**Subject:** JCPS LG&E meter count and rates

Hello Ron,

Below is a summary of our rates. I have a detailed mega spreadsheet listing each school, account, installation number, and meter number if needed.

FYI: LG&E now has a nice software tool that allows you to check and see if the rate used is the best available.

## **JCPS LG&E Meter count and rates 2012**

JCPS has roughly 210 LG&E accounts.

### **Natural Gas meters**

- 267 Firm Commercial Gas rate meters.

### **Electric meter rates**

- 56 General Service Single Phase.
- 98 General Service 3 Phase.
- 129 Power Service Secondary-Commercial. (demand charges)
- 1 Power Service Primary-Commercial. (demand charges)

- 1 Power Service Secondary Industrial. (demand charges)
- 2 Temporary Suspension (used once a year)

**Subject:** Sport Field Lighting  
**Importance:** High

I am drafting testimony for the KU and LG&E rate cases and will be proposing addition of a Sports Field Rate Schedule to KU and LG&E's tariffs. Would appreciate you promptly providing the following:

1. What is the typical kw load of your sport fields? range from 80 kw to 150 Kw individually.
2. How many sport fields are currently served on AES \_\_\_\_\_; GS 7; PS-sec 1; PS-pri \_\_\_\_\_;TODS \_\_\_\_\_;TODP \_\_\_\_\_?
3. (KU Only) Were you denied Rate AES for any qualifying fields? How many N/A?

Thanks for your assistance.
