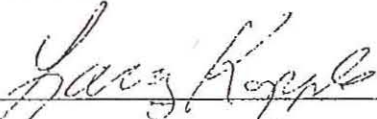

- 4.4 **Governing Law.** This Agreement shall be governed by and interpreted in accordance with the laws of the State of Kentucky.
- 4.5 **Force Majeure.** No party shall be liable for any failure to perform its obligations in connection with any Transaction or any Documents where such failure results from any act of God or other cause beyond such party's reasonable control (including, without limitation, any mechanical, electronic or communications failure) which prevents such party from transmitting or receiving any Documents.
- 4.6 **Conflicts Provision.** The terms of this Agreement shall prevail in the event of any conflict with any other terms and conditions applicable to any Transaction.
- 4.7 **Limitation of Damages.** Neither party shall be liable for any special, incidental exemplary or consequential damages arising from or as a result of any delay, omission or error in the electronic transmission or receipt of any Documents pursuant to this Agreement, even if such party has been advised of the possibility of such damages.

Each party has caused this Agreement to be executed on its behalf by a duly authorized representative as of the date noted below.

APPENDIX A TO ELECTRONIC DATA
INTERCHANGE TRADING PARTNERS AGREEMENT

1. **Transaction Sets:**
850 Purchase Order
810 Invoice
857 Advanced Shipping and Billing Notice (ASBN)
997 Functional Acknowledgement

2. **Standards:** 850 ANSI x.12, version 4010
997 ANSI x.12, version 4010
810 ANSI x.12, version 3020
857 ANSI x.12, version 4010
997 ANSI x.12, version 3020

3. LG&E/KU will use Sterling as its Provider. The Seller may use a different Provider, but will advise LG&E's/KU's EDI Group if an interconnect is to be used.

4. For documents transmitted by LG&E/KU, LG&E/KU will pay the costs of transmission between LG&E/KU and its Provider's mailbox and the Seller will pay the costs of transmission between LG&E's/KU's Provider's mailbox and the Seller. For Documents transmitted by the Seller, the Seller will pay the cost of transmission between the Seller and LG&E's/KU's Provider's mailbox and LG&E/KU will pay the costs of transmission between LG&E's/KU's Provider's mailbox and LG&E/KU.

5. The Receipt Computer for both parties is the Sterling mailbox.

6. LG&E/KU requests return Functional Acknowledgements for Purchase Orders transmitted and will send Functional Acknowledgements upon receipt of Invoices and ASBN's.

7. LG&E/KU intends to transmit and retrieve Documents each working day between the hours of 6:00 a.m. and 7:00 p.m. The Seller will retrieve orders from the Provider's service mailbox with such frequency and regularity that timely receipt of such orders is insured.

8. Payment terms and freight terms will be set forth on each Purchase Order unless the parties hereto have agreed on standard payment and/or freight terms either in this Agreement or in a different written agreement.

9. The standard LG&E/KU mailing address for Invoice transmittal, which will be transmitted on LG&E's/KU's Purchase Order, is DUNS # 006945505. For mailing purposes the addresses for each respective company are:

Kentucky Utilities

APPENDIX B TO ELECTRONIC DATA
INTERCHANGE TRADING PARTNERS AGREEMENT

TERMS, PROVISIONS AND CONDITIONS

1. Delivery and Acceptance. Time is of the essence. If any goods are not delivered or services performed within the specified times, or within a reasonable time if no time is specified, then Company may terminate the order by notice to Seller in addition to exercising all other rights and remedies available to Company under applicable law. All materials and work are subject to Company's acceptance. Payment shall not constitute acceptance.
2. Warranties. Seller expressly warrants that the goods and/or services shall:
 - (a) Comply strictly with the provisions of the order and all specifications, drawings, and exhibits referred to in the order or thereafter furnished by Company;
 - (b) Be new, merchantable, and of the most suitable grade in accordance with the highest industry standards and specifications;
 - (c) Be fit for Company's intended purposes;
 - (d) Be in full compliance with all applicable laws, ordinances, regulations, codes, and facility rules, including those relating to safety; and
 - (e) Be free from any patent, copyright, or trademark claims, infringements or rights of others. All such warranties shall extend for a reasonable time, but in no case less than eighteen (18) months after delivery or twelve (12) months after the start of regular use by Company, whichever occurs first.
3. Changes. Company reserves the right at any time to change the specifications, quantity ordered, and/or delivery date. Such changes may result in adjustments in the price or delivery schedule in accordance with the pricing and delivery structure of the order. However, in the case of a change in specifications, any claim for adjustment of price or delivery schedule by the Seller shall be waived unless such claims are asserted in writing within five (5) working days after receipt of Company notice of change. Seller shall continue performance pursuant to the order during the time any claim hereunder is pending.
4. Termination. Company shall have the right at any time with or without cause to terminate the order by written, telegraphic, or electronic notice to Seller. In case of Seller's default, Company shall have all rights and remedies available under applicable law. In no case shall Company be liable for special, incidental or consequential damages. Company shall not have any liability for such termination except as follows:
 - (a) In case of termination of an order for goods specially manufactured for Company, if Seller is not in default, then Company shall be liable for actual costs incurred by the Seller prior to the notice of termination pursuant to the order up to the price of the goods.
 - (b) In case of termination of an order for services, if Seller is not in default, Company shall be liable for payment for services performed prior to the notice of termination.
 - (c) In case of termination of an order for goods not specially manufactured for Company, if Seller is not in default, Company shall not have any liability for termination of the

ORIGINAL

order. Company shall have the right to return any goods purchased from Seller as long as such goods have not been specially manufactured for Company and are being stocked by Seller at the time Company returns the goods.

5. Equal Employment Opportunity. To the extent applicable, Seller shall comply with all of the following provisions, which are incorporated herein by reference:
 - (a) Equal Opportunity regulations set forth in 41CFR 60-1.4(a) and (c) prohibiting discrimination against any employee or applicant for employment because of race, color, religion, sex, or national origin;
 - (b) Vietnam Era Veterans Readjustment Assistance Act regulations set forth in 41 CFR 60-250.4 relating to the employment and advancement of disabled veterans and veterans of the Vietnam era;
 - (c) Rehabilitation Act regulations set forth in 41 CFR 60-741.4 relating to the employment and advancement of qualified disabled employees and applicants for employment;
 - (d) Clause known as "Utilization of Small Business Concerns and Small Business Concerns Owned and Controlled by Socially and Economically Disadvantaged Individuals" set forth in 15 USC 637(d)(3); and
 - (e) The subcontracting plan requirements of 15 USC 637(d).
6. Indemnification. Seller agrees to release, indemnify, hold harmless and defend Company, affiliated companies, and all of their directors, officers, employees, agents, and representatives from and against any claim, liability, loss, and expense (including but not limited to attorney's fees) arising directly or indirectly out of or in connection with goods or services supplied under the order, including but not limited to those arising directly or indirectly out of or in connection with:
 - (a) Injury to or death of persons (including but not limited to the employees of Company) or damage to or loss of property (including but not limited to the property of Company); and
 - (b) Seller's failure to comply with or breach of any warranty or other obligation in this order. Seller's indemnification obligations shall apply, regardless of whether the party to be indemnified was concurrently at fault: but shall not apply if the party to be indemnified was solely at fault.
7. Independent Contractor. Nothing herein shall be deemed to constitute Seller, or any of Sellers' employees or agents, to be the agent, representative or employee of Company. Seller shall be an independent contractor and shall have sole responsibility for and control over the details and means of performance.
8. Insurance. Before any part of the services are performed or the goods are delivered, Seller shall, at Seller's sole cost, cause to be issued and maintained not less than the insurance coverage's set forth below:

Type of Insurance	Limits (in \$ millions)	
Commercial General Liability	General Aggregate	2
(including Contractual Liability)	Prod./Comp. Op. Agg	1
written on an occurrence basis		

ORIGINAL

	Personal & Adv. Injury	1
	Each Occurrence	1
Automobile Liability, including any auto, hiring autos and non-owned autos	Combined Single Limit	1
Excess Liability, Umbrella Form	Each Occurrence	2
	Aggregate	2
Worker's Compensation and Employer's Liability	Each Accident	.5
	Disease - Policy Limit	.5
	Disease - Each Employee	.5

Certificates of Insurance satisfactory in form to Company and signed by the Seller's insurer shall be supplied by Seller to Company, evidencing that the above insurance is in force and that not less than thirty (30) calendar days' written notice will be given to Company prior to any cancellation of restrictive modification of the policies. The Seller shall cause its insurer to waive all subrogation rights against Company, except with regard to Worker's Compensation, and evidence thereof satisfactory in form and substance to Company shall be exhibited in the Certificate of Insurance. Seller's liability shall not be limited to its insurance coverage. Company shall be added as an Additional Insured under the Seller's Commercial General Liability, Auto Liability and Excess Liability policies.

9. Assignments. Seller shall not assign its rights or obligations hereunder wholly or in part, voluntarily, by operation of law, or otherwise without first obtaining the written consent of Company. Subject to the foregoing, the provisions hereof shall be binding upon the successors and assigns of the parties hereto.
10. Governing Law. The transactions and agreements between the Seller and Company shall be governed by the subject to the law and jurisdiction of the Commonwealth of Kentucky (or the State of Virginia, if performance will occur at a Virginia site).
11. Hazardous Materials. For hazardous materials as defined by 29CFR1910.1200, a Material Safety Data Sheet (MSDS) is required prior to delivery. Please mail to Company, Industrial Hygienist, at Company's address. NO ASBESTOS OR LEAD CONTAINING MATERIALS ALLOWED.
12. Sales Tax. Do not bill Kentucky Sales Tax. Blanket Direct Pay Authorization maintained under 103 KAR 31:030. Permit # 037710
13. Invoicing Instructions. Show Order No., Line No. and Company Item Identification No. on invoice and all papers and packages relating to this order. Mail invoice to the "Bill To" address shown on the face of this Purchase Order for each lot of material shipped or delivered. Do not deliver invoices with goods. Freight must be transported as listed on the front of the Purchase Order. Freight that is prepaid and added to the invoice must be substantiated by attaching to the invoice original transportation bills receipted to the carrier.
14. Payment Terms. Unless otherwise agreed, payment terms are net 30 days on receipt of properly submitted invoice. Unless otherwise herein agreed, no COD orders will be

ORIGINAL

accepted.

15. Modification. This purchase order, together with any written instructions issued hereunder and any attachments hereto, contains the complete and final agreement between Company and Seller and any agreement that purports to modify the terms and conditions hereof shall not be binding upon Company unless made in writing and signed by Company's authorized representative.

Code 39 Specification

Code 39 (sometimes called Code 3 from 9) is a discrete barcode. This means that a fixed pattern of bars represents a single character.

Each character is made up of 9 bars - 3 of which are wider than the others. (In this context a bar can be the printed black bar or the white space between the bars.) A single character therefore consists of 5 black bars and 4 white bars.

The ratio of the bar widths can range from 2.2:1 to 3:1. To read a barcode reliably the decoder must be able to differentiate between the wide and narrow bars. In practice it is better to use barcodes close to the 3:1 ratio which allows nearly a 50% barwidth error to occur before ambiguity occurs.

The space between each barcode character is called 'The intercharacter gap'. Its width is undefined but is usually equivalent to a narrow white bar.

The widths of the wide and narrow sets of elements should all be the same but in practice most printing processes incur 'ink spread'. This widens the bars at the expense of the spaces. This effect is most noticeable on narrow elements sometimes making the barcodes very difficult to scan with some decoders.

At Altek we believe that well designed fonts and print programs should take this into account (most we see don't!). All decoders using Altek decoding algorithms measure the barwidths separate from the spacewidths. This is one reason why the Altek decoders can often make good scans where others fail.

The Code 39 barcode symbology supports 43 characters plus an additional character used as a delimiter or start/stop character. The start/stop character always occurs as the first and last character in a complete barcode and is represented in the human readable text by the * character.

The 43 character set includes the following:

**1234567890ABCDEFGHIJKLMN OPQRSTUVWXYZ -
 . \$ / + % SPACE**

Note that the alphabetic characters are all upper case. If you wish to use lower case letters or other ASCII characters then Extended Code 39 must be used.

Bar Width Configuration Table

This table shows the bar configuration for each character in the Code 39 set. Note that the * character is used only for the start/stop character. It must be the first and last character appearing in the complete barcode. (Decoders do not usually transmit this character as part of the data string.)

Check Digit

A check digit is not often used with Code 39 but a few critical applications may require one. The check digit is the modulus 43 sum of all the character values in the message. It is printed as the last data character. The following table shows the character and value used for the calculation...

Char	Value	Char	Value	Char	Value	Char	Value
0	0	B	11	M	22	X	33
1	1	C	12	N	23	Y	34
2	2	D	13	O	24	Z	35
3	3	E	14	P	25	-	36
4	4	F	15	Q	26	.	37
5	5	G	16	R	27	space	38
6	6	H	17	S	28	\$	39
7	7	I	18	T	29	/	40
8	8	J	19	U	30	+	41
9	9	K	20	V	31	%	42
A	10	L	21	W	32		

Example calculation

Data: 12345ABCDE/

Sum of values: 1 + 2 + 3 + 4 + 5 + 10 + 11 + 12 + 13 + 14 + 40 = 115

115 divided by 43 = 2 remainder 29. Therefore T is the check digit.

Data with check digit: 12345ABCDE/T

AMENDMENT TO CONTRACT

THIS AMENDMENT IS entered into, effective as of January 15, 2008, by and between Kentucky Utilities Company, (hereinafter referred to as "KU") (a Kentucky Corporation), whose address is 820 West Broadway, Louisville, Kentucky 40202, and Brownstown Electric Supply Co, Inc. (hereinafter referred to as "Contractor") whose address is 690 E. State Road 250, Post Office Box L, Brownstown, Indiana 47220. In consideration of the agreements herein contained, the parties hereto agree as follows:

1.0 PRICING SUMMARY

2.1 The Contract Price for 2009 has been adjusted per Article 7.2 set fourth in the Contract as full compensation to Contractor for full and complete performance by Contractor of this Amendment in full compliance with all terms and conditions of the Contract:

2.1.1 The 2009 increase is approved as noted on "Schedule C".

See attached updated complete rate sheet as referenced in Schedule C.

3.0 STATUS OF CONTRACT

As amended herein, the Contract shall continue in full force and effect.

IN WITNESS WHEREOF, the parties hereto have executed this Amendment on the day and year below written, but effective as of the day and year first set forth above.

CONFIDENTIAL INFORMATION REDACTED

LG&E Contract 846047
KU Contract 517908

**SINGLE PHASE DISTRIBUTION TRANSFORMERS
CONTRACT**

This Contract is entered into as of November 14, 2011 by and between Louisville Gas and Electric Company (LG&E) a Kentucky corporation whose address is 820 West Broadway, Louisville, Kentucky 40232 and Kentucky Utilities Company (KU) a Kentucky corporation, whose address is One Quality St., Lexington, KY 40507 (each as "Buyer"), and Howard Industries, Inc., a Mississippi corporation, whose address is P. O. Box 1588, Laurel, Mississippi 39441 (herein called "Seller").

NOW THEREFORE, in consideration of the mutual covenants contained herein, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties do agree as follows:

1.0 GENERAL

This Contract is entered into pursuant to the Standard Terms and Conditions to Purchase Orders which is hereby incorporated by reference. This Contract constitutes a "Statement of Work" for purposes of the Standard Terms and Conditions to Purchase Orders as do any written purchase orders or work orders issued under this Contract. Seller shall provide Single Phase Distribution Transformers requested by Buyer as more specifically described in Article 2.0 hereof (hereinafter referred to as the "Work"). Buyer makes no promise or guarantee as to the amount of Work, if any, to be performed under this Contract, nor does it convey an exclusive right to the Contractor to perform Work of the type or nature set forth in this Contract. Any and all Work may be suspended, increased, decreased or terminated in accordance with the Standard Terms and Conditions to Purchase Orders.

Business partners must share responsibility for the Buyer's commitment to create a positive experience for LG&E and KU customers through dedication to safety, respectful relationships, professional behavior, timely solutions to issues and exceptional service. At all times, business partners must align operations and business processes to meet the needs of the customer and proactively address potential issues with the Buyer to ensure they are resolved in the customer's best interest.

2.0 PRIMARY SUPPLIER

- 2.1 The obligation of Seller is to transfer, deliver, and perform, and that of Buyer is to accept and pay, in accordance with this Contract. Buyer will use Seller as its primary supplier of SINGLE PHASE TRANSFORMERS (the "Products"). A total list of the Products and the price is stated on Attachment A, which is hereby incorporated by reference and made a part of this Contract. Buyer may unilaterally add or delete a Product from Attachment A. Seller will provide Buyer with prior written notice of any changes in Product brand names, chemistry, or composition. Unless Buyer specifically permits otherwise for a particular Product, Seller will supply Products new.
- 2.2 Buyer will buy Products from Seller unless, in the reasonable opinion of Buyer, Seller is unable to deliver Products as and when specified or needed by Buyer or of the quality and with the service Buyer specifies or needs.

3.0 PRICING

All pricing for items on Attachment A shall be firm through December 31, 2011 and will become a base for price escalation/de-escalation due to change in cost of raw materials. At the end of this initial firm period, and each sequential 3 month period, the purchase price for each of the Products can be adjusted in accordance with the Howard Industries Pricing Index (HPI), an example of the calculation of which is attached hereto as Attachment C and incorporated by reference. Adjustments to the price of the transformers shall be made by accurately measuring changes in actual raw material costs. Quoted prices shall be firm for purchase orders received and accepted by Seller during any three-month period. For each subsequent three-month period during the Contract, prices will be escalated or de-escalated based on the difference between the HPI current on the date of the Contract and the HPI for the month preceding the next three-month period.

4.0 TERM

CONFIDENTIAL

LG&E Contract 846047
KU Contract 517908

The initial term of the Contract is three years with two option years. The Contract will be renewed at the end of the initial and each subsequent renewal term if neither party gives written notice of intent not to renew to the other party at least 60 days in advance of the end of the existing term.

5.0 CANCELLATION OR TERMINATION

A party may cancel the Contract for breach by the other, provided the party has given the other party written notice of such breach and 30 days to cure such breach. A party may terminate the Contract, at that party's sole discretion, for any or no reason, upon at least 90 days' prior written notice.

6.0 CONFLICTING TERMS

In case of a conflict between or within the Standard Terms and Conditions to Purchase Orders, the terms of this Contract and/or any attachment, Buyer shall resolve such conflict, and Buyer's resolution shall be binding on Seller.

7.0 INVOICES AND PAYMENTS

Seller shall provide invoices separately to KU and LG&E. These invoices may be electronic, or in written form via first-class mail and in such detail and format as is mutually acceptable to the parties. Buyer will have no obligation to pay for any Product delivered to it but which it did not order unless Buyer notifies Seller of its election to purchase the Product. Buyer's obligation to pay for a Product or service will not accrue until after the inspection for that Product or service. Buyer will become obligated to pay an invoice item it disputes only upon, and in the amount of, a resolution of the dispute.

8.0 PAYMENT TERMS

Payment Terms are Net 30 days.

9.0 REPLACEMENT OR RETURN OF PRODUCTS AND SERVICES

- 9.1 Warranty Period. Seller warrants the Products listed on Attachment A for a period of [REDACTED] from date of installation or [REDACTED] from date of delivery whichever comes first.
- 9.2 Return. Seller will arrange for, and bear the cost of, the return of any non-conforming Product.
- 9.3 Replacement. Replacements will be handled on a situation-by-situation basis, as agreed to by Buyer and Seller at the time. If Buyer so chooses, Seller will replace a non-conforming Product with a conforming Product. If Buyer so chooses, Seller will credit to Buyer the purchase price of a returned non-conforming product.

10.0 PRODUCT SHIPMENT AND DELIVERY

- 10.1 Shipping Instructions. Seller will ship products to the destination and in accordance with the shipping instructions set forth in the Order thereto. The default terms for delivery are F.O.B. Destination, Freight Prepaid and Included.
- 10.2 Expedited Handling. If Buyer authorizes "emergency expedited handling" of an Order or portion thereof, Buyer will pay Seller for its additional costs associated with that handling which are itemized and submitted to Buyer for payment.
- 10.3 Title and Risk of Loss. Title and risk of loss or damage to Products supplied by Seller pass to Buyer when such Products have been delivered to the destination set forth in Buyer's shipping instructions. Title and risk of loss and damage to the Products purchased by LG&E and/or KU from Seller shall remain with Seller until final delivery at the destination specified to Seller.

11.0 REPORTING AND LOSS AMOUNT

Seller shall provide reports as per the following:

- 12.1 Each unit will be tested for load and no-load losses. Test data for all units shipped shall be reported by serial number, purchase order release number, KV A, HV, and LV. At the end of each quarter, certified test results in the ANSI format will be e-mailed to David Corbin at david.corbin@lge-ku.com. The loss penalty will be the

ORIGINAL

economic loss to LG&E and KU for transformer losses that are greater than the quoted losses. To determine the loss penalty, all losses will be totaled and compared to the quoted losses. The delta is to be multiplied by the LG&E and KU "A&B" factors to determine the monetary penalty. The formula to calculate the monetary penalty is: $[(\text{Total Tested No Load Losses} - \text{Total Quoted No Load Losses}) * \$5.27] + [(\text{Total Tested Load Losses} - \text{Total Quoted Load Losses}) * \$1.27]$. If the Penalty is "0" or less, then no compensation will take place. Under no circumstances will the manufacturer receive compensation or credit for a negative penalty. If the penalty is greater than "0", the manufacturer will compensate LG&E and KU each quarter and in a manner agreeable to both parties. The no-load losses of any individual transformer shall not exceed the quoted no-load losses by more than 10% and the total losses of any individual transformer shall not exceed the quoted total losses by more than 6%. Failure to meet these loss tolerances shall not warrant immediate rejection by LG&E and KU but shall lead to consultation between LG&E and KU and manufacturer about further investigation of possible causes and the consequences of the higher losses.

- 12.2 Seller shall provide quarterly a report showing "flow-through", 2nd tier Women Owned and Minority Owned Business Enterprises (WBE/MBE) spend amounts as a percentage of the Buyer purchase amounts. WBE and MBE spend amounts shall be split and shown separately.
- 12.3 Seller shall provide a weekly order status report showing expected delivery dates of all Buyers' outstanding orders.
- 12.4 Seller shall provide an electronic file with each deliver suitable for uploading into Buyer's Distribution Equipment Tracking System (DETS). Seller shall provide all data as per Attachment B, sample of DETS requirements.

12.0 GOVERNMENT GUIDELINES

Buyer and Seller agree to follow all guidelines established by the Government pertaining to the products described in Attachment A.

13.0 CONTRACTUAL NOTICES

Notices shall be addressed as follows:

Buyer address: LG&E and KU Energy
820 West Broadway
P.O. Box 32020
Louisville, KY 40232
Attn: David Campbell, BOC2
(502) 627-3581

CONFIDENTIAL

14.0 ENTIRE AGREEMENT

All specifications, standards, exhibits, schedules and drawings referenced in this Contract are incorporated herein by reference and made a part of this Contract. This Contract, including all specifications, exhibits, schedules, and the Standard Terms and Conditions to Purchase Orders, constitutes the entire agreement between the parties relating to the Work and supersedes all prior or contemporaneous oral or written agreements, negotiations, understandings and statements pertaining to the Work or this Contract.

IN WITNESS WHEREOF, the parties have entered into this Contract as of the date set forth above in the introductory paragraph of this Contract.

	<p style="text-align: center;">PPL LKS Request for Quote # 20110719 Exhibit C1 – Contract Terms and Conditions: Standard Terms and Conditions</p>	
---	---	---

**STANDARD TERMS AND CONDITIONS
TO PURCHASE ORDERS ISSUED BY
PPL SERVICES CORPORATION
AND/OR
LG&E AND KU SERVICES COMPANY**

PPL Services Corporation, a Delaware corporation ("PPL"), and LG&E and KU Services Company, a Kentucky corporation ("LG&E/KU"), agree to be bound by these terms and conditions in connection with the issuance of separate purchase orders by PPL and/or LG&E/KU on their own behalf or as agents for any of their respective Affiliates. Each such purchase order, together with these Standard Terms and Conditions, shall be deemed a "Purchase Order." For purposes of this Purchase Order, products purchased by Company from Seller are broadly construed as "Goods."

NOTE (ONLY WITH RESPECT TO LG&E/KU): To the extent Seller, as a certified vendor and LG&E/KU are parties to a General Services Agreement ("GSA") applicable to the subject matter of this Purchase Order by LG&E/KU, then that certain GSA is incorporated, in its entirety, by reference in this Purchase Order as if fully set forth herein. In the event of a conflict between the terms and conditions set forth in a GSA and this Purchase Order, the terms and conditions set forth in the GSA shall prevail and control unless otherwise expressly stated in this Purchase Order.

1. **Affiliate:** "Affiliate" shall mean any entity which, from time to time, in whole or in part, and directly or indirectly, controls, is controlled by, or is under common control with either of PPL or LG&E/KU.
2. **Company and Seller:** "Company" shall mean PPL and/or LG&E/KU and/or any of their respective Affiliates as appropriate, based on which entity is the party to this Purchase Order. "Seller" shall mean the entity providing Goods under this Purchase Order. The rights and obligations of PPL and/or LG&E/KU and/or each of their respective Affiliates hereunder shall be limited to the extent of each entity's proportionate utilization of Seller's Goods hereunder.

	<p style="text-align: center;">PPL LKS Request for Quote # 20110719 Exhibit C1 – Contract Terms and Conditions: Standard Terms and Conditions</p>	
---	---	---

3. Delivery and Acceptance of Goods; Shipment; Purchase Orders; Performance; Payment; and Confidentiality: Under all circumstances, time of delivery is an important and material consideration for satisfying the requirements of this Purchase Order. If any Goods are not delivered within any specified times, or within a reasonable time if no certain time is specified, then Company may as its sole exclusive remedy with respect to such delay terminate this Purchase Order by written notice to Seller. Routing and carrier shall be as specified within this Purchase Order. If routing and carrier are not specified, Seller must obtain Company's approval of the routing and carrier selection prior to shipment. Unless otherwise specified in this Purchase Order, title to and risk of loss of any Goods procured hereunder shall pass to Company upon delivery to the point of final destination.

Each Purchase Order shall include a complete listing of all Goods to be provided by Seller, the prices and delivery terms for such Goods, as well as other terms specific to the order and delivery of such Goods. In the event Seller commences performance and delivers the Goods, Seller hereby agrees to the formation of a binding agreement as described in this Purchase Order and shall not contest the enforceability of this Purchase Order. Company shall have no obligation to pay for any such Goods that does not meet the specifications stated within this Purchase Order. [Prior to acceptance of a Purchase Order by performance or in writing Seller may reject such Purchase Order by written notice to Company.]

All documentation, designs, specifications, data and other information provided by Company to Seller shall be considered "Company Confidential Information" to be used by Company at any time and for any purpose. Seller agrees to use Company Confidential Information only for the sale of the Goods and it shall not otherwise be used or disclosed before, during or after the sale of the Goods without Company's prior written approval. Seller shall maintain internal policies to protect the confidential nature of Company Confidential Information and only retain archival copies not to be disclosed. Seller shall take steps to ensure that its employees who receive such Company Confidential Information comply with the requirements of this provision. Unless otherwise directed, Seller shall deliver to Company all Company Confidential Information.

	<p style="text-align: center;">PPL LKS Request for Quote # 20110719 Exhibit C1 – Contract Terms and Conditions; Standard Terms and Conditions</p>	
---	---	---

Seller shall not disclose any information or make any news release or other public statement regarding the sale of the Goods or this Purchase Order without the prior written consent of Company.

4. **Warranties:** Seller warrants all Goods provided by Seller pursuant to any Purchase Order to be (a) in conformity with its own technical data sheets provided to Company, and any specifications set forth in such Purchase Order; (b) new, free from defects in design, materials and workmanship, (to the extent any warranty on Goods shall be transferable from the original manufacturer and/or any subcontractor or vendor, Seller shall assign over and/or otherwise assist Company in the transfer of such OEM/subcontractor warranties); (c) in full compliance with all applicable laws, ordinances, regulations, and codes; and (e) free from any liens, encumbrances or security interests, and/or claims of patent, copyright or trademark infringements or rights of others. With respect to Goods, all such warranties shall extend for a period of eighteen (18) months from the date of initial installation of such Goods or twenty-four (24) months from the date of manufacture of such Goods, whichever shall occur first. During said warranty period the Seller's obligation shall be limited to the repair or, at its option, replacement of defective transformers.

WITH RESPECT TO THE WARRANTIES IN THIS SECTION 4 THE SELLER SHALL NOT BE HELD LIABLE FOR ANY INDIRECT, SPECIAL, LIQUIDATED, PUNITIVE OR CONSEQUENTIAL DAMAGES OR ANY EXPENSES BEYOND THE REPAIR OR REPLACEMENT OF TRANSFORMERS COVERED BY THIS WARRANTY.

To be covered by this warranty transformers must be received, stored, installed, operated, and maintained by the Company in accordance with the Seller's written recommendations provided to Company before or at the time of issuance of the applicable Purchase Order and generally accepted electric utility industry practices and must not have been subjected to accident, alteration, abuse, or misuse other than by Seller. Transformers damaged by lightning shall be covered by this warranty only if installed and properly protected according to the Seller's written recommendations provided to Company before or at the time of issuance of the applicable Purchase Order and generally accepted electric utility

	<p style="text-align: center;">PPL LKS Request for Quote # 20110719 Exhibit C1 – Contract Terms and Conditions: Standard Terms and Conditions</p>	
---	---	---

Industry practices. This warranty applies only to transformers stored or operated in normal environments and does not apply to transformers stored or operated in unusually corrosive environments such as encountered in coastal and certain industrial areas.

To qualify for repair or replacement under the provisions of this warranty, defective transformers must be returned to the Seller's factory in Laurel, Mississippi. The Seller shall assume no liability for expenses incurred in the repair of transformers except at the Seller's own repair facilities. All costs and expenses incurred by the Company in removing any transformer from service and reinstalling any repaired or replacement transformer are the liability and responsibility of the Company and shall be paid by the Company.

The Company shall provide written notice to Seller before returning a defective transformer to the factory. The Seller shall not be responsible for transformers returned to the factory by Company without prior written notice to Seller.

Defective transformers being returned to the factory under the provisions of this warranty shall be returned freight prepaid. Repaired or replacement transformers shall be returned by the Company to the Company freight prepaid.

THE SELLER HEREBY DISCLAIMS ALL WARRANTIES NOT EXPRESSLY SET FORTH IN THIS SECTION 4, EXPRESS, OR IMPLIED, EXCEPT THAT OF TITLE, AND THE SELLER SPECIFICALLY DISCLAIMS ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR COURSE OF DEALING AND USAGE OF TRADE. THE COMPANY AND ITS SUCCESSORS SHALL HAVE NO OTHER REMEDY AGAINST SELLER FOR ANY NONCONFORMITY IN THE TRANSFORMER EXCEPT FOR THE REMEDY SPECIFIED HEREIN.

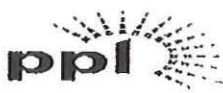

5. **Changes:** Company expressly reserves the right at any time to change the specifications, quantity ordered and/or delivery date for Goods by written notice to Seller. Such changes may result in equitable adjustments in the price or delivery schedule in accordance with the pricing and delivery structure of this

	<p>PPL LKS Request for Quote # 20110719 Exhibit C1 – Contract Terms and Conditions: Standard Terms and Conditions</p>	
---	---	---

Purchase Order with respect to such Goods. However, in the case of a change in specifications, any claim for adjustment of price or delivery schedule by Seller shall be waived unless such claims are asserted in writing within a commercially reasonable time frame, but in no event longer than ten (10) working days after receipt of Company's notice of change. Seller shall continue performance pursuant to this Purchase Order during the time any claim hereunder is pending.

No change, amendment or modification of any of the provisions of this Purchase Order shall be made or be binding unless in writing and executed by Company's and Seller's authorized representative.

6. **Termination:** Subject to the terms of this Section 6, Company shall have the right at any time, with or without cause, or for convenience, to terminate this Purchase Order in whole or in part as to Goods for which manufacture has not commenced by written or electronic notice to Seller. In case of Seller's default, Company shall have all rights and remedies available under applicable law to be cumulatively enforced to the extent Seller does not cure any default within a reasonable time after written notice given by Company.. Company may not terminate for default unless Company has given Seller written notice specifying the event of default and a reasonable opportunity to remedy the default. In no case shall Company be liable for special, incidental or consequential damages. Company shall not have any liability for such termination except as follows: (a) payment of the Purchase Order price for all Goods delivered to Company before such termination and complying with Seller's warranties set forth above; (b) in case of termination of a Purchase Order for Goods specially manufactured for Company but not yet delivered to Company, if Seller is not in default, then Company shall also be obligated to pay actual direct costs incurred by Seller for goods not delivered prior to the notice of termination pursuant to this Purchase Order up to the price of the Goods; and (c) if Seller is not in default, Company shall reimburse Seller for the actual cost of all material and component parts unique to the manufacture of the Goods and that cannot be returned by Seller to its vendor for a full refund but only up to the Price of the Goods in which such component parts were to be incorporated in.

	<p style="text-align: center;">PPL LKS Request for Quote # 20110719 Exhibit C1 – Contract Terms and Conditions; Standard Terms and Conditions</p>	
---	---	---

7. Compliance with Laws and Company Policies: Seller (and/or its subcontractors, vendors and/or independent contractors) shall at all times, to the extent applicable, comply with all Company policies, laws, regulations and ordinances regarding the sale of its Goods including, but not limited to, the following provisions, which are incorporated herein by reference:

- (a) Equal Opportunity regulations set forth in 41CFR 60-1.4(a) and (c) prohibiting discrimination against any employee or applicant for employment because of race, color, religion, sex, or national origin;
- (b) Vietnam Era Veterans Readjustment Assistance Act regulations set forth in 41 CFR 60-250.4 relating to the employment and advancement of disabled veterans and veterans of the Vietnam era;
- (c) Rehabilitation Act regulations set forth in 41 CFR 60-741.4 relating to the employment and advancement of qualified disabled employees and applicants for employment;
- (d) Clause known as "Utilization of Small Business Concerns and Small Business Concerns Owned and Controlled by Socially and Economically Disadvantaged Individuals" set forth in 15 USC 637(d)(3);
- (e) The subcontracting plan requirements of 15 USC 637(d);
- (f) The Immigration Reform and Control Act of 1986, as amended, and the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, as amended;
- (g) Standards of the Occupational Safety & Health Administration (OSHA);
- (h) NERC's Reliability Standards for the Bulk Electric Systems of North America; and
- (i) Any other rules and regulations that may be issued by Company in writing from time to time. If such rules and regulations result in an increase in the cost or time of manufacture, Seller shall be entitled to receive a reasonable corresponding increase in price of Goods and time of performance subject to approval by Company which approval shall not be unreasonably withheld.

8. Indemnification: Seller agrees to indemnify, hold harmless and defend Company, its Affiliates, and all of their respective directors, officers, shareholders, members, managers, employees, agents and

	<p style="text-align: center;">PPL LKS Request for Quote # 20110719 Exhibit C1 – Contract Terms and Conditions: Standard Terms and Conditions</p>	
---	--	---

representatives from and against any claim, liability, loss and expense (including but not limited to attorney's fees) arising directly or indirectly out of, or in connection with, Goods supplied under the Purchase Order, and arising from or related to the negligence, willful misconduct or other legal fault of Seller, including, but not limited to, those arising directly or indirectly out of or in connection with: (a) injury to or death of persons (including but not limited to the employees of Company or any other third persons) or damage to or loss of property (including but not limited to the real and/or personal property of Company and/or of others); and (b) Seller's failure to comply with or breach of any warranty or other obligation in this Purchase Order. Seller's monetary obligations under this Section 8 shall not be limited to the amount of insurance coverage carried or required to be carried by Seller, but shall be reduced to the extent the fault or negligence of Company in causing such injuries or damages as established by final adjudication or mutual agreement of the parties; provided, however, that Seller's duty to defend Company against claims hereunder shall not be affected.

In addition to the above, Seller shall indemnify, save, defend and hold harmless Company from and against all losses, liabilities, claims, demands, damages, fees including legal fees, and costs and expenses of whatsoever kind or nature arising out of or connected with any infringement or alleged infringement of any patent, copyright, trademark, service mark, trade or business secret, or other intellectual property in connection with the Goods.

Contractor's indemnity shall not apply and Contractor shall not be liable hereunder for any claim of infringement (1) arising out of Contractor's manufacture or furnishing of any equipment or product manufactured or made pursuant to designs or specifications furnished by Company differing from the standard specifications of Seller, or (2) resulting from the installation within equipment or product furnished by the Contractor of other equipment or product not furnished or specified by Contractor, or (3) resulting from any modifications made by Company to any equipment or product furnished by Contractor.

9. Independent Contractor: Nothing herein shall be deemed to constitute Seller, or any of Seller's employees, agents, vendors, representatives and/or subcontractors, to be the agent, representative or

employee of Company. Seller shall have no authority to hire any persons on behalf of Company and any and all persons whom it may employ shall be deemed to be solely the employees of Seller. Seller shall be an independent contractor and shall have sole responsibility for and control over the details and means of performance pursuant to this Purchase Order. Seller is not authorized to and shall not incur any debt, liability or obligation of any nature for or on behalf of Company.

10. **Insurance:** Before any Goods are delivered, Seller shall, at Seller's sole cost, cause to be issued and maintained with insurance carriers rated A- or better and financial category strength of VII or higher by A.M. Best the following minimum insurance coverages set forth below:

<u>Type of Insurance</u>	<u>Limits (In \$ millions)</u>	
Commercial General Liability		
(including Contractual Liability)	General Aggregate	2
written on an occurrence basis	Prod./Comp. Op. Agg	1
	Personal & Adv. Injury	1
	Each Occurrence	1
Automobile Liability, including		
any auto, hiring autos	Combined Single Limit	1
and non-owned autos		
Excess Liability, Umbrella Form	Each Occurrence	2
	Aggregate	2
Statutory Workers' Compensation	Each Accident	.5

---	---	---

and Employer's Liability ¹	Disease - Policy Limit	.5
	Disease - Each Employee	.5

Certificates of Insurance satisfactory in form to Company and signed by Seller's Insurer shall be supplied by Seller to Company within thirty (30) calendar days of the issuance of this Purchase Order, and evidence that the above insurance is in force and that not less than thirty (30) calendar days written notice will be given to Company prior to any cancellation or restrictive modification of the policies. Seller's liability shall not be limited to its insurance coverage nor the amount of the Purchase Order contract price. Any applicable deductibles or self insured retentions are the sole responsibility of Seller.

11. **Assignment:** Seller shall not assign its rights or obligations hereunder wholly or in part, voluntarily, by operation of law, or otherwise without first obtaining the written consent of Company. Company shall not assign its rights or obligations hereunder wholly or in part, voluntarily or by operation of law other than to an Affiliate without first obtaining the written consent of Seller. Subject to the foregoing, the provisions hereof shall be binding upon the successors and assigns, and/or personal representatives, of the parties hereto. For purposes of this Section 11, neither a sale of Goods nor the acquisition or disposition of any ownership interest in Company or any Affiliate of Company by merger, consolidation or otherwise shall be treated as an assignment.

12. **Governing Law; Venue; Jurisdiction:**

(a) Purchase Orders issued by PPL for delivery to Pennsylvania shall be governed by and subject to the laws of the Commonwealth of Pennsylvania, notwithstanding conflicts of law rules; and any legal action or proceeding arising out of or relating to such Purchase Order shall be brought in federal court in the Eastern District of Pennsylvania or in the state courts in Lehigh County, Pennsylvania.

¹ With respect to Workers' Compensation, minimum amounts of coverage shall meet or exceed applicable statutory limits in each of Pennsylvania, Kentucky, Virginia and Montana where the Goods are delivered, as applicable, and/or any employment labor may be performed or incurred with respect to the Goods. Seller may be self-insured as allowed by law.

	<p style="text-align: center;">PPL LKS¹ Request for Quote # 20110719 Exhibit C1 – Contract Terms and Conditions: Standard Terms and Conditions</p>	
---	---	---

(b) Purchase Orders issued by PPL for delivery to Montana shall be governed by and subject to the laws of the State of Montana, notwithstanding conflicts of law rules; and any legal action or proceeding arising out of or relating to such Purchase Order shall be brought in federal court in Billings, Montana or in the state courts in Yellowstone County, Montana.

(c) Purchase Orders issued by LG&E/KU for delivery to (i) Kentucky shall be governed by and subject to the laws of the Commonwealth of Kentucky, notwithstanding conflicts of law rules, and (ii) to Virginia shall be governed by and subject to the laws of the Commonwealth of Virginia, notwithstanding conflicts of law rules; any legal action or proceeding arising out of or relating to Purchase Orders issued by LG&E/KU shall be brought in state or federal court in Louisville, Jefferson County, Kentucky.

Seller consents to the exclusive jurisdiction of the courts set forth above for the purpose of all legal actions and proceedings arising out of or relating to this Purchase Order. Both Company and Seller waive, to the fullest extent permitted by law, any objection that it may now or later have to the laying of venue as provided in this Section 12 and any claim that any action or proceeding brought in any such court has been brought in an inconvenient forum. EACH PARTY, TO THE EXTENT PERMITTED BY LAW, KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVES ITS RIGHT TO A TRIAL BY JURY IN ANY ACTION OR OTHER LEGAL PROCEEDING ARISING OUT OF OR RELATING TO THIS PURCHASE ORDER. THIS WAIVER APPLIES TO ANY ACTION OR LEGAL PROCEEDING, WHETHER IN CONTRACT, TORT OR OTHERWISE.

13. **Hazardous Materials:** For hazardous materials as defined by 29CFR1910.1200:

(a) PPL requires that a Material Safety Data Sheet (MSDS) be provided along with delivery of such materials; and

(b) LG&E/KU requires that the MSDS be received prior to delivery; such MSDSs should be mailed to LG&E/KU to the "Ship To" address in care of Industrial Hygienist/Site Safety Specialist. NO ASBESTOS OR LEAD CONTAINING MATERIALS ALLOWED.

	<p style="text-align: center;">PPL LKS Request for Quote # 20110719 Exhibit C1 -- Contract Terms and Conditions; Standard Terms and Conditions</p>	
---	--	---

14. Sales Tax.

(a) For PPL: PPL, when applicable, will provide the appropriate State's exemption certificate on those purchases that qualify for an exemption under that particular State's sales/use tax law for any PPL Affiliates. Since PPL will be acting as agent for these Affiliates, the exemption certificate will be completed in the name of the PPL Affiliate responsible for the payment of the invoice. If no exemption is applicable to the purchases, Seller shall charge any applicable sales tax on the invoice and remit to the appropriate taxing authority, if Seller is a registrant of that State. If Seller is not a registrant, then PPL or its appropriate Affiliate will be responsible for accruing and remitting use tax directly to the appropriate taxing authority.

(b) **Do not bill Kentucky Sales Tax:** Blanket Direct Pay Authorization maintained under 103 KAR 31:030. Louisville Gas and Electric Co. Permit # 037710 and Kentucky Utilities Company Permit # 045084 and LG&E and KU Services Inc. will provide Resale Certificate for tangible personal property purchased for resale to affiliate subsidiaries as required under PUHCA. Otherwise, if such blanket direct pay authorizations are not provided, Seller shall pay all such taxes or duties, and/or for any penalties thereon.

15. Invoicing Instructions: Show on invoice and all papers and packages relating to this Purchase Order identifying information and all particular documentation relating to this Purchase Order. Mail invoice to the "Bill To" address shown on the face of this Purchase Order for each lot of Goods shipped or delivered. Do not deliver invoices with delivered Goods. Freight that is prepaid and added to the invoice must be substantiated by attaching to the invoice original transportation bills receipted to the carrier.

16. Payment Terms; Partial Release and Indemnity Regarding Liens: Unless otherwise agreed, payment terms are net thirty (30) days from date of invoice acceptable to Company. Unless otherwise herein agreed, no COD deliveries will be accepted.

	<p>PPL LKS Request for Quote # 20110719 Exhibit C1 – Contract Terms and Conditions: Standard Terms and Conditions</p>	
---	---	---

17. **Modification:** Any agreement that purports to modify the terms and conditions hereof shall not be binding upon Company or Seller unless made in writing and signed by Company's and Seller's authorized representative.

18. **Right of Auditing:** Seller and its subcontractors shall maintain books, records, documents and other information and accounting procedures and practices (hereinafter referred to as "Records") sufficient to determine Seller's and its subcontractors' performance and compliance with the requirements of this Purchase Order. Records shall be retained during the term of this Purchase Order and for a minimum of three (3) years after final payment, and during such aggregate period Company shall have the right of access to all Seller's and its subcontractors' Records, wherever maintained, at mutually agreeable dates and times during normal business hours, to review, audit and verify Seller's and its subcontractors' performance and compliance with the requirements of this Purchase Order. Seller and its subcontractors shall cooperate with Company in furnishing such access, Records and assistance as may be reasonably requested by Company. In addition, Company may review and audit Records to verify that Seller and its subcontractors did not make payments to, or for the personal benefit of, employees of Company, its agents and its other contractors. Any adjustment to compensation shown to be appropriate as a result of an audit, at Company's option, may be offset against payments not yet made to Seller under this Purchase Order or any other Purchase Order between Seller and Company, and/or refunded by Seller to Company, or paid to Seller by Company. Notwithstanding any provision hereof, Seller shall not be required to retain any record or document longer than six (6) years from the date of its creation. Seller shall not be required to furnish any record or document that is subject to a confidentiality agreement. Company shall execute a confidentiality agreement in a form acceptable to Seller, which acceptance shall not be unreasonably withheld, conditioned, or delayed, prior to commencing any audit. Company's employees conducting audits shall comply with Seller's plant rules and regulations while on Seller's premises.

	<p style="text-align: center;">PPL LKS Request for Quote # 20110719 Exhibit C1 – Contract Terms and Conditions; Standard Terms and Conditions</p>	
---	---	---

19. **Non-Enforcement of Waiver:** Any failure by Company at any time, or from time to time, to enforce or demand performance in strict keeping with the terms, conditions, and requirements of this Purchase Order shall not constitute a waiver unless in writing and issued by Company's authorized representative.

20. **Survivability:** The provisions of this Purchase Order shall survive the delivery and/or sale of the Goods with respect thereto.

21. **Limitation of Liability:** IN NO EVENT, WHETHER AS A RESULT OF BREACH OF CONTRACT, WARRANTY, TORT (INCLUDING NEGLIGENCE), INDEMNITY OR OTHERWISE, SHALL SELLER OR ITS VENDORS BE LIABLE TO COMPANY FOR ANY COST TO COVER, CONSEQUENTIAL, INCIDENTAL, SPECIAL OR PUNITIVE DAMAGES INCLUDING, BUT NOT LIMITED TO, LOSS OF PROFIT OR REVENUES, COST OF CAPITAL, COST OF REPLACEMENT POWER, DOWN TIME COSTS, OR COST FOR TEMPORARY FACILITIES, SERVICES OR EQUIPMENT.

THIS PURCHASE ORDER CONTAINS THE ENTIRE AGREEMENT BETWEEN COMPANY AND SELLER WITH RESPECT TO THE SUBJECT MATTER HEREIN, AND IN NO EVENT SHALL THE TERMS AND CONDITIONS OF ANY PROPOSAL, REQUEST FOR QUOTATION, ACKNOWLEDGEMENT, INVOICE OR OTHER DOCUMENT ISSUED BY SELLER BE BINDING UPON COMPANY WITHOUT COMPANY'S EXPLICIT WRITTEN ACCEPTANCE THEREOF.

Howard Price Adjustment Policy For Distribution Transformer Contracts (DOE-Compliant Designs with Silicon Steel Cores)

The Howard Pricing Index (HPI) for distribution transformers is the price adjustment method used on long-term blanket contracts to compensate for upward or downward changes in key commodity costs. The HPI is a time series that is published monthly, approximately fifteen calendar days prior to the end of each month. There are two different HPI's for distribution transformers, one for mineral oil filled transformers and one for FR3 fluid filled transformers.

Contract pricing is adjusted quarterly, unless otherwise noted in the proposal. Price adjustments for each quarter are calculated using the base HPI as stated in the Howard proposal and the current HPI for the month prior to the next quarter, as shown in the example below.

Example:

1. Current HPI for month prior to next quarter.....	
2. Base HPI as stated in Howard proposal.....	
3. Divide current HPI by the base HPI to get price multiplier.....	
4. Base price stated in Howard proposal.....	
5. Multiply base price by price multiplier to calculate price for next quarter....	

Commodities and Commodity Data Sources

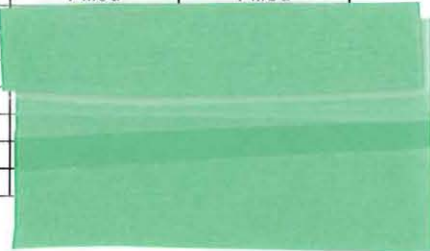

Costs for carbon steel, copper, aluminum and oil used in the calculation of the HPI are tracked using the third-party data sources listed in the table below. Costs for silicon steel and FR3 fluid are tracked using internal supply chain data, since no third-party data sources exist for these commodities.

Commodity	Data Source
Carbon steel	CRUspi: Global Steel (Index) http://cruonline.crugroup.com/SteelFerroAlloys/PriceIndex/tabid/143/Default.aspx/homepage.aspx
Silicon steel	Internal supply chain cost data (This data is not available for audit, as it is protected by confidentiality agreements with the suppliers.)
Copper	LME: Grade A Copper, Monthly Averages, Cash Seller (US\$ per metric ton) https://secure.lme.com/Data/community/index.aspx
Aluminum	LME: Primary Aluminum, Monthly Averages, Cash Seller (US\$ per metric ton) https://secure.lme.com/Data/community/index.aspx
Mineral oil	EIA: Cushing, OK West Texas Intermediate Crude, Spot Price, Monthly Average (US\$ per barrel) http://tonto.eia.doe.gov/dnav/pet/hist/LeafHandler.ashx?n=pwt&s=rwtc&f=m
FR3 fluid	Internal supply chain cost data

CONFIDENTIAL INFORMATION REDACTED

Weighting Factors

The table below lists the weighting factors used to calculate the HPI for mineral oil and natural ester fluid filled distribution transformers.

Commodity	Weighting Factor (% of Price)	
	Mineral Oil Filled	FR3 Fluid Filled
Carbon steel		
Silicon steel		
Copper		
Aluminum		
Mineral oil or FR3		
All other variable costs and margin		
Total		

Future Revisions to the Methodology

Howard Industries may find it necessary to revise the HPI methodology (such as re-balancing the weighting factors and changing the update frequency) at any time in the future to compensate for changes in market conditions.

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 39

Responding Witness: Cheryl E. Bruner

- Q-39. Refer to page 20, lines 19-20, of the Hermann Testimony.
- a. Explain whether the 51 residential service center customer service agents referenced therein are all new hires not employed elsewhere by KU or LG&E prior to the addition of the new call center in Morganfield, Kentucky.
 - b. Provide KU's share of the annual cost of these 51 employees.
- A-39.
- a. All fifty-one agents were new to working in the residential service center. Forty-six of the new agents were not previously employed by LG&E or KU prior to the addition of the call center in Morganfield. Four of the new agents were working as temporary contractors in the Western Kentucky business offices and one employee transferred to the residential service center from the business office. The positions these five individuals left were all backfilled.
 - b. KU's portion of the overall costs from the increased headcount is \$1.818 million of the \$3.336 million total. The \$3.5 million reported is reduced by hiring 14 part time customer service representatives in the latter portion of 2012 to better manage peak call volume.

Dated July 31, 2012**

Case No. 2012-00221

Question No. 40

Responding Witness: Cheryl E. Bruner

Q-40. Refer to the Hermann Testimony, page 21, at Lines 7-9, concerning KU's and LG&E's increase of their residential and business service center customer service agents from June 2011 through February 20, 2012 of 25 percent and 59 percent, respectively. Provide the actual numerical increases in residential and business service center customer service agents for the time period mentioned.

A-40. See table below for the number of residential service center customer service agents and business service center customer service agents at the beginning of June 2011 and at February 20, 2012.

Residential Service Center	Customer Service Agents	Customer Service Agent Contractors	Total Customer Service Agents	% Increase from June 2011
Jun-11	98	32	130	N/A
Dec-11	123	27	150	15%
Feb-12*	141	22	163	25%

Business Service Center	Customer Service Agents	Customer Service Agent Contractors	Total Customer Service Agents	% Increase from June 2011
Jun-11	11	6	17	N/A
Dec-11	15	7	22	29%
Feb-12*	25	2	27	59%

* As of February 20, 2012

Response to Commission Staff's Second Request For Information

Dated July 31, 2012

Case No. 2012-00221

Question No. 41

Responding Witness: Cheryl E. Bruner

- Q-41. Refer to the Hermann Testimony, page 21, at Lines 11-21. Concerning the call centers' "recent" operational performance, identify the time period this covers.
- a. For residential calls, provide a breakdown of the wait time for the 20 percent of the residential calls that were not answered within 30 seconds.
 - b. For business calls, provide a breakdown of the wait time for the 20 percent of the business calls that were not answered within 30 seconds.
 - c. Concerning the 25 percent of residential calls that were not resolved during the first phone call, provide a breakdown of the number of calls needed to finally resolve all customer issues.
 - d. Concerning the 30 percent of business calls that were not resolved during the first phone call, provide a breakdown of the number of calls needed to finally resolve all customer issues.
- A-41. The time period covered in Hermann Testimony page 21 pertaining to the call centers recent operational performance is January through May 2012.

- a. Refer to the Residential Service Center (RSC) Distributed Service Level chart below.

RSC Distributed Service Levels					
Seconds	Jan-12	Feb-12	Mar-12	Apr-12	May-12
0 - 30	81.0%	76.5%	83.8%	81.0%	92.4%
30 - 60	4.0%	3.1%	4.2%	2.6%	1.6%
60 - 120	4.6%	3.8%	4.0%	2.8%	1.6%
120 - 240	3.8%	4.9%	2.5%	4.0%	1.4%
240 - 300	0.8%	1.8%	0.7%	1.7%	0.4%
300 - 360	0.5%	1.4%	0.4%	1.1%	0.1%
360 - 420	0.4%	1.0%	0.3%	0.8%	0.1%
> 420	1.3%	2.3%	0.8%	2.2%	0.3%
Abandon	3.7%	5.2%	3.2%	4.0%	2.1%

- b. Refer to the Business Service Center (BSC) Distributed Service Level chart below.

BSC Distributed Service Levels					
Seconds	Jan-12	Feb-12	Mar-12	Apr-12	May-12
0 - 30	79.4%	79.2%	85.8%	89.4%	92.1%
30 - 60	4.7%	5.1%	3.5%	2.4%	2.6%
60 - 120	5.7%	5.7%	3.6%	2.3%	2.0%
120 - 240	4.1%	4.1%	2.8%	2.1%	1.2%
240 - 300	0.9%	0.9%	0.6%	0.5%	0.2%
300 - 360	0.7%	0.5%	0.4%	0.2%	0.2%
360 - 420	0.4%	0.4%	0.3%	0.3%	0.1%
> 420	1.1%	0.9%	0.7%	0.8%	0.2%
Abandon	3.1%	3.3%	2.5%	2.0%	1.5%

- c. First call resolution is measured through a transactional survey where a random sample of customers is asked whether their issue/question was resolved and how many times the customer called about the same issue. For the period in question, the average number of calls needed to resolve the concerns of customers who indicated that more than one call was needed was 2.5.
- d. First call resolution is measured through a transactional survey where a random sample of customers is asked whether their issue/question was resolved and how many times the customer called about the same issue. For the period in question, the average number of calls needed to resolve the concerns of customers who indicated that more than one call was needed was 2.5.

KENTUCKY UTILITIES COMPANY

Response to Commission Staff's Second Request For Information Dated July 31, 2012

Case No. 2012-00221

Question No. 42

Responding Witness: Sidney L. "Butch" Cockerill

- Q-42. Refer to page 25 of the Hermann Testimony. Provide a detailed description of the review performed by the Billing Integrity group which resulted in the creation of the Tariffs and Rates Analyst group and the Business Continuity and Data Integrity group with 10 new employees at an annual cost of \$800,000.
- A-42. Billing Integrity conducted a detailed review of the billing organization with the primary goal of continuing the recent advancements made in improving the customer experience resulting from accuracy of customer's bills and the processes associated with resolving customer billing issues. Additionally, the review evaluated the current organizational structure and made recommendations regarding how the department could improve its overall performance by tracking, monitoring, and understanding the more granular data that is now available since the implementation of CCS. From this review three main themes were identified that had a direct result in the establishment of these groups.
1. The majority of the departmental work is routine; however, extensive "on the job" training is needed before a person becomes proficient with the billing processes and gains an understanding of the billing components and tariffs governing the customer's bill.
 2. The department desired to establish several key operating metrics specific to these routine processes to ensure efficiency, proficiency and accuracy.
 3. Some of the large commercial and industrial customer rate structures can be complex and require highly trained personnel that can focus on implementation and training of associates.

The Billing Continuity and Data Integrity group was established to develop performance metrics to manage departmental and individual performance, identify employee training needs, develop root cause analysis, and resolve process impediments. The Tariffs and Rates Analyst group was established to research complex billing adjustments, assess the implications of current and proposed rate structures on the customer's bill and ensure associates receive the training needed to understand existing and proposed rates.

KENTUCKY UTILITIES COMPANY

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 43

Responding Witness: Chris Hermann

- Q-43. Refer to page 31, lines 8-9, of the Hermann Testimony.
- a. Provide a breakdown, by job function, of the 100 additional employees hired by "Energy Delivery" since the test year in KU's and LG&E's most recent general rate cases.
 - b. Provide KU's share of the annual cost of these 100 employees.

- A-43. a. The breakdown of the 100 net positions since the most recent general rate cases is as follows:

<u>Job Function</u>	<u>Number of Positions</u>
Call Center	59
Business Office	9
Marketing	1
Billing	4
Electric & Gas Operations	15
Gas Control & Storage	4
Energy Efficiency	5
Staffing	1
Security	1
Intern	1
Total	100

- b. The KU share of the annual wage and burden costs of these 100 positions is approximately \$3.0 million.

KENTUCKY UTILITIES COMPANY

**Response to Commission Staff's Second Request For Information
Dated July 31, 2012**

Case No. 2012-00221

Question No. 44

Responding Witness: Kent W. Blake

Q-44. Refer to page 9, lines 17-21, of the Testimony of Kent W. Blake ("Blake Testimony"). Explain why KU made a change in auditors.

A-44. Following the acquisition of LG&E and KU Energy LLC (LKE) and its subsidiaries, including KU, PPL's audit committee approved the engagement of PricewaterhouseCoopers LLP (PwC) as independent accountant for LKE through completion of its procedures regarding the financial statements of the Companies as of December 31, 2010 and for the period from November 1, 2010 through December 31, 2010. PwC was the independent accountant of the Companies prior to the acquisition of LKE. PPL's independent accountant, Ernst & Young LLP (E&Y), has expressed reliance on PwC's audit opinion relating to the financial statements of KU as of December 31, 2010 and for the period from November 1, 2010 through December 31, 2010 in E&Y's audit opinion on the financial statements of PPL as of and for the year ended December 31, 2010. This E&Y audit opinion was included in the Form 10-K of PPL for the year ended December 31, 2010, which Form 10-K was filed on February 25, 2011.

On February 23, 2011, PPL's audit committee appointed E&Y as the independent accountant for the Companies for 2011. As a result, PwC was dismissed by PPL as independent accountant for KU on February 23, 2011 subject to completion of its procedures on the financial statements of KU as of December 31, 2010 and for the period from November 1, 2010 through December 31, 2010. PwC's dismissal was completed on February 25, 2011, the date of filing of PPL's Annual Report on Form 10-K for the year ended December 31, 2010, as described in the preceding paragraph.

Case No. 2012-00221

Question No. 45

Responding Witness: Valerie L. Scott

- Q-45. Refer to line 1, page 1, of Blake Exhibit 1. Provide a detailed description of any expenses directly charged, or allocated to, KU during the test year by LG&E and KU Energy LLC, PPL Corporation or any other affiliate within the PPL system.
- A-45. See attached. All charges are directly or indirectly charged in compliance with the CAM, located at the filed schedule required by 807 KAR 5:001 Section 10(6)(t) in the original filing.
