Re: Open Records Request: PSC Reference ORR Log No. 2023-028

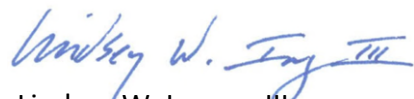

Dear Ms. Bridwell:

Please allow this letter to serve as Kentucky American Water's ("KAW") response to your letter of May 10, 2023 regarding the above-referenced Open Records Request you received from Charlie Rowland. In your letter, you identified a series of letters KAW submitted to the Commission in 2013 and 2014 regarding KAW's acquisition of the City of Millersburg's water and wastewater assets. When submitted, KAW sought confidential treatment for some of the content in those letters and the Commission granted that request. The Commission now seeks KAW's position on whether the information once designated confidential still merits confidential treatment. This is to advise such information no longer merits confidential treatment and to further advise that it is acceptable for the Commission to provide the information to Mr. Rowland. As requested, I have copied Mr. Rowland on this response and I submit this response electronically in Case No. 2012-00520.

I hereby certify that this electronic filing is a true and accurate copy of the original document in paper medium; that the electronic filing has been transmitted to the Commission on May 23, 2023; and that no party has been excused from participation by electronic means.
