AGREEMENT

Agreement dated January 1, 1989, between AMERICAN WATER WORKS SERVICE COMPANY, INC., a Delaware corporation (hereinafter "Service Company"), and KENTUCKY-AMERICAN WATER COMPANY, a Kentucky corporation (hereinafter "Water Company").

The background of this Agreement is that:

1. Both Service Company and Water Company are subsidiaries of American Water Works Company, Inc., a Delaware corporation (hereinafter "American").
2. Water Company has been organized for and is presently engaged in the business of providing potable water as a public utility in the State of Kentucky.
3. Service Company maintains an organization whose officers and employees are familiar with all facets of the water utility business, including the development, business and property of Water Company, and are experienced in the efficient management, financing, accounting and operation of water utility properties and the extension and improvement thereof. The officers and employees of Service Company are qualified to aid, assist and advise Water Company in its business operations through the services to be performed under this Agreement.
4. Service Company has provided administrative and operating services to Water Company for many years, the past 17 years pursuant to an agreement dated January 1,

1971. Because Water Company is of the opinion that it cannot obtain the same quality and diversification of services on a comparable economic basis elsewhere, it proposes to enter into a new agreement with Service Company more specifically defining the types of services available to it.

5. Service Company has entered or proposes to enter into agreements similar to this agreement with other affiliated water companies (hereinafter collectively "Water Companies").
6. The services to be rendered under this agreement are to be rendered by Service Company to Water Companies at their cost to Service Company, as hereinafter provided.

NOW, THEREFORE, in consideration of the premises and mutual agreements herein contained, the Water Company and Service Company agree that:

**ARTICLE 1. PERSONNEL AND SERVICES TO BE PROVIDED**

1.1 During the term of this agreement and upon the terms and conditions hereinafter set forth, Service Company shall provide corporate guidance for Water Company. In addition to the guidance provided by the officers and employees of Service Company through the coordination of functional activities for all subsidiaries of American, the officers and employees of Service Company shall furnish and Water Company shall purchase from Service Company, the following services: Accounting, Administration, Communication, Corporate Secretarial, Engineering, Financial, Human Resources,

Information Systems, Operation, Rates and Revenue, Risk Management and Water Quality, together with such other services as Water Company and Service Company may agree; provided, however, that Water Company may perform the service with its own personnel or engage another company or person to provide those services on its behalf. Service Company by mutual consent may engage another Company or person to provide such services on its behalf.

1.2 Service Company shall employ qualified officers and employees and those persons shall be available for election by Water Company to serve as officers of Water Company.

1.3 Without limitation, services to be provided by the Service Company shall be rendered as follows:

A. Accounting: Service Company shall assist in the preparation and implementation of accounting methods and procedures to determine that they conform fully to the requirements, rules and regulations of governmental authorities having jurisdiction and review Water Company's monthly financial reports, annual reports and other reports to stockholders and to any governmental authorities. It shall advise and assist in the establishment and maintenance of current record keeping techniques; review accounting procedures, methods and forms; and evaluate systems of internal control for receipt and disbursement of funds, materials and supplies, and other assets. ## FINANCIAL SERVICES AGREEMENT

THIS AGREEMENT, dated as of June 15, 2000, by and between Kentucky-American Water Company (the "Company") and American Water Capital Corp. ("AWCC").

### BACKGROUND

The Company currently performs its own financial services.

However, the Company has determined that it can obtain these services more efficiently through the consolidation of certain necessary management and staff functions with those performed for other entities that may enter into agreement with AWCC substantially similar to this one ("Co-Participants").

AWCC is dedicated to performing such consolidated functions.

Accordingly, the parties have determined to enter into this Agreement for the provision of financial services by AWCC to the Company and for the proper determination and allocation of the costs of providing such services.

Therefore, the parties agree as follows:

### AGREEMENT

1. Services. AWCC will provide, either directly or through arrangements with third parties for the benefit of the Company, such financial services as the Company and AWCC may from time to time agree, including but not limited to those more fully described in Appendix I attached to this Agreement.

2. Costs. In consideration of the provision of the services contemplated by paragraph 1, the Company agrees to pay AWCC a portion of the costs and appropriate overhead incurred by AWCC in providing those services, as follows. The costs incurred by AWCC in connection with its bank credit lines and short-term public borrowings will be divided among the Co-Participants in proportion to the maximum principal amount that each Co-Participant requests be made available to it during the course of a year. The costs incurred by AWCC in connection with each long-term borrowing by AWCC will be divided among each Co-Participant in proportion to the principal amount of that borrowing that is loaned to that Co-Participant. AWCC's overhead will be allocated among the Co-Participants in the same proportion as each Co-Participant's long-term and maximum, requested short-term borrowings and investments in a calendar year bear to all of the long and maximum short-term borrowings and investments by all Co-Participants during the same year.

3. Statements. AWCC will prepare and deliver to the Company monthly statements of the services provided by AWCC and amounts payable to AWCC, giving effect to

all the provisions of this Agreement. The Company shall pay the net amount shown on its statement within thirty (30) days after the billing date.

4. Inspection. Upon reasonable notice, AWCC will make available to the Company for its inspection AWCC's books, records, bills, accounts and any other documents which describe or support the costs allocated to the Company under this Agreement.

5. Obligations Not Joint. AWCC and the Company expressly agree: (a) that the obligations of the Company and each Co-Participant to AWCC are several and not joint; (b) that the Company will not be responsible to any Co-Participant, to AWCC or to any assignee or creditor of AWCC for any payment in excess of payments due by the Company to AWCC under this Agreement or a Note in the form attached to this Agreement; and (c) that no Co-Participant will be responsible to the Company, to any other Co-Participant, to AWCC or to any assignee or creditor of AWCC for any payment in excess of payments due by that Co-Participant to AWCC under any agreement substantially similar to this Agreement or under any Note attached to that other agreement. AWCC covenants and agrees that it will require, as a condition to its entering into any such other agreement with a Co-Participant, that such other agreement contains the same provision as that contained in the immediately preceding sentence.

6. Notes. The Company's borrowings under this Agreement will be evidenced by one or more promissory notes in the form of Exhibit A or Exhibit B attached to this Agreement.

7. Non-Exclusivity. Nothing in this Agreement prohibits or restricts the Company from borrowing from third parties, or obtaining services described in this Agreement from third parties, whenever and on whatever terms it deems appropriate.

8. Effectiveness. This Agreement shall be effective as of June 15, 2000, provided that, if prior approval by the regulatory commission of any jurisdiction is required before this Agreement may become effective as to the Company, or before AWCC may provide a particular service hereunder to the Company, this Agreement shall not be effective as to the Company or as to that service, as the case may be, unless and until the required approval has been obtained. Unless and until this Agreement becomes effective as to the Company in whole or in part, the Company shall not be entitled to the benefits of, nor shall it have any rights or duties under, this Agreement. This Agreement may be amended or rescinded only by written instrument signed by the Company and AWCC.

9. Termination. The Company may terminate its participation in this Agreement by giving ten (10) days prior written notice of such termination to AWCC; and (b) AWCC may terminate this Agreement by giving ninety (90) days prior written notice of such termination to the Company. Termination of this Agreement will not affect: (a) the Company's obligations under any Promissory Notes; (b) any party's obligations with respect to any amounts owing under Sections 2 and 3 of this Agreement (including such amounts attributable to obligations of any terminating party under any Promissory Notes that remain outstanding after this Agreement is terminated as to that party); or (c) AWCC's obligations to repay any investments made by a Company pursuant to Appendix I.

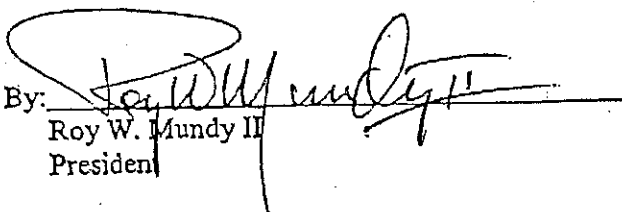

10. Copies. This Agreement may be executed by the parties in one or more copies and each executed copy shall be considered an original.

In witness of the foregoing, each of the Company and AWCC has caused its respective corporate seal to be affixed to this Agreement and has caused this Agreement to be signed on its behalf by its duly authorized officers.

EXHIBIT A  
PROMISSORY NOTE  
FOR SHORT-TERM LOANS

\$ \_\_\_\_\_, 2000

FOR VALUE RECEIVED, [NAME OF COMPANY], a \_\_\_\_\_ corporation (herein "Borrower") hereby promises to pay ON DEMAND to the order of American Water Capital Corp., a Delaware corporation ("Lender"), in same day funds at its offices at Voorhees, New Jersey or such other place as Lender may from time to time designate, the principal sum of \_\_\_\_\_ dollars (\$ \_\_\_\_\_) (the "Maximum Principal Sum"), or such lesser amount as shall equal the aggregate unpaid principal amount of the loans made by Lender to Borrower (other than loans evidenced by a promissory note under which the principal amount is due and payable in one or more scheduled installments more than one year after the date of its issue), together with interest thereon from the date hereof until paid in full. Interest will be charged on the unpaid outstanding principal balance of this Note at a rate per annum equal to Lender's actual cost of funds to make such loan, such rate to change as Lender's actual cost of funds changes. Interest on borrowings shall be due and payable on the first business day of each month, commencing with the first business day of the month after the month in which this Note is executed. In the absence of manifest error, the records maintained by Lender of the amount and term, if any, of borrowings hereunder shall be deemed conclusive.

Borrower may borrow, repay and reborrow hereunder in amounts which do not, in the aggregate outstanding at any time, exceed the Maximum Principal Sum.

The occurrence of one or more of any of the following shall constitute an event of default hereunder:

(a) Borrower shall fail to make any payment of principal and/or interest due hereunder or under any other promissory note between Lender and Borrower within five business days after the same shall become due and payable, whether at maturity or by acceleration or otherwise;

(b) Borrower shall apply for or consent to the appointment of a receiver, trustee or liquidator of itself or any of its property, admit in writing its inability to pay its debts as they mature, make a general assignment for the benefit of creditors, be adjudicated a bankrupt or insolvent or file a voluntary petition in bankruptcy or a petition or an answer seeking reorganization or an arrangement with creditors or to take advantage of any bankruptcy, reorganization, insolvency, readjustment of debt, dissolution or liquidation of law or statute, or an answer admitting the material allegations of a petition filed against it in any proceeding under any such law, or if action shall be taken by Borrower for the purposes of effecting any of the foregoing; or

(c) Any order, judgment or decree shall be entered by any court of competent jurisdiction, approving a petition seeking reorganization of Borrower or all or a substantial part of the assets of Borrower, or appointing a receiver, trustee or liquidator of

Borrower or any of its property, and such order, judgment or decree shall continue unstayed and in effect for any period of sixty (60) days.

Upon the occurrence of any event of default, the entire unpaid principal sum hereunder plus all interest accrued thereon plus all other sums due and payable to Lender hereunder shall, at the option of Lender, become due and payable immediately. In addition to the foregoing, upon the occurrence of any event of default, Lender may forthwith exercise singly, concurrently, successively or otherwise any and all rights and remedies available to Lender by law, equity, statute or otherwise.

Borrower hereby waives presentment, demand, notice of nonpayment, protest, notice of protest or other notice of dishonor in connection with any default in the payment of, or any enforcement of the payment of, all amounts due hereunder. To the extent permitted by law, Borrower waives the right to any stay of execution and the benefit of all exemption laws now or hereafter in effect.

Following the occurrence of any event of default, Borrower will pay upon demand all costs and expenses (including all amounts paid to attorneys, accountants, and other advisors employed by Lender), incurred by Lender in the exercise of any of its rights, remedies or powers hereunder with respect to such event of default, and any amount thereof not paid promptly following demand therefor shall be added to the principal sum hereunder and will bear interest at the contract rate set forth herein from the date of such demand until paid in full. In connection with and as part of the foregoing, in the event that this Note is placed in the hands of an attorney for the collection of any sum payable hereunder, Borrower agrees to pay reasonable attorneys' fees for the collection of the amount being claimed hereunder, as well as all costs, disbursements and allowances provided by law.

If for any reason one or more of the provisions of this Note or their application to any entity or circumstances shall be held to be invalid, illegal or unenforceable in any respect or to any extent, such provisions shall nevertheless remain valid, legal and enforceable in all such other respects and to such extent as may be permissible. In addition, any such invalidity, illegality or unenforceability shall not affect any other provisions of this Note, but this Note shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

This Note inures to the benefit of Lender and binds Borrower and Lender's and Borrower's respective successors and assigns, and the words "Lender" and "Borrower" whenever occurring herein shall be deemed and construed to include such respective successors and assigns.

This Promissory Note is one of the promissory notes referred to in the Financial Services Agreement dated as of June 15, 2000 between Borrower and Lender to which reference is made for a statement of additional rights and obligations of the parties hereto.

IN WITNESS WHEREOF, Borrower has executed this Promissory Note the day

3. Rent

LESSEE shall pay LESSOR or LESSOR'S agent as rent for the Premises an Annual Rent of \$158,748 to pay by monthly installments equaling \$13,229. This amount is the base rent.

If LESSEE exercises its option to renew this Lease for the renewal term(s), the rent for the renewal term(s) shall be determined by then current market rates for similar commercial property in the area.

This initial Annual Rent is based on the percentage of Building occupied by LESSEE, currently 24%. This calculation will be confirmed annually, and the Annual Rent shall be adjusted if the space requirements of LESSEE increase or decrease from that current percentage.

4. Taxes

It is further agreed between the parties that real estate taxes are included in the rental amount that LESSEE pays.

5. Condition and Upkeep of Premises

LESSEE will examine the condition of the Premises and will acknowledge in writing that it has received the same in good order and repair prior to assuming possession of the Premises. LESSEE further acknowledges that no representations as to the condition and repair thereof have been made by LESSOR, or its agent, prior to or at the execution of this Lease that are not herein expressed. LESSEE will keep, at its own expense, the Premises including all appurtenances, in good repair, replacing all broken glass with glass of the same size and quality as that broken, and will replace all damaged plumbing fixtures with others of equal quality, and will keep the Premises, including adjoining lands, in a clean and healthful condition according to the applicable municipal and/or county ordinances and the direction of the proper public officers during the term of this Lease at LESSEE'S expense. LESSOR will remove all snow and ice from the sidewalk and parking lots of the Premises when necessary and will have the grass mowed when necessary. Upon the termination of this Lease, in any way, LESSEE will yield up the Premises to LESSOR, in good condition and repair, loss by fire and ordinary wear excepted, and will deliver the keys to the Premises at the place of payment of said rent.

6. LESSEE Not to Misuse; Sublet; Assignment

LESSEE will not allow the Premises to be used for any purpose other than an office/service center complex, and will not load floors with machinery or goods beyond the floor load rating prescribed by applicable municipal and/or county ordinances, and will not allow the Premises to be occupied in whole, or in part, by any other person, and will not sublet the same or any part thereof, nor assign this Lease without in each case the written consent of the LESSOR, which will not be unreasonably withheld. LESSEE will not permit any transfer by operation of law of the interest in the Premises acquired through this Lease, and will not permit the Premises to be used for any unlawful purpose, or for any purpose that will injure the reputation of the building or increase the fire hazard of the building, or disturb the neighborhood, and will not permit the same to

remain vacant or unoccupied for more than ten (10) consecutive days. Except as approved by LESSOR, LESSEE will not allow any signs, cards or placards to be posted, or placed on the building.

7. Mechanic's Lien

LESSEE will not permit any mechanic's lien or liens to be placed upon the Premises or any building or improvement thereon during the term hereof, and in case of the filing of any such lien LESSEE will promptly pay same. If default in payment thereof shall continue for thirty (30) days after written notice thereof from LESSOR to the LESSEE, the LESSOR shall have the right and privilege at LESSOR'S option of paying the same or any portion thereof without inquiry as to the validity thereof, and any amounts so paid, including expenses and interest, shall be so much additional indebtedness hereunder due from LESSEE to LESSOR and shall be repaid to LESSOR immediately on rendition of a bill therefore.

8. Indemnity for Accidents

LESSEE covenants and agrees that it will protect and save and keep the LESSOR forever harmless and indemnified against and from any penalty or damages or charges imposed for any violation of any laws or ordinances, whether occasioned by the neglect of LESSEE or those holding under LESSEE, and the LESSEE will at all times protect, indemnify and save and keep harmless the LESSOR against and from any and all loss, cost, damage or expense, arising out of or from any accident or other occurrence on or about the Premises, causing injury to any person or property whomsoever or whatsoever and will protect, indemnify and save and keep harmless the LESSOR against and from any and all claims and against and from any and all loss, cost, damage or expense to the extent arising out of any failure of LESSEE in any respect to comply with and perform all the requirements and provisions hereof and excluding any such loss, cost, damage or expense caused by LESSOR's negligence or intentional misconduct.

9. Non-Liability of LESSOR

a. LESSOR shall not be liable for any damage to, or loss of, property in the Premises belonging to LESSEE, its employees, agents, visitors, licensees or other persons in or about the Premises, or for damage or loss suffered by the business of LESSEE, from any cause whatsoever, including, without limiting the generality thereof, such damage or loss resulting from fire, steam, smoke, electricity, gas, water, rain, ice or snow, which may leak or flow from or into any part of the Premises, or from the breakage, leakage, obstruction or other defects of the pipes, wires, appliances, plumbing, air-conditioning or lighting fixtures of the same, whether the said damage or injury results from conditions arising upon the Premises or upon other portions of the Building of which the Premises are a part, or from other sources unless caused solely by the negligence or willful misconduct of LESSOR. LESSOR shall not be liable in any manner to LESSEE, its agents, employees, invitees or visitors for any injury or damage to LESSEE, LESSEE's agents, employees, invitees or visitors, or their property, caused by the criminal or intentional misconduct, or by any act or neglect of third parties or of LESSEE, LESSEE's agents, employees, invitees or visitors, or of any other LESSEE of the Building.

LESSEE covenants that no claim shall be made against LESSOR by LESSEE, or by any agent or servant of LESSEE, or by others claiming the right to be in the Premises or in the Building through or under LESSEE, for any injury, loss or damage to the Premises or to any person or property occurring upon the Premises from any cause other than the sole negligence or willful misconduct of LESSOR. In no event shall LESSOR be liable to LESSEE for any consequential damages sustained by LESSEE arising out of the loss or damage to any property of LESSEE.

b. LESSEE covenants and agrees to save LESSOR and LESSOR's agent harmless and indemnified, and to defend LESSOR and LESSOR's agent from all loss, damage, liability or expense of any kind including without limitation attorneys' fees and court costs incurred, suffered or claimed by any person whomsoever, or for any damage or injury to any persons or property from any cause whatsoever, by reason of the use or occupancy by LESSEE, its agents, employees, invitees or visitors of the Premises, or of the Building unless and to the extent caused by the negligence or willful misconduct of LESSOR.

#### 10. LESSOR'S Services

LESSOR covenants and agrees that it shall furnish appropriate operations and maintenance (O&M) services, such as: (a) heat and air-conditioning to maintain the Premises at a reasonably comfortable temperature during LESSEE's normal business hours, which LESSOR understands will be all day and night, every day of the year; (b) electricity for lighting purposes and operation of ordinary office equipment and computers, excluding supplemental HVAC and other equipment requiring heavier than normal office use of electricity; (c) elevator service, (d) janitor and cleaning services Monday through Friday of each week, except holidays recognized by the U. S. Government, and (e) lawn services to the grounds, as needed. LESSEE acknowledges and agrees that LESSOR shall not be liable in any way for any damage or inconvenience caused by the cessation or interruption of heating, air-conditioning, electricity, elevator, janitor or cleaning service occasioned by fire, accident, strikes, necessary maintenance, alterations or repairs, or other causes beyond LESSOR's control and LESSEE shall not be entitled to any abatement or reduction of Rent by reason thereof, except if the interruption continues beyond fifteen (15) business days.

LESSOR reserves the right to erect, use, connect to, maintain and repair pipes, ducts conduits, cables, plumbing, vents and wires in, to and through the Premises as and to the extent that LESSOR believes necessary or appropriate for the proper operation and maintenance of the Building and the right at all times to transmit water, heat, air-conditioning and electric current through the pipes, ducts, conduits, cables, plumbing, vents and wires, provided LESSOR shall not unreasonably interfere with LESSEE's operations.

#### 11. LESSEE'S Duties

LESSEE covenants and agrees: (a) not to obstruct or interfere with the rights of other occupants, or injure or annoy them or those having business with them, or conflict with the fire laws or regulations, or with any insurance policy upon the Building or any part of

the Premises, or with any statutes, rules or regulations now existing or subsequently enacted or established by the local, state or federal governments and LESSEE shall be answerable for all nuisances caused or suffered on the Premises, or caused by LESSEE in the Building, or on the approaches to it; (b) not to place a load on any floor exceeding the floor load which such floor was designed to carry in accordance with the plans and specifications of the Building, and not to install, operate or maintain in the Premises any safe or heavy item of equipment except in the manner and location as LESSOR prescribes so as to achieve a proper distribution of weight; (c) not to strip, overload, damage or deface the Premises, hallways, stairways, elevators, parking facilities or other public areas of the Building, or the related fixtures; (d) not to permit any trade or occupation to be carried on or use made of the Premises which is unlawful, noisy, offensive, or injurious to any person or property, or such as to increase the danger of fire or affect or make void or voidable any insurance on the Building, or which may render any increased or extra premium payable for such insurance, or which is contrary to any law or ordinance, rule or regulation from time to time established by any public authority; (e) not to move any furniture or equipment into or out of the Premises except at the times and in the manner as LESSOR may from time to time designate; (f) not to place upon the interior or exterior of the Building, or any window or door of the Premises, any placard, sign, lettering, window covering or drapes, except as first approved in writing by LESSOR; (g) to park vehicles only in the area from time to time designated by LESSOR; (h) to conform to all rules and regulations from time to time established by the appropriate insurance rating organization and to all reasonable rules and regulations from time to time established by LESSOR; and (i) not to conduct or permit in the Premises either the generation, treatment, storage or disposal of any hazardous substances and materials or toxic substances of any kind as described in the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as amended (42 U.S.C. Sections 9601 et seq.), the Resource Conservation and Recovery Act, as amended (42 U.S.C. 6901 et seq.), any regulations adopted under these acts, or any other present or future federal, state, county or local laws or regulations concerning environmental protection, except for typical amounts of these hazardous or toxic substances, the presence or use of which is necessary or convenient for the conduct of LESSEE's particular business within the Premises and is not in violation of applicable environmental laws and regulations, and LESSEE shall prohibit its assignees, sublessees, employees, agents and contractors (collectively, "Permittees") from doing so and LESSEE shall indemnify, defend and hold LESSOR and its agents harmless from all loss, costs, foreseeable and unforeseeable, direct or consequential; damages; liability; fines; prosecutions; judgments; litigation; and expenses, including, clean-up costs, court costs and reasonable attorneys' fees arising out of any violation of the provisions of this Article by LESSEE or its Permittees.

In addition to the base rent set in Paragraph 3 of this Lease, LESSEE shall pay a percentage of the appropriate O&M expenses of the Building, examples of which are specified in Paragraph 10. The percentage is calculated based on the percentage of building occupied by LESSEE, currently 24%. Such calculation will be confirmed annually. LESSOR shall provide bills for those expenses to LESSEE on a monthly basis, and LESSEE shall pay its share with its next succeeding base rental payment.

12. Access to Premises

LESSEE will allow LESSOR free access to the Premises for the purpose of examining or exhibiting them, or to make any needful repairs, or alterations that LESSOR may see fit to make.

13. Holding Over

LESSEE will, at the termination of this Lease by lapse of time or otherwise, yield up immediate possession to LESSOR, and failing to do so, will pay as liquidated damages, for the whole time such possession is withheld, the sum of Four Hundred Fifty and no/100 Dollars (\$450.00) per day. These daily liquidated damages shall escalate proportionately to increases in Annual Base Rent under Section 3 (i.e., a 10% increase in Annual Base Rent, as compared to the initial Annual Base Rent, shall result in a 10% increase in the daily liquidated damages, as compared to the initial \$450.00 per day). The provisions of this clause shall not be held as a waiver by LESSOR of any right of re-entry; nor shall the receipt of the rent or any part thereof, or any other act in apparent affirmation of tenancy, operate as a waiver of the right to forfeit this Lease and the term granted for the period still unexpired, for a breach of any of the covenants of the Lease Agreement.

14. Inflammable or Explosive Materials

LESSEE shall not keep or use any inflammable or explosive liquids or materials on the Premises. LESSEE shall be liable for and shall assume all obligations and costs associated with any environmental or other damages and cleanup or leakage associated with any activity by LESSEE or releases by LESSEE that occur on the Premises during the term of this lease. This liability shall survive the term of this Lease and the parties specifically waive any applicable statute of limitations that might otherwise bar any claim by LESSOR under this paragraph.

15. Re-Entry

If LESSEE is in default in the payment of the rent, in whole or in part, or in any of the covenants to be kept by the LESSEE, it shall be lawful for LESSOR at any time at its election, without notice, to declare the lease term ended, and to re-enter the Premises, in whole or in part, with or without process of law, and to remove LESSEE, or any persons occupying the same, without prejudice to any remedies which might otherwise be used for arrears of rent, and LESSOR shall have at all times the right to distrain for rent due.

16. Confession of Judgment

[INTENTIONALLY OMITTED]

17. Fire and Casualty

In case the Premises shall be rendered untenable by fire, or other casualty, LESSOR may, at its option, terminate this Lease, or repair the Premises within sixty (60) days, and failing so to do, or upon the destruction of the Premises by fire or other casualty, the term created shall terminate.

18. Payment of Fees

LESSEE will pay and discharge all reasonable costs, attorney's fees and expenses that may be incurred by LESSOR in enforcing the covenants and agreements of this Lease, and this Lease and all covenants and agreements contained in it shall be binding upon, apply, and inure to the benefit of the respective heirs, executors, successors, administrators, and assigns of all parties to this Lease.

19. Insurance

a. Public Liability and Property Damage Insurance. LESSEE shall procure a public liability and property damage insurance policy to protect the LESSOR against loss or damage occasioned by any person or corporation, or to any property of any person or corporation, by, through, or under any act, occasioned by the LESSEE, its agents, or employees, or arising out of or in any way pertaining to the operation of the demised Premises. This policy shall contain minimum limits of \$1,000,000 per person and \$2,000,000 combined single limit per occurrence for personal injuries and \$1,000,000 for property damage. In the event that LESSEE shall fail to obtain said policy or shall fail to renew said policy at any time during the term of this Lease, or extension thereof, the LESSOR shall have the right to obtain said policy and pay the premium therefore, and the amount of said premium so paid is declared to be so much additional rent and payable with the installment of rent next due after such payment.

b. Extended Coverage. In the event that the rates on LESSOR'S fire and extended coverage insurance on the building on the Premises are increased by reason of LESSEE'S use and occupancy of the Premises contrary to the use contemplated under this Lease, the LESSEE agrees to pay the additional premiums caused by these increased rates during the term of this Lease and any extensions of it. LESSEE'S failure to pay these additional premiums shall constitute a failure to pay the rent on the Premises.

c. Fire and Casualty Insurance. LESSEE shall maintain fire and casualty insurance in a company or companies approved by LESSOR in an adequate amount to protect the LESSOR and LESSEE, as their interests may appear, and LESSEE, upon request by LESSOR, shall furnish to LESSOR originals or certificates of these policies. The policies shall be noncancelable except upon ten (10) days' notice to LESSOR.

20. Assignment

LESSEE may not assign its rights under this Lease without the express written consent of LESSOR. LESSOR may assign its rights under this Lease.

21. General

Where in this instrument masculine pronouns are used, or words indicating the singular number appear, these words shall be considered as if feminine or neuter pronouns or words indicating the plural number had been used, where the context indicates the propriety of such use.

Where in this instrument rights are given to either LESSOR or LESSEE, those rights shall extend to the agents, employees, or representatives of those persons:

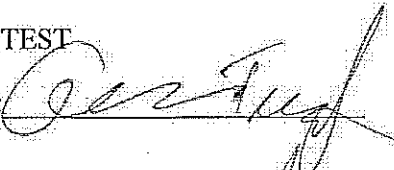

IN WITNESS WHEREOF, the parties by their duly authorized officers have executed this instrument this day and year first above written.

- 34.**    a.     List and describe each service that each affiliated company renders to Kentucky-American.
- b.     For each service listed above, describe the benefit(s), if any, that Kentucky-American derives from the provision of this service from the affiliate.

**Response:**

- a.     Please refer to Exhibit 35, KAW\_APP\_EX35\_122812.pdf of the Company's filing for a comprehensive list and detailed description of services rendered to Kentucky-American by AWWSC. Also see the testimony of Linda Bridwell concerning services provided by AWWSC and AWCC.
- b.     AWWSC – As described in previous cases, the Company receives these services at or below what it could obtain those in the market. AWWSC provides the Company FTE's and expertise on a shared basis in many areas critical to the provision of water service that would not be possible to replicate in the local marketplace. Through AWWSC, KAW has available one of the premier water quality labs in the nation on an as-needed basis, accounting and tax expertise, national purchasing power, water industry engineering expertise, rate expertise, finance and management expertise and many other disciplines required to provide effective water service. KAW could not cost effectively replace these services and expertise locally. Because KAW has these services available on a shared basis through AWWSC, it receives the services and expertise in many cases on a partial FTE basis. In order to duplicate those costs locally KAW would need to attract employees with cross disciplinary skills, such as an employee proficient in both water quality and design engineering, or in water quality and finance. Employees with these diverse backgrounds are difficult to attract and expensive to retain at the local level. Please see the testimony of Ms. Bridwell for more detail on Service Company charges and the net financial benefit from those transitions.

AWCC – As described in both the original application for approval to execute the agreement with AWCC, and financing applications since that initial approval, KAW is able to obtain debt financing at or below market pricing with much lower issuance costs than it would otherwise be able to obtain individually. This provides significant savings for the customer in overall costs for utility operations.

- 35.**     Provide a comprehensive list and detailed description of the services that Kentucky-American has provided to affiliated companies.

**Response:**

The Company provides work space for a number of employees on the payroll of American Water Works Service Company – Central Division. Office space and overheads related to the space utilized by these employees was billed to AWWSC at cost. For the year 2011 and the eleven months ending November 30, 2012, KAWC billed AWWSC \$268,260 and \$298,501, respectively for utilization of the Kentucky American office space.

- 36.** Provide a list, with descriptions, of all activities, initiatives, or programs undertaken or continued by Kentucky-American since its last general rate case for the purpose of minimizing costs or improving the efficiency of its operations or maintenance activities.

**Response:**

Kentucky American Water culture encourages its front line employees, supervisors and management to look for opportunities to continuously improve efficiencies in its operations as a normal course of business. As such it would be difficult to provide an all inclusive list, as some actions and changes would simply be implemented without widespread visibility. Listed below are many activities that occurred within that improvement framework since the last rate case:

1. A number of supervisory personnel have begun more formal lean leader training, with the expectation of cascading those concepts through the business.
2. KAW conducted a series of root cause training sessions for field and supervisory personnel over the past few years. In practice, KAW has used the root cause framework to evaluate events for potential root causes and take action to prevent reoccurrence. Employee safety has been an area of focus with the goal of preventing events to the extent possible. Results have been very encouraging, with the 2012 Occupational Safety and Health Administration recordable incident rate (ORIR) of 1.3 (compared to 4.2 in 2010, and 3.9 for the construction industry overall).

In the area of water treatment chemistry and system water quality:

3. Lean leader concepts also resulted in a reevaluation of water quality process testing, resulting in a reduction in expenses around obtaining required samples.
4. Modified Annual System Flushing to include more targeted routine flushing of problem areas, enabling KAW to suspend a complete system flushing in 2012, saving both treated water and labor related expense.
5. Piloting new treatment strategies to assess potential to reduce/manage cost of chemicals used in treatment process, including a change in corrosion control chemistry from zinc orthophosphate to 75% phosphoric acid, which contains more active product, thereby mitigating chemical costs to a degree.
6. Modified filter refresh approach at Richmond Road Station, reducing the volume of Granular Activated Carbon (GAC) used, significantly reducing associated

replacement costs.

7. Improved methods for optimizing powder activated carbon feed that reduced the use of this chemical dramatically.

A number of initiatives focused on energy related themes:

8. Focused portions of the Comprehensive Planning Study (CPS) to evaluate potential operational efficiencies around pumps and motors, and most advantageous electric pricing across facilities.
9. Began a pump replacement project at Jacobson Reservoir which will enhance both pump efficiency and more closely match pump sizing to current and expected plant operations.
10. Enabling the tie-in of motor electrical usage into plant SCADA systems. Operators and supervisors are better able to manage electrical consumption and demand by seeing equipment level impacts of operating decisions.
11. Beginning assessment of plant automation technology and processes to better manage chemical and electrical costs.
12. Participate in time of day and load shedding programs with electric providers.
13. Renegotiated electric service contracts to ensure appropriate demand levels and tariffs.
14. Lighting audit and improvements. This includes changing out older lights with newer, more energy efficient ones as well as the installation of motion sensors throughout the facilities. KAW is working with KU to get appropriate rebates instituted based upon these modifications.
15. Conducted energy audits in various facilities to evaluate electrical outlet load, windows, HVAC system, and pumping. Lighting improvements already implemented, with additional opportunities pending final report from most recent audit.
16. Conducted energy training for frontline personnel to identify energy efficiency opportunities and calculate payback for the improvements.
17. Replaced inefficient windows at the Kentucky River Station and Richmond Road treatment plants.
18. Implemented a more aggressive recycling program that includes meters, meter batteries, and light bulbs as well as paper, plastic, glass, etc. is expected to ultimately result in less landfill expense for solid waste.

Other process improvements across operations include:

19. Continuing the Automated Meter Reading (AMR) deployment, reducing expense associated with obtaining readings.
20. Continuing the deployment of the computerized maintenance management system (CMMS) to provide better insight into equipment maintenance and expense, with the expectation of using better information to help better optimize maintenance

- related expenses.
21. Partnered with Kentucky Division of Fish and Wildlife and the Kentucky Department of Forestry to develop a native grass replacement strategy, which will reduce mowing expenses on a four acre tract near the Richmond Road treatment facility. Planting to occur in March 2013.
  22. Continued to assess fleet requirements and reduced overall fleet 19% from 2010 levels to 89 vehicles today, reducing associated fleet expenses.
  23. Implemented a vehicle idling practice that encourages driver responsibility to reduce unnecessary vehicle idling, reducing fuel consumption and expense.
  24. Reduced the extent of contracted on-site security personnel, reducing related expenses.
  25. Continuing to assess the most value added staffing and organization model to adapt to evolving business needs.
  26. Implemented national benefits for represented employees, increasing the proportionate share of employee benefits expense.

Again, the list is not all inclusive but provides a representative sampling of the types of activities that occur as a normal course of managing the business.

- 37.** State whether Kentucky-American has developed a written plan or procedure for managing its electricity usage. Provide a copy of this plan or procedure. If no plan or procedure presently exists, explain why Kentucky-American lacks a written plan.

**Response:**

No, KAW has not developed a written plan or procedure for managing its electricity usage. Kentucky American Water has been managing electricity usage as one of the most important focus areas as a normal course of business. Plant and management personnel review unit production cost results and an energy usage index metric routinely. It is core to production management, given the relative impact of electricity costs as a component of overall production expenses. However, the decisions on managing electricity usage are extremely complex based on overall system demands, time of day, time of year, water quality of both the source and raw water, and ongoing maintenance within the system. For example, low system pressure in one area of the distribution system may result in a decision to turn on a booster pump one day, while it may need additional plant delivery for the same issue on another day. The amount of electricity usage is a part of that decision, and it's imperative that the production staff from supervisors to operators understand the impact to electric use, chemical use, system demands and water quality with each of these decisions. Consequently, there is not a plan or procedure separate and distinct for electric usage from the costs being incorporated in normal day to day management. Plant supervisors are tasked with understanding their respective plants and supervising the operations of the plants in the most efficient and economic means practical while meeting system demand and water quality parameters. Each supervisor has an annual goal associated with KAW's unit production cost. Practices around managing electricity are also embedded as a normal course of business. For example, optimizing the usage of Jacobson Reservoir as a water supply source (with its lower intake pumping energy usage) and filling tanks at night (when energy demand pricing is lower) contribute to optimizing electric use and electric costs. However, Jacobson Reservoir usage has to be balanced with chemical costs due to seasonal taste and odor issues with the reservoir as a water supply source and therefore decisions cannot be based on electric usage alone. KAW participates in both time of day and load shedding programs offered by electric suppliers and has reviewed contracts and tariffs across facilities to ensure the most advantageous agreements.

A key component of the upcoming Comprehensive Planning Study (CPS) is a look at energy optimization in the dispatching model. That study is in process at present. As discussed in the response to Item 40 of this same data request, we expect the results of that study to help further define operating parameters for plant dispatch and system operations.

- 38.**      State whether Kentucky-American has had a comprehensive energy audit performed on its facilities and operations. If an audit has been performed, provide a copy of the audit report. If no comprehensive energy audit has been performed, explain why Kentucky-American has not performed such an audit.

**Response:**

Kentucky American Water has engaged with a number of partners to conduct various audits during the past year. Attached are the results from a lighting audit (conducted by Illumetek) and the results from a site audit conducted with Bluegrass Pride (a local environmental organization). Those reports are attached. KAW also has partnered with the Kentucky Pollution Prevention Center (KPPC), affiliated with the University of Louisville and the Kentucky Save Energy Now program. The results of that audit have not been received yet. In addition, the Comprehensive Planning Study, which also will address certain energy related topics, is not yet completed.

**Statement of Work**  
**Cedar Creek – Chemical Building**

**Purchaser:** KY American Water  
6300 Cedar Creek Lane  
Lexington, KY 40515

**Intent:** In an effort to reduce energy consumption and increase light levels, it is Illumetek's intent to replace or retrofit the existing lighting system and install a technologically advanced system utilizing a state of the art fixture, lamp/ballast combination and, wherever possible, occupancy sensors.

**Scope of Work:**

**Illumetek intends to provide all lifts, tools and material necessary to complete the following:**

**Chemical Building:**

Replace (85) HID fixtures with 2-lamp vapor tight fixtures with F28T8 lamps and high efficiency ballasts.

**Occupancy Sensors:**

Sensor Switch wall-, ceiling-, and fixture-mounted sensors will be utilized wherever possible throughout. Using PIR (passive infrared technology), fixtures will operate only when changes are detected in areas lit by each fixture. Where appropriate, sensors with Dual Technology (capable of also recognizing noises typical of human activity) will be used. When installed in the facility operations and maintenance areas, sensors will provide for low temperature/high humidity conditions. The inclusion of occupancy sensors to the scope allows for a maximum return on investment and continued kWh saved throughout the life of the project.

**General Guidelines:**

Project will be coordinated (including hours of work) through the facility manager and will be completed in a timely manner.

At the end of each work cycle, work area shall be cleaned of all debris and all material, tools and lifts will be stored in an area so as not to interfere with normal operations.

All fixtures will be disposed of in an EPA compliant manner.

**Total Installed Price (Labor, Material, Recycling, & Equipment):      \$29,035.78**

2300 Richmond Rd.  
Lexington, KY 40502

**Intent:** In an effort to reduce energy consumption and increase light levels, it is Illumetek's intent to replace or retrofit the existing lighting system and install a technologically advanced system utilizing a state of the art fixture, lamp/ballast combination and, wherever possible, occupancy sensors.

**Scope of Work:**  
**Illumetek intends to provide all lifts, tools and material necessary to complete the following:**

**Chemical Building 1:**

Replace (14) fluorescent fixtures with 2-lamp vapor tight fixtures with F28T8 lamps and high efficiency ballasts.

**Occupancy Sensors:**

Sensor Switch wall-, ceiling-, and fixture-mounted sensors will be utilized wherever possible throughout. Using PIR (passive infrared technology), fixtures will operate only when changes are detected in areas lit by each fixture. Where appropriate, sensors with Dual Technology (capable of also recognizing noises typical of human activity) will be used. When installed in the facility operations and maintenance areas, sensors will provide for low temperature/high humidity conditions. The inclusion of occupancy sensors to the scope allows for a maximum return on investment and continued kWh saved throughout the life of the project.

**General Guidelines:**

Project will be coordinated (including hours of work) through the facility manager and will be completed in a timely manner.

At the end of each work cycle, work area shall be cleaned of all debris and all material, tools and lifts will be stored in an area so as not to interfere with normal operations.

All fixtures will be disposed of in an EPA compliant manner.

**Scope of Work:**  
**Illumetek intends to provide all lifts, tools and material necessary to complete the following:**

**Occupancy Sensors:**  
Sensor Switch wall-, ceiling-, and fixture-mounted sensors will be utilized wherever possible throughout. Using PIR (passive infrared technology), fixtures will operate only when changes are detected in areas lit by each fixture. Where appropriate, sensors with Dual Technology (capable of also recognizing noises typical of human activity) will be used. When installed in the facility operations and maintenance areas, sensors will provide for low temperature/high humidity conditions. The inclusion of occupancy sensors to the scope allows for a maximum return on investment and continued kWh saved throughout the life of the project.

**General Guidelines:**  
Project will be coordinated (including hours of work) through the facility manager and will be completed in a timely manner.

At the end of each work cycle, work area shall be cleaned of all debris and all material, tools and lifts will be stored in an area so as not to interfere with normal operations.

All fixtures will be disposed of in an EPA compliant manner.

Energy Audit  
March 2012

## 1. Education-

- Presentation to staff about the importance of saving energy.
  - Hopefully by teaching your staff to turn off the lights at work, it will translate to their habits at home. Also, if we teach people why it is important to save energy, it will make give them a claim to the program.
  - Incorporate reminders above lights switches to turn off the light.
  - Include reminders in emails, newsletters and staff meetings to keep people informed and reminded.
  - Encourage staff to turn off power strips when done using their computers. Turning off the power strip will cut all energy being pulled from the outlet.
  - Make sure to include all departments on the Green Team.
- Lighting
  - Have staff, especially small offices, use task lighting. If each office has a lamp, with a CFL, it will reduce the energy usage by not using the overhead lighting.
  - Remove individual lights from overhead lighting. Instead of having all four bulbs in, only allow two bulbs per fixture. It will still cast plenty of light without using too much energy.
  - Use as much natural lighting as possible. Your facility is lucky to have plenty of windows. If it is a bright, clear day, make sure to encourage staff to use natural lighting.
  - Make sure all light switches are able to be accessed by staff. While walking throughout the building, there were areas that did not have light switches readily available to staff.
  - Make sure lights are turned off at night. There were areas of the building that stayed light throughout the evening. If there is an area that needs light for security purposes, try and reduce the amount of lights turned on.
  - Use sensors in rooms that are not frequently used. (Bathrooms, Laboratories, conference rooms)
  - Consider changing light fixtures out in machine rooms. The high pressure sodium lights take a long time to heat up and turn on and cost more than regular CFL. Consider changing lights to LED, they are instantaneous and use far less energy.
  - Install LED exit signs.
  - Try and have outside lights on motion sensors.
- HVAC
  - Encourage employees to leave their space heaters at home. If they need space heaters, encourage them to only use them during winter.

- Some space heaters were being used during the summer when the AC is turned on.
- Encourage employees to set temperature where all staff is comfortable.
  - Windows were open with the heat on.
- Maintain a HVAC system with tune ups and filters changes. Also, make sure that all HVAC vents are working. Some vents were not putting out any area. That creates an uncomfortable area for employees and adds stress to the HVAC system.
- Sign up for the Demand Conservation program through Kentucky Utilities.

**KENTUCKY-AMERICAN WATER COMPANY**  
**CASE NO. 2012-00520**  
**COMMISSION STAFF'S FIRST REQUEST FOR INFORMATION**

---

**Witness:**      **Keith L. Cartier/Cheryl D. Norton**

- 39. a.** Describe in detail each target and goal that Kentucky-American has established to reduce:
- (1) Electricity Usage;
  - (2) Electric Demand;
  - (3) Power Purchase Costs; and
  - (4) Greenhouse Gas Emissions.
- b. Identify all specific performance measures Kentucky-American will use to evaluate its progress towards meeting the targets established in 39(a). Include a description of the process Kentucky-American used in developing its targets and goals.
- c. State whether Kentucky-American has a written procedure to monitor its progress in meeting the targets and goals listed in 39(a). Provide a copy if a written procedure exists.

**Response:**

The largest component of Kentucky American Water's energy consumption and costs are attributable to pumps and motors that move water from the source to the treatment plants, and then from the plants out to the distribution system. At the macro level, the focus is on the energy component of unit production costs, and controlling the drivers of those costs, including peak demand periods, utilization of time of day rates and as possible, energy consumption.

- a. KAW has established the following targets and goals:
1. KAW has partnered with Kentucky Pollution Prevention Center (KPPC) and joined the Kentucky Save Energy Now program. An aspirational target of that program is to reduce energy usage by 2.5% each year for 10 years.
  2. There is currently not a specific demand reduction target in place, although demand levels projected within the budget require management of operations to meet overall electric costs from equipment dispatch, water source and time of day perspectives.
  3. Power purchase costs are embedded in the budget, which reflects a management of electricity purchases. KAW is seeking to influence the drivers of costs that it can influence in an effort to mitigate the impact of rising electricity prices. A specific cost reduction is not targeted within the budget.
  4. Kentucky American Water also has an aspirational goal of reducing the

operations' carbon footprint and lowering greenhouse gas emissions (GHGe). The target is an improving trend.

- b. KAW has used unit production costs as a primary indicator of the effectiveness of optimizing overall costs, of which the energy cost component is a large component. (Optimizing may mean dispatching from a higher energy consuming plant in order to meet water quality requirements or lessen chemical costs.) Electric usage and demand are the drivers of purchased power costs, which are all reflected in the unit cost metric. Energy usage index, a measure of kilowatt hours consumed per volume of water sold, is another measure used to assess improving energy efficiency of operations. GHGe intensity is measured as Carbon Dioxide equivalent divided by the volume of water sold.
- c. KAW's practice is to review unit production cost and energy usage index results monthly. The practice is aided by reports for those metrics. The discussion and assessment of progress in these areas is routinely a matter of discussion in the normal course of managing those areas of the business. The annual performance review process formally documents goals for individuals, and unit production costs are included across the production operations. KAW does not have a written procedure to monitor the targets and goals referenced in 39(a) above.

- 40.** Describe how Kentucky-American evaluates electricity use and cost criteria when developing its capital improvement plan.

**Response:**

When determining which projects to pursue, electrical use has always been considered as a part of our evaluation but it has not historically been an overriding factor due to the historical low costs of electricity in Kentucky. Understanding that electrical rates will continue to rise, a greater emphasis must be placed upon energy efficiency. This coincides with an effort on behalf of American Water to increase sustainable efforts as part of all operations. Therefore, as a part of the current Comprehensive Planning Study ("CPS") that is being developed, KAW has requested a full evaluation of our electrical usage. This will provide improved information in the decision-making process with regard to future capital improvements. After a detailed review of KAW energy consumption at all facilities, the CPS that is currently being drafted will highlight potential savings with energy demand costs, focusing opportunities for the greatest efficiencies. In an effort to begin immediately, KAW has identified large motor and pump replacements for 2013 as a result of some of the preliminary findings from the CPS.

**KENTUCKY-AMERICAN WATER COMPANY**  
**CASE NO. 2012-00520**  
**COMMISSION STAFF'S FIRST REQUEST FOR INFORMATION**

---

**Witness:**      **Gary M. VerDouw**

- 42.**    a.    Provide a detailed description of each reorganization that has occurred either at the corporate or service company level that has affected Kentucky-American's operations.
- b.    Quantify the effect each reorganization has had on Kentucky-American's reallocation of cost from the corporate or service company level. Provide all workpapers, show all calculations, and state assumptions used to prepare the response.

**Response:**

- a.        At the time of the completion of Kentucky American Water's Rate Case No. 2010-00036, approved by the Kentucky PSC on December 14, 2010, American Water Works segregated their regulated operating companies into four divisions – 1) the Eastern Division, which consisted of the regulated operating companies in New York, Virginia, West Virginia, Maryland, Michigan, Indiana, Ohio, Tennessee, and Kentucky; 2) the Western Division, which consisted of the regulated operating companies of Illinois, Iowa, Missouri, Arizona, New Mexico, California, and Hawaii; 3) the regulated operating company in Pennsylvania; and 4) the regulated operating company of New Jersey. Kentucky American Water Company was part of the Eastern Division.

Since the completion of Case No. 2010-00036, American Water Works has sold its regulated operations in Ohio, New Mexico, and Arizona. In November 2011, the Divisional structure was realigned and now consists of the following: 1) the Northeast Division, consisting of regulated operating companies in New York and New Jersey; 2) the Mid-Atlantic Division, consisting of regulated operating companies in Pennsylvania, Maryland, Virginia, and West Virginia; 3) the Central Division, consisting of Iowa, Illinois, Missouri, Michigan, Indiana, Tennessee, and Kentucky; and 4) two standalone operating companies, California and Hawaii. Kentucky American Water is included in the Central Division.

- b.        Service Company charges to Kentucky American are either direct charged or allocated. Direct charges for work performed by Service Company for Kentucky American were not affected by the reorganization mentioned above. The majority of allocated Service Company charges based on national customer counts pursuant to the Service Agreement would also not have been affected by the reorganization.

The remaining portion of allocated charges based on divisional customer count levels were impacted from the new realignment. Kentucky American made up 14.11% of the 2011 Eastern Division customers and 8.88% of the 2012 Central Division customers. Assuming there was no divisional realignment and that all divisional charges since 2011 were billed at the old 14.11% Kentucky Eastern Division rate, KAWC would have paid approximately \$430,000 in additional Service Company expenses without the reorganization.
