RE: Application of Louisville Gas and Electric Company for an Adjustment of Its Electric and Gas Rates, A Certificate of Public Convenience and Necessity, Approval of Ownership of Gas Service Lines and Risers, and a Gas Line Surcharge Case No. 2012-00222

Dear Mr. DeRouen:

It has come to Louisville Gas and Electric Company's ("LG&E") attention that the Commission did not receive a version of the confidential response to Item No. 222 of the Attorney General's Initial Data Requests in paper medium. LG&E did include the confidential response in an electronic medium on the disc originally filed with the Commission. The same version of the confidential response to Item No. 222 of the Attorney General's Initial Data Requests was delivered to those parties for which LG&E has entered a Confidentiality Agreement. The redacted, public version of the response was submitted with LG&E's original response.

Now, in accordance with the Commission's June 22, 2012 Order in this matter, please find enclosed under separate cover in paper medium one (1) paper copy of the confidential response to Item No. 222. The confidential information in this response is highlighted. This response is filed under seal pursuant to LG&E's August 14, 2012 Petition for Confidential Protection.¹

¹ By letter dated October 31, 2012, the Commission denied confidential protection for this response. This response is, however, being filed within the twenty-day period LG&E has in which to request rehearing on the issue. Therefore, the material remains confidential until such time as the ruling becomes final. LG&E expressly reserves its right to seek rehearing of the Commission's October 31, 2012 ruling.

Also in accordance with Paragraphs 5 and 8 of the June 22 Order, I state that this filing contains confidential information which is not being submitted electronically.

Yours very truly,
