OFFICIAL NOTICE

Jackson Energy Cooperative, with its principal office at McKee Kentucky and with its address at 115 Jackson Energy Lane, McKee, Kentucky 40447, has filed with the Kentucky Public Service Commission in Case No. 2013-00219 an application to adjust its retail rates and charges. The need for this adjustment is due to an increase in Jackson Energy's expenses in the areas of wholesale power costs, interest, depreciation, and general operating expenses.

Jackson Energy is proposing to increase its rates over a three consecutive year period. Additionally, Jackson Energy is proposing to solely increase its customer charges and not to increase any demand or energy rates.

The rates contained in this notice are the rates proposed by Jackson Energy Cooperative but that the Kentucky Public Service Commission may order rates to be charged that differ from these proposed rates contained in this notice.

Any corporation, association, or person may within thirty (30) days after the initial publication or mailing of notice of the proposed rate changes, submit a written request to intervene to the Public Service Commission, 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky 40602 that establishes the grounds for the request including the status and interest of the party, and states that intervention may be granted beyond the thirty (30) day period for good cause shown.

Written comments regarding the proposed rates may be submitted to the Public Service Commission by mail or through the Public Service Commission's Web site at <http://psc.ky.gov/>.

Any person may examine the rate application and any other documents the utility has filed with the Public Service Commission at the offices of Jackson Energy listed below and on the utility's Web site at www.jacksonenergy.com

ARE YOU A 45-59 YEAR OLD WOMAN who developed diabetes while on Lipitor?

OFFICIAL NOTICE

Jackson Energy Cooperative, with its principal office at McKee Kentucky and with its address at 115 Jackson Energy Lane, McKee, Kentucky 40447, has filed with the Kentucky Public Service Commission in Case No. 2013-00219 an application to adjust its retail rates and charges. The need for this adjustment is due to an increase in Jackson Energy's expenses in the areas of wholesale power costs, interest, depreciation, and general operating expenses.

Jackson Energy is proposing to increase its rates over a three consecutive year period. Additionally, Jackson Energy is proposing to solely increase its customer charges and not to increase any demand or energy rates.

The rates contained in this notice are the rates proposed by Jackson Energy Cooperative but that the Kentucky Public Service Commission may order rates to be charged that differ from these proposed rates contained in this notice.

Any corporation, association, or person may within thirty (30) days after the initial publication or mailing of notice of the proposed rate changes, submit a written request to intervene to the Public Service Commission, 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky 40602 that establishes the grounds for the request including the status and interest of the party, and states that intervention may be granted beyond the thirty (30) day period for good cause shown.

Written comments regarding the proposed rates may be submitted to the Public Service Commission by mail or through the Public Service Commission's Web site at <http://psc.ky.gov/>.

Any person may examine the rate application and any other documents the utility has filed with the Public Service Commission at the offices of Jackson Energy listed below and on the utility's Web site at www.jacksonenergy.com

OFFICIAL NOTICE

Jackson Energy Cooperative, with its principal office at McKee Kentucky and with its address at 115 Jackson Energy Lane, McKee, Kentucky 40447, has filed with the Kentucky Public Service Commission in Case No. 2013-00219 an application to adjust its retail rates and charges. The need for this adjustment is due to an increase in Jackson Energy's expenses in the areas of wholesale power costs, interest, depreciation, and general operating expenses.

Jackson Energy is proposing to increase its rates over a three consecutive year period. Additionally, Jackson Energy is proposing to solely increase its customer charges and not to increase any demand or energy rates.

The rates contained in this notice are the rates proposed by Jackson Energy Cooperative but that the Kentucky Public Service Commission may order rates to be charged that differ from these proposed rates contained in this notice.

Any corporation, association, or person may within thirty (30) days after the initial publication or mailing of notice of the proposed rate changes, submit a written request to intervene to the Public Service Commission, 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky 40602 that establishes the grounds for the request including the status and interest of the party, and states that intervention may be granted beyond the thirty (30) day period for good cause shown.

Written comments regarding the proposed rates may be submitted to the Public Service Commission by mail or through the Public Service Commission's Web site at <http://psc.ky.gov/>.

Any person may examine the rate application and any other documents the utility has filed with the Public Service Commission at the offices of Jackson Energy listed below and on the utility's Web site at www.jacksonenergy.com

OFFICIAL NOTICE

Jackson Energy Cooperative, with its principal office at McKee Kentucky and with its address at 115 Jackson Energy Lane, McKee, Kentucky 40447, has filed with the Kentucky Public Service Commission in Case No. 2013-00219 an application to adjust its retail rates and charges. The need for this adjustment is due to an increase in Jackson Energy's expenses in the areas of wholesale power costs, interest, depreciation, and general operating expenses.

Jackson Energy is proposing to increase its rates over a three consecutive year period. Additionally, Jackson Energy is proposing to solely increase its customer charges and not to increase any demand or energy rates.

The rates contained in this notice are the rates proposed by Jackson Energy Cooperative but that the Kentucky Public Service Commission may order rates to be charged that differ from these proposed rates contained in this notice.

Any corporation, association, or person may within thirty (30) days after the initial publication or mailing of notice of the proposed rate changes, submit a written request to intervene to the Public Service Commission, 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky 40602 that establishes the grounds for the request including the status and interest of the party, and states that intervention may be granted beyond the thirty (30) day period for good cause shown.

Written comments regarding the proposed rates may be submitted to the Public Service Commission by mail or through the Public Service Commission's Web site at <http://psc.ky.gov/>.

Any person may examine the rate application and any other documents the utility has filed with the Public Service Commission at the offices of Jackson Energy listed below and on the utility's Web site at www.jacksonenergy.com

OFFICIAL NOTICE

Jackson Energy Cooperative, with its principal office at McKee Kentucky and with its address at 115 Jackson Energy Lane, McKee, Kentucky 40447, has filed with the Kentucky Public Service Commission in Case No. 2013-00219 an application to adjust its retail rates and charges. The need for this adjustment is due to an increase in Jackson Energy's expenses in the areas of wholesale power costs, interest, depreciation, and general operating expenses.

Jackson Energy is proposing to increase its rates over a three consecutive year period. Additionally, Jackson Energy is proposing to solely increase its customer charges and not to increase any demand or energy rates.

The rates contained in this notice are the rates proposed by Jackson Energy Cooperative but that the Kentucky Public Service Commission may order rates to be charged that differ from these proposed rates contained in this notice.

Any corporation, association, or person may within thirty (30) days after the initial publication or mailing of notice of the proposed rate changes, submit a written request to intervene to the Public Service Commission, 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky 40602 that establishes the grounds for the request including the status and interest of the party, and states that intervention may be granted beyond the thirty (30) day period for good cause shown.

Written comments regarding the proposed rates may be submitted to the Public Service Commission by mail or through the Public Service Commission's Web site at <http://psc.ky.gov/>.

Any person may examine the rate application and any other documents the utility has filed with the Public Service Commission at the offices of Jackson Energy listed below and on the utility's Web site at www.jacksonenergy.com.

OFFICIAL NOTICE

Jackson Energy Cooperative, with its principal office at McKee Kentucky and with its address at 115 Jackson Energy Lane, McKee, Kentucky 40447, has filed with the Kentucky Public Service Commission in Case No. 2013-00219 an application to adjust its retail rates and charges. The need for this adjustment is due to an increase in Jackson Energy's expenses in the areas of wholesale power costs, interest, depreciation, and general operating expenses.

Jackson Energy is proposing to increase its rates over a three consecutive year period. Additionally, Jackson Energy is proposing to solely increase its customer charges and not to increase any demand or energy rates.

The rates contained in this notice are the rates proposed by Jackson Energy Cooperative but that the Kentucky Public Service Commission may order rates to be charged that differ from these proposed rates contained in this notice.

Any corporation, association, or person may within thirty (30) days after the initial publication or mailing of notice of the proposed rate changes, submit a written request to intervene to the Public Service Commission, 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky 40602 that establishes the grounds for the request including the status and interest of the party, and states that intervention may be granted beyond the thirty (30) day period for good cause shown.

Written comments regarding the proposed rates may be submitted to the Public Service Commission by mail or through the Public Service Commission's Web site at <http://psc.ky.gov/>.

Any person may examine the rate application and any other documents the utility has filed with the Public Service Commission at the offices of Jackson Energy listed below and on the utility's Web site at www.jacksonenergy.com.

Affordable Home Improvements Boost Your Home's Value

In addition to filling needs, home improvement projects often increase the value of a home with minimal investment. Some projects have a higher value than others.

If you're looking to increase the value of your home or just add value to your existing home, reworking the bank, projects with great investment.

Knowing which ones will give you a nice return can be difficult. To help, the home improvement experts at

the manufacturer of residential systems projects, are advising homeowners on affordable

improvement projects that will increase the value of a home.

Energy Systems: When comparing the cost versus the investment, energy systems offer

value, since they are a home's market value.

Homeowners and installers can easily. Security technology has been added to the modern

homeowners' monitor and systems 24/7 from tablets and mobile devices.

Door Operator: A garage door offers built-in features, ultra-quiet operation and other benefits that add

value over an older noisy door. Often ignored, backup units

in the doors grant protection during black-out, something to consider during adverse

conditions. Vacuum System: Homeowners with a central system enjoy

convenient cleaning and air quality, but it's considered by many a luxury item.

Centralized system can see an increase in value by as much as two or three times the cost of the system.

Lighting: A system is critical, even on a budget. Systems come at different price points. For example, there are offers both bag and bagless systems that vary in capacity.

Size of a home: Single-house/multi-house. Although a

OFFICIAL NOTICE

Jackson Energy Cooperative, with its principal office at McKee Kentucky and with its address at 115 Jackson Energy Lane, McKee, Kentucky 40447, has filed with the Kentucky Public Service Commission in Case No. 2013-00219 an application to adjust its retail rates and charges. The need for this adjustment is due to an increase in Jackson Energy's expenses in the areas of wholesale power costs, interest, depreciation, and general operating expenses.

Jackson Energy is proposing to increase its rates over a three consecutive year period. Additionally, Jackson Energy is proposing to solely increase its customer charges and not to increase any demand or energy rates.

The rates contained in this notice are the rates proposed by Jackson Energy Cooperative but that the Kentucky Public Service Commission may order rates to be charged that differ from these proposed rates contained in this notice.

Any corporation, association, or person may within thirty (30) days after the initial publication or mailing of notice of the proposed rate changes, submit a written request to intervene to the Public Service Commission, 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky 40602 that establishes the grounds for the request including the status and interest of the party, and states that intervention may be granted beyond the thirty (30) day period for good cause shown.

Written comments regarding the proposed rates may be submitted to the Public Service Commission by mail or through the Public Service Commission's Web site at <http://psc.ky.gov/>.

Any person may examine the rate application and any other documents the utility has filed with the Public Service Commission at the offices of Jackson Energy listed below and on the utility's Web site at www.jacksonenergy.com.

OFFICIAL NOTICE

Jackson Energy Cooperative, with its principal office at McKee Kentucky and with its address at 115 Jackson Energy Lane, McKee, Kentucky 40447, has filed with the Kentucky Public Service Commission in Case No. 2013-00219 an application to adjust its retail rates and charges. The need for this adjustment is due to an increase in Jackson Energy's expenses in the areas of wholesale power costs, interest, depreciation, and general operating expenses.

Jackson Energy is proposing to increase its rates over a three consecutive year period. Additionally, Jackson Energy is proposing to solely increase its customer charges and not to increase any demand or energy rates.

The rates contained in this notice are the rates proposed by Jackson Energy Cooperative but that the Kentucky Public Service Commission may order rates to be charged that differ from these proposed rates contained in this notice.

Any corporation, association, or person may within thirty (30) days after the initial publication or mailing of notice of the proposed rate changes, submit a written request to intervene to the Public Service Commission, 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky 40602 that establishes the grounds for the request including the status and interest of the party, and states that intervention may be granted beyond the thirty (30) day period for good cause shown.

Written comments regarding the proposed rates may be submitted to the Public Service Commission by mail or through the Public Service Commission's Web site at <http://psc.ky.gov/>.

Any person may examine the rate application and any other documents the utility has filed with the Public Service Commission at the offices of Jackson Energy listed below and on the utility's Web site at www.jacksonenergy.com

OFFICIAL NOTICE

Jackson Energy Cooperative, with its principal office at McKee Kentucky and with its address at 115 Jackson Energy Lane, McKee, Kentucky 40447, has filed with the Kentucky Public Service Commission in Case No. 2013-00219 an application to adjust its retail rates and charges. The need for this adjustment is due to an increase in Jackson Energy's expenses in the areas of wholesale power costs, interest, depreciation, and general operating expenses.

Jackson Energy is proposing to increase its rates over a three consecutive year period. Additionally, Jackson Energy is proposing to solely increase its customer charges and not to increase any demand or energy rates.

The rates contained in this notice are the rates proposed by Jackson Energy Cooperative but that the Kentucky Public Service Commission may order rates to be charged that differ from these proposed rates contained in this notice.

Any corporation, association, or person may within thirty (30) days after the initial publication or mailing of notice of the proposed rate changes, submit a written request to intervene to the Public Service Commission, 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky 40602 that establishes the grounds for the request including the status and interest of the party, and states that intervention may be granted beyond the thirty (30) day period for good cause shown.

Written comments regarding the proposed rates may be submitted to the Public Service Commission by mail or through the Public Service Commission's Web site at <http://psc.ky.gov/>.

Any person may examine the rate application and any other documents the utility has filed with the Public Service Commission at the offices of Jackson Energy listed below and on the utility's Web site at www.jacksonenergy.com

OFFICIAL NOTICE

Jackson Energy Cooperative, with its principal office at McKee Kentucky and with its address at 115 Jackson Energy Lane, McKee, Kentucky 40447, has filed with the Kentucky Public Service Commission in Case No. 2013-00219 an application to adjust its retail rates and charges. The need for this adjustment is due to an increase in Jackson Energy's expenses in the areas of wholesale power costs, interest, depreciation, and general operating expenses.

Jackson Energy is proposing to increase its rates over a three consecutive year period. Additionally, Jackson Energy is proposing to solely increase its customer charges and not to increase any demand or energy rates.

The rates contained in this notice are the rates proposed by Jackson Energy Cooperative but that the Kentucky Public Service Commission may order rates to be charged that differ from these proposed rates contained in this notice.

Any corporation, association, or person may within thirty (30) days after the initial publication or mailing of notice of the proposed rate changes, submit a written request to intervene to the Public Service Commission, 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky 40602 that establishes the grounds for the request including the status and interest of the party, and states that intervention may be granted beyond the thirty (30) day period for good cause shown.

Written comments regarding the proposed rates may be submitted to the Public Service Commission by mail or through the Public Service Commission's Web site at <http://psc.ky.gov/>.

Any person may examine the rate application and any other documents the utility has filed with the Public Service Commission at the offices of Jackson Energy listed below and on the utility's Web site at www.jacksonenergy.com.

OFFICIAL NOTICE

Jackson Energy Cooperative, with its principal office at McKee Kentucky and with its address at 115 Jackson Energy Lane, McKee, Kentucky 40447, has filed with the Kentucky Public Service Commission in Case No. 2013-00219 an application to adjust its retail rates and charges. The need for this adjustment is due to an increase in Jackson Energy's expenses in the areas of wholesale power costs, interest, depreciation, and general operating expenses.

Jackson Energy is proposing to increase its rates over a three consecutive year period. Additionally, Jackson Energy is proposing to solely increase its customer charges and not to increase any demand or energy rates.

The rates contained in this notice are the rates proposed by Jackson Energy Cooperative but that the Kentucky Public Service Commission may order rates to be charged that differ from these proposed rates contained in this notice.

Any corporation, association, or person may within thirty (30) days after the initial publication or mailing of notice of the proposed rate changes, submit a written request to intervene to the Public Service Commission, 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky 40602 that establishes the grounds for the request including the status and interest of the party, and states that intervention may be granted beyond the thirty (30) day period for good cause shown.

Written comments regarding the proposed rates may be submitted to the Public Service Commission by mail or through the Public Service Commission's Web site at <http://psc.ky.gov/>.

Any person may examine the rate application and any other documents the utility has filed with the Public Service Commission at the offices of Jackson Energy listed below and on the utility's Web site at www.jacksonenergy.com

OFFICIAL NOTICE

Jackson Energy Cooperative, with its principal office at McKee Kentucky and with its address at 115 Jackson Energy Lane, McKee, Kentucky 40447, has filed with the Kentucky Public Service Commission in Case No. 2013-00219 an application to adjust its retail rates and charges. The need for this adjustment is due to an increase in Jackson Energy's expenses in the areas of wholesale power costs, interest, depreciation, and general operating expenses.

Jackson Energy is proposing to increase its rates over a three consecutive year period. Additionally, Jackson Energy is proposing to solely increase its customer charges and not to increase any demand or energy rates.

The rates contained in this notice are the rates proposed by Jackson Energy Cooperative but that the Kentucky Public Service Commission may order rates to be charged that differ from these proposed rates contained in this notice.

Any corporation, association, or person may within thirty (30) days after the initial publication or mailing of notice of the proposed rate changes, submit a written request to intervene to the Public Service Commission, 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky 40602 that establishes the grounds for the request including the status and interest of the party, and states that intervention may be granted beyond the thirty (30) day period for good cause shown.

Written comments regarding the proposed rates may be submitted to the Public Service Commission by mail or through the Public Service Commission's Web site at <http://psc.ky.gov/>.

Any person may examine the rate application and any other documents the utility has filed with the Public Service Commission at the offices of Jackson Energy listed below and on the utility's Web site at www.jacksonenergy.com

OFFICIAL NOTICE

Jackson Energy Cooperative, with its principal office at McKee Kentucky and with its address at 115 Jackson Energy Lane, McKee, Kentucky 40447, has filed with the Kentucky Public Service Commission in Case No. 2013-00219 an application to adjust its retail rates and charges. The need for this adjustment is due to an increase in Jackson Energy's expenses in the areas of wholesale power costs, interest, depreciation, and general operating expenses.

Jackson Energy is proposing to increase its rates over a three consecutive year period. Additionally, Jackson Energy is proposing to solely increase its customer charges and not to increase any demand or energy rates.

The rates contained in this notice are the rates proposed by Jackson Energy Cooperative but that the Kentucky Public Service Commission may order rates to be charged that differ from these proposed rates contained in this notice.

Any corporation, association, or person may within thirty (30) days after the initial publication or mailing of notice of the proposed rate changes, submit a written request to intervene to the Public Service Commission, 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky 40602 that establishes the grounds for the request including the status and interest of the party, and states that intervention may be granted beyond the thirty (30) day period for good cause shown.

Written comments regarding the proposed rates may be submitted to the Public Service Commission by mail or through the Public Service Commission's Web site at <http://psc.ky.gov/>.

Any person may examine the rate application and any other documents the utility has filed with the Public Service Commission at the offices of Jackson Energy listed below and on the utility's Web site at www.jacksonenergy.com

OFFICIAL NOTICE

Jackson Energy Cooperative, with its principal office at McKee Kentucky and with its address at 115 Jackson Energy Lane, McKee, Kentucky 40447, has filed with the Kentucky Public Service Commission in Case No. 2013-00219 an application to adjust its retail rates and charges. The need for this adjustment is due to an increase in Jackson Energy's expenses in the areas of wholesale power costs, interest, depreciation, and general operating expenses.

Jackson Energy is proposing to increase its rates over a three consecutive year period. Additionally, Jackson Energy is proposing to solely increase its customer charges and not to increase any demand or energy rates.

The rates contained in this notice are the rates proposed by Jackson Energy Cooperative but that the Kentucky Public Service Commission may order rates to be charged that differ from these proposed rates contained in this notice.

Any corporation, association, or person may within thirty (30) days after the initial publication or mailing of notice of the proposed rate changes, submit a written request to intervene to the Public Service Commission, 211 Sower Boulevard, P.O. Box 615, Frankfort, Kentucky 40602 that establishes the grounds for the request including the status and interest of the party, and states that intervention may be granted beyond the thirty (30) day period for good cause shown.

Written comments regarding the proposed rates may be submitted to the Public Service Commission by mail or through the Public Service Commission's Web site at <http://psc.ky.gov/>.

Any person may examine the rate application and any other documents the utility has filed with the Public Service Commission at the offices of Jackson Energy listed below and on the utility's Web site at www.jacksonenergy.com
