**ARTICLE I**  
**MEETINGS OF STOCKHOLDERS**

Section 1. The Annual Meeting of the stockholders of the Company shall be held at a location in or out of Kentucky at a time and date to be fixed by the Board of Directors each year. Notice of the annual meeting shall be mailed to each stockholder entitled to notice at least ten (10) days before the Annual Meeting.

Section 2. Except as otherwise mandated by Kentucky law and except as otherwise provided in or fixed by or pursuant to the provisions of Article Fourth of the Company's Amended Articles of Incorporation relating to the rights of the holders of any class or series of stock having a preference over the Company's Common Stock as to dividends or upon liquidation to elect directors under specified circumstances, special meetings of stockholders may be called only by the President of the Company or by the Board of Directors pursuant to a resolution approved by a majority of the entire Board of Directors. For purposes of these By-Laws, the phrase "Company's Amended Articles of Incorporation" shall mean the Amended Articles of Incorporation of Louisville Gas and Electric Company as in effect on February 1, 1987, and as thereafter amended from time to time.

Section 3. A stockholder may vote in person or by proxy, filed with the Secretary of the Company before or immediately upon the convening of the meeting.

Section 4. Any action required or permitted to be taken by the stockholders of the Company at a meeting of such holders may be taken without such a meeting only if a consent in writing setting forth the action so taken shall be signed by all of the stockholders entitled to vote with respect to the subject matter thereof.

Section 5. At an annual meeting of the stockholders, only such business shall be conducted as shall have been properly brought before the meeting. To be properly brought before an annual meeting, business must be (a) specified in the notice of meeting (or any supplement thereto) given by or at the direction of the Board of Directors, (b) otherwise properly brought before the meeting by or at the direction of the Board of Directors, or (c) otherwise properly be requested to be brought before the meeting by a stockholder. For business to be

properly requested to be brought before an annual meeting by a stockholder, the stockholder must have given timely notice thereof in writing to the Secretary of the Company. To be timely, a stockholder's notice must be delivered to or mailed and received at the principal executive offices of the Company, not less than 90 days prior to the meeting; provided, however, that in the event that the date of the meeting is not publicly announced by the Company by mail, press release or otherwise more than 100 days prior to the meeting, notice by the stockholder to be timely must be delivered to the Secretary of the Company not later than the close of business on the tenth day following the day on which such announcement of the date of the meeting was communicated to stockholders. A stockholder's notice to the Secretary shall set forth as to each matter the stockholder proposes to bring before the annual meeting (a) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting, (b) the name and address, as they appear on the Company's books, of the stockholder proposing such business, (c) the class and number of shares of the Company which are beneficially owned by the stockholder, and (d) any material interest of the stockholder in such business. Notwithstanding anything in the By-Laws to the contrary, no business shall be conducted at an annual meeting except in accordance with the procedures set forth in this Section 5. The Chairman of an annual meeting shall, if the facts warrant, determine and declare to the meeting that business was not properly brought before the meeting and in accordance with the provisions of this Section 5, and if he should so determine, he shall so declare to the meeting that any such business not properly brought before the meeting shall not be transacted.

## ARTICLE II

### BOARD OF DIRECTORS

Section 1. (a) The Board shall be composed of such number of Directors as shall be set by resolution of the Board. Regular meetings of the Board of Directors shall be held at such time and place as may be fixed by the Board of Directors. The number of Directors may be changed from time to time by resolution of the Board of Directors or by amendment to these By-laws, but no decrease in the number of Directors shall have the effect of shortening the term of any incumbent Director. Unless a Director dies, resigns or is removed, he shall hold office until the next annual meeting of the shareholders or until a successor is elected, whichever is later.

(b) Advance notice of stockholder nominations for the election of directors shall be given in the manner provided in Section 2 of Article IV of these By-Laws.

(c) Except as otherwise provided in or fixed by or pursuant to the provisions of Article Fourth of the Company's Amended Articles of Incorporation relating to the rights of the holders of any class or series of stock having a preference over the Company's Common Stock as to dividends or upon liquidation to elect directors under specified circumstances: (i) newly created directorships resulting from any increase in the number of directors and any vacancies on the Board of Directors resulting from death, resignation, disqualification, removal or other cause shall be filled by the affirmative vote of a majority of the remaining directors then in office, even though less than a quorum of the Board of Directors; (ii) any director elected in accordance with the preceding clause (i) shall hold office until the next annual meeting of the shareholders or until

such director's successor shall have been elected and qualified, whichever is later; and (iii) no decrease in the number of directors constituting the Board of Directors shall shorten the term of any incumbent director.

(d) Except as otherwise provided in or fixed by or pursuant to the provisions of Article Fourth of the Company's Amended Articles of Incorporation relating to the rights of the holders of any class or series of stock having a preference over the Company's Common Stock as to dividends or upon liquidation to elect directors under specified circumstances, any director may be removed from office, with or without cause, only by the affirmative vote of the holders of at least 80% of the combined voting power of the then outstanding shares of the Company's stock entitled to vote generally (as defined in Article Eighth of the Company's Amended Articles of Incorporation), voting together as a single class. Notwithstanding the foregoing provisions of this Paragraph (d), if at any time any stockholders of the Company have cumulative voting rights with respect to the election of directors and less than the entire Board of Directors is to be removed, no director may be removed from office if the votes cast against his removal would be sufficient to elect him as a director if then cumulatively voted at an election of the class of directors of which he is a part.

Section 2. Regular Meetings shall be held at such time and place as may be fixed by the Board of Directors.

Section 3. Special Meetings of the Board of Directors shall be held at the call of the Chairman or of the President, or, in their absence, of a Vice President, or at the request in writing of not less than three (3) members of the Board.

Section 4. Regular and Special Meetings may be held outside of the State of Kentucky.

Section 5. Notices of Regular and Special Meetings shall be sent to each director at least one (1) day prior to the meeting.

Section 6. The business and affairs of the Company shall be managed by or under the direction of the Board of Directors, except as may be otherwise provided by law or by the Company's Amended Articles of Incorporation. Unless otherwise provided by law, at each meeting of the Board of Directors, the presence of one-third of the fixed number of directors shall constitute a quorum for the transaction of business. Except as provided in Section 1(c) of this Article II, the vote of a majority of the directors present at a meeting at which a quorum is present shall be the act of the Board of Directors. In case at any meeting of the Board of Directors a quorum shall not be present, the members of the Board of Directors present may by majority vote adjourn the meeting from time to time until a quorum shall attend.

Section 7. Directors may receive such fees or compensation for their services as may be authorized by resolution of the Board of Directors. In addition, expenses of attendance, if any, may be allowed for attendance at each regular or special meeting.

Section 8. The Board of Directors, by resolution adopted by a majority of the full Board of Directors, may designate from among its members an executive committee and one or more

other committees each of which, to the extent provided in such resolution, shall have and exercise all the authority of the Board of Directors, but no such committee shall have the authority to take action that under Kentucky law can only be taken by a board of directors.

Section 9. The Chairman of the Board, if such person is present, shall serve as Chairman at each regular or special meeting of the Board of Directors and shall determine the order of business at such meeting. If the Chairman of the Board is not present at a regular or special meeting of the Board of Directors, the Vice Chairman of the Board shall serve as Chairman of such meeting and shall determine the order of business of such meeting. The Board of Directors may elect one of its members as Vice Chairman of the Board.

### ARTICLE III

#### OFFICERS

Section 1. The officers of the Company shall be a Chief Executive Officer, President, Chief Financial Officer, one or more Vice Presidents, Secretary, Treasurer, Controller and such other officers (including, if so directed by a resolution of the Board of Directors, Chairman of the Board) as the Board or the Chief Executive Officer may from time to time elect or appoint. Any two of the offices may be combined in one person, but no officer shall execute, acknowledge, or verify any instrument in more than one capacity. If practicable, officers are to be elected or appointed by the Board of Directors or the Chief Executive Officer at the first meeting of the Board following the annual meeting of stockholders and, unless otherwise specified, shall hold office for one year or until their successors are elected and qualified. Any vacancy shall be filled by the Board of Directors or the Chief Executive Officer. Except as provided below, officers shall perform those duties usually incident to the office or as otherwise required by the Board of Directors, the Chief Executive Officer, or the officer to whom they report. An officer may be removed with or without cause and at any time by the Board of Directors or by the Chief Executive Officer.

#### Chief Executive Officer

Section 2. The Chief Executive Officer of the Company shall have full charge of all of the affairs of the Company, shall preside at all meetings of the stockholders and, in the absence of the Chairman of the Board, at meetings of the Board of Directors.

#### President

Section 3. The President shall exercise the functions of the Chief Executive Officer during the absence or disability of the Chief Executive Officer.

#### Chief Financial Officer

Section 4. The Chief Financial Officer of the Company shall have full charge of all of the financial affairs of the Company, including maintaining accurate books and records, meeting all reporting requirements and controlling Company funds.

Vice Presidents

Section 5. The Vice President or Vice Presidents may be designated as Vice President, Senior Vice President or Executive Vice President, as the Board of Directors or Chief Executive Officer may determine.

Secretary

Section 6. The Secretary shall be present at and record the proceedings of all meetings of the Board of Directors and of the stockholders, give notices of meetings of Directors and stockholders, have custody of the seal of the Company and affix it to any instrument requiring the same, and shall have the power to sign certificates for shares of stock of the Company.

Treasurer

Section 7. The Treasurer shall have charge of all receipts and disbursements of the Company and be custodian of the Company's funds.

Controller

Section 8. The Controller shall have charge of the accounting records of the Company.

Chairman of the Board

Section 9. In the event the Board of Directors elects a Chairman of the Board and designates by resolution that the Chairman of the Board shall be an officer of the corporation, the Chairman of the Board shall preside at all meetings of the Board of Directors and serve the corporation in an advisory capacity.

**ARTICLE IV**

**CAPITAL STOCK CERTIFICATES  
AND DIRECTOR NOMINATIONS**

Section 1. The Board of Directors shall approve all stock certificates as to form. The certificates for the various classes of stock, issued by the Company, shall be printed or engraved with the facsimile signatures of the President and Secretary and a facsimile seal of the Company. The Board of Directors shall appoint transfer agents to issue and transfer certificates of stock, and registrars to register said certificates.

Section 2. Except as otherwise provided in or fixed by or pursuant to the provisions of Article Fourth of the Company's Amended Articles of Incorporation relating to the rights of the holders of any class or series of stock having a preference over the Company's Common Stock as to dividends or upon liquidation to elect directors under specified circumstances, nominations for the election of directors may be made by the Board of Directors or a committee appointed by the Board of Directors or by any stockholder entitled to vote in the election of directors generally.

However, any stockholder entitled to vote in the election of directors generally may nominate one or more persons for election as director or directors at a stockholders' meeting only if written notice of such stockholder's intent to make such nomination or nominations has been given either by personal delivery or by United States mail, postage prepaid, to the Secretary of the Company not later than 90 days in advance of such meeting; provided, however, that in the event the date of the meeting is not publicly announced by the Company by mail, press release or otherwise more than 100 days prior to the meeting, notice by the stockholder to be timely must be delivered not later than the close of business on the tenth day following the date on which notice of such meeting was first communicated to stockholders. Each such notice shall set forth (a) the name and address of the stockholder who intends to make the nomination and of the person or persons to be nominated; (b) a representation that the stockholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice; (c) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder; (d) such other information regarding each nominee proposed by such stockholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission, had the nominee been nominated, or intended to be nominated, by the Board of Directors; and (e) the consent of each nominee to serve as a director of the Company if so elected. The Chairman of the meeting may refuse to acknowledge the nomination of any person not made in compliance with the foregoing procedure.

## **ARTICLE V**

### **LOST STOCK CERTIFICATES**

The Board of Directors may, in its discretion, direct that a new certificate or certificates of stock be issued in place of any certificate or certificates of stock theretofore issued by the Company, alleged to have been stolen, lost or destroyed, and the Board of Directors when authorizing the issuance of such new certificate or certificates may, in its discretion, and as a condition precedent thereto, require the owner of such stolen, lost or destroyed certificate or certificates or the legal representatives of such owner, to give to the Company, its transfer agent or agents, its registrar or registrars, as may be authorized or required to sign and countersign such new certificate or certificates, a corporate surety bond in such sum as it may direct as indemnity against any claim or claims that may be made against the Company, its transfer agent or agents, its registrar or registrars, for or in respect to the shares of stock represented by the certificate or certificates alleged to have been stolen, lost or destroyed.

## **ARTICLE VI.**

### **DIVIDENDS ON PREFERRED STOCK**

Dividends upon the 5% Cumulative Preferred Stock, \$25 Par value, if declared, shall be payable on January 15, April 15, July 15 and October 15 of each year. If the date herein

designated for the payment of any dividend shall, in any year, fall upon a legal holiday, then the dividend payable on such date shall be paid on the next day not a legal holiday.

Dividends in respect of each share of \$8.90 Cumulative Preferred Stock (without par value) of the Company shall be payable on October 16, 1978, when and as declared by the Board of Directors of the Company, to holders of record on September 29, 1978, and shall accrue from the date of original issuance of said series. Thereafter, such dividends shall be payable on January 15, April 15, July 15, and October 15 in each year (or the next business day thereafter in each case), when and as declared by the Board of Directors of the Company, for the quarterly period ending on the last business day of the preceding month.

Dividends in respect of each share of Preferred Stock, Auction Series A (without par value), of the Company shall be payable when and as declared by the Board of Directors of the Company, on the dates and in the manner set forth in the Amendment to the Articles of Incorporation of the Company setting forth the terms of such series.

Dividends in respect of each share of \$5.875 Cumulative Preferred Stock, of the Company shall be payable when and as declared by the Board of Directors of the Company, on the dates and in the manner set forth in the Amendment to the Articles of Incorporation of the Company setting forth the terms of such series.

## ARTICLE VII

### FINANCE

Section 1. The Board of Directors shall designate the bank or banks to be used as depositories of the funds of the Company and shall designate the officers and employees of the Company who may sign and countersign checks drawn against the various accounts of the Company. The Board of Directors may authorize the use of facsimile signatures on checks drawn against certain bank accounts of the Company.

Section 2. Notes shall be signed by the President and either a Vice President or the Treasurer. In the absence of the President, notes shall be signed by two Vice Presidents, or a Vice President and the Treasurer.

## ARTICLE VIII

### SEAL

The seal of this Company shall be in the form of a circular disk, bearing the following information:

( Louisville Gas and Electric Company )  
( Incorporated Under the Laws of )  
( Kentucky )  
( Seal )  
( 1913 )

## ARTICLE IX

### AMENDMENTS

Subject to the provisions of the Company's Amended Articles of Incorporation, these By-Laws may be amended or repealed at any regular meeting of the stockholders (or at any special meeting thereof duly called for that purpose) by the holders of at least a majority of the voting power of the shares represented and entitled to vote thereon at such meeting at which a quorum is present; provided that in the notice of such special meeting notice of such purpose shall be given. Subject to the laws of the State of Kentucky, the Company's Amended Articles of Incorporation and these By-Laws, the Board of Directors may by majority vote of those present at any meeting at which a quorum is present amend these By-Laws, or adopt such other By-Laws as in their judgment may be advisable for the regulation of the conduct of the affairs of the Company.

## ARTICLE X

### INDEMNIFICATION

Section 1. Right to Indemnification. Each person who was or is a director of the Company and who was or is made a party or is threatened to be made a party to or is otherwise involved (including, without limitation, as a witness) in any action, suit or proceeding, whether civil, criminal, administrative or investigative (hereinafter a "proceeding"), by reason of the fact that he or she is or was a director or officer of the Company or is or was serving at the request of the Company as a director, officer, partner, trustee, employee or agent of another corporation or of a partnership, joint venture, trust or other enterprise, including service with respect to an employee benefit plan (hereinafter an "Indemnified Director"), whether the basis of such proceeding is alleged action in an official capacity as a director or officer or in any other capacity while serving as a director or officer, shall be indemnified and held harmless by the Company to the fullest extent permitted by the Kentucky Business Corporation Act, as the same exists or may hereafter be amended, against all expense, liability and loss (including, without limitation, attorneys' fees, judgments, fines, ERISA excise taxes or penalties and amounts paid in settlement) reasonably incurred or suffered by such Indemnified Director in connection therewith and such indemnification shall continue as to an Indemnified Director who has ceased to be a director or officer and shall inure to the benefit of the Indemnified Director's heirs, executors and administrators. Each person who was or is an officer of the Company and not a director of the Company and who was or is made a party or is threatened to be made a party to or is otherwise involved (including, without limitation, as a witness) in any proceeding, by reason of the fact that he or she is or was an officer of the Company or is or was serving at the request of the Company as a director, officer, partner, trustee, employee or agent of another corporation or of a

partnership, joint venture, trust or other enterprise, including service with respect to an employee benefit plan (hereinafter an "Indemnified Officer"), whether the basis of such proceeding is alleged action in an official capacity as an officer or in any other capacity while serving as an officer, shall be indemnified and held harmless by the Company against all expense, liability and loss (including, without limitation, attorneys' fees, judgments, fines, ERISA excise taxes or penalties and amounts paid in settlement) reasonably incurred or suffered by such Indemnified Officer to the same extent and under the same conditions that the Company must indemnify an Indemnified Director pursuant to the immediately preceding sentence and to such further extent as is not contrary to public policy and such indemnification shall continue as to an Indemnified Officer who has ceased to be an officer and shall inure to the benefit of the Indemnified Officer's heirs, executors and administrators. Notwithstanding the foregoing and except as provided in Section 2 of this Article X with respect to proceedings to enforce rights to indemnification, the Company shall indemnify any Indemnified Director or Indemnified Officer in connection with a proceeding (or part thereof) initiated by such Indemnified Director or Indemnified Officer only if such proceeding (or part thereof) was authorized by the Board of Directors of the Company. As hereinafter used in this Article X, the term "indemnitee" means any Indemnified Director or Indemnified Officer. Any person who is or was a director or officer of a subsidiary of the Company shall be deemed to be serving in such capacity at the request of the Company for purposes of this Article X. The right to indemnification conferred in this Article shall include the right to be paid by the Company the expenses incurred in defending any such proceeding in advance of its final disposition (hereinafter an "advancement of expenses"); provided, however, that, if the Kentucky Business Corporation Act requires, an advancement of expenses incurred by an indemnitee who at the time of receiving such advance is a director of the Company shall be made only upon: (i) delivery to the Company of an undertaking (hereinafter an "undertaking"), by or on behalf of such indemnitee, to repay all amounts so advanced if it shall ultimately be determined by final judicial decision from which there is no further right to appeal (hereinafter, a "final adjudication") that such indemnitee is not entitled to be indemnified for such expenses under this Article or otherwise; (ii) delivery to the Company of a written affirmation of the indemnitee's good faith belief that he has met the standard of conduct that makes indemnification by the Company permissible under the Kentucky Business Corporation Act; and (iii) a determination that the facts then known to those making the determination would not preclude indemnification under the Kentucky Business Corporation Act. The right to indemnification and advancement of expenses incurred in this Section 1 shall be a contract right.

Section 2. Right of Indemnitee to Bring Suit. If a claim under Section 1 of this Article X is not paid in full by the Company within sixty days after a written claim has been received by the Company (except in the case of a claim for an advancement of expenses, in which case the applicable period shall be twenty days), the indemnitee may at any time thereafter bring suit against the Company to recover the unpaid amount of the claim. If successful in whole or in part to any such suit or in a suit brought by the Company to recover an advancement of expenses pursuant to the terms of an undertaking, the indemnitee also shall be entitled to be paid the expense of prosecuting or defending such suit. In (i) any suit brought by the indemnitee to enforce a right to indemnification hereunder (other than a suit to enforce a right to an advancement of expenses brought by an indemnitee who will not be a director of the Company at the time such advance is made) it shall be a defense that, and in (ii) any suit by the Company to

recover an advancement of expenses pursuant to the terms of an undertaking the Company shall be entitled to recover such expenses upon a final adjudication that, the indemnitee has not met the standard of conduct that makes it permissible hereunder or under the Kentucky Business Corporation Act (the “applicable standard of conduct”) for the Company to indemnify the indemnitee for the amount claimed. Neither the failure of the Company (including its Board of Directors, independent legal counsel or its stockholders) to have made a determination prior to the commencement of such suit that indemnification of the indemnitee is proper in the circumstances because the indemnitee has met the applicable standard of conduct, nor an actual determination by the Company (including its Board of Directors, independent legal counsel or its stockholders) that the indemnitee has not met the applicable standard of conduct, shall create a presumption that the indemnitee has not met the applicable standard of conduct or, in the case of such a suit brought by the indemnitee, be a defense to such suit. In any suit brought by the indemnitee to enforce a right to indemnification or to an advancement of expenses hereunder, or by the Company to recover an advancement of expenses pursuant to the terms of an undertaking, the burden of proving that the indemnitee is not entitled to be indemnified or to such advancement of expenses under this Article X or otherwise shall be on the Company.

Section 3. Non-Exclusivity of Rights. The rights to indemnification and to the advancement of expenses conferred in this Article X shall not be exclusive of any other right which any person may have or hereafter acquire under any statute, the Company’s Articles of Incorporation, these By-Laws, any agreement, any vote of stockholders or disinterested directors or otherwise.

Section 4. Insurance. The Company may maintain insurance, at its expense, to protect itself and any director, officer, employee or agent of the Company or another corporation, partnership, joint venture, trust or other enterprise against any expense, liability or loss, whether or not the Company would have the power to indemnify such person against such expense, liability or loss under the Kentucky Business Corporation Act.

Section 5. Indemnification of Employees and Agents. The Company may, to the extent authorized from time to time by the Board of Directors, grant rights to indemnification and to the advancement of expenses to any employee or agent of the Company and to any person serving at the request of the Company as an agent or employee of another corporation or of a partnership, joint venture, trust or other enterprise to the fullest extent of the provisions of this Article X with respect to the indemnification and advancement of expenses of directors and officers of the Company.

Section 6. Repeal or Modification. Any repeal or modification of any provision of this Article X shall not adversely affect any rights to indemnification and to advancement of expenses that any person may have at the time of such repeal or modification with respect to any acts or omissions occurring prior to such repeal or modification.

Section 7. Severability. In case any one or more of the provisions of this Article X, or any application thereof, shall be invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions of this Article X, and any other application thereof, shall not in any way be affected or impaired thereby.

(1) Louisville Gas and Electric Company does not report earnings per share numbers, these are calculated for this response.

(2) LG&E and KU Energy LLC (LKE) is Louisville Gas and Electric Company's sole shareholder. Louisville Gas and Electric Company pays dividends to LKE.

(3) See response to question 38 for calculation of average common equity for each year end. Return on average common equity is only calculated at year end because quarterly information is not meaningful.

**CASE NO. 2012-00222**

**Response to Commission Staff's First Request for Information  
Dated June 15, 2012**

**Question No. 7**

**Responding Witness: Daniel K. Arbough**

Q-7. Provide a computation of fixed charge coverage ratios for the 10 most recent calendar years and for the test year as shown in Format 7.

A-7. See attached.

The Louisville Gas and Electric Company's current first mortgage bond indenture does not contain a covenant for the fixed charge coverage ratio; therefore, the calculation of the fixed charge coverage ratio on the attachment is based solely upon the SEC Method.

**CASE NO. 2012-00222**

**Response to Commission Staff's First Request for Information**

**Dated June 15, 2012**

**Question No. 8**

**Responding Witness: Robert M. Conroy**

Q-8. Provide the following:

- a. A schedule of revenues for each active rate schedule reflecting test-year revenues per book rates, revenues at present rates annualized, and revenues at proposed rates annualized.
- b. A schedule showing the amount and percent of any proposed increase or decrease in revenue distributed to each rate schedule. This schedule is to be accompanied by a statement that explains, in detail, the methodology or basis used to allocate the requested increase or decrease in revenue to each of the respective customer classes.
- c. A schedule showing how the increase or decrease in (b) above was further distributed to each rate charge (i.e., customer or facility charge, kWh charge, Mcf charge, etc.). This schedule is to be accompanied by a statement that explains, in detail, the methodology or basis used to allocate the increase or decrease.
- d. A reconciliation of the Fuel Adjustment Clause revenue and expenses for the test year.
- e. A reconciliation of the Gas Cost Adjustment revenue and expenses for the test year.

- A-8.
- a. Please see Conroy Exhibits R3 and R9 for the reconstruction of test year electric and gas revenues per book rates, respectively. See Conroy Exhibits R5 and R11 for annualized proposed electric and gas rates, respectively.
  - b. Please see Conroy Exhibit R4, page 3 of 3 for the amount and percent of the proposed increase in electric revenue distributed to each rate schedule. Please see Mr. Conroy's pre-filed direct testimony beginning at page 41 for a discussion of the allocation of the proposed electric revenue increase. Please see Conroy Exhibit R10 for the amount and percent of proposed increase in

gas revenue distributed to each rate schedule. Please see Mr. Conroy's pre-filed direct testimony beginning at page 51 for a discussion of the allocation of the proposed gas revenue increase.

- c. Please see Conroy Exhibit R5 for the detailed allocation of the proposed electric increases to all charges for each rate schedule. Please see Conroy Exhibit R11 for the detailed allocation of the proposed gas increases to all charges for each rate schedule. Please see response to part (b) above, and pages 44-50 (electric) and 52-55 (gas) of Mr. Conroy's pre-filed direct testimony for a detailed explanation of the methodology used to develop each rate charge.
- d. Please see Conroy Exhibit R4 for a reconciliation of all components of electric revenues, including Fuel Adjustment Clause revenue. Please see Conroy Exhibit P2 for a reconciliation of Fuel Adjustment Clause revenues during the test year. Please see Reference Schedule 1.01 to Blake Exhibit 1 for a reconciliation of test-year FAC revenues and expenses.
- e. Please see Conroy Exhibit R10 for a reconciliation of all components of gas revenues, including Gas Supply Clause revenue. Please see Conroy Exhibit P11 for a reconciliation of Gas Supply Clause revenue during the test year.

**Response to Commission Staff's First Request for Information  
Dated June 15, 2012**

**Question No. 9**

**Responding Witness: Valerie L. Scott / Caryl M. Pfeiffer**

- Q-9. Provide the following information concerning fuel purchases:
- a. A schedule showing by month the dollar amount of fuel purchases from affiliated and non-affiliated suppliers for the test year.
  - b. A calculation of the dollar amount paid for fuel purchases each month from affiliated suppliers for the test year.
  - c. A calculation showing the average (13-month) number of days supply of coal on hand for the test year and each of the 3 years preceding the test year. Include all workpapers used to determine the response. Also include a detailed explanation of the factors considered in determining what constitutes an average day's supply of coal.
- A-9.
- a. See attached.
  - b. LG&E electric operations purchase natural gas from the LG&E gas operations which is used as start-up and stabilization fuel at the Mill Creek and Cane Run generating units pursuant to a special contract on file with the Commission. No coal or natural gas was purchased from affiliates. Joint coal purchases are paid for by LG&E and KU Services Company and charged at cost to LG&E and KU. Natural gas for jointly owned combustion turbines is purchased by either LG&E or KU and costs are allocated based on the dispatch of the unit when run. See attachment (a) for details.
  - c. See attached.

**LOUISVILLE GAS AND ELECTRIC COMPANY**

**CASE NO. 2012-00222**

**Response to Commission Staff's First Request for Information  
Dated June 15, 2012**

**Question No. 10**

**Responding Witness: Valerie L. Scott / Caryl M. Pfeiffer**

Q-10. Provide the actual fuel costs for the test year. The costs should be given in total dollars, cents per kWh generated, and cents per MMBTU for each type of fuel. Also provide the actual amounts of each type of fuel used, the numbers of BTUs obtained from each type of fuel, and the kWh generated by each type of fuel.

A-10. See attached.

**Notes**

(1) Steam includes 100% of generation, quantities used and costs of Trimble County units.

Does not exclude IMEA/IMPA 25%.

(2) Oil and Gas used in steam plants is for start up and stabilization.

N/A - See Combustion Turbines column for oil and gas cost per kWh generated. The LG&E total oil and gas costs include oil and gas used for start-up and stabilization in steam units, and therefore do not correspond to LG&E total oil and gas kWh output.

**LOUISVILLE GAS AND ELECTRIC COMPANY**

**CASE NO. 2012-00222**

**Response to Commission Staff's First Request for Information  
Dated June 15, 2012**

**Question No. 11**

**Responding Witness: Valerie L. Scott**

Q-11. Provide the purchased power costs for the test year. These costs should be separated into demand and energy costs. The actual and estimated kW demands and kWh purchased should be included. Indicate any estimates used and explain the estimates in detail.

A-11. Purchased Power:

	\$	kWh
Energy	49,382,101	1,691,698,000
Demand	19,685,078	
Total	<u>\$ 69,067,179</u>	<u>1,691,698,000</u>

Included in the purchased power cost are the following estimates:

- an estimate of demand for March 2012 in the amount of \$1,911,393
- estimates of energy for March 2012 in the amount of \$1,878,552

Not included in the purchase power cost are the following true-ups:

- a true-up for demand for March 2012 in the amount of (\$110,873) booked in April 2012
- true-ups for energy for March 2012 in the amount of \$51,003 booked in April 2012

Included in the purchased power cost are the following true-ups of estimates at the beginning of the test year:

- a true-up of demand for March 2011 in the amount of \$91,415 booked in April 2011
- true-ups of energy for March 2011 in the amount of \$1,124 booked in April 2011

Demand payments are only made to Ohio Valley Electric Corporation (OVEC) and are comprised of actual expenses for debt, operations and maintenance, taxes, and other items not directly related to the plant capacity, so no demand kW are shown.

Estimates are recorded only for OVEC, Illinois Municipal Electric Agency (IMEA), and Indiana Municipal Power Agency (IMPA).

The OVEC estimate comes from OVEC's budgeted demand and energy costs split between LG&E and KU based on their respective ownership percentages. The March 2012 estimates for OVEC were trued-up to actual in April 2012.

The IMEA and IMPA estimates for energy come from the tiered imbalance energy that, per the contract, can be exchanged in-kind. The March 2012 estimates were trued-up to actual in April 2012.

**CASE NO. 2012-00222**

**Response to Commission Staff's First Request for Information**

**Dated June 15, 2012**

**Question No. 12**

**Responding Witness: Valerie L. Scott**

Q-12. Provide the following information, in comparative form, for the test year and the 12-month period immediately preceding the test year:

- a. An electric operations-only income statement, a statement of changes in financial position, a statement of cash flows, a statement of changes in owner's equity, and a balance sheet.
- b. A gas operations-only income statement, a statement of changes in financial position, a statement of cash flows, a statement of changes in owner's equity, and a balance sheet.
- c. A total company income statement, a statement of changes in financial position, a statement of cash flows, a statement of changes in owner's equity, and a balance sheet.

A-12. a. See attached Statement of Net Operating Income for Electric Operations and Electric Balance Sheet. Unlike net operating income, the Company does not maintain its books in the manner necessary to develop a jurisdictional balance sheet. The attached Electric balance sheet was developed by directly assigning accounts to Electric operations where direct assignment was evident (i.e, Electric generating assets) and allocating remaining balances based on appropriate methodologies. Due to the different methodologies used in developing the Electric balance sheet, an adjustment is required in calculating Total Liabilities in order to balance. Statements of Changes in Financial Position, Cash Flows and Changes in Owner's Equity are not prepared for Electric operations.

- b. See attached Statement of Net Operating Income for Gas Operations and Gas Balance Sheet. Unlike net operating income, the Company does not maintain its books in the manner necessary to develop a jurisdictional balance sheet. The attached gas balance sheet was developed by directly assigning accounts to gas operations where direct assignment was evident (i.e, gas distribution assets) and allocating remaining balances based on appropriate

methodologies. Due to the different methodologies used in developing the Gas balance sheet, an adjustment is required in calculating Total Liabilities in order to balance. Statements of Changes in Financial Position, Cash Flows and Changes in Owner's Equity are not prepared for Gas operations.

- c. See attached Total Company Income Statement, Balance Sheet, Statement of Cash Flows and Statement of Changes in Owner's Equity. A Statement of Changes in Financial Position is not prepared by the Company.

**Response to Commission Staff's First Request for Information  
Dated June 15, 2012**

**Question No. 13**

**Responding Witness: Valerie L. Scott**

Q-13. Provide the following:

- a. A trial balance as of the last day of the test year (all income statement accounts should show activity for 12 months) showing account number, account title, and amount. Provide this information on an electric operations-only basis.
- b. A trial balance as of the last day of the test year (all income statement accounts should show activity for 12 months) showing account number, account title, and amount. Provide this information on a gas operations-only basis.
- c. A trial balance as of the last day of the test year (all income statement accounts should show activity for 12 months) showing account number, account title, and amount. Provide this information on a total company basis. Only one copy needs to be supplied to the Commission. Other parties of record may examine the copy filed with the Commission.

- A-13.
- a. See attached trial balance for income statement accounts for electric operations. Separate balance sheet accounts are not maintained for electric operations, therefore a separate trial balance for balance sheet accounts is not provided.
  - b. See attached trial balance for income statement accounts for gas operations. Separate balance sheet accounts are not maintained for gas operations, therefore a separate trial balance for balance sheet accounts is not provided.
  - c. See attached.

**CASE NO. 2012-00222**

**Response to Commission Staff's First Request for Information  
Dated June 15, 2012**

**Question No. 14**

**Responding Witness: Valerie L. Scott**

- Q-14. Provide the balance in each current asset and each current liability account and subaccount included in LG&E's chart of accounts by months for the test year. In addition, show total current assets, total current liabilities, and the net current position by months, annually, and the 13-month average for the test year. Provide a reconciliation of current assets, current liabilities, and net current position provided in response to the above with the current assets and current liabilities as shown on the balance sheet for each month of the test year. If any amounts were allocated, provide a calculation of the factor used to allocate each amount.
- A-14. See attached. The attached current assets and liabilities reflect total company, combined electric and gas.

**CASE NO. 2012-00222**

**Response to Commission Staff's First Request for Information  
Dated June 15, 2012**

**Question No. 20**

**Responding Witness: Shannon L. Charnas**

- Q-20. Provide the journal entries relating to the purchase of electric and gas utility plant acquired as an operating unit or system by purchase, merger, consolidation, liquidation, or otherwise since LG&E's inception. Also, provide a schedule showing the calculation of the acquisition adjustment at the date of purchase or each item of utility plant, the amortization period, and the unamortized balance at the end of the test year.
- A-20. Differences between the Company and the Commission, arising out of original cost studies, were settled when the Public Service Commission of Kentucky, by order dated January 5, 1945, approved the proposal that the amounts classified in Plant Acquisition Adjustments at December 31, 1943 (\$6,500,062) be disposed of as follows:
- a. \$1,563,967 to be charged to the Reserve for Depreciation in December 1944,
  - b. \$63,850 to be classified to Plant in Service in December 1944 and
  - c. \$4,872,245 to be amortized by deductions from income at the rate of \$325,200 per year beginning January 1, 1944. (Amortization was completed in 1958)

Since 1944 Louisville Gas and Electric Company has acquired no significant electric or gas utility plant as an operating unit or system by purchase, merger, consolidation, liquidation or otherwise.

**Response to Commission Staff's First Request for Information  
Dated June 15, 2012**

**Question No. 21**

**Responding Witness: Valerie L. Scott**

Q-21. For LG&E's electric operations and gas operations, provide separate schedules showing a comparison of the balance in the total company and Kentucky revenue accounts for each month of the test year to the same month of the preceding year for each revenue account or subaccount included in LG&E's chart of accounts. Include appropriate footnotes to show the month each rate increase was granted and the month the full increase was recorded in the accounts. See Format 19.

- (1) During the period from April 2010 through March 2012, the Demand Side Management (DSM) Balance Adjustment (DBA) component of the DSM Cost Recovery mechanism was adjusted effective on a bills rendered basis as of April 2010, April 2011 and June 2011 (per Kentucky Public Service Commission (KPSC) Order in Case No. 2000-00459 and reaffirmed in KPSC Order in Case No. 2011-00134). The months the full impact was included in the accounts was April 2010, April 2011 and June 2011, respectively.
- (2) During the period from April 2010 through March 2012, the DSM Cost Recovery Component of the DSM Cost Recovery mechanism was adjusted effective with bills rendered and first full month of impact in January 2011 (per KPSC approved tariff) and January 2012 (per KPSC Order in Case No. 2011-00134).
- (3) During the period from April 2010 through March 2012, the Fuel Adjustment Factor associated with the Fuel Adjustment Clause (FAC) was adjusted monthly in compliance with 807 KAR 5:056.
- (4) During the period from April 2010 through March 2012, the base fuel factor was adjusted as a result of a transfer (roll-in) from the FAC. This adjustment was effective with bills rendered and the first full month of impact in July 2011 (per KPSC Order in Case No. 2010-00493). The resulting increase to base rates is offset by the corresponding decrease to the Company's fuel adjustment clause.
- (5) During the period from April 2010 through March 2012, the Environmental Surcharge associated with the Environmental Cost Recovery (ECR) mechanism was adjusted monthly with bills rendered in compliance with KRS 278.183(3).
- (6) During the period from April 2010 through March 2012, base rates were adjusted as a result of a transfer (roll-in) from the Environmental Surcharge. This adjustment was effective with the bills rendered and the first full month of impact in March 2012 (per KPSC Order in Case No. 2011-00232).
- (7) During the period from April 2010 through March 2012, the Gas Supply Clause (GSC) was adjusted quarterly. Adjustments that increased the GSC for service rendered on and after August 2010 (per KPSC Case No. 2010-0000263), and May 1, 2011 (per KPSC Order in Case No. 2011-00119). The first full month of impact is the month following the effective month.
- (8) The cashout activity was broken out into accounts 481205 and 482105 in March 2012. Prior to this date, cashout activity was recorded in 481204 and 482104.
- (9) The Demand ECR Revenues and Energy ECR Revenues were broken out into separate accounts in August 2010. Prior to this date, the activity was recorded in Energy Revenues (Non-Fuel) and Demand Charge Revenues, respectively.

**LOUISVILLE GAS AND ELECTRIC COMPANY**

**CASE NO. 2012-00222**

**Response to Commission Staff's First Request for Information  
Dated June 15, 2012**

**Question No. 22**

**Responding Witness: Valerie L. Scott**

- Q-22. Describe how the test-year capitalization rate was determined. If differing rates were used for specific expenses (ie., payroll, clearing accounts, depreciation, etc.), indicate the rate and how it was determined. Indicate all proposed changes to the test-year capitalization rate and how the changes were determined.
- A-22. There is no predetermined capitalization rate. Employees charge their labor to either expense or capital based on activity performed. The clearing account overheads are distributed between capital and operating expense based on the labor charged. Non-labor costs are charged to capital or operating expense based on the type of activity (i.e., in support of a capital project or normal operating expenses).

**LOUISVILLE GAS AND ELECTRIC COMPANY**

**CASE NO. 2012-00222**

**Response to Commission Staff's First Request for Information**

**Dated June 15, 2012**

**Question No. 23**

**Responding Witness: Kent W. Blake / Paula H. Pottinger, Ph.D. / Valerie L. Scott**

Q-23. Provide the following:

- a. A separate schedule for the electric operations and gas operations showing a comparison of the balance in the total company and Kentucky operating expense accounts for each month of the test year to the same month of the preceding year for each account, or subaccount, included in LG&E's chart of accounts. See Format 19.
- b. A separate schedule for the electric operations and gas operations, in comparative form, showing the total company and Kentucky operating expense account balance for the test year and each of the 5 calendar years preceding the test year by account or subaccount. Show the percentage of increase or decrease of each year over the prior year.
- c. A list, with descriptions, of all activities, initiatives, or programs undertaken or continued by LG&E since its last general rate case for the purpose of minimizing costs or improving the efficiency of its operations or maintenance activities.
- d. A schedule of total company and Kentucky salaries and wages for the test year, and each of the 3 calendar years preceding the test year, as shown in Format 23c. Show for each time period the amount of overtime pay.
- e. A schedule showing the percentage of increase in salaries and wages for both union and non-union employees for the test year and the 3 preceding calendar years.

A-23. a. See attached.

b. See attached.

c. Operating efficiently and controlling costs to the extent practicable are long-standing and predominant business values at LG&E and KU. These principles

govern the Companies' business practices in the construction, operation and maintenance of our systems and services. As discussed in the testimonies of Paul W. Thompson and Chris Hermann, the Companies have made every effort to contain the increasing costs of providing reliable service, including implementing initiatives that are designed, in part, to defray increases in cost. As shown in Blake Exhibit 11, currently LG&E and KU are the only utilities in the entire country that have achieved top quartile status with regard to cost performance in four of the following five cost areas that FERC monitors: generation, transmission, distribution, retail, and corporate - administrative and general.

The Companies achieve economies by their joint integrated system planning. The Companies further achieve efficiencies with their operation as a single interconnected utility through the joint dispatch of generating units. LG&E and KU, as owners and operators of interconnected electric transmission facilities, achieve economic and reliability benefits through joint operation of a single interconnected and centrally dispatched system. The Companies continue to invest in the electric system to provide a benefit of a safe and reliable distribution system.

The Companies minimize costs and improve operational efficiencies through the use of competitively bid, multi-year, service agreements with external contractors and suppliers that incorporate fixed unit pricing, fixed negotiated overheads and equipment costs, and performance monitoring with incentives and penalties tied to performance. These types of agreements, with limited and sound exceptions, are used for all areas of work that include gas and electric construction, vegetation management, fleet, office services and meter reading.

Some examples of some recent initiatives the Companies have undertaken to effectively manage their costs are the following:

Through refinancing efforts since the last rate case, LG&E's 3.96% cost of debt (combined taxable and tax-exempt debt) is the third lowest of any utility company in the peer group as discussed in the testimony of Mr. Arbough and shown in Arbough Exhibit 6 (with KU being one of the two companies with a lower cost) for the twelve months ending March 2012. Long-term debt rates were significantly reduced during the refinancing of long-term utility debt through first mortgage bonds. The savings were enhanced by the PPL Corporation ("PPL") acquisition as LG&E and KU were able to avoid prepayment penalties on its previously existing affiliate long-term debt due to the change in ownership.

In 2011, the Companies entered into a Third-Party Vendor Services Agreement with LG&E and KU Energy LLC ("LKE"), PPL, and PPL

Services Corporation (“PPL Services”) which allows LKE, PPL, and PPL Services to invoice the Companies, at cost, for the Companies portion of certain purchases made with third-party vendors. This agreement will only be used where LG&E and KU may cost effectively enter into a purchase due to the combined buying power of the Companies and its PPL affiliates, or where costs remain neutral but combined purchasing is desired for administrative billing purposes. Where possible LG&E and KU will be directly invoiced by the third-party vendor for their share of any applicable purchase. The Third-Party Vendor Services Agreement applies only where a third-party vendor refuses or is unable to separately invoice LG&E and KU, or where separate invoicing would require additional costs or excessive procedures, thereby necessitating LKE, PPL, or PPL Services invoicing LG&E and KU for their portion of the overall costs.

Another Utility Services Agreement that has benefited LG&E and KU is a Data Hosting Agreement among LG&E, KU, LG&E and KU Services Company (“LK Services), LG&E and KU Capital LLC (“LKC”), and PPL Services that provides for alternate data hosting at the LG&E and KU Simpsonville Data Center (“Data Center”) for PPL Services. LG&E, KU, and LKC benefit by charging PPL Services for certain fixed costs related to portions of the Data Center available for future use by LG&E, KU, and LKC. The Data Center currently has space available since it was constructed to allow for additional space needs that are expected in the future.

Another Utilities Services Agreement that has benefited LG&E and KU is the agreement with PPL Power Insurance Ltd., an insurance subsidiary of PPL that provides insurance and risk management related services. PPL Insurance was established in 2002 to underwrite primary property, public liability, workers’ compensation, distribution line storm damage mid directors and officers run off coverage for PPL and its subsidiaries. LG&E, KU and LG&E and KU Energy LLC may, but are not required to, purchase coverage above their primary deductible limits and below the threshold of any insurance or reinsurance coverages from PPL Insurance.

PPL and LKE began a Sourcing Collaboration Program in March 2011. The entities have examined categories of spend and teams have been tasked with reviewing current agreements, business processes, and requirements associated with each category of spend, developing a comprehensive Request for Quotation using an agreed upon common set of commercial terms, developing a bid list, analyzing bid results, clarifying bid offerings if necessary, negotiating agreements, and recommending a course of action.

Finance-related savings from being part of the PPL Group include consolidated rating agency fees, aggregation of Standard and Poor’s subscription service, lower banking fees, commencement bonus for a

combined procurement credit card facility, combining of property insurance and excess liability insurance programs between LKE and PPL.

The Companies file annually with the KPSC on or about October 31<sup>st</sup> an update on the adoption and implementation of best practices pursuant to Case No. 2010-00204. The Companies are collectively working with PPL Corporation to develop best practices initiatives in Energy Delivery, Energy Services, Information Technology, Finance, Procurement, Compliance, Legal, Corporate Communications, and Environmental Management.

The Companies continue efforts to develop, enhance, and implement information technology systems to operate more efficiently and meet ever changing business requirements. Examples include: Customer Care System enhancements regarding average handle time, billings, energy efficiency, and low income customers; mobile computing (tough books); Cascade – Transmission Asset Management system, data center enhancements, outage maps via internet; Interactive Voice Response (IVR) replacement; multi-functional devices implementation; and Service Oriented Architecture (SOA) implementation to name a few.

Lastly, the Companies along with PPL have maintained membership in the Edison Electric Institute for many years. The membership dues are based on members' size and volume. As a result of the merger, the Companies realized cost savings by being included with PPL's membership, resulting in lower annual dues.

- d. See attached.
- e. The chart below reflects the percentage of increase in salaries and wages for both union and non-union employees for the test year and the 3 preceding calendar years.

Salary Plan	Test Year	Calendar Year 2011	Calendar Year 2010	Calendar Year 2009
Union (1)	2.5%	2.5%	3.5%	3.5%
Non-Union (2)	2.9%	2.9%	3.1%	3.5%

(1) Reflects increase negotiated under applicable labor contracts

Q-24. Provide the following payroll information for each employee classification or category:

- a. The actual regular hours worked during the test year.
- b. The actual overtime hours worked during the test year.
- c. The test-year-end wage rate for each employee classification or category and the date of the last increase.
- d. A calculation of the percent of increase granted during the test year.

A-24. See the table below for LG&E employees.

Salary Plan	Actual Regular Hours Worked ( a )	Actual Overtime Hours Worked ( b )	Test Year End Wage Rate ( c )	Date of the Last Increase ( c )	% of Increase Granted During the Test Year ( d )

**Response to Commission Staff's First Request for Information  
Dated June 15, 2012**

**Question No. 25**

**Responding Witness: Kent W. Blake**

Q-25. Provide the amount of excess deferred federal income taxes resulting from the reduction in the corporate tax rate in 1979 and 1986, as of the end of the test year. Show the amounts associated with the 1979 reduction separately from the amounts associated with the 1986 reduction.

A-25. The amount of excess deferred federal income taxes are as follows:

1979 - \$0; 1986 - \$3,484,233

As of 3/31/12, there were no remaining excess deferred taxes applicable to the reduction in the federal income tax rate from 48 to 46 percent in 1979. The Commission in Case No. 8616 required LG&E to amortize the excess deferred federal income taxes associated with the reduction in 1979 over a five-year period. Excess deferred taxes are reversed using the average rate assumption method (ARAM).

The 1986 amount shown above is at the gross amount and does not include \$12,081,528 of state excess deferred income taxes or (\$4,346,027) for the federal benefit of the state excess deferred income taxes.

**LOUISVILLE GAS AND ELECTRIC COMPANY**

**CASE NO. 2012-00222**

**Response to Commission Staff's First Request for Information  
Dated June 15, 2012**

**Question No. 30**

**Responding Witness: Valerie L. Scott**

Q-30. Provide the following information for the electric operations and the gas operations separately. If any amounts were allocated, show a calculation of the factor used to allocate each amount.

- a. A detailed analysis of all charges booked during the test year for advertising expenditures. Include a complete breakdown of Account No. 913 - Advertising Expenses, and any other advertising expenditures included in any other expense accounts, as shown in Format 30a. The analysis should specify the purpose of the expenditure and the expected benefit to be derived.
- b. An analysis of Account No. 930 - Miscellaneous General expenses for the test year. Include a complete breakdown of this account as shown in Format 30b and provide detailed workpapers supporting this analysis. At a minimum, the workpapers should show the date, vendor, reference (i.e., voucher no., etc.), dollar amount, and brief description of each expenditure of \$500 or more, provided that lesser items are grouped by classes as shown in Format 30b.
- c. An analysis of Account No. 426 -- Other Income Deductions for the test year. Include a complete breakdown of this account as shown in Format 30c, and provide detailed workpapers supporting this analysis. At a minimum, the workpapers should show the date, vendor, reference (i.e., voucher no., etc.), dollar amount, and brief description of each expenditure of \$500 or more, provided that lesser items are grouped by classes as shown in Format 30c.

A-30. a. See attached.

b. See attached.

**LOUISVILLE GAS AND ELECTRIC COMPANY**

**CASE NO. 2012-00222**

**Response to Commission Staff's First Request for Information  
Dated June 15, 2012**

**Question No. 31**

**Responding Witness: Valerie L. Scott**

Q-31. Provide a detailed analysis of expenses incurred during the test year for professional services, as shown in Format 31, and all workpapers supporting the analysis. At a minimum, the workpapers should show the payee, dollar amount, reference (i.e., voucher no., etc.), account charged, hourly rates and time charged to the company according to each invoice, and a description of the services provided.

A-31. See attached.

Unique document reference information is maintained in LG&E's accounting records. When a vendor does not supply an invoice number, reference numbers are assigned by the Company to identify the transaction. All of the information requested is not maintained in the accounting system.
