Page 1 of 1

SUPPLEMENTAL RESPONSE (9/26/2013)

REQUEST:

As a follow-up to Staff RFI Set No. 1, Question No. 1-54, provide a copy of all invoices of outside consultants and attorneys related to rate case expense in this rate case. Provide updated information and invoices on a monthly basis.

SUPPLEMENTAL RESPONSE:

The Company objects to the question on the grounds that legal invoices contain information subject to Attorney/Client Privilege and information applicable to the Work Product Doctrine. Notwithstanding the objection, there are no additional invoices for outside consultants or legal attorneys for the month of August 2013.

SUPPLEMENTAL RESPONSE (9/26/2013)

REQUEST:

For all outside services provided by consultants, professionals and other vendors (which are non-legal and which are NOT included in rate case expense) that are expensed and capitalized (and are directly incurred or assigned/allocated from Division General Office and SSU) provide the following information for FYE 2011, FYE 2012, Base Period (show actual and forecasted amounts), and Forecasted Test period. It is only necessary to provide this information if the total amount per consultant that is expensed and capitalized during the related 12-month period or the total contract amount per consultant is equal to or greater than \$50,000 (this includes individual amounts directly incurred and amounts assigned/allocated from Division General Office, SSU, and other affiliates) and provide updates on a continuing basis (please contact the OAG if provision of such information is voluminous to discuss alternative provision of requested data):

- a. Provide the name of the vendor, a brief description of services or products provided, and the amount expensed and capitalized by account number, and specifically identify amounts between directly incurred in Kentucky and amounts assigned/allocated from Division General Office, SSU, and other affiliates.
- b. Provide a reconciliation of outside services costs at this data request to "outside services" for the base period and forecasted test period shown at Exhibit JCD-1 of Mr. Densman's testimony.
- c. Regarding the previous question, explain all amounts that have been adjusted in this rate case for the base period (provide actual and forecasted amounts) and the forecasted test period for each vendor and provide all related supporting documentation and calculations.
- d. Provide copies of applicable vendor contracts, purchase orders, and engagement letters.
- e. Provide a copy of all invoices from the vendor (and if invoices are voluminous then provide the 4 largest invoices for the related 12-month period).
- f. Provide copies of related studies, reports, and recommendations provided by the vendor.
- g. Explain why the costs are reasonable for including in the cost of service and regulated operations and identify all benefits to the customer, shareholders, and Atmos.

Case No. 2013-00148
Atmos Energy Corporation, Kentucky Division
AG DR Set No. 1
Question No. 1-143 (Supplement 1)
Page 2 of 2

- h. Identify all amounts incurred by vendor in FYE 2011, FYE 2012, and for the "actual" portion of costs of the base period (show actual and forecasted amounts for the base period) that are nonrecurring and will not be incurred in the base period or forecasted test period. Explain why such amounts will be nonrecurring.
- i. Identify all amounts incurred by vendor in FYE 2011, FYE 2012, and for the "actual" portion of costs of the base period (show actual and forecasted amounts for the test period) that are recurring and will be incurred to some degree in the base period or forecasted test period. Explain why such amounts will be recurring and provide copies of documentation to show the amounts will be recurring (i.e., contracts, engagement fees, invoices, costs incurred to date, and other).

SUPPLEMENTAL RESPONSE:

- a) Please see supplemental Attachment 1 and supplemental Attachment 2 for expense charges and capitalized costs updated through August 2013, respectively. The nature of products or services should be ascertainable by researching the vendor name. Please note that inclusion of August 2013 data for any vendor with more than \$50,000 of expense charges and/or capitalized costs has added additional vendors to the Company's initial response. Inclusion of these additional vendors will also include any of their expense charges and/or capitalized costs for 2011 and 2012.
