RE: *Case No. 2012-00520*

Dear Mr. Derouen:

Enclosed please find Kentucky American Water's Petition for Confidential Treatment for Certain Responses to the Commission Staff's Second Request for Information, the Attorney General's First Request for Information, and Lexington-Fayette Urban County Government's First Requests for Information. In accordance with Ordering Paragraphs 5 and 10 of the Commission's December 17, 2012 Order in this matter, I certify that: (1) the electronically filed documents are a true and accurate copy of the original documents that will be submitted in paper medium, except as noted below; (2) the electronic documents have been transmitted to the Commission on February 20, 2013; and (3) no party has been excused from participating in this case by electronic means.

In addition to the Petition, a copy of which has been provided electronically and in paper, Kentucky American Water is also filing with the Commission a paper and CD-ROM copy of the material for which Kentucky American Water is seeking confidential treatment, with the confidential information highlighted in yellow or designated by other reasonable means. The only exception is the responses to Staff Item Nos. 67(a)-(b) and 68(a)-(c), which due to their file size and electronic format, are being provided only on a USB flash drive. Kentucky American Water has simultaneously filed a Motion to Deviate from Certain Filing Requirements with respect to those two responses.

Sincerely,

Stoll Keenon Ogden PLLC
