RE: West Carroll Water District  
Case No. 2012-00433

Mr. Derouen,

This letter is in response to the commission staff report electronically filed to West Carroll Water on January 29, 2013. In a meeting held on Thursday, February 20, 2013, the West Carroll Water Board voted unanimously to adopt the rates included in the staff report in Attachment A. The rates are expected to generate \$50,642 in additional revenue.

The West Carroll Water District Board wishes the Kentucky Public Service Commission to make its decision based on the current evidence of record as it stands and waives its right to request a hearing; and requests that the informal conference scheduled for March 27, 2013 be cancelled.

Further, the West Carroll Water Board explicitly agrees with the depreciable lives as stated in the commission staff report and agrees to use those lives going forward.

Sincerely,

Chastity Robbins  
Director of Finance  
West Carroll Water District
