Re: Case No. 2013-00148; Corrective Electronic Filing

Dear Mr. Derouen:

Please find enclosed the Original of *Stand Energy Corporation's Reply To Atmos Energy Corporation's Response and Objection To Stand Energy Corporation's Motion To Intervene*, which was e-filed yesterday, June 3 in the above-numbered action. The filing contained the incorrect Service date of May 31, 2013. Then a copy, rather than the Original, was inadvertently sent via UPS for delivery to the Commission today, June 4, 2013. Please hold that filing when it is received by the Commission because it is NOT an original document. The document and transmittal were both served electronically on all counsel on June 3, 2013. A corrected filing was made today and the original with the corrected date will be delivered to the Commission via UPS Next Day Air Saver on June 5, 2013, within two days of the filing date as required by the rules for electronic filing.

In compliance with 807 KAR 5:001(8), I hereby certify that the only deviation in the electronically filed documents and the original paper documents being hand-delivered to the Commission on this date, is the above-referenced corrected service date of June 3, 2013. All other materials in the paper documents are included in the electronic filing. By copy of this letter, all parties on the current service list have been served electronically and made aware of the corrective filing and received a copy of same and there are currently no parties that have been excused by the Commission from participation by electronic means.

Sincerely,

John M. Dosker
General Counsel

Encls.
