**RE: Case No. 2012-00250**

Dear Mr. Derouen:

Cumberland Valley Electric (“CVE”) is submitting an Application for a CPCN to construct and/or develop certain distribution facilities according to its 01/01/2012 ~ 12/31/2015 Construction Work Plan (“CWP”) and for which no request was filed in CPCN Case No. 2011-00442. The Application, along with one supporting document, is being filed using the procedures and guidelines of the Commission’s electronic filing initiative. Commission staff has already assigned the Application to Case No. 2012-00250. All other supporting documentation was filed in Case No. 2011-00442.

The Application and all materials filed electronically in support of Case No. 2012-00250 are a true, accurate and complete representation of the original documents.

One (1) complete original Application in paper form will be filed with the Commission pursuant to the guidelines for electronic filing.

CVE respectfully requests expedited consideration of this application due to critical timing of the projects contained within.

Please contact me (270-404-5030 or [ggrubbs@pd-engineers.com](mailto:ggrubbs@pd-engineers.com) ) or Mark Abner (Engineer) at CVE should you have any questions or need additional information in regard to this filing.
